To help your child's year run smoothly, please take note of the following:

Talk positively about school activities to your child

Your child can "read" your mood and feelings. Be genuine and positive.

As you prepare to bring your child to school, emphasize the fun and interesting things they will learn.

September is Alabama Attendance Awareness Month

Please make every effort to have your child at school on time everyday!

Notes concerning contact changes (phone number and address) need to be sent to school immediately.

The health and safety of our students is our number one concern. If your child exhibits any symptoms such as fever, cough, etc., please contact your healthcare provider. Continue to discuss the need for proper hand washing and sneezing/coughing into the bend of one's arm. Masks are encouraged!
