

Dear Parents/Guardians:

Today I visited your child's classroom and read the book, "Mrs. Joyce Gives the Best High Fives." It is a story explaining my role here at school as the School Counselor.

Throughout the school year your child will see me in their classroom. We will read books and do fun activities to help them learn important social skills needed to be successful in school as well as in life.

In addition to classroom lessons, I also provide Lunch Bunch groups where students are invited to eat lunch with me and learn more about social skills.

Small group counseling is also available to assist with students need additional help in learning skills presented in the classroom. Your child will need your permission to participate in small group counseling. If you have concerns or feel your child would benefit from group counseling please feel free to contact me.

My job is to make sure students feel safe and happy in school so they can have a positive educational experience.

I am at Walsh on A, C and D letter days. If you have any questions don't hesitate to contact me.

Sincerely,

Tina Calabrese
School Counselor
