(IV) MATHEMATICS.

For the College Preparatory Endorsement (CPE) program of study, three Carnegie units of credit of approved mathematics must be earned during grades 9-12. The student record shall show credit or equivalency for each of the core courses of Algebra I (27.061); Euclidean Geometry (27.063) or Informal Geometry (27.062); and Algebra II (27.064). For the student who takes Applied Mathematics I (27.445) and Applied Mathematics II (27.446), the record shall show credit for Applied Mathematics I (27.445), Applied Mathematics II (27.446), Euclidean Geometry (27.063) OR Informal Geometry (27.062), and Algebra II (27.064). If the local board of education granting a diploma determines that equivalent training for any of these core courses has been received elsewhere, e.g., Algebra in the middle-school grades, the student record shall show how each equivalency has been earned and for which QCC course(s). Each student must earn at least three CPE core credits during grades 9-12. Equivalency credits are not counted as part of the three core credits. The list that follows indicates available additional core courses.

The High School Diploma and/or the Vocational Endorsement requires that a student earn three Carnegie units of mathematics which shall include, as a minimum, Algebra I or its equivalent. To meet the requirements for Algebra I or its equivalent, a student shall earn a Carnegie unit in (1) Algebra I, OR (2) Fundamentals of Algebra, OR (3) a locally developed course equivalent to Algebra I that has been approved by the Georgia Board of Education, OR (4) earn two Carnegie units by passing both Applied Mathematics I and II.

(X) FOREIGN LANGUAGES.

Two Carnegie units of the same foreign language shall be required for the College Preparatory Endorsement (CPE) program of study in grades 9-12. Students whose native language is not English may be considered to have met the foreign language requirement by exercising the credit in lieu of enrollment option if they are proficient in their native language. A formal examination is not necessary if other evidence of proficiency is available. Any course or combination of courses listed below may be selected to earn Carnegie unit credit to satisfy the requirements in Foreign Language for Core Area of Study VI Computer Technology and/or Fine Arts and/or Vocational Education and/or Junior ROTC and/or Foreign Language for the High School Diploma (HSD), the College Preparatory Endorsement (CPE) and/or the Vocational Endorsement (VE) programs of study.

Any of the courses may be used to satisfy the elective unit requirements.

For a student who is hearing impaired, American Sign Language may be taken as an elective or as a core course to fulfill the requirements of the college preparatory seal of endorsement. If American Sign Language is to be used to fulfill the college preparatory requirement of two years of the same foreign language, adherence to the requirements in the following paragraph is required.

For the purpose of fulfilling the foreign language requirement for a college preparatory seal of endorsement, a demonstrated proficiency in American Sign Language shall be accepted as a foreign language if it is determined that a deaf student has a hearing loss which significantly impacts upon a student's ability to learn a foreign language. The Individualized Education Program (IEP) Committee shall determine if American Sign Language is to be substituted for the foreign language requirement. The IEP Committee shall state in the Individual Education Program that American Sign Language is substituting for the foreign language and that two years of the American Sign Language must be taken to complete the requirement.

For students who are not hearing impaired, American Sign Language may be taken for one unit of elective credit or for the third unit of foreign language credit.
