Good Things

Opening Warm-up: Please get ready for the test today over Unit 4 – Europe & Russia by clearing your desk of everything except for your answer document, a pencil, a sheet of notebook paper (if you like lines to write on), your study guide, your notecard, and a bottle water if you have one. We will begin review after attendance.

Work Session:

- Review Unit 4 – Europe & Russia Study Guide – **whole class**
- Unit 4 – Europe & Russia Test – **individually**
 - **When you are done: 1) Bring your answer document & test to Mr. Hart's desk. Stick around to see your score on the multiple-choice portion of the test. 2) You may listen to music quietly while you do a word search (not for a grade) on our next unit – Africa.**

Essential Question(s): What have I learned about significant physical and human geography of Europe & Russia?
