Preamble

The Declaration of Independence

We hold these truths to be self-evident,
that all men are created equal,
that they are endowed by their Creator
with certain unalienable Rights,
that among these are Life, Liberty and the
pursuit of Happiness.

That to secure these rights, Governments
are instituted among Men, deriving their
just powers from the consent of the
governed.

Freedom Week

- Not one of the men who signed the Declaration of Independence was born in America.
- The average age of the Signers of the Declaration was 45.
- Ben Franklin was 70 years old and the oldest to sign the Declaration of Independence.

Emilio & Gloria Estefan

National Hispanic Heritage Month

September 15 to October 15

--Recognition of the contributions of Hispanic and Latin Americans to the heritage and culture of the United States--

- Received the Library of Congress Gershwin Prize for Popular Song.
- Represent two firsts for the prize –first married couple to receive the award and first recipients of Hispanic descent.
- Sold an estimated 100 million records worldwide, including 31.5 million in the US alone.
- Won 7 Grammy Awards
- Received a star on the Hollywood Walk of Fame and Las Vegas Walk of Fame.
- Received the American Music Award for Lifetime Achievement
- Named BMI Songwriter of the Year.
- Inducted into the Songwriters Hall of Fame.

“At first, record professors grumbled that Estefan’s music was **‘Too Cuban for Americans and too American for Cubans.’**”

Gloria’s response: **“Good, because that’s who we are.”**

In 1985, ‘Conga’ landed in Billboard's Dance, R&B, and Hot 100 charts – all at the same time. It was a monster hit and launched Gloria Estefan into international stardom.

It was also a **fusion** that would define Latin pop for decades to come—that **American sound with the Latino culture underneath it.**”
