The SEL word of the week is 'service'. Mountain Lions, service is the action of helping or doing work for someone. We often hear the term 'Community Service'. Service is a part of the final ingredient of Choose Love, "Compassion in Action". It starts with empathy, caring about others and having the desire to help those in need.

Even as a student, you may help others by starting various kinds of small activities like book-drives or food-drives, tree planting events, cleaning-drives and campus beautification. Thank you Mountain Lions for helping others!

## SBA 2022

When they say "It takes a Village", that is true for our Mountain Lion 'Ohana! This past week, our EA's helped get the snacks ready for our 3rd-5th graders taking the Smarter Balanced Assessment Tests (SBA). Our Kindergarten classes cheered on 3rd grade, 1st grade cheered on 4th grade, and 2nd grade cheered on 5th grade! 'Ohana Council members made encouragement posters all over campus and our marquee was updated.
