

WELCOME TO
5TH GRADE!

Math Summer Work

Options:

1. **Math Calendar** (a calendar for each month: June, July, and August with a daily activity or problem to complete)
2. **IXL** (Practice recommended skills from the Diagnostic testing or teacher assigned by logging onto <https://www.ixl.com/signin/sixtosix>; many students have it already saved on their Chromebooks)
3. **STEAM Activities** (only available for grades 2, 3, 4, 5, 6)
4. **Summer Math Passport** (explore the towns/cities that we serve and make connections to math)

Beginning on June 17, you will be able to access your child's summer math materials on our school website at www.cestrumbull.org

- Click on the Six to Six page.
- Click on the tab "Summer."
- Find your child's grade level math packet for the grade level they are ENTERING.

- Watery Planet (Water Cycle and Earth Systems)
- Spaceship Earth (Stars and the Solar System)
- Chemical Magic (Chemical Reactions + Properties of Matter)

Social Studies

- Mapping/Geography
- Regional Study: Middle East

Homework

- 20 minutes of reading is expected nightly (Monday-Thursday)
- Math practice work (Monday-Thursday)
 - our math lesson begins with going over the homework from the night before

Student Responsibilities:

- Your child's folder should be emptied out each night. Helping your child with organization is very important.
- Students are expected to write down their homework each morning in the agenda provided. If a student loses their agenda, it can be replaced for \$5.

School Uniform:

Six to Six has a school colors dress code of

Tops: Maroon/burgundy, or white tops or shirts that are not ornate in any way (i.e. writing, pictures, etc.)

Bottoms: Beige-khaki or navy colored bottoms (pants, appropriate length shorts or skirts).

Students should follow this dress code on Monday through Thursday. Fridays students may “dress down” in more casual yet appropriate clothing items.
