**KASSI IBRAHIM**

**JOE VATTAMATTAN**

**MR. RANGEL**

# WHAT IS IB?

# INTERNATIONAL BACCALAUREATE PROGRAMME

- World-wide education program (K-12)
- Focus on real-world applications
- Emphasis on international-mindedness and understanding
- Development of effective communication skills
- Critical thinking a must (ask Why?, How?, What if ?)

- **A CHALLENGING PROGRAM  
THAT PREPARES YOUR CHILD  
FOR HIGH SCHOOL AND  
COLLEGE!!**

# WHY IB?

- According to a June, 2018 article in Forbes Magazine:
- The four-year completion rate for **college** students **was just 28%** - which means nearly **2 million students** will **drop out** before earning a diploma.
- Only about **26%** of full-time, first-time students in Community college **complete their degree** within **three years**.
- In fact, the **U.S. has the highest college dropout rate in the industrial world**, according to the Organization for Economic Cooperation and Development.

# Why the high drop out rate?

#1 Cost

#2 Lack of Preparation

- Students drop out of college because they simply aren't ready to be there
- A disturbingly high number **aren't prepared academically or emotionally** (stress)
- Close to half of U.S. high school graduates do **not** complete a **college-nor career ready** course of study

# PREPARATION FOR HIGHER EDUCATION

- *The IB program helps prepare students for the rigors of high school and college with an emphasis on:*

- **Critical Thinking and Problem Solving**
- **Collaboration**
- **Creativity and Adaptability**
- **Inquiry and Initiative**
- **Cultural/International Awareness**
- **Organization Skills**
- **Time Management**
- **Academic Demand**

**IB is recognized by leading universities throughout the world for both its commitment to scholastic excellence and developing the student as a global citizen.**

Cornell University

UC Riverside

UCLA

Yale

Stanford

UC Berkley

USC

UC Davis

MIT

Princeton

UC San Diego Cal Poly Pomona

# WHY IB AT CFIS??

- **“Back to Basics’ School of Choice (must apply)**
