FAQ's

**Q: What is InSync Education?**

**A: InSync Education is an online database of academic resources and activities designed specifically for parents of school-aged children. All InSync Education resources are searchable and aligned to Common Core standards.**

**Q: What kinds of resources can I find on InSync Education?**

**A: InSync Education has hundreds of resources and activities in core subject areas such as reading/language arts, math, science, and social studies/history. InSync Education also offers additional resources to help prepare students for standardized tests, practice academic skills over the summer, and develop study skills and lifelong learning strategies. Special resources for students in grades 9-12 focus on life skills, applying to college, and career readiness.**

**Q: Who is InSync Education for?**

**A: InSync Education is designed for families, students and educators of students in kindergarten through the 12th grade. InSync Education is available to users in English, Spanish, and Haitian Creole.**

**Q: How will using InSync Education help my student in the classroom?**

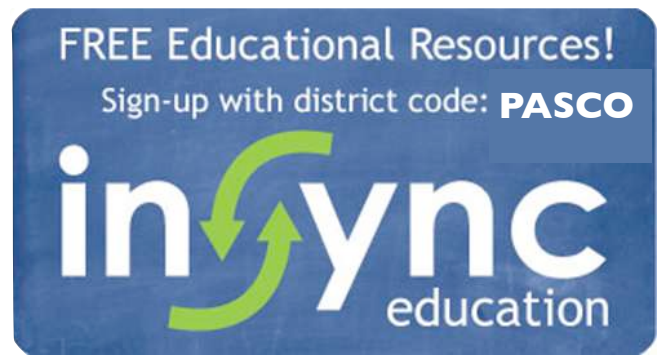

**A: All of the resources in InSync Education are standards-based—developed specifically to guide families in how to build the grade and subject specific knowledge and skills that children are learning in the classroom. When you complete activities in InSync Education with your student, you'll help your student learn what's being taught in the classroom in reading/language arts, math, science, and social studies/history.**

**Q: What's included as part of InSync Education resources?**

**A: All resources in InSync Education provide an overview of the content, two activities/tips related to the content, a glossary of academic terms, and a list of additional web-based resources. Resources are available in English (K-12), Spanish (K-12), and Haitian Creole (K-5). Resources for students in grades 6-12 also include real world applications of content and list prerequisite resources.**

Q: How do I log into InSync Education?

A: To log into InSync Education, you will need to create an account using the district code provided by your local school or district or login with the credentials provided by your district. After your initial account set-up you can use your username and password created at sign-up.

Q: How do I find resources in InSync Education?

A: Finding resources in InSync Education is easy. You can either search for resources by keyword, browse resources by standard, or browse through an index of all the resources in the database.

Q: I'm a teacher. Are other teachers using InSync Education in their classroom? I'm a teacher. Are other teachers using Parents K-12 in their classroom?

A: Although InSync Education was initially built for parents, the resources in Parents K-12 are also commonly used by classroom teachers. Because InSync Education resources are standards-based, activities can be used for in-class practice, lesson differentiation, test prep and review, enrichment, or additional support for individual students based on need. Additionally, many teachers print out the resources in InSync Education in the home language of the student as homework for both the student and the parent, and as a way to reinforce and support parental involvement in the student's academic achievement.

Q: In which languages is InSync Education available?

A: InSync Education is available in English, Spanish, and Haitian Creole. Additional languages can be added by individual districts based on the needs of their parent population.

Q: How do I view InSync Education in another language?

A: Switching languages in InSync is easy, and can be done from anywhere in the application, and at any time. Select Español or Kreyòl Ayisyen and the entirety of InSync will appear in the selected language. You may also identify your language preference in your user profile.
