**Teachers Using Zoom for Direct Instruction and Camera Protocol:**

CCPS is now using the Zoom digital platform make certain student and staff interaction is safe, secure, and respect student privacy. We require that the cameras be on during instruction with the scholar's correct name (No nicknames or tags) in order to:

- To measure class participation and engagement
- To observe scholar's well-being/social and emotional state
- To accurately check attendance
- To protect the virtual learning environment from unwanted distractions or interruptions

We highly encourage scholars to create a safe and appropriate learning space at home that is free from distractions in order to maximize your learning opportunities. Parents, contact your child's teacher if you have any questions.
