WHERE GREAT MINDS GROW!

A Note from the Principal

Dear Eastbrook Families,

Do you have a child entering kindergarten? We will be having our annual **kindergarten breakfast** for **incoming students** on May 16th. If you would like to attend, please RSVP by calling Alice Hickey at 407-746-7954 and leave a voicemail.

As we approach the last day of school, I want to take this opportunity to thank everyone for their support of the students and staff at Eastbrook Elementary. I want to take this time to say thank you to the staff at Eastbrook. I would rank this group among the very best in the district for they are extremely patient, hard working, and committed to the students. Without our wonderful staff, we would not have the education we desire for our children. Congratulations on a very successful year.

In addition to our excellent teaching and support staff, our parents play a role in helping shape, guide, and promote success among our students. We know when we are working together we will make a positive difference in the lives of our students, families, and the community. Special thanks to our PTA and SAC for all the contributions they have made for the students and staff of Eastbrook Elementary! Did you or someone you know serve as a Dividend volunteer this year? If so, please attend our **Dividend Appreciation Event** on May 24th at 9am.

Lastly, I just have to thank our students for being the best students in the county and for making our school an awesome place.

Mr. Ricky Carver
Principal

S.A.C. News

The School Advisory Council (SAC) assists the school in preparing, implementing, and evaluating the School Improvement Plan. The group is comprised of Eastbrook parents, teachers, and staff members. This year's members are:

Jill Aller, Rick Carver, Sue Crowther, Robyn Edwards, Rafaela Figuero, LeeAnn Hinken, Scott Kunkle, Lisa Langston, Cristina Parson, Melanie Shank, Kayla Smith, Robin Swift, and Dorcas Wilson

Our S.A.C. dates for this year are as listed below:

September 4th	October 2nd	November 6th
December 4th	January 8th	February 5th
March 5th	April 2nd	May 7th

If you are interested in learning about the School Advisory Council, please contact Mr. Carver for more information.

He can be reached at 407-746-7900 or via email at ricky_carver@scps.k12.fl.us.

Current Student Enrollment: 790

IMPORTANT DATES FOR YOUR CALENDAR

Congratulations to these KEY KIDS who were recognized at our ceremony in April.

FAIRNESS

Eastbrook Local News: Primary Classes

May has finally come which means we will be wrapping up another successful year in our Pre-K class. Miss M is planning a visit and giving us ideas of how to honor our Mothers during Mother's Day. So Mother May I ask you to have your child share some of the darling songs we are learning on your day and we are sure you will absolutely love our Mother's Day surprise we are making for you.

Miss M is also bringing in her favorite stories of "When You Give a Mouse a Cookie" and "When You Give a Moose a Muffin". Speaking of Muffins; mark your calendars this month of May for our Muffins for Mom and Donuts for dad that will be coming up soon on May 15th between 8:05 and 8:40 (2nd bell).

Mr. Z, our final letter from Letter People Land will zip in from Zanzibar to talk about zippers, zoos and zebras. We will continue our counting practice to 20 and above. Please continue to read to your child as much as possible as well as practice and review letters and numbers over the summer months.

It is time to say our final good byes this month and in doing so we would like to wish our rising Kindergarten friends farewell and good luck next year. Isaac, Valen, Alex, Grayson, Aristides and Nethius will be off next year to new adventures we wish them all the very best. For those of our friends who will be returning next school year we wish you a safe and fun summer and we will see you next year (Monday, August 12, 2019). Please remember early dismissal days will begin Thursday, May 24th, 25th and 28th at 1 pm. School will also be closed in honor of Memorial Day on Monday, May 27th.

K Our students had a great time with our in-house zoo field trip! As our last month of school approaches we will continue the framework and enjoy unit on oceans, ocean life, and summer fun. To ensure your child is ready for first grade, please continue reading and writing on a daily basis. Students will be assessed on all sight words by the end of the year.

In math, we will be continuing our unit on measurement and being able to sort and classify data and use graphs to find information. Please continue to work with your child on addition and subtraction to ten, counting to 100 and beyond by ones and tens, and correctly writing and forming numbers. One of our social studies standards is that the student can name personal information such as their address and phone number. We encourage you to practice this at home over the next few weeks.

Our end of the year party will be a Splash Day celebration. More information will be sent home in the coming weeks. We are looking forward to a wonderful end to our year!

1

Hello First Grade Families! This is the last month of the school year, which is always a bittersweet time for students and teachers. While we are so excited for summer, we will miss each other very much. This month we will treasure each and every experience we have together. We are excited about our End of the Year Party on May 24. If you are able to volunteer, please let your child's teacher know. We will need you from 8-12, and you must be an approved Dividend.

Just because the school year is almost over, does not mean that we have stopped working. On the contrary, this is a wonderful time where we can use the skills we've gained this year to tackle more difficult assignments. In Literacy, we will read a variety of nonfiction texts on a topic and compile the facts to create a report. What a genuine link between reading and writing that will be! We are also working on Computer Literacy lessons in the classroom using iPads and Puzzlets. The students just love these lessons, and they are actually learning the basics of writing computer code! In Math, we will practice measuring length using both inches/feet and centimeters/meters. If you've got a ruler at home, be sure to take it out so your child can practice. Remind your child to always start at the correct end of the ruler, and not to measure from the middle! Our final Science unit focuses on Heredity, where we will learn that while plant and animal young resemble their parents, there are still differences between them. In Social Studies, we will learn about Economics, focusing in on wants and needs, and supply and demand.

Over the summer, please have your child read as much as possible so he/she doesn't regress. Your child's teacher can recommend some titles or authors that are appropriate for his/her level. Also, have your child practice addition and subtraction facts through 10. They should know these sums and differences automatically, without having to count on or back. As we reflect on this amazing year we have spent together, we thank you from the bottoms of our hearts for your enduring support and love. We wish you and your families all the best in the future.

2

It's hard to believe we are coming to the end of our school year. Time flies when you're working hard and learning so much! During our last month, we will be finishing up measurement as well as addition and subtraction of three digit numbers. We are reviewing and drawing conclusions in reading as well as identifying the author's purpose, comparing and contrasting as well as finding facts and details in a passage utilizing biographies, and sequencing events in a story.

Scientifically, we moved from the study of life cycles to the basic needs of plants and animals and the study of their habitats. We have released butterflies and gone on our final away from school field trip. Please check with your child's teacher to find out which night your annual music show is. It is a tradition here at Eastbrook and lots of fun!

Finally, we have a week of fun planned with Themed Days and our End of the Year Party is scheduled for Wednesday, May 22nd, but we still have a lot of learning to do before then! Please contact your child's teacher if you are a registered dividend for the 2018-2019 school year and would like to volunteer your time for the End of the Year Party. It will be very similar to our Holiday Celebration, but with summer themed activities. Look for more information to come.

Thank you so much for your support this year as we all worked together to help your child become the best that they can be. Have a safe and happy summer!

Second Grade Teachers

3 It's hard to believe that we're entering the last month of the 2018-2019 school year! As our students prepare for their final phase of FSA testing for this year, we're reviewing the following skills during Math Boot Camp: multiplying and dividing within 100, solving problems using the four operations, applying the properties of operations, adding and subtracting within 1000, locating fractions on a number line, determining equivalent fractions, comparing fractions, drawing and interpreting data on a scaled bar graph and picture graph, telling time to the nearest minute, measuring length to the nearest half and quarter inch, measuring liquid volume and mass, identifying attributes of two-dimensional shapes and calculating the measurement of the unknown side when the perimeter or area is given. Please review these skills with your student in preparation for the Math FSA on May 7th and 8th.

In addition to the FSA, our third grade students will be taking their 3rd iReady Reading Diagnostic Assessment the week of May 13th and the iReady Math Diagnostic Assessment the week of May 20th. Prior to each assessment it's important that your student gets plenty of rest and has a nutritious breakfast.

In celebration of the end of the school year, third grade will have an autograph party, third grade party, and an ice cream party. Watch for upcoming information about these events.

We hope you have a relaxing summer and look forward to seeing you in August!

4 It's hard to believe that we are nearing the end of the 4th grade year! FSA Reading testing is on May 1st and 2nd, and FSA Math is May 7th and 8th. Please continue to send your child to school prepared for testing by making sure they get lots of rest and eat a good breakfast! Reading classes are finishing the year off learning about Florida by reading about and studying different aspects of Florida's history and economy. Students will also be working on other Florida-related projects before the end of the year. We are excited to spend these remaining weeks on projects and preparing for 5th grade! The last few weeks of school are always very exciting for the kids. We are working on math projects that review the skills we've learned this year. We are also getting ready for 5th grade math by learning the order of operations, points on a grid, and 2-digit division, just to name a few! It is expected that fifth graders be fluent in their multiplication facts, so please continue to practice at home. Our annual kickball tournament will be Tuesday, May 21st, so please keep an eye out for the invitation that will be sent home. Teachers will also be sending notices about end-of-year events and parties, so please make sure you continue to monitor Class Dojo and your child's binder daily!

5 Fifth Grade is working on wrapping up the year. We are getting ready for our FSA Exams coming up in May. Students are reviewing material in class and maybe at home too. Students in 5th Grade take an ELA, Math, and Science Exam. Please keep in mind the testing dates and make sure your child gets rest, a good breakfast, and is at school on time the days of testing. Please make sure to check Skyward so that your child has all of their work submitted to their teacher.

On Friday, May 17th, 2019 5th Grade is attending an End of Year Trip to Oviedo. There we will go to District Eat and Play. This will occur during the normally scheduled school day. On May 21st, we will hold our annual 5th Grade Awards Ceremony where parents are welcome and encouraged to attend. May 23rd is our 5th Grade Biography Brunch from 9:30-10:30. Parents once again are welcome to attend this event. Keep in mind the last 3 days of school are early dismissal and the last day of school is Tuesday, May 28th. On behalf of the 5th Grade Team, we would like to thank you for a wonderful year. We wish you a relaxing summer. Best wishes in middle school next year.

Tips for Reducing Test Anxiety

The most important thing that you can do to reduce your child's test anxiety is not to get stressed yourself because they will pick up on your stress. Trust that they are prepared and ready. Below you will find some tips and techniques to help your child reduce their test anxiety.

- Get plenty of rest and sleep the night before the test.
- Have your child dress comfortably. Layers are helpful.
- Arrive early on testing days to get free breakfast!
- Don't listen to any negative talk around you. Think only positive thoughts, push negative thoughts away and replace them with positive ones.

Recommended Techniques

Engage in deep breathing for 2-5 minutes. Close your eyes and concentrate on the air going in and out of your lungs. Take long, deep breaths, fill your lungs and abdomen, hold your breath, and then exhale.

Engage in guided imagery for a few minutes. Pick a scene that you find peaceful, beautiful, and natural. Think about what you see, what you hear, what you feel and what you smell while in this scene.

Consider teaching your child how to use positive affirmations. For example, "I am going to rock this test!"

Ms. McGuire, Guidance Counselor

Performance Schedule

<p>Monday, May 13th 6:15 "The B Show"</p> <p>K – Barr 1 – Crowther 2 – Eltonhead 3 – Landefeld 4 – Larrazabal 5 – Ferraro</p>	<p>Tuesday, May 14th 6:15 "The C Show"</p> <p>K – Boardman 1 – Aran 2 – Hill & Howell 3 – Wilson & Hajek 4 – Lyons 5 – Srebernak</p>	<p>Thursday, May 16th 6:15 p.m. "The E Show"</p> <p>K – Gampfer 1 – Torres 2 – Plunkett 3 – Daigle 4 – Walter 5 – Wagner</p>
<p>Monday, May 13th 7:15 "The A Show"</p> <p>K – LaStourgeon 1 – Almadovar 2 – Cox 3 – Bender 4 – Yates 5 – Wilkins</p>	<p>Tuesday, May 14th 7:15 "The Splits Show"</p> <p>K – Hopkins 1 – Kunkle 2 – Jarmolowski Hernandez 3 – Wells 4 – Roupe 5 – Spoon</p>	<p>Thursday, May 16th 7:15 "The D Show"</p> <p>K – Moreno 1 – Westbrook 2 – Mosrie/Terry 3 – Vogt/Espe & Shearer 4 – Richwalder 5 – Kauchak</p>

For the final quarter of this year, we are focusing on reflecting on our work. As we complete each step of the process, students will reflect on predicting the outcome, analyzing what is working and what is not, and looking back at the project as whole to decide what could be improved or changed. We continue to talk about growth mindset in all that we do.

With springtime here, a few classes will be working on life science projects. First graders will be constructing a structure that can hold netting to protect the growing caterpillars from one of their predators, the wasp. We are (hopefully) growing milkweed in our classroom. Fifth graders will be working on an environmental engineering project to beautify our butterfly garden.

Fourth grade students will be building a working windmill and can discuss how windmills can help the Earth by creating clean power. Third graders will be researching how a solar oven is constructed and how it can be used to heat food. Second graders will be creating a boat that can float and be moved only by magnets. Finally, the kindergartners are celebrating becoming 1st graders by creating letters that can stand to be used as a banner.

Thank you for all of your support this year! It has been a fantastic year and so proud of each student's accomplishments.

Media Center

Our new books have arrived and will be on the shelf next week. Please continue to encourage your child to read and take AR tests. We are so close to our goal of 10,000 points for this school year. If we reach our AR points goal students will be allowed to wear pajamas to school.

Please be sure your child returns all library books by **Friday May 10th**. If they are not returned you should be receiving a notice to pay for that book/s before school is out for summer.

The new Sunshine State Young Reader Award Book Lists for 2019-2020 are out and can be found on the official SSYRA site:

<https://www.floridamediaed.org/ssyra.html>

Art Corner

Happy May! This month, we are working on our street art for the upcoming music and art show. Each grade level is learning about a different street artist. At the show, you will see art inspired by Invader, Buff Monster, Jean-Michel Basquiat, Keith Haring, and Shepard Fairey. We cannot wait for you to see our art!

Thank you so much for your support this year. I hope you all have a wonderful and art-filled summer break!

Jordan Senarens

Parents:

Please make sure that your bikers and walkers know that they must walk to the crossing guard in order to cross Tangerine Avenue when walking to school.

BUSINESS PARTNERS

PE

We have had an outstanding year here at Eastbrook. Our Cross Country season was a success. We had over 100 students participate in the program this year and many students placed in the meets that were held. Our classes participated in lessons that helped them develop sport skills and improve their fitness level. We had a wonderful Field Day in which students had an opportunity to display their track and field skills. We also had a fun filled Country Western Day in which family members had an opportunity to learn new line dances. We hope that you are able to attend the Eastbrook Health and Wellness Fair, which will be held on May 2 from 6-7:30p.m. Most of all, we are thankful for the opportunity to teach your children and we have been blessed to have amazing support from all of the families here at Eastbrook. Have a great summer and stay healthy and happy.

Eastbrook Elementary

everychild.onevoice.®

May 2019

Hello Eastbrook Families!

We have just a few weeks of school to go, and I can feel the excitement in the air when I am on campus. May will be a busy month of learning and testing, but there will be some fun in the mix with class parties and our final PTA events.

Teacher Appreciation Week is the week of May 5th-11th. Children should have received a

flyer with some ideas on how to show their appreciation on different days. PTA will be providing the school staff with donuts and coffee on Monday, a luncheon catered by Rock & Brews on Wednesday (with gifts for each teacher and staff member!), and an ice cream sundae bar on Thursday. Our teachers

and staff work so hard, and we want them to know that they are appreciated!

Our last general meeting will be held on Tuesday, May 14th at 6:00 PM, just before the music show. We will review our financial position and elect our 2019-2020 PTA Executive Committee. Once the officers are elected, they will begin appointing committee chairs. We would love to see some new faces on our PTA Board, so if you would like to get involved, please reach out to any current board member for more information. Chairs generally have one specific duty or program to lead, so it usually isn't a lot of work throughout the year, and I promise that we have a lot of fun, too!

PTA's annual Pastries with Parents event will take place on Wednesday, May 15th at 8:05 AM. We invite all parents, grandparents and caregivers to join your child for complimentary pastries under the PE pavilion before school. We will also need several volunteers to help us serve the pastries, so check your email and the school's Facebook page for more information.

Our last PTA spirit night will be at Firehouse Subs on Red Bug Lake Rd on Tuesday, May 21st from 4:00-8:00 PM. A flyer will be sent home for you to turn in when you dine in or take out that evening.

Thank you all so much for your support throughout the year! Our programs and fun events wouldn't have been possible without the help of volunteers. It has been an honor serving as President this year, and I want to thank the amazing team I had at my side. I look forward to serving PTA again during the 2019-20 school year! Have a wonderful summer!
