

Architects, I need your help!

I have \$100 and need to build a new house. It needs to be strong to keep me safe. What should I buy?

Item...	... Cost
9 Bricks (Jenga Blocks)	\$30
1 Bundle of Sticks	\$10
10 Popsicle Sticks	\$20
10 Pipe cleaners	\$10
1 Ball of playdough	\$10
2 Tin foil square	\$10
2 Coffee filters	\$5
1 Foam board	\$20
1 Foot of tape	\$5

Let's make a budget on the back!

How much money do we have to spend?

Items	Cost	Do we want it?
Bricks (Jenga Blocks)	\$30	
Bundle of sticks	\$10	
Popsicle Sticks	\$20	
Pipe cleaner	\$10	
Ball of playdough	\$10	
Tin foil square	\$10	
Coffee filter	\$5	
Foam board	\$20	
1 Foot of tape	\$5	

Add the cost of the items you want to buy.

How much is left over? (budget minus spending)
