

Dear Second Grader,

July 2013

My name is Mrs. Vallillo and I am so lucky to be your second grade teacher this year. I am very excited to have you in my classroom and I'm looking forward to a wonderfully rewarding school year together.

I have been a teacher for many years, and feel there is nothing more rewarding than working with children. I love being a teacher and I love spending my day with kids. We have a lot to learn this year and we will work hard, but we will have a lot of fun along the way.

Here is a supply list of items, if you would like to get them and bring them in at Meet the Teacher, July 18<sup>th</sup> that would be great. In our classroom community, most everything is shared, so please do not write your name on supplies because we will put all items in the shared supply bins.

You can also check out our class website for more information once school begins. On the class website, you will find a class wish list, newsletters, volunteer information, and calendar of events, learning links, and much more! The class website will be one of the most important tools of communication and information between school and home. Please get into the habit of checking it regularly.

Our first day of school is Monday July 22<sup>nd</sup>. School starts at 8:25 a.m. I am looking forward to meeting you at our "Meet the Teacher" event, Thursday, July 18<sup>th</sup>, you can come any time between 5:00 p.m. and 7:00 p.m. Please join me for Curriculum Night on Thursday, August 1<sup>st</sup> from 6:00 p.m.-6:45 p.m. in room A-19.

Congratulations!!

You are a

SECOND GRADE SPARK
