

## Data Service Center School Choice Application Data for the 2016/2017 School Year

These data show the number of applications submitted for the 2016/2017 school year. In other words, these applications were submitted starting in November 2015 for the following school year. Please note that a parent can (and typically does) submit multiple applications for one child. The application is structured so that if a parents applies to a school district that has multiple schools, that parent may select their 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> choice. When applying to a charter school or a district with just one school at that grade level, they would create one application with only a first choice. **These data include choice applications to all DE LEAs except Indian River, Smyrna, Lake Forest, Cape Henlopen, Laurel, Sussex Tech, Positive Outcomes and Thomas Edison Charter and those LEAs who accepted paper choice applications, but chose not to enter them into the DSC system.** The table below depicts the number of choice application submitted by residents of each school district. For example, even though Smyrna school district does not utilize the DSC system, it still had 708 applications filed by Smyrna residents to schools that did utilize the online choice portal. (Further interpretation and guidance can be found on page 5). **In summary, the data listed below indicates the number of applications submitted NOT the number of residents applying for choice.**

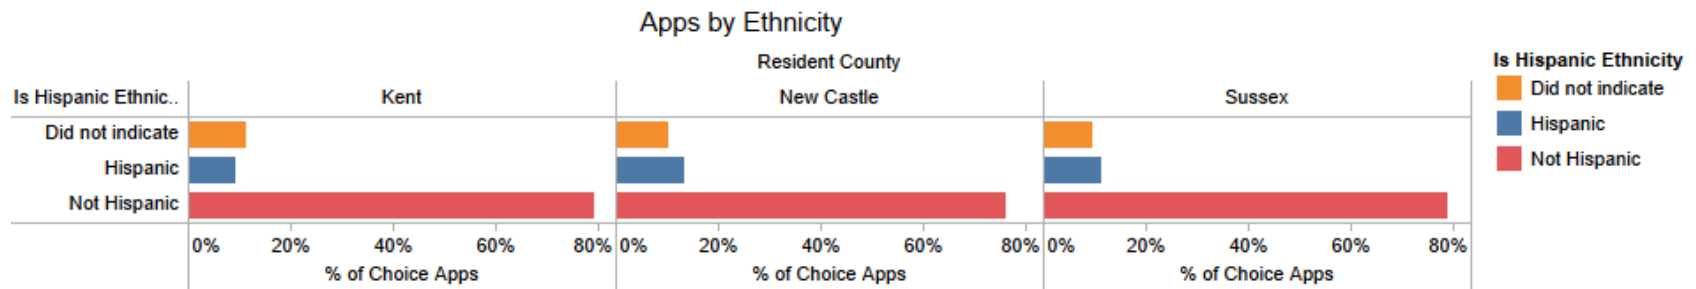

- 24,957 applications were submitted (includes KN and standard applications)
- 18,856 (75.6%) were identified as “Complete” by the receiving school or district

### **By Resident/Feeder District:**

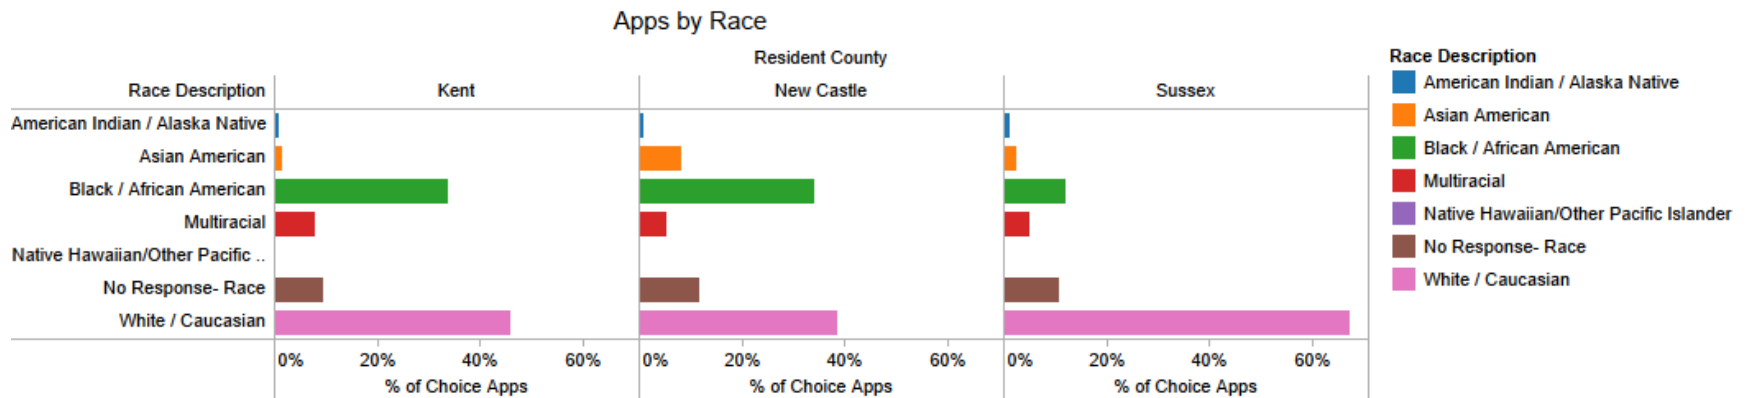

District	% of all applications	Number of applications
Christina	38.03%	9492
Red Clay Consolidated	21.52%	5370
Colonial	13.09%	3267
Appoquinimink	7.99%	1995
Brandywine	6.80%	1697
Capital	4.18%	1043
Smyrna	2.84%	708
Caesar Rodney	1.71%	427
Lake Forest	1.03%	258
Indian River	0.68%	170
Milford	0.65%	161
Cape Henlopen	0.56%	139
Seaford	0.54%	136
Laurel	0.18%	46
Woodbridge	0.16%	41
Delmar	0.02%	6

**By Resident County:**

County	% of all applications	Number of applications
New Castle	87.43%	21821
Kent	9.76%	2436
Sussex	2.80%	700

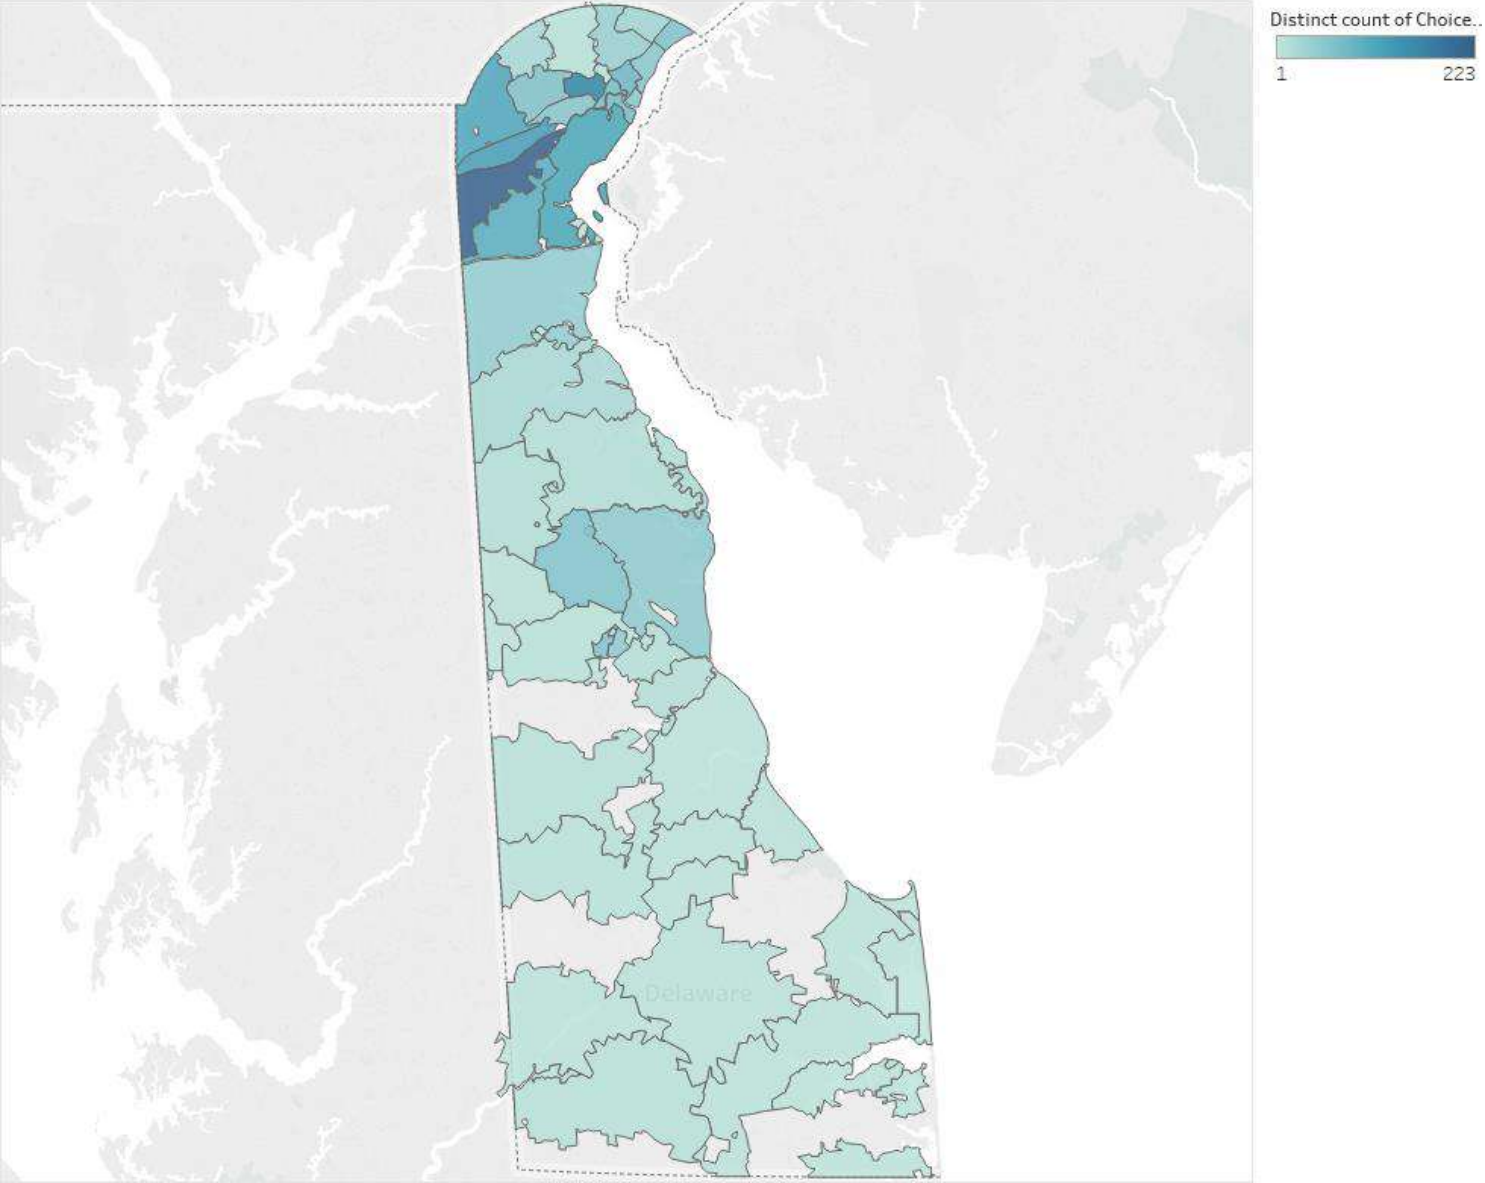

% of Total Distinct count of Choice Application ID for each Is Hispanic Ethnicity broken down by Resident County. Color shows details about Is Hispanic Ethnicity. The data is filtered on Form Type, which keeps KN Application and School Choice.

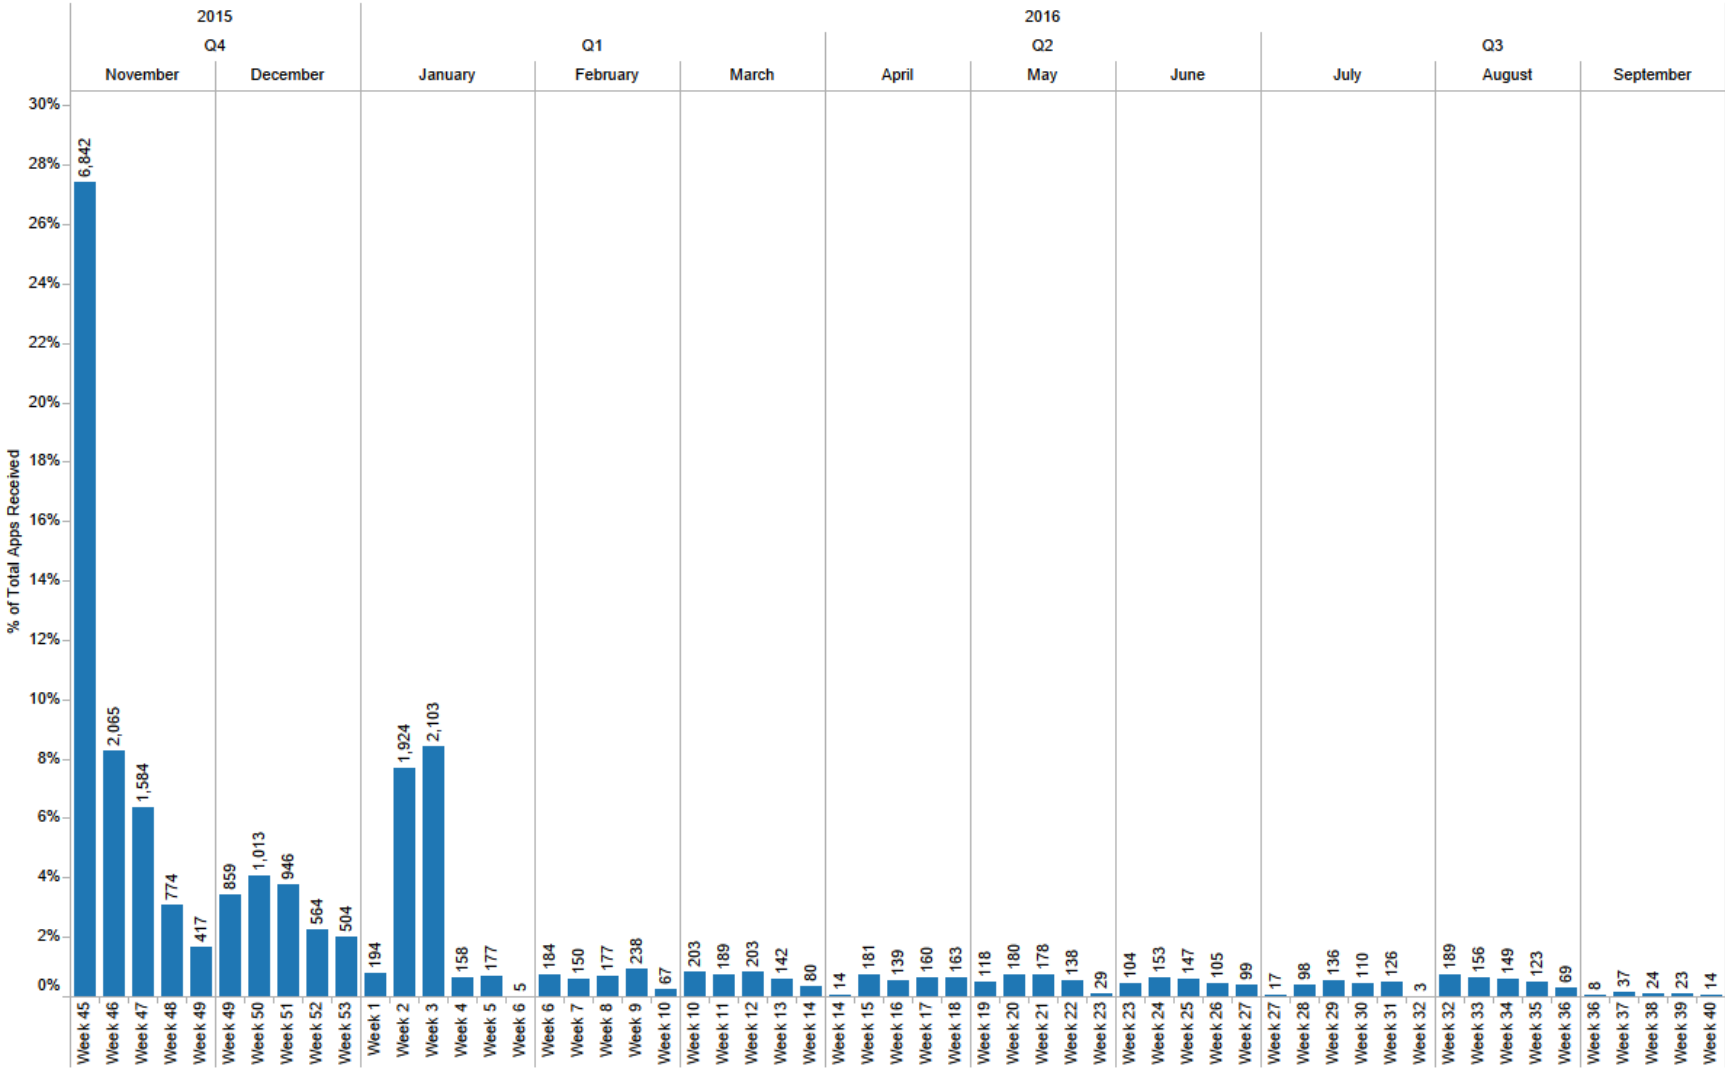

% of Total Distinct count of Choice Application ID for each Race Description broken down by Resident County. Color shows details about Race Description. The data is filtered on Form Type, which keeps KN Application and School Choice.

DSC Choice Applications by Zip Code

### Apps by Date Received

Application Date

% of Total Distinct count of Choice Application ID for each Application Date Week broken down by Application Date Year, Application Date Quarter and Application Date Month. The marks are labeled by distinct count of Choice Application ID. The data is filtered on Form Type, which keeps KN Application and School Choice. The view is filtered on Exclusions (MONTH(Application Date),QUARTER(Application Date),YEAR(Application Date)), which keeps 11 members.

## **Choice Applications by Feeder (Resident District)**

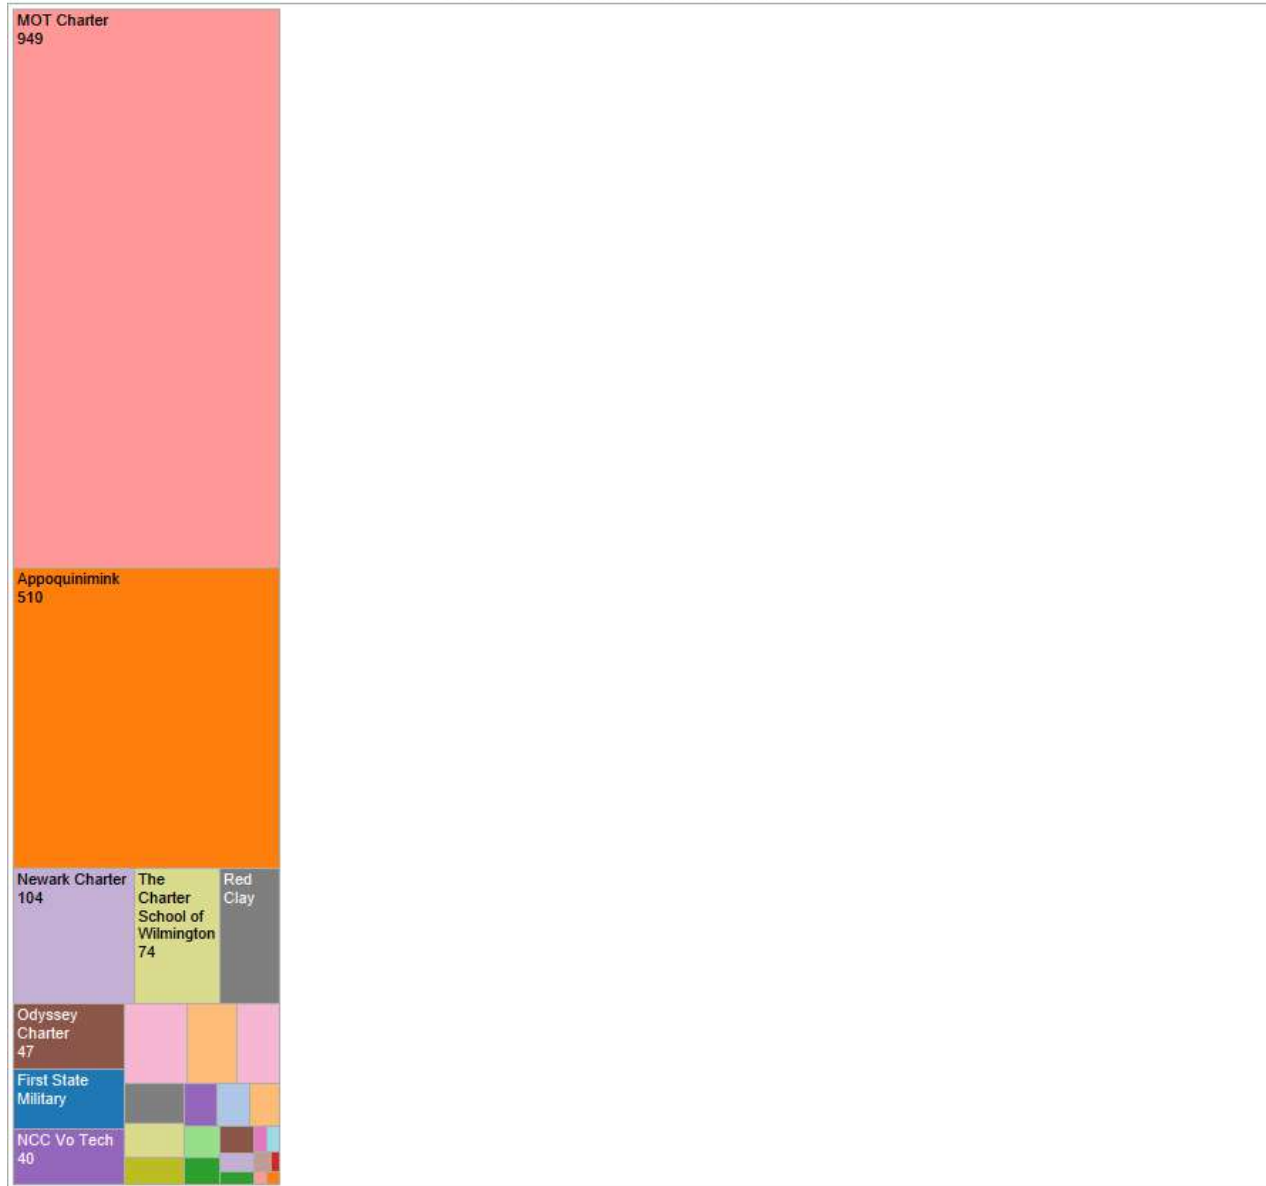

The following 16 pages (pages 6 to 21) depict the number of choice applications submitted to school districts and charters that utilized the Data Service Center online system for the 2016-2017 school year. The choice applications are organized with a page illustrating each of the districts of residence.

As a reminder, all Delaware districts and charters utilized the DSC online choice portal for the 2016-2017 school year except for Indian River, Smyrna, Lake Forest, Cape Henlopen, Laurel, Sussex Tech, Positive Outcomes and Thomas Edison Charter. For this reason, no counts are depicted for residents who applied to these schools. Note that these schools are not available in the listing of schools on the right-hand side of each chart.

A page is devoted to each of the 16 traditional public school districts in Delaware. **Each page shows the number of applications submitted by residents of that particular school district.** Additionally, the charts depict what school those residents applied to. Please note that these charts indicate the total number of applications submitted. Residents may apply to more than one school by submitting multiple applications. **Therefore, it is important to remember that these counts refer to the number of applications submitted and not the number of residents submitting applications.**

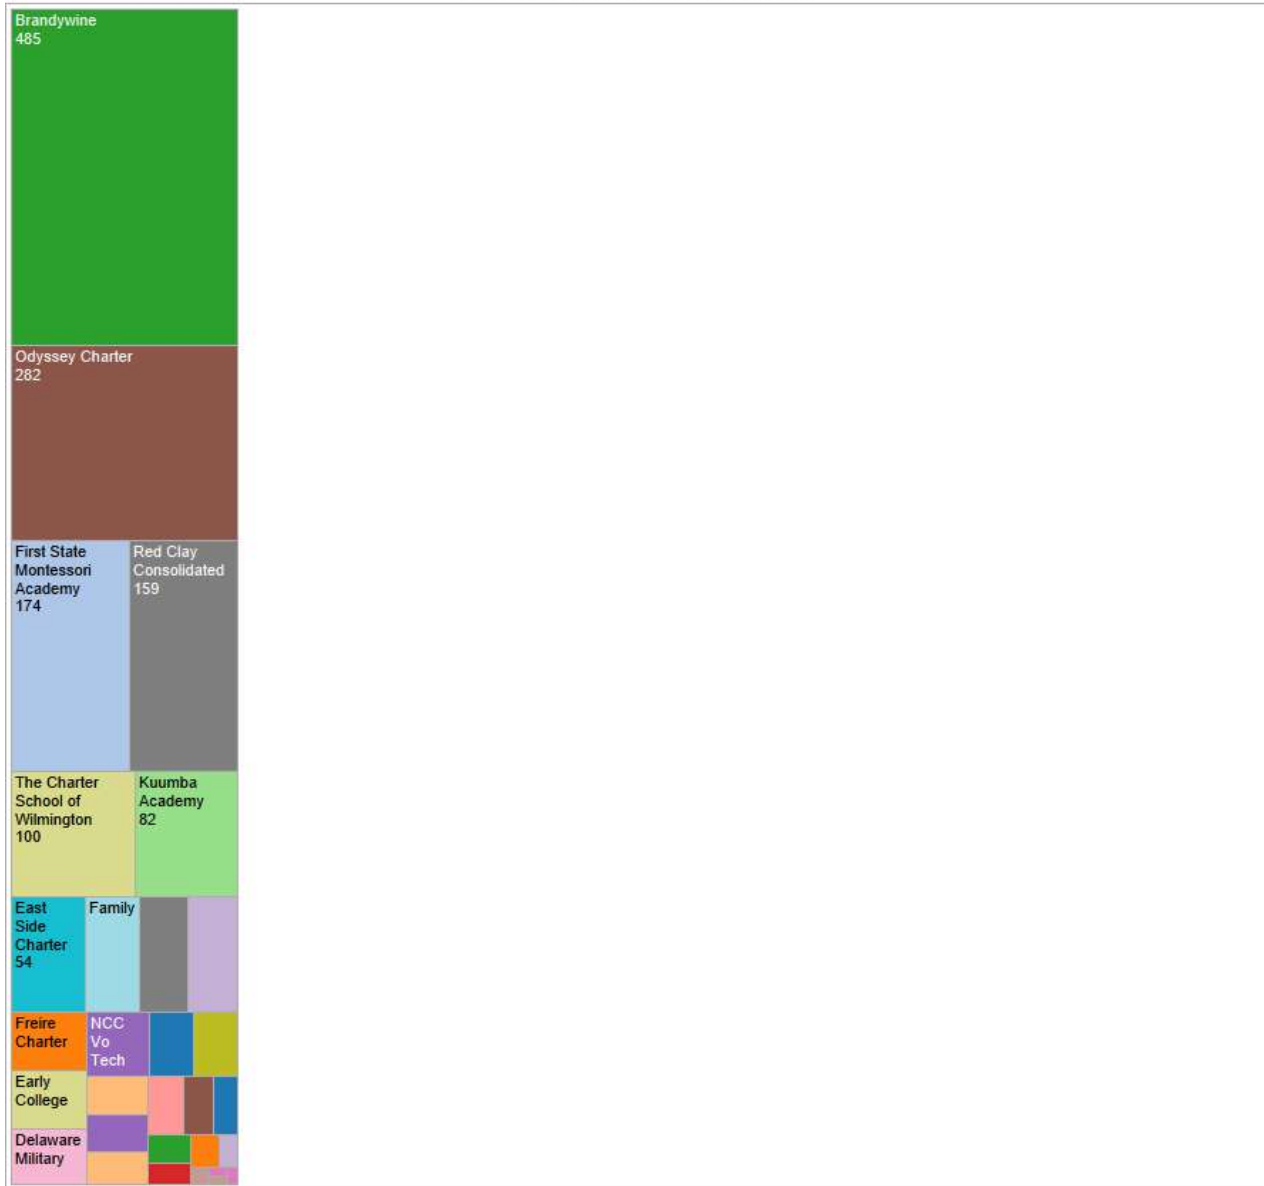

As an example, please look at page 6. This page depicts the choice applications submitted via the DSC system by residents of Appoquinimink School District. The pink box depicts the 949 choice applications submitted by Appoquinimink residents who wished to choice into MOT charter school. The orange box depicts the 510 Appoquinimink residents who wished to choice into another Appoquinimink school (through intradistrict choice). One resident who submitted a choice application for both MOT Charter and another Appoquinimink school would account for one application in the pink box and one application in the orange box.
