

Unit 4, Module 4, Session 4

Unit 4 Post-Assessment

Learning Goal:

I can use good test-taking strategies to show what I have learned about measurement and fractions.

Post-Assessment Expectations

1. Try your best-

This helps us make sure we keep you learning, growing and having fun in class! Remember, you can do hard things!

1. Work Hard-

This helps us see what work is too easy and what you may need more help with

1. Do your own work-

By doing your own work we get to see what YOU know so everyone can be successful!

1. Be respectful of other learners-

By staying quiet and not distracting others, we make sure everyone can do the best they can!

Daily Practice

Must Do

- Student Book Page 142
- XtraMath

May Do

- 3C Round Ball Hundreds
- 3D Round & Add Hundreds
- 4A Tic-Tac-Tock
- 4B Measurement Scavenger Hunt
- 4C Target One Thousand
- 4D Hexagon Spin & Fill
