Georgetown, DE 19947

Att: Mark Conces

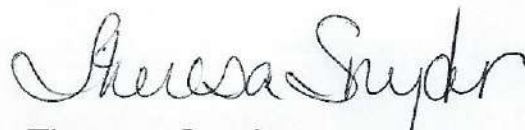

It has come to our attention that you may opening a new charter school in or around the year 2019. We would like to be considered to take care of your busing needs that you may have. Through brief conversation we are assuming somewhere around 5 buses to different areas.

We have been in business for over 20 years and offer transportation for Sussex Tech, Indian River School District, Sussex Academy, in Delaware. We also do transportation for Most Blessed Sacrament and Worcester Prep School in the Berlin Maryland area. Hopefully our reputation precedes us.

When the time gets closer and you know more of what you are looking for, as far as the transportation of your children to school, ie; shuttle time for what stops to where. Whether it is door to door or not and approximately how many students you will have and the opening date of the school. Please contact either Gerald Dutton here at the office or Ed Dutton.

We anxiously look forward to hearing from you in the future.

Sincerely

Theresa Snyder
Office Manager
Dutton Bus Service
