Contact: Theresa Valentino

Ext: 42347

tvalenti@pasco.k12.fl.us

Welcome to the Research and Evaluation Department's first issue of the GRANT ALERT NEWSLETTER for the 2010-2011 school year. This newsletter will inform of the most current Grant Opportunities with Deadlines in addition to many other fundraising, donation, award and recognition opportunities. This information is made available via e-mail and may also be downloaded from the district Grant Information website at:

<http://rande.pasco.k12.fl.us/Pages/grants.html>

The Grant Information website also provides a listing of many funding opportunities that are available on an ON-GOING basis for your review. In addition, the Grant Wrangler headline widget featured on the website is a resource to find funding for projects and updated every 2 weeks by Grant Wrangler. Please check the Grant Information website for additional web resources on how to develop and write successful grant proposals and other updated potential grant sources, as well!

School-based personnel applied for nine grants over \$1,000 totaling more than \$63,000.00 during the 2009-2010 school year. Three grant applications were awarded as of June 2010 bringing approximately \$25,000.00 in additional funds into the district. I look forward to continuing to assist schools with grant projects you will be working on during the 2010-2011 school year in support of your school improvement and/or professional development goals. Please do not hesitate to contact my office for guidance in following District guidelines when submitting grant applications to funding organizations.

GRANT TIP OF THE MONTH: SCHOOL BOARD APPROVAL OF GRANTS

Grants over \$1,000 must be approved by the School Board before they can be submitted to the funding organization. The District School Board meets on the first and third Tuesday of each month (unless otherwise noted).

Time Line:

- Completed grant packets must be submitted to Grants Management Specialist in the Research & Evaluation Department for review no later than Friday, two weeks and two days before the next School Board meeting. The grant must also receive budget approval from the Internal Audit and Grants Department BEFORE being submitted to Research & Evaluation.
- Research and Evaluation submits the grant to Assistant Superintendent of Curriculum and Instructional Services at least one week and two days before the next School Board meeting for review and final approval to submit to the District School Board.

In other words, you will want to try to complete your grant application at least a month before it is due to the funding organization so that all District guidelines may be met for School Board approval of your proposal.

September 11

National Day of Service and Remembrance

In response to the events of September 11, 2001, people served in an unprecedented way. Building upon that spirit, and seeing service as a way for young people today to understand the events of September 11, Youth Service America encourages the launch of a fall Semester of Service on 9/11.

Rebuilding Community: A 9/11 Semester of Service

This 4-page module guides students through the process of planning a Semester of Service that launches on 9/11, and culminates on MLK Day of Service in January. The resource outlines the service-learning stages of Investigation, Preparation/Planning, Action, Reflection, and Demonstration/Celebration (IPARD/C), and introduces suggested activities for each stage. Download the resource at http://tools.ysa.org/downloads/ysa/Rebuilding_Community.pdf

This resource is designed to complement the **Semester of Service Strategy Guide**, a resource developed to help teachers and others working with youth to develop and implement a high-impact, strategic plan of action to engage young people in serving and learning in their communities over the course of a semester. Download the Semester of Service Strategy Guide at: <http://tools.ysa.org/downloads/semester/YSA-2010-strategy-guide.pdf>

Youth Service America will release additional 9/11 resources in August, including "9 for 9/11" with 9 themes for service projects to honor the 9th anniversary of 9/11.

More 9/11 Resources for Educators

Educational lesson plans about 9/11 and engaging in service will be made available nationwide to teachers online and as activity posters, developed by MyGoodDeed in partnership with Scholastic, the 4Action Initiative, the 9/11 Memorial, the Corporation for National and Community Service and HandsOn Network. Visit www.scholastic.com/MyGoodDeed to sign up to receive these materials when they are released.
