AP and HONORS Courses: It is critical that parents and students understand the rigor involved with AP and Honors courses and that these courses are year-long. A parent permission form is required for placement into an Honors or AP course. Failure to turn in this form will result in regular course placement. Families are urged to consider teacher recommendations for course levels. **Spanish II** will be an Honors Option course; honors credit will be awarded on a contract basis.

12th GRADE ELECTIVE COURSES: Place a ranking beside each choice from 1-6 with 1 being the 1st choice. Choose at least 6 electives. Elective requests will be based on a "space available basis." Please note: year 2, 3, and 4 classes all have pre-requisites.
