School Safety & Security

COVID Protocols

COVID Protocols

As we approach the start of the 2022 - 2023 school year, we are committed to a safe reopening plan that is practical and responsive to the needs of students, staff, and the community.

Masks, Quarantine, and Testing

- ▶ As a school community, we are committed to respecting the rights of students, staff, and visitors to wear a mask or to not wear a mask
- ▶ Students that Test positive will have to quarantine- CDC Guidelines
- ▶ Students exposed to another student diagnosed with COVID-19 in school do not need to quarantine as long as they remain asymptomatic
- ▶ Screen-Testing in schools will not continue
 - ▶ Test Kits will be available in schools
 - ▶ **Families can order free COVID test**
<https://www.covid.gov/tests>

How to self Test...	Timing
You have any COVID-19 symptoms	Immediately
You were exposed to someone with COVID-19	At least 5 days after your exposure If you test negative for COVID-19, consider testing again 1 to 2 days after your first test
You are going to an indoor event or a gathering	Immediately before the gathering, or as close to the time of the event as possible This is especially important before gathering with individuals at risk of severe disease , older adults , those who are immunocompromised

TEST-MASK-GO

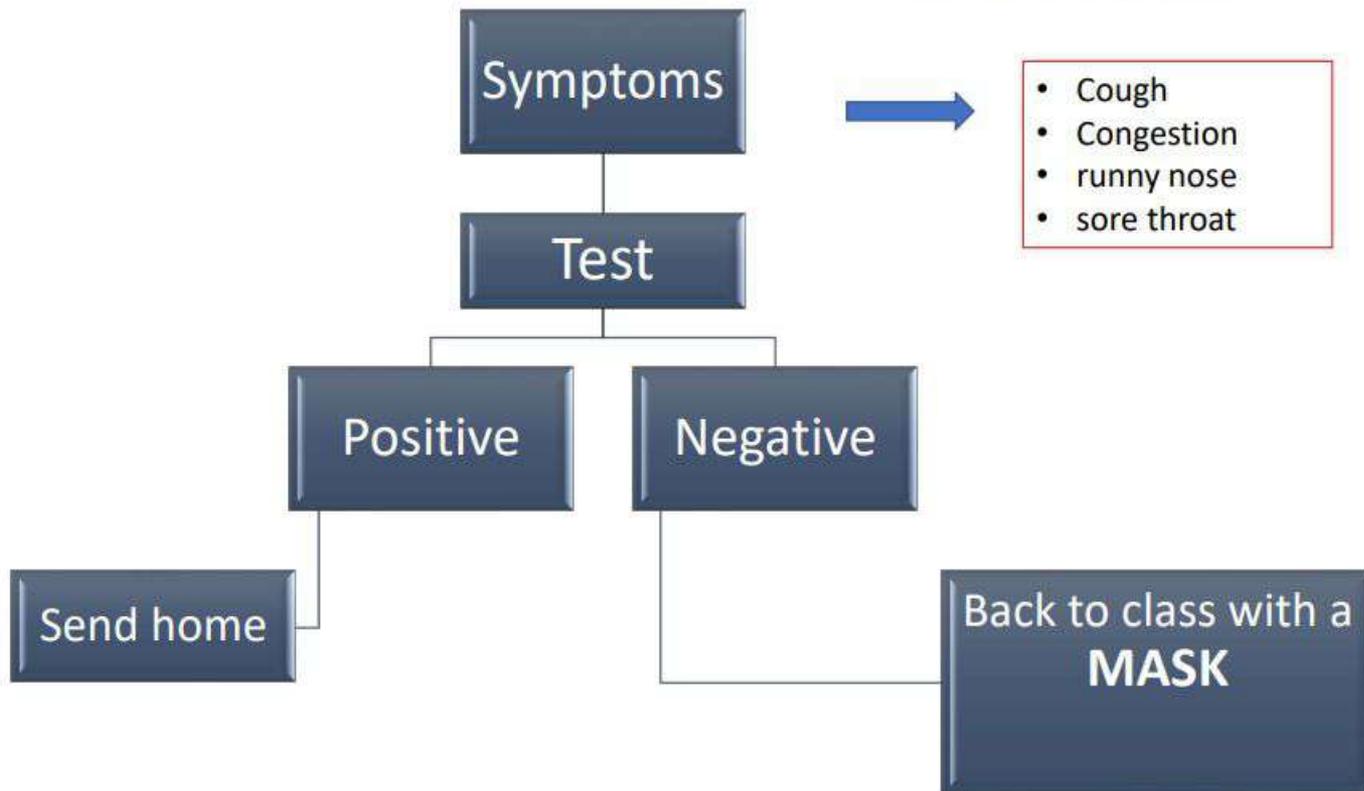

Strategy designed to increase the number of days of in-person learning

Test-Mask-Go strategy can give children and staff with mild respiratory disease symptoms (e.g., infrequent cough, congestion, runny nose, sore throat, etc.) the option to continue participating in-person provided they:

- ▶ Are fever-free (< 100°F) and feel well enough to participate
- ▶ Do not live with anyone who has COVID-19
- ▶ Can wear a mask consistently and correctly
- ▶ Test negative for COVID-19

Nurses will provide symptomatic students with self-test

Guidance for Visitors

At this time, Waterbury Public Schools is **not permitting visitors inside of schools and district buildings**. However, school leaders can determine access to their buildings on a case-by-case basis.

- Review and communicate rules for visitors and family engagement activities
- All visitors should be aware of, and comply with, mitigation strategies in use inside the school building.
- Required visitors/meetings with outside individuals occur after the school day ends

Guidance for Volunteers

- We are happy to report we will be welcoming community volunteers into our schools!
- Any volunteer must follow our health and safety mitigation strategies

The district will regularly evaluate this guidance and determine if a change is needed.

Equity

The Domains of Equity for WPS

I. Curriculum & Instruction

Access to rich, deeper learning and culturally responsive curricula and practices in all schools and that reflect our diverse student populations.

II. Professional Learning

Leaders, educators, and other staff engage in professional learning opportunities to develop their ability to create racially equitable school environments.

III. Culture & Climate

School environments allow students, staff, and other community members of color to be treated with fair and inclusive practices so that they feel safe, valued, heard, and respected. Students develop a sense of agency and a healthy sense of identity. The district and schools are aware of and help meet students' physical, emotional, and mental health needs.

IV. Family & Community Partnership

Families and other community members, especially in communities of color, continuously shape the direction of racial equity solutions and are integral in helping them to be effective.

V. Recruitment & Retention

Every school has the resources, including a diverse, stable, high-quality workforce, necessary to support the learning and healthy development of its students of color.

Teams responsible for those Domains

Led and Facilitated by **The Director of Equity and Inclusion**

- ❖ **District Level Equity Team** is comprised of WPS administrator, teachers, and staff. The goal of the DELT is to lead and facilitate change in actions and policies to ensure racial equity for all students in Waterbury Public Schools. The DELT will collaborate with its advisory committee, School Equity, and Student Equity Teams to develop, facilitate, support, and monitor annual action plans to implement change.
- ❖ **DELT Advisory Committee** will be composed of members from various stakeholders in Waterbury, especially community partners and parents. This committee is tasked with reviewing the strategic plan, policies and actions of the DELT, quarterly meetings during implementation, in order to provide invaluable feedback, ideas, and input.
- ❖ **School Equity Teams** will be established (reestablished) across all 33 schools. Schools will be divided into 11 teams that will come together with Equity Coaches and trainers 8 times throughout the year. They are charged with building educator and staff capacity to understand and share language around promoting equity and racial justice in their schools. Also to lead a review and analyze disaggregated data to understand the equity narrative at their school and develop an annual building based strategic plan. More importantly, to support professional learning to foster culturally responsive-sustaining practices in the classroom and beyond with their peers and administrators.
- ❖ **Student Equity Teams** will be established in Middle Schools and High Schools, a special cohort will be made up of grades 6 to 8 in Elementary Schools. The purpose of these teams is to keep our students at the center of the work of promoting equity and allows for the inclusion of their experiences, voices, and brilliance to build their capacity for self advocacy, leadership, and collaboration with other equity teams. They will participate in trainings with Equity Coaches to understand and share language around promoting equity and racial justice in their schools. The goal is to develop students who can collaborate with adult equity teams, provide student teach-ins, forums, and peer-to-peer opportunities to center their voice in implementation of strategic goals.

Teams responsible for those Domains

Launch a new district Equity, Diversity, Inclusion, and Access Website.	08/2022	Pilot Culturally Responsive training to select schools.	09/2022-06 2023

Waterbury Promise

Waterbury Promise

The Promise Scholarship is a last-dollar scholarship; the award covers the gap that remains after all individual grants, financial aid, and other scholarships have been applied.

Step 1:

BE A
WATERBURY
RESIDENT

Step 2:

ATTEND ALL 4
YEARS OF HS.
AND GRADUATE
FROM
WATERBURY
PUBLIC SCHOOLS,
RAYNOR TECH
OR HOLY CROSS

Step 3:

ACHIEVE A
CUMULATIVE
3.0 GPA OR
BETTER
UPON
GRADUATION

Step 4:

ACHIEVE A
90% OR BETTER
CUMULATIVE
ATTENDANCE
UPON
GRADUATION

Step 5:

COMPLETE
AND
SUBMIT A
FAFSA

Step 6:

APPLY FOR
AND ATTEND
A 2 OR 4
YEAR CT
BASED
COLLEGE OR
UNIVERSITY

- Class of 2022: \$1,250 per student per year of college.
- Class of 2023: \$2,500 per student per year of college.
- Class of 2024: \$3,750 per student per year of college.
- Class of 2025 & Beyond: \$5,000 per student per year of college.

The **class of 2023** will receive up to \$2500 each year from WPP and while attending **UConn** or **ECSU** can receive a matching grant of \$5,000 each year of real financial assistance because of our partnership, and **WPP support through and to college graduation!**

Virtual Academy

Virtual Learning Academy

@ Waterbury Public Schools

- Cloud Foundations (Arizona State University) added in Spring 2023
- Courses on Monday and Wednesday evenings via Google Meet/Google Classroom
- Students will earn credit for their high school transcripts while learning online at home
- More information on student registration and program start date to follow

2022 Courses in the Fall (8)

- Creative Writing
- AP Calculus AB
- AP Calculus BC
- AP Statistics
- Forensics
- Modern World History
- Teacher Prep 1
- Social Media Marketing (Post University)

They travel to each of our secondary schools on a rotating schedule for after-school band lessons. They are at WAMS for Band and orchestra lessons during the academic school day.	All secondary schools for students in band and WAMS band and orchestra courses.	These free customized instrumental music lessons provide intense instruction that enables our students to perfect their instrumental skills. Private lesson teachers model a professional sound on their instrument. Students are able to perform by themselves weekly and get concentrated feedback. Students are able to focus on supplemental exercises written specifically for their instrument.

Family-School-Community Resources

PROGRAM	DESCRIPTION	SCHOOL	BENEFIT
