

# THE BLACK AND GOLD

February 2021

---

## Superintendent's Section

---

By Dr. Hatfield

Happy February. I am still so thankful that we are able to have our students in-person. After talking with colleagues in Washington and Oregon, we are truly blessed to be able to have in-person school, safely all year.

Hard to believe that basketball season is almost over, so that means spring sports are right around the corner.

**SENIOR PROJECTS:** If you would like to help judge senior projects on Friday, March 5, please contact Mr. Fredrickson; [dfredrickson@sd305.org](mailto:dfredrickson@sd305.org); (208) 924-5211. Thank you.

Pennies for Patients is starting up again. This is a yearly fundraiser to help children with cancer. Last year, our small school was able to donate over \$1,100.00 Which is AWESOME. Donations are accepted in-person or online. If you would like to donate, students will have collections bags or you can donate online at [www.herosquad.org](http://www.herosquad.org) and find our school, then the class.

As many of you have probably heard, this is my last year at Highland. I feel blessed to have served the students and the communities for the last 7 years. I adore the students at Highland and will miss them terribly. We have great students; Good job parents/guardians.

# Student Achievements

---

## Highland High School Semester 1 Honor Roll 2020-2021

**12th Grade:** DJ Antone, Taiyler Crea, \*Kobe Droegmiller, Josh McCorkle, Hannah Shumaker, and \*Lane Wassmuth

**Microsoft Powerpoint:** Hannah Smith, Noah Watson

**Adobe Photoshop:** Kalei Smith, Katie Goeckner

**Adobe InDesign:** Caristae Robinson

# Club Cluster

---

## **BPA:**

- **Students recently competed in the Region 2 District Competition and represented Highland well! We are eagerly awaiting results for this virtual conference!**

## **FFA**

- **The Highland-Craigmont FFA Chapter has been busy trying to keep members participating in events that are as normal as possible. We've been able to participate in a few in-person district level events and have three Fridays in February full of virtual Leadership and Career Development Events.**
- **The chapter has been able to still do some of our annual community service projects - such as wrapping boxes for the Pantry of Hope, and our American Red Cross Blood Drives - with another one on March 17th.**
- **A few members have also have been working as PALS with the 4th graders, they've read books about agriculture, created a few projects on the new Glowforge Laser including puzzles based on the counties of Idaho, and going through the process of designing and cutting a project on the CNC Plasma Table.**
- **We've also begun our Healthy Lifestyles Challenge again, check out our social media and share with us if you participate!**
- **This year may not be typical but we still have many members pursuing their State FFA Degrees by keeping accurate records of their SAE projects, taking exams to demonstrate their knowledge of FFA and Parliamentary Procedure, and submitting a written application to the district and state level. Results from their efforts will be available soon.**
- **The chapter is still seeking feedback from their Virtual Feedback night - videos are linked on our Facebook page - we hope to make improvements based on community feedback.**
- **We genuinely appreciate all of our supporters, from parents that help us prepare for events and cover the cost of our jackets, to community members who support our fundraisers and our events, and our teachers for working with us when we miss class for events.**

# Athlete Highlight

---

## Katie Goeckner - Junior

### Sports Played:

Volleyball, Basketball, Track

### How long have you played?

Volleyball-5, Basketball-10 years, Track- 5 years.

**Best sports Memory:** When we played Timberline last year for our play-in game. We ended up winning. It was really exciting for the whole team. We went into over time and won by two points. It was a super close game. The whole team played really well. It was a game to be proud of.

**Tips for younger athletes?** For the younger athletes I would highly recommend coming to as many practices as you can. Every practice you improve more and more. Practice is what makes you better and you improve. Also, at every game play as hard as you can. Your effort will show.

**Biggest Supporter?** My biggest supporters would be my mom and my dad. My mom comes to almost every game. She helps me with what I need to improve in and has helped me through all my years of basketball. My dad comes to as many games as he can and is always supportive of me.

**Thank you?** I want to thank both of my coaches. They have taught me so many things throughout high school basketball. They always push me to be better. I want to thank my family members that come to my games. I want to thank the community members for coming to our games and cheering us on when our gym was open.

# Husky Pride

We are excited to start Virtual Pep Assemblies in February! Students will be able to play games and participate virtually in the HUSKY PACK!

## In the Classroom:

**Anthropology** classes have been working on forensic science. They will be solving a crime soon.

**Robotic clubs** are working on methods of calculating power, work and mechanical energy.

# Highland Yearbook Sponsor

Please help sponsor the HHS yearbook!

**\$20.00 for a business-card ad!**

**\$10.00 for your family ad!**
