Unit 3

Adding and Subtracting Within 20

1

Shake & Spill, Stages 3-5

Materials:

cup

Two-color counters

[Shake & Spill Stage 3 Recording Sheet](#)

[Shake & Spill, Cover Stage 4 Recording Sheet](#)

Shake & Spill Directions:

- Decide how many counters to use (up to 10).
- Partner A: Shake and spill.
- Both partners: Determine how many red counters and how many yellow counters there are and write an equation to show the total.
- Switch roles and start the next round.

Shake & Spill, Cover Directions:

- Choose how many counters to put in the cup.
- Partner A: Close your eyes.
- Partner B: Shake and spill. Cover up the yellow counters with the cup.
- Partner A: Open your eyes and figure out how many counters are under the cup.
- Partner B: Show how many.
- Both partners: Record an equation.
- Switch roles and start the next round.

$$14 = 8 + \square$$

Materials:

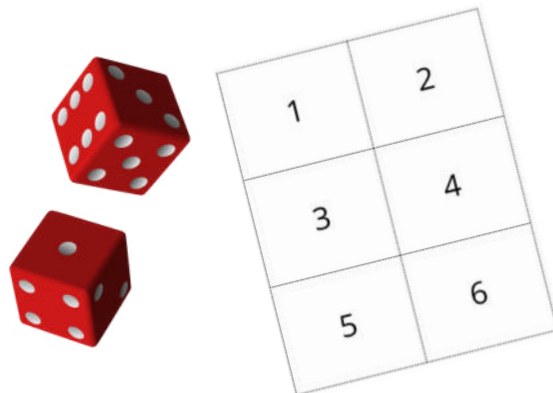

[Stage 1 gameboard](#)

[Stage 2 gameboard](#)

[Number puzzles digit cards](#)

Directions:

- Each group gets a set of digit cards and a game board.
- Place the digit cards so that every equation is true. Use each number card once.
- Complete a puzzle before moving to the next one.
- Finish as many as you can.

Materials:

[Number cards 0-10](#) or Dot cubes (6 is wild card)

[Stage 1 \(addition\) gameboard](#)

[Stage 2 \(subtraction\) gameboard](#)

	✓ Found it!	expression
0		
1		
2		
3		
4		
5		
6		
7		
8		
9		
10		

Directions:

- Addition - Take turns choosing two cards, finding the **sum**, and writing an addition expression. You may have more than one expression for each sum.
- Subtraction - Take turns choosing two cards, finding the **difference**, and writing a subtraction expression. You may have more than one expression for each difference.

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

$$\underline{\quad} + \underline{\quad} = 10$$

Materials:

[Number cards 0-10](#)

Two-color counters, 10-frames

[Stage 2 recording sheet](#)

Directions:

- Each person gets 5 cards to start.
- Ask your partner for a number that can be added to one of your cards to make 10.
- If they have the card, put the pair of cards down and fill in the equation.
- If they don't have that card, pick a card from a pile.
- The partner with the most pairs at the end of the game wins.

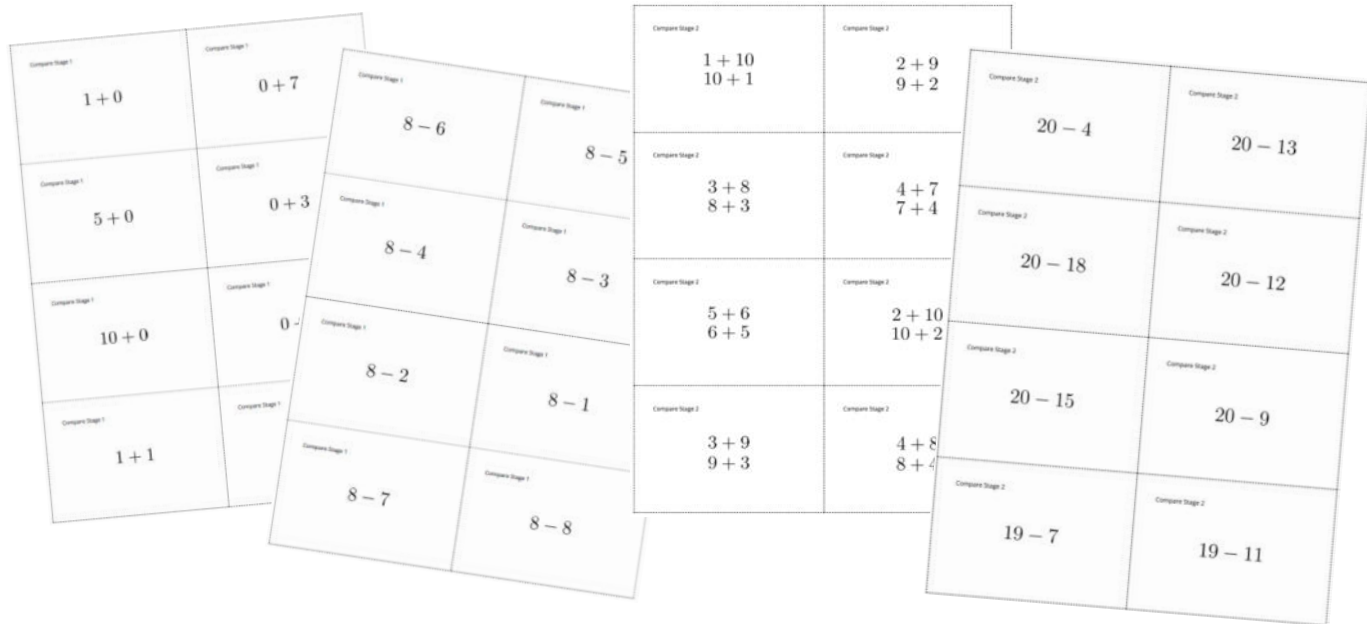

Materials:

[Stage 1 addition cards](#)

[Stage 1 subtraction cards](#)

[Stage 2 addition cards](#)

[Stage 2 subtraction cards](#)

Stage 1 Directions:

- Mix the cards up and give half to each player.
- Each person flips over a card with an expression.
- The person who has the card with the greater value takes both cards.
- If the cards have the same value, flip over two new cards.

Stage 2 Directions:

- Mix the stage 2 addition and subtraction cards up and give half to each player.
- Each person flips over a card with an expression.
- The person who has the card with the greater value takes both cards.
- If the cards have the same value, flip over two new cards.

$$\square + \square + \square = \underline{\hspace{2cm}}$$

Materials:

[How Close? Stage 1 Recording Sheet](#)

[How Close? Stage 2 Recording Sheet](#)

Connecting Cubes or Counters

[Double 10-Frames](#), [Number Cards 0-10](#)

Stage 1: Add to 20 - Directions:

- Each partner:
 - Take 7 cards.
 - Choose 3 numbers.
 - Write an equation to show the sum of the 3 numbers.
 - Compare sums with your partner, whoever is closer to 20 wins a point.
- Take 3 new cards and start the next round.

Stage 2: Directions:

- Each partner:
 - Take 4 cards.
 - Choose 2 or 3 numbers to subtract from 20 in order to get as close as possible to zero.
 - Complete the equation on your recording sheet.
 - Compare equations with your partner, whoever is closer to 0 wins a point.
- Take new cards to start the next round with 4 cards.

1	2
3	4
5	6

2	4	9	8	3
5	7	6	10	9
8	3	FREE	5	4
9	2	10	3	7
6	5	8	9	4

12	14	12	8	11
15	17	16	10	19
18	13	FREE	15	14
9	17	10	13	7
19	16	11	9	18

Materials:

[Number cards 0-10](#)

Two-color counters

[Stage 1 or 2 gameboard](#)

[Stage 3 gameboard](#)

Stage 1 Directions:

- Add 1 or 2 - Take turns choosing a number card and choose to add 1 or 2 to the number on your card, then place your counter on the **sum**.

Stage 2 Directions:

- Subtract 1 or 2 - Take turns choosing a number card and choose to subtract 1 or 2 from the number on your card, then place your counter on the **difference**.

Stage 3 Directions:

- Add 7, 8 or 9 - Take turns choosing a number card and choose to add 7, 8, or 9 to the number on your card, then place your counter on the sum.
