Dear Parent or Guardian,

On behalf of the Superior Courts of Chattahoochee, Harris, Marion, Muscogee, Talbot and Taylor Counties, I wish to welcome you to a new school year and confirm that school attendance is mandatory in the State of Georgia. Regular student attendance is a basic requirement for academic progress, as we all know. Attendance is linked closely to lifelong learning and productivity. It is well established that frequent or chronic absences, late arrivals and truancy place a child at a severe disadvantage, both in school and in endeavors later in life.

With these considerations in mind, you should know that your child's school is legally required to report students with excessive absences or late arrivals to your school's social worker for follow up and possible legal action.

Should such a referral occur, efforts will be made to help the family resolve attendance problems. If such efforts are unsuccessful, it shall be the duty of the school social worker to file proceedings in Juvenile Court or take other legal steps to ensure compliance with Georgia's compulsory attendance laws.

Your child's school realizes that occasional absences or tardiness are necessary or even unavoidable because of illness or family emergencies; however, your student will be responsible for all assignments and homework covered during the absence. If a student needs the teacher's assistance to understand missed material, the teacher will usually be glad to assist the student at a pre-arranged time before or after regular class hours. Generally, it will not be possible for the teacher to stop class or interrupt instruction to accommodate students who are absent or tardy as this would be unfair to other students.

I hope that you and your student have a good academic year and that you will call upon your school with any questions or concerns.

With sincere best wishes,

Bemon G. McBride, III
Chief Judge,
Chattahoochee Judicial Circuit

**Central Elementary/High School
Talbotton, Georgia
Title I Parent Involvement Policy
2021-2022**

Central Elementary/High School shall abide by and support all rules and regulations pertaining to Title I: Improving the Academic Achievement of the Disadvantaged, Public Law 1007-110 and the Parent Involvement Policy of the Talbot County School System as follows:

Central Elementary/High School will convene two annual orientation meetings via the Open House/PTA and the second PTA meeting which will be held at the beginning of the school year (August, September) for all parents. Parents are invited and encouraged to attend. The purpose of these meetings will be to:

- Inform parents about the guidelines, purpose, goals and expectations of the Title I Program
- Inform parents of their rights and the important role in their child's success and to sign the Parent-Student-Teacher Compact
- Inform parents about the Parent Resources Room and materials available
- Inform parents of school, grade level, and individual teacher policies/procedures

Meetings are scheduled at various times of the day, such as mornings, evenings, "Lunch-and Learn" monthly meetings via Family Connection and the school. Our faculty will foster a parent-friendly environment and provide parents with strategies to use at home that support academic achievement via workshop and monthly school newsletter. At least 10 meetings are held throughout the year with childcare, translators if applicable, or home visits, as needed and funded under Title I, local, Early Reading First, Reading First, and community funds (Family Connection).

Central Elementary/High will survey its parents each April to evaluate the effectiveness of our parent involvement program. As part of this evaluation, the Parent Involvement Committee, consisting of parents, community members, Pre-K Resource Coordinator, Early Reading First Parent Involvement Coordinator, Head Start Parent Involvement Coordinator, school administration, and staff shall meet to review and/or revise the School-Parent Involvement Plan, and the school's Parent-Teacher-Student Compact. A printed agenda shall be presented and each committee member will sign an attendance roll. The Title I office will provide technical assistance and/or advisement in the development of the local school parental involvement workshop opportunities. All suggestions for improvement and identified barriers to parent involvement shall be noted.

Our school shall communicate regularly with parents through a variety of media methods, including but not limited to: parents meetings, parent-teacher conferences, parents workshops, parent/family centers, newsletters, information sent home by students, US mail, school website and recommended websites that provide ideas for working with children at home. Translations will be provided to the extent practical (Two Rivers Migrant Program Transact).

The Title I Director, Pre-K Resource coordinator, Head Start Family Coordinator, Early Reading First Parent Involvement Coordinator, Counselor, Graduation Coach, Family Connections Director, 21st Century Community Learning Center Director/Coordinators along with other faculty and support personnel, will involve parents in their children's education by providing them information and materials, in addition to minimum of ten meetings/trainings per school year to address academic and affective areas for students such as local, state, and national academic content standards and student assessments.

The school curriculum will be shared through the Talbot County School's website, student/parent handbook, and the local newspaper. These media areas and other materials communicate the content of the K-12 curriculum in language arts, mathematics, science, social studies, tech/career, fine arts, health, and physical education. Our community believes these media and materials encompass the essential knowledge and skills students need to progress from one grade level to another and be prepared for entry into college, technical training, and/or the workplace.

Assessments used to measure student's progress and proficiency levels expected on behalf of students will be explained at PTA meetings and reviewed during on-going parent/teacher conferences. Also, reviews will be given on early release days set aside for parent/teacher conferences. Information that will be shared will include the following:

- How teachers use classroom performances, portfolios, standardized and teacher-made tests, Georgia Online Assessment, DIBELS, Mock GMAS, EOC/EOG, and professional judgment in determining student progress toward meeting both local and state student performance standards
- The process for identifying effectively students who may be at risk for reading failure or who are having difficulty with math by using screening, diagnostic, and classroom-based instructional assessments. These assessments will identify students' specific areas of strengths and weaknesses in phonemic awareness, decoding fluency, vocabulary, comprehension, computation, and math computation problem-solving.
- An explanation of the Georgia Milestones Assessment System and End-of Course Test/EOG is provided. Parents are made aware of the areas that these tests assess as related to the local and states curriculum. Further, the EOC/EOG and GMAS scores in Mathematics and English/Language Arts are combined and used in the Adequate Yearly Progress determination for our K-12 school.

- In addition, one of the night parent meetings held this year will specifically address to Talbot County Testing policies and how to understand the results.

The ten parent meetings will provide parents the opportunity to share suggestions and to participate in discussion relating to the education of their children. Additional opportunities for parents to be involved at the school shall include volunteering in the school and/or classroom and serving as part of governing teams such as PTA, Parent Involvement Committee, and the local school council. These school-based organizations involving parents, educators, and citizens collaborate to set goals for improving student achievement and evaluate the progress in reaching these goals. In addition, the parents are encouraged to attend grade level and high school programs/meetings regarding their children progress.

The school will handle responses to parent questions, concerns, and suggestion in a timely manner through telephone calls, notes, media, and conferences. Translators will be provided as needed.

All data, comments, and/or suggestions, including unsatisfactory comments, regarding the Title I school plan and parent involvement policy shall be collected and sent to the LEA and considered in the revision of the Policy/Action Plan for Central. In addition, the April parent survey will be conducted to determine needed improvements and the results and all unsatisfactory comments will be attached to the school plan and submitted to the LEA. The school will provide timely responses to suggestions.

The teacher-student-parent compact will be jointly developed with parents for all children. The compact is used to guide discussions about academic goals between the teachers, students, and parents and how they, along with the entire school staff, will share the responsibility for improving student academic achievement. The compact is the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. The compact will be distributed to all parents at registration, and sent home with student at Open House/PTA. Translations in other languages will be available as needed and to the extent practical (Two Rivers Migrant, Transact).

The school will provide assistance in understanding the National Education Goals, Georgia Content Standards, and Student Performance standards on state and local assessment. The assessments are used to measure student progress and proficiency levels the students are expected to meet. In addition, the school will use scientific research-based and proven strategies to accelerate student achievement. These strategies will be implemented school-wide to ensure student success. Our school is committed to reach high standards for student achievement and to give every child a quality education. Our school staff will strive to improve needs, setting short-term attainable goals, and providing immediate feedback with appropriate interventions or extensions to achieve the standards. Student progress will be monitored and shared with parent partners through parent conferences, regular progress reports, and phone calls.

Parents will be encouraged to become vital partners in their children's education. The compact will include ways in which each parent will be responsible for supporting their child's learning such as monitoring attendance, homework completion, and time spent watching television; volunteering in their child's classroom and school; participating in decisions relating to the education of their children, and to using extracurricular time in a positive manner. It will address the importance of communication between teachers and parents on an on-going basis through parent-teacher-student conferences, response to frequent progress reports, and reasonable participation in school activities. Compacts are sent home at the beginning of the school year and from that point forward will be given to parents when they register their children. Follow-up will be given during conference times.

Through parent meetings/workshops, the school will provide information to parents to further their understanding of local and state's academic content standards and student academic achievement standards, state and local academic assessments, and how parents can monitor their children progress and work with the school to improve the achievement of their children. Opportunities for parents to share questions/concerns will be provided at the parent meetings/workshops and on an individual basis through their child's teacher and school administrators. Parents will be encouraged to monitor their child's progress and work in partnership with our staff to improve the achievement of their children through volunteering in the classrooms, contacting the school with questions or comments, attending meetings, and workshops, and working with their child at home.

Parents receive a copy of their child's assessment results whenever a national, state, or district level assessment is given. An explanation guide is also provided so that parents can understand the meaning of the results. Every effort is made to provide parents with conference time (early release days/parent conference days, teachers' planning periods or after-school conferences) in which to share results and answer questions. Students with specific needs are involved in the Student Support Team. At this meeting, parents, administrator, and teachers meet to develop a plan that supports the student's academic achievement.

School personnel will provide opportunities and materials for parents to become full partners in the educational programs of their children to improve their academic achievement. Training opportunities will be offered by coaches, classroom teachers, ESOL teachers, if applicable, counselors, media specialists, technology specialist, and PTA for parents to learn about the importance of student attendance, homework assistance, school communication, content support, child development, literacy, and technology. Our school also has a Parent Resource room with materials to help their children be successful. Additional materials can be checked out via the media center. The PTA and the school will work jointly to reach all parents and to encourage building ties between home and school.

Our school will coordinate and integrate parent involvement programs and activities with programs such as Special education, ESOL, if applicable, Head Start, Even start and Pre-K. Open communication between our staff and parents related to school and parent

programs, meetings, and other activities will be addressed through parent-teacher conferences, parent/student handbooks, weekly folders, newsletter, notices, Title I literature, progress reports, phone calls, school website, and e-mails. This communication will be provided in a language that parents can understand, to the extent applicable.

Our school staff will provide reasonable support for parental involvement activities, as parents may request, such as child care, transportation, translators, and use of the School Reach to the extent applicable.

Central Elementary/High School shall ensure that information related to school reports, parent programs, meeting, and other activities is sent home to encourage the participation of all parents including parents with limited English proficiency, parents with disabilities, homeless families, parents of migrant children in a format and to the extent applicable, in a language such that parents can understand. Home visits will be made if necessary.

Our parents and community join our school staff in developing and assessing school improvement strategies. Parents are encouraged to participate in decision making. We work collaboratively as a team to address issues, make plans, and implement those plans. Compacts will be revisited throughout the year, at the fall and spring parent conferences, and frequent reports will be sent home concerning student program. In addition, our faculty will communicate the students' progress through e-mail, notes, phone calls, and written progress reports. The faculty/staff embrace these ideals and will provide access to classroom activities and encourage frequent communication. Parents are also encouraged to participate in our School Council and PTA in addition to special events and committee activities.

Talbot County School District
Test Security Policy/Plan
Revised July 21, 2021

The Talbot County School System believes that test security is priority task related to the administration of all standardized tests and any violation of test security will be addressed administrative in a timely manner.

Both formal and informal assessments and testing measures are used in the Talbot County School System to provide diagnostic information, determine grade or program placement, to validate credits, to assess individual student performance, to provide information for counseling students, to assess student group and sub-group performance, and to provide information for curriculum planning and decision-making.

Testing Programs in Talbot County School System consist of the following:

- GAA (Georgia Alternative Assessment)
- GKIDS (Georgia Kindergarten Inventory Developing Skills)
- EOC (End-of-Course Tests)/EOG
- GMAS (Georgia Milestones Assessment System)
- EOG (End-of-Grade Tests)
- NAEP (National Assessment of Educational Progress)

All state-mandated tests are secure tests. Test Examiners are directly responsible for the security of the test. While test materials are in their possession, they must be kept in locked storage when not in use. Only authorized individuals should have access. At the conclusion of each day's testing, Test Examiners are responsible for returning all used and unused testing materials to the School Test Coordinator. Test materials may not remain in the classroom overnight.

All instances of test security breaches and testing irregularities must be report to the School Test Coordinator immediately. The incident is then investigated and reported to the superintendent. If questions arise, or if any situations occur that could cause any part of the test administration to be compromised, the System Test Coordinator should contact Assessment and Accountability as soon as possible.

State Student Assessment Violations are included in the attached checklist from the Georgia Professional Standards Commission.

Possible consequences for violation include the attached disciplinary actions from the Georgia Professional Standards Commission.

Talbot County Testing Procedures

Training

Testing coordinators are chosen and trained at the beginning of the school year. Orientation procedures follow the student assessment handbook as found on the GaDOE portal. Topics include test security, proctoring, return of test materials, testing irregularities, the role of the principal, the on-site testing coordinator, and teachers. In addition, the code of ethics is discussed, coding students, seating arrangement, test implementation plan, and who to report to, and accountability.

Monitoring

Each site testing coordinator must submit a test implementation plan no later than two days prior to testing. The plan must include what personnel will monitor the test environment. The procedure requires no more than one to thirty ratio. Proctors are strategically placed to observe student test behaviors. If the need arises for a student to go to the restroom, for example, testing materials are collected from the student and the student is escorted to the restroom by a proctor. Guidelines for test makeup followed according to the test examiners manual. Testing irregularities, when reported, are uploaded on the GaDoe portal. The system testing coordinator monitors each testing site for compliance.

The system tech coordinator works with the testing coordinator and administrators to ensure that all students have technology ready for on-line testing. Additionally, the tech coordinator verifies that the district network security including firewall and content filters are configured to work with the testing vendors to allow for test content and students responses to pass through the district network; completes all post testing tasks as stated in manuals, handbooks and guides.

Violations

All violations of procedures and ethics violation will be reported immediately to the testing director. The testing director will immediately notify the principal and superintendent. If necessary.

TITLE 20. EDUCATION

CHAPTER 2. ELEMENTARY AND SECONDARY EDUCATION

ARTICLE 16. STUDENTS

PART 3. HEALTH

O.C.G.A. § 20-2-771. Immunization of students

(a) As used in this Code section, the term:

- (1) "Certificate of immunization" means certification by a physician licensed under the laws of this state or by an appropriate official of a local board of health, on a form provided by the Department of Public Health, that a named person has been immunized in accordance with the applicable rules and regulations of the Department of Public Health.
- (2) "Facility" means any public or private day-care center or nursery intended for the care, supervision, or instruction of children.
- (3) "Responsible official" means a county school superintendent, a school principal, or a chief operating officer of a school or facility.
- (4) "School" means any public or private educational program or institution instructing children at any level or levels, kindergarten through twelfth grade, or children of ages five through 19 if grade divisions are not used.

(b) No child shall be admitted to or attend any school or facility in this state unless the child shall first have submitted a certificate of immunization to the responsible official of the school or facility. The responsible official of any school or facility may grant a 30 calendar day waiver of the certification requirement for a justified reason. The waiver may be extended from the date of first admittance or of first attendance, whichever is earlier, for up to 90 calendar days provided documentation is on file at the school or facility from the local health department or a physician specifying that an immunization sequence has been started and that this immunization time schedule can be completed within the 90 day waiver period, provided confirmation is received during the waiver period from the health department or physician that immunizations are being received as scheduled, and provided the student under waiver is a transfer student, who is defined as a student who moves from an out-of-state school system to a Georgia school system, or a student entering kindergarten or first grade from out of state. The waiver may not be extended beyond 90 calendar days; and upon expiration of the waiver, the child shall not be admitted to or be permitted to attend the school or facility unless the child submits a certificate of immunization.

(c) The Department of Public Health shall promulgate rules and regulations specifying those diseases against which immunization is required and the standards for such immunizations. The school or facility shall maintain on file the certificates of immunization for all children attending the school or facility. All facilities shall file a report annually with the Department of Public Health. The report shall be filed on forms prepared by the Department of Public Health and shall state the number of children attending the school or facility, the number of children who did not submit certificates of immunization within the waiver period, and the number of children who are exempted from the certification requirement for medical or religious reasons.

(d) If, after examination by the local board of health or any physician licensed under the laws of this state or of any other state having comparable laws governing the licensure of physicians, any child to whom this Code section applies is found to have any physical disability which may make vaccination undesirable, a certificate to that effect issued by the local board of health or such physician licensed under the laws of this

or such other state may be accepted in lieu of a certificate of immunization and shall exempt the child from the requirement of obtaining a certificate of immunization until the disability is relieved.

(e) This Code section shall not apply to a child whose parent or legal guardian objects to immunization of the child on the grounds that the immunization conflicts with the religious beliefs of the parent or guardian; however, the immunization may be required in cases when such disease is in epidemic stages. For a child to be exempt from immunization on religious grounds, the parent or guardian must first furnish the responsible official of the school or facility an affidavit in which the parent or guardian swears or affirms that the immunization required conflicts with the religious beliefs of the parent or guardian.

(f) During an epidemic or a threatened epidemic of any disease preventable by an immunization required by the Department of Public Health, children who have not been immunized may be excluded from the school or facility until (1) they are immunized against the disease, unless they present valid evidence of prior disease, or (2) the epidemic or threat no longer constitutes a significant public health danger.

(g) The requirement of a certificate of immunization shall become effective for all children entering or attending facilities on or after April 7, 1981. The certification requirement shall apply to all children entering or attending schools:

(1) On September 1, 1981, for all such children entering or attending kindergarten or the first, ninth, tenth, eleventh, or twelfth grades, or of the equivalent ages if grade divisions are not used;

(2) On September 1, 1982, for all such children entering or attending all grades, or of all ages if grade divisions are not used.

(h) Any responsible official permitting any child to remain in a school or facility in violation of this Code section, and any parent or guardian who intentionally does not comply with this Code section, shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than \$100.00 or by imprisonment for not more than 12 months. The Department of Public Health may adopt rules and regulations for the enforcement of this Code section. The Department of Public Health and the local board of health, or either of them, may institute a civil action in the superior court of the county in which the defendant resides for injunctive relief to prevent a threatened or continuing violation of any provision of this Code section.

TITLE 31. HEALTH

CHAPTER 12. CONTROL OF HAZARDOUS CONDITIONS, PREVENTABLE DISEASES, AND METABOLIC DISORDERS

O.C.G.A. § 31-12-3 (2007) 31-12-3. Power to require immunization and other preventive measures

(a) The department and all county boards of health are empowered to require, by appropriate rules and regulations, persons located within their respective jurisdictions to submit to vaccination against contagious or infectious disease where the particular disease may occur, whether or not the disease may be an active threat. The department may, in addition, require such other measures to prevent the conveyance of infectious matter from infected persons to other persons as may be necessary and appropriate. The department shall promulgate appropriate rules and regulations for the implementation of the provisions for the Code section in the case of a declaration of a public health emergency and shall include provisions permitting consideration of the opinion of a person's personal physician as to whether the vaccination is medically appropriate or advisable for such person. Such rules and regulations shall be adopted pursuant to Chapter 13 of Title 50, the "Georgia Administrative Procedure Act," but shall be automatically referred by the Office of Legislative Counsel to the House of Representatives and Senate Committees on the Judiciary.

(b) In the absence of an epidemic or immediate threat thereof, this Code section shall not apply to any person who objects in writing thereto on grounds that such immunization conflicts with his religious beliefs.

O.C.G.A. § 31-12-3.2. Meningococcal disease; vaccinations; disclosures

(a) Every public and nonpublic postsecondary educational institution shall provide to each newly admitted freshman or matriculated student residing in campus housing as defined by the postsecondary educational institution or to the student's parent or guardian if the student is a minor, the following information:

(1) Meningococcal disease is a serious disease that can lead to death within only a few hours of onset; one in ten cases is fatal; and one in seven survivors of the disease is left with a severe disability, such as the loss of a limb, developmental disability, paralysis, deafness, or seizures;

(2) Meningococcal disease is contagious but a largely preventable infection of the spinal cord fluid and the fluid that surrounds the brain;

(3) Scientific evidence suggests that college students living in dormitory facilities are at a moderately increased risk of contracting meningococcal disease; and

(4) Immunization against meningococcal disease will decrease the risk of the disease.

(b) Students who are 18 years of age or older shall be required to sign a document provided by the postsecondary educational institution stating that he or she has received a vaccination against meningococcal disease or reviewed the information provided as required by subsection (a) of this Code section. If a student is a minor, only a parent or guardian may sign such document.

(c) Nothing in this Code section shall be construed to require any postsecondary educational institution to provide or pay for vaccinations of students against meningococcal disease.

(d) Any postsecondary educational institution that has made a reasonable effort to comply with this Code section shall not be liable for damages or injuries sustained by a student by reason of such student's contracting meningococcal disease.

**BOARD OF REGENTS OF THE UNIVERSITY SYSTEM OF GEORGIA
POLICY MANUAL OF THE BOARD OF REGENTS
POLICY MANUAL: SECTION 40: STUDENT AFFAIRS
4.8 IMMUNIZATIONS**

4.8.1 IMMUNIZATION AGAINST DISEASE DURING AN OUTBREAK/EPIDEMIC

During an epidemic or a threatened epidemic of any disease preventable by immunization on a campus of the University System, and when an emergency has been declared by appropriate health authorities of this state, the president of that institution is authorized, in conjunction with the Chancellor and appropriate health authorities, to promulgate rules and regulations specifying those diseases against which immunizations may be required.

Any individual who cannot show proof of immunity or adequate immunization and refuses to be immunized shall be excluded from any institution or facility of the University System until such time as he/she presents valid evidence that he/she is immunized against the disease or the epidemic or threat no longer constitutes a significant public health danger (BR Minutes, 1989-90, p. 406).

4.8.2 IMMUNIZATION REQUIREMENTS FOR STUDENTS

(a) Each institution of the University System of Georgia shall implement immunization requirements for all new students (first-year, transfers, and others) as directed by policy consistent with recommendations provided by the Advisory Committee on Immunization Practices, developed collaboratively by the Board of Regents of the University System of Georgia and the Division of Public Health of the Georgia Department of Human Resources. Such policies shall be on file in each institution's office of student affairs.

(b) Each institution shall make available information to every new student regarding required and recommended immunizations using information developed by the Division of Public Health in concert with the Office of Student Services of the Board of Regents of the University System of Georgia.

(c) Specific colleges or departments, with concurrence of the president and the Chancellor, may require some immunizations not required for all new students by this policy. Institutions are also authorized to impose additional immunization requirements for students when, in the opinion of the president of the institution and with concurrence of the Chancellor and appropriate public health authorities, there is a substantial risk of exposure to other communicable diseases preventable by vaccination (BR Minutes, 1990-91, p.114).

(d) Pursuant to legislation enacted in 2003, all students residing in campus housing are required to sign a document stating that they have received a vaccination against meningococcal disease or reviewed the information provided by the institution (BR Minutes, October 2003).

NOTE: According to the Georgia Immunization Program Manual, Division of Public Health:

"Private colleges in Georgia develop and implement immunization policy for their campuses. In order to obtain a private college's immunization policy you will need to contact the individual institution. In addition, there is no standardized state immunization form for colleges: the specific institution should be contacted to obtain their version of this record."

(a) Every public and nonpublic postsecondary educational institution shall provide to each newly admitted freshman or matriculated student residing in campus housing as defined by the postsecondary educational institution or to the student's parent or guardian if the student is a minor, the following information:

(1) Meningococcal disease is a serious disease that can lead to death within only a few hours of onset; one in ten cases is fatal; and one in seven survivors of the disease is left with a severe disability, such as the loss of a limb, mental retardation, paralysis, deafness, or seizures;

(2) Meningococcal disease is contagious but a largely preventable infection of the spinal cord fluid and the fluid that surrounds the brain;

(3) Scientific evidence suggests that college students living in dormitory facilities are at a moderately increased risk of contracting meningococcal disease; and

(4) Immunization against meningococcal disease will decrease the risk of the disease.

(b) Students who are 18 years of age or older shall be required to sign a document provided by the postsecondary educational institution stating that he or she has received a vaccination against meningococcal disease or reviewed the information provided as required by subsection (a) of this Code section. If a student is a minor, only a parent or guardian may sign such document.

(c) Nothing in this Code section shall be construed to require any postsecondary educational institution to provide or pay for vaccinations of students against meningococcal disease.

(d) Any postsecondary educational institution that has made a reasonable effort to comply with this Code section shall not be liable for damages or injuries sustained by a student by reason of such student's contracting meningococcal disease.

Special Dietary Needs

Students with special dietary needs, due to food allergies or illnesses, are required to have a written statement from a physician stating the dietary requirements. These dietary guidelines will be forwarded to the school nutrition staff.

Administering Medicine to Students

- © Prescription medicines will be given to students by the school nurse only when prescribed and/or ordered by a physician and these guidelines are followed: School personnel must be informed by a written note from the parent directing that medication be given to students at school. Specific information regarding medicine, dosage, and time to be given must be clearly stated.
- © Medication forms are to be completed by the physician and parent in cases of long-term medication (more than two weeks).
- © All medication must be presented to the school office in a prescription labeled bottle, which will include student's name, date, instruction for administering, name of drug, and issuing physician.
- © In accordance with HB 1031, a defibrillator (AED) is available in the nurse's office at Central Elementary-High School and at the Alternative School campus.

Non-prescription medicine will be given only for a short term duration (less than two weeks) and only when in the original container and accompanied by written parental request and instructions for administering.

Accidents and/or Illnesses

All students' accidents/illnesses should be reported to the nearest teacher who will then notify the office/nurse and file the appropriate report.

If a child is injured or becomes ill at school, the school nurse will give first aid. Parents then will be contacted in those cases, which are serious enough to warrant communication. If the school is unable to reach the parent, the emergency telephone numbers provided by the parents will be called in an effort to find someone to come for the child. Parents/guardians are strongly urged to assist the school by leaving current emergency telephone numbers to be used in the event that you are not available. However, if a parent or guardian cannot be contacted, the school will act in the manner considered to be in the best interest of the student. In severe cases, an ambulance may be called from the local EMS.

Student(s) must have a signed consent form from parent(s) or guardian(s) to be treated in the nurse(s) office. These forms can be obtained from the nurse(s) office.

The school is not responsible for payment or partial payment in cases where students are injured at school.

Your assistance in providing complete information on the enrollment card and keeping it current is urgently needed.

Sixty Second of Quiet Reflection

Opportunity for students to participate in a period of quiet reflection for not more than sixty (60) seconds is provided.

Pledge of Allegiance

Opportunity for students to participate in the Pledge of Allegiance is provided.

Character Education

Character Education is required for every student. Character education course content will be integrated into the regular curriculum.

Wise Skills and Life Lessons curriculums are a unique comprehensive school program that can incorporate a variety of character building activities including character education, career awareness, community service, conflict resolution, peer mediation, and parental involvement.

These programs are used in the following grades:

K – 2nd:	<i>Wise Words</i>
3rd – 5th:	<i>Wise Quotes</i>
6th – 8th:	<i>Wise Lives</i>
9th– 12th:	<i>Life Lessons</i>

Assembly Program Courtesy

Central Elementary – High School students must behave courteously at school assemblies. Students should give full attention to the performers on stage and show appreciation only through clapping hands. (Applause should be kept to a minimum and used only at appropriate intervals). Whistling, shouting, foot stomping, booing and other acts of discourtesy show lack of maturity, respect, and consideration and are not appropriate. They also reflect upon the good name and reputation of the entire student body. Visitors often form a lasting impression of our school and community by our behavior at assemblies.

Corridor Courtesy

An atmosphere of calmness is essential to the learning environment. Quiet voices, gentle handling of lockers, books, and desks are essential to a quiet atmosphere. While in the halls walk to the right, do not block traffic by standing in groups, do not discard trash on corridor floors, and remove paper found on floors. Sitting is not permitted in the hallways. (No student will be told or allowed to sit in the hallway unsupervised at any time.) Early arriving students will report to the cafeteria area.

Book bags

Students (grades. 6th – 12th) are not allowed to carry book bags to class or during instructional periods. Book bags must be placed in assigned lockers during the school

day. Students will be given an opportunity to visit the lockers during the day. However, students will be allowed to take book bags from the lockers when leaving school early, or when leaving school to participate in a school sponsored activity. For safety reasons, toward the end of the school year, students will be asked to leave all book bags at home.

Lock/Lockers

Each student has the opportunity to rent an assigned lock and locker at the beginning of each school year. Students will not share lockers. You are to use only your assigned locker and students in violation of this policy will forfeit use of locker privileges for the remainder of the school year.

Locker/Lock fee is \$5.00. The use of a locker/lock is with the understanding by the student and his/her parents that the school reserves the right to inspect lockers at any time without prior notice. It should be kept clean and locked. Locker inspection will be held periodically. Each student will be responsible for restitution for any damage to that locker and any lost locks. Students who lose locks are responsible for replacement and will not be allowed to carry book bags should locks become lost or stolen. Visitation to lockers shall not take place during class period without the principal's approval or written permission from teacher in emergency situations only.

Clubs and Organizations

All clubs and organizations at Central Elementary-High School will function on a self-sustaining basis. If funds are required to carry out activities, these funds must be provided by the sponsoring organization. No general activity funds will be used to subsidize activities of individual clubs and organizations. **All fund-raising activities must be approved by the local board of education.** Clubs and organizations will function in the name of Central Elementary/High School only if copies of the organization's bylaws have been reviewed and approved by the principal. All funds will be kept in the proper accounts. One secretary will be responsible for all accounts.

Senate Bill 413:

Clubs-school sponsored clubs (excluding competitive interscholastic activities or events) are those under the sponsorship, direction and control of the school that organize and meet for common goals, objectives, and purposes. State law requires that parents have the right to withhold permission for their students to participate in any school sponsored club or organization designated by them. The following school sponsored clubs will be in operation during this school year. You, as the parent/guardian, have the right to withhold in writing your permission for your student's participation in any club or organization. For your convenience, a form is included in this handbook if you do not wish for your student to participate in the club you have designated on the form. If a club is added during the school year, you will be provided information on the club and your written permission will be required prior to your student's participation.

The principal should strongly consider rotation of club sponsors when possible.

Campus Maintenance

Students are to assist in maintaining our school. All paper and trash should be placed in the proper receptacles.

Flowers, Gifts, and Balloon Deliveries

The school will not accept delivery of flowers, gifts, and/or balloons to students at any time during the school day. Parents and students should instruct businesses to deliver these items to the recipient's home.

Identification Program

All students will be issued an ID card. Student must wear ID during the school day at all times.

Each student must present his/her ID card in the media center when checking out materials and to the cashier at each meal service.

The first card will be given to each student free of charge. The replacement fee of \$5.00 for a lost or stolen card is the responsibility of the student.

Leaving School Early/Check-Out

Students are not permitted to leave the school grounds at any time during the school day without a permit from the office. Students will present written request to the office and parent must be contacted before the student is allowed to leave (please include a telephone number where you can be reached). Reason(s) for checking out should be legitimate, the same as for excused absences. Any other reason will either not be honored or treated as an unexcused absence(s). Signing out when leaving campus is mandatory. Any student leaving campus without permission will be penalized accordingly. To be counted present, student(s) must report to school before 10:30am and must remain at school until 12:00 noon. Leaving school before 12:00 noon will count as an absence.

Cafeteria Policies

Breakfast and lunch will be served and eaten (only) in the cafeteria. All students must present their identification cards when exiting the serving area.

***All students must report to the cafeteria to eat their lunches. A student may bring his/her lunch from home. Students are not allowed to leave school to purchase lunch or to receive outside food during the school day.**

***Each student may purchase additional food items along with their meal. Prices are posted in the kitchen.**

***Eating/drinking in the corridors and/or classrooms will not be tolerated. Loud talking, noise making, and debris (trash) on the tables will not be tolerated. All students (K-12) are required to sit with their assigned class at lunch and be supervised at all times.**

NOTE: Each menu is prepared in accordance with USDA guidelines

Media Center

The media center provides a service which functions to satisfy the interests and need of each student. ID cards must be presented to check out books, materials, and to access the Internet. An Internet User Policy form must be signed and on file stating that you will use the Internet for educational purposes only.

The media center is accessible to individual students and groups throughout each day of the school year. The media center opens at 7:30 a.m. and closes at 3:30 p.m. The media center may be open beyond 3:30 p.m. on selected days (depending upon funding). The days and hours will be announced. During homeroom and class time, students must have a pass from supervising teacher.

A School Store is also housed in the Media Center. It provides such supplies as paper, pencils, pens, disc, etc. for a fee.

Parking Procedures

Students have the privilege of driving vehicles to school. Each vehicle must be registered and a parking permit placed on the front window, upper left-hand corner. The owner and any occupant (s) of a vehicle are responsible for all regulations being followed by of his/her vehicle. The following rules apply:

- © Cars must be operated in accordance with state and local laws, common rules of courtesy, and consideration of others. All students must be: (1) licensed, (2) covered by insurance and (3) parked no later than 7:55 a.m.
- © A copy of driver's license and insurance must be on file in the main office.
- © Parking is limited to designated student parking areas.
- © Vehicles must be parked immediately upon entering the campus and all occupants must vacate the vehicle promptly. All students must leave the parking area(s) immediately and enter the building.
- © There is to be no loitering or visiting in the parking areas without permission from the principal. Students are not to return to any vehicle during the day without the written permission of the principal.
- © The school is not responsible for the vehicle or its contents.
- © Students must obtain a parking permit from the main office.
- © Students must have a valid driver's license to obtain a parking permit.

- © **Middle school students are not allowed to drive to school.**
- © When parking privileges are suspended, cars of those suspended will be towed if they are on campus.
- © If decal is lost, student(s) must immediately buy a replacement.

Parties

Students in grades K – 5th are allowed two (2) parties per year. Birthday parties are not allowed during the school day. Grades 6th – 12th are prohibited from having parties.

Restroom Policy

Students must adhere to the following rules when going to the restroom. Constant or extreme use will require a note from a physician.

- ♦ Have a pass;
- ♦ Use the restroom properly (the one nearest your classroom);
- ♦ Do not play, climb, smoke, or write on the walls; and
- ♦ Return immediately to your classroom.

School Closing Procedures

The school administration reserves the right to initiate special procedures during the school year and during the final days of the school to ensure a safe environment conducive to learning. Administrative discretion may take precedence over policy during this period.

School Insurance

Students participating in any extra curricula activities (e.g. band, softball, football, basketball, track or cheerleading) must provide signed evidence that they are covered by adequate insurance. Athletes are highly encouraged to secure the appropriate insurance, or they will not be permitted to participate in any extra curricula activities. **Central Elementary/High School is not responsible for payments to doctors and/or hospitals for treatment of a student.**

School Pictures

School pictures will be taken throughout the school year. All picture packages are pre-paid and students will not be allowed to take pictures without payment. Independent private vendors take pictures at our school. All picture concerns must be addressed to them directly.

HB 1190 – Section 10

Code Section 20-2-690.1 Mandatory Education for Children

Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who shall violate this Code section shall be guilty of misdemeanor and, upon conviction thereof, shall be subject to a fine not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day's absence from school in violation of this part after the child's school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense. After two reasonable attempts to notify the parent,

guardian, or other person who has control or charge of a child of five unexcused days of absence without response, the school system shall send a notice to such parent, guardian, or other person by certified mail, return receipt requested. Public schools shall provide to the parent, guardian, or other person having control or charge of each child enrolled in public school a written summary of possible consequences and penalties for failing to comply with compulsory attendance under this Code section for children and their parents, guardians, other persons having control or charge of children. The parent, guardian, or other person who has control or charge of a child or children shall sign a statement indicating receipt of such written statement of possible consequences and penalties; children who are age ten years or older by September 1 shall sign a statement indicating receipt of such written statement of possible consequences and penalties. After two reasonable attempts by the school to secure such signature or signatures, the school shall be considered to be in compliance with this subsection if it sends a copy of the statement, via certified mail, return receipt requested, to such parent, guardian, other person who has control or charge of a child, or children. Public school shall retain signed copies of statements through the end of the school year.”

Student Attendance Policies

The State Compulsory School Attendance Law requires any child from six through sixteen years of age, who is mentally and physically able to attend school on a regular basis, so long as that student abides by the rules and regulations of the local board of education.

The importance of regular attendance on the part of each student can scarcely be overstated. While bona fide illness and family emergencies must be taken into account, satisfactory progress cannot be expected of students who do not attend school regularly.

Attendance Rules and Procedures, and Forfeiture of Credits

- 1 Absence from school will be excused for (1) illness, (2) emergency family matter, (3) death in the family, (4) dental and medical appointment, when appointment at other time is not possible, (5) court appearance, (6) an absence that requires an extended amount of time, such as travel out of the city or religious observance, when an arrangement has been made in advance by completing the prearranged absence form, (7) one-half day for school permit, and (8) absence for any reason not stated above if accompanied by a note from a parent or guardian.
- 2 All excused absences must be verified by a telephone call or a note from the parent(s) or physician. For prearranged absences, teachers of classes from which the student will be absent must be contacted for appropriate assignments within a reasonable time prior to the absence and the teachers' signatures obtained on the prearranged absence

form that is obtained from the office. The form is then returned to the office. All absences, which can reasonably be foreseen, are to be approved by the use of the prearranged absence form.

- 3 Absences from school for any reason other than the above mentioned will not be excused by the school unless it is cleared in advance by the school. If there is any doubt about the absence being excused, call the school office.
- 4 **Excessive absence and/or tardy, excused or unexcused, and forfeiture of credit:**
 - ◇ **Warning:** Any student, who for any reason, is absent for three consecutive days and/or tardy four times consecutively from a semester course will be referred by the teacher to the school office. The school office will notify the parent/guardian by telephone confirming with a letter in the mail for signature. However, when the student has received five (5) absences (an accumulation of absences and tardiness) a certified letter will be mailed and the school office within five working days may make a telephone call contact to parent/guardian. The school office will keep documentation of all parental contact in the student's folder.
 - ◇ Forfeiture of credit: A student who, for any reason, is absent ten times from a semester course will forfeit credit for the course unless there are chronic health conditions of special considerations involved, which must be verified by the administration. A physician's statement will determine the validity of each absence for illness over the maximum allowed. If the building principal determines that there are definitely ten (10) absences, excused or unexcused, as shown by the school records, and that on review none were due to extenuating circumstances, that credit should be taken away, on the date of the decision, prepare a written charge and a summary of the evidence supporting the charge and shall file it with the superintendent. The superintendent shall then follow the procedures in board policies.
5. Military Rule (see page 78).

General:

- ◇ Students who become ill at school must check-out through the nurse. Students leaving school for any other acceptable reason must be cleared in advance by a telephone call or note from the parents and check out at the office.
- ◇ Any absence not specifically excused by the school will be considered one of the unexcused absences listed above. Students participating in regularly sanctioned school activities under the supervision of a school staff member shall not be considered absent from school on their permanent records.
- ◇ **Tardiness:** Students should make every effort not to be tardy to school or class. Tardiness interrupts class work of fellow students and robs teachers of available and valuable instructional time. Late students (bus or otherwise): must check in at the school office for an admittance slip and then report to your classroom teacher. If you do not follow this plan, you will be considered skipping class. Students who are tardy for more than fifteen minutes of a class will be counted absent for that class.

- ◇ The secretary will issue an admit slip after receiving a written excuse for being absent. Excuses will be filed in the student's folder in the office. The admit slip will be presented to each teacher for their signature. The last teacher signing the slip will submit it to the principal.

Student Attendance Protocol Committee

Representatives from the following agencies comprise the Talbot County School System Student Protocol Attendance Membership Committee and will participate in establishing policy to govern student attendance protocol:

Official Jurisdiction:

- Chief Judge of the Superior Court

Committee Members:

- Department of Juvenile Justice
- County Commissioner
- Talbot county Sheriff
- Probate Court Judge
- City Police
- Talbot County DFCS Director
- Family Connection Partnership (FCP) Director
- Talbot County Board of Health
- School Board Member
- School Principal.
- School Superintendent

Purpose

As responsible citizens, we recognize the relationship between daily school attendance, school performance, graduation and acceptable workplace habits. We also know that the amount of time actually spent in class is a good indicator of a student's academic success. Each tardy or absence means a student has lost an opportunity to learn.

In order to address truancy and attendance, Georgia State law (HB 1190) now requires that communities and schools work together to address truancy through the recommendations of their local Student Attendance Protocol Committee. The committee has two goals set forth in the law:

- Ensure coordination and cooperation among officials, agencies and programs involved in compulsory attendance issues to reduce the number of unexcused absences from school.

- Increase the percentage of students who take tests required under the state law. This student attendance protocol is written as required by the State of Georgia (HB 1190) in an attempt to improve student attendance through the use of targeted strategies and interventions for reduction of unexcused absences and truancy.

Operational Authority

The Student Attendance Protocol Committee (SAPC) is operational under the authority of the chief superior court judge as defined in O.C.G. A. 20-2-690.2. Following adoption of this written protocol and filing with the Georgia Department of Education, the SAPC will meet quarterly during its first year and twice annually thereafter for the purpose of evaluating compliance, effectiveness and to modify the protocol as deem appropriate.

The Student Attendance Protocol Committee (SAPC) will meet the third Tuesday in September and the third Tuesday in April in conjunction with the Family Connection Partnership at 127 Washington Street.

Tardies and Early Checkouts

Tardy to school – Any student arriving at school following the signal established by the principal and intended to indicate the start of the school day. Any student who is on school property but is not in his or her assigned classroom or other authorized areas following the signal to begin school will be considered tardy to school.

Tardy to class – A student is “tardy to class:” when he/she arrives to class following the signal to begin class, indicate the beginning of instructional time.

Excused tardy – A tardy resulting from events beyond a student’s control, such as an accident, road closed due to emergency, area power outage, late bus, or other excuses determined by the principal of his/her designee as appropriate. Documentation is required to excuse a tardy.

Early Checkout – Leaving school prior to the end of instructional time and/or the end of the school day

- **Excused:** Early checkout(s) for a verified emergency, a serious illness or the death of an immediate family member (father, mother, sister, brother, grandmother, grandfather), school sponsored program, visits to schools of higher learning and/or when serving as a Georgia Page in the General Assembly. Documentation is required to excuse an early dismissal. Records will be kept at each school to document the number of days a student missed due to early checkouts.
- **Unexcused:** Excessive incidents of unexcused early checkouts will result

- in disciplinary action or referral to the SST as the principal deems appropriate.
- Students missing more than fourteen (20) days per year in grades K-8 and seven (7) days per semester in grades 9-12 in a class will lose credit for the course. Reference the Parent-Student Handbook for appeal procedures.

Unexcused Tardies and Early Checkouts

Students accumulating five (5) days of unexcused tardies will receive a referral to the principal of his/her designee. Students establishing a pattern of early checkouts will be referred to the principal or his/her designee for disciplinary or other appropriate action. Students leaving early or arriving late to class may be counted absent from the class or classes missed if they are not present for the entire instructional period.

Consequences and Penalties for Unexcused Tardies and/or Early checkouts

The principal of his/her designee may assign consequences and penalties for unexcused tardies and/or early checkouts.

Truant Student

Definition or terms:

Truant – Any student subject to compulsory attendance who during the school calendar year has more than five (5) days of unexcused absences.

Suspension – School days missed as a result of school suspension shall not count as unexcused days for the purpose of determining student truancy.

The Talbot County Board of Education shall adopt policies and procedures excusing students from school under the following circumstances, as a minimum:

- Personal illness (excessive or extended absences of three (3) days or more will require an excuse from medical doctor.)
- Circumstances where attendance in school endangers a student's health or the health of others.
- Serious illness or deaths in a student's immediate family (father, mother, sister, brother, grandmother or grandfather)

- Observing religious holidays, necessitating absence from school.
- Conditions rendering attendance impossible or hazardous to student health or safety.
- Students serving as pages of the Georgia General Assembly.

Final student course grades shall not be penalized because of absences if the following conditions are met:

- Absences are justified and validated for excusable reasons.
- Make-up work for excused absences was completed satisfactorily. Make-up work will be provided for excused absences only.

Students who do not provide a validated excuse for absences will not be allowed to make a grade higher than 70 on any assignment missed. It will be the student's responsibility to consult with teacher on all assignment missed.

Absence Reduction Plan

The Talbot County Board of Education will adopt the following policies and/or procedures to reduce the unexcused absences:

Parental Notification/Statement of Receipt

- The school system will provide the parent(s), guardian(s), or other person(s) having control or charge of each student enrolled in public school with a written summary of possible consequences and penalties for failing to comply with compulsory attendance.
- By September 1 of each school year or within thirty (30) days of student's enrollment in the school system, the parent(s), guardian(s), or other person(s) having control or charge of such student must sign a statement indicating receipt of such written statement of possible consequences and penalties. O.C.G.A. 32-2104.
- Students age 10 or older by September 1 must sign a statement of possible consequences for non-compliance with local school compulsory attendance policy and protocol.

Consequences and Penalties for Violation of Compulsory Attendance

The principal or his/her designee will assign consequences and penalties for unexcused absences and/or early checkouts whenever it is deemed appropriate. Consequences and penalties may include, but are not limited to the following:

- Upon the occurrence of the third unexcused absence in the school calendar year in grades K-8 and per semester in grades 9-12, contact with the student's parent(s), guardian(s), or other person(s) who has control or charge of the student will be made and documented by the principal or his/her designee.

- With the occurrence of five (5) accumulated absences, written notifications of the penalties as consequences of such absences will be made.
- After five unexcused absences in the school calendar year in grades K-8 and semester in grades 9-12, each subsequent absence will constitute a separate offense.

Notification

The school will make two (2) reasonable attempts by telephone, conference, letter or other appropriate means to notify the parents(s), guardian(s), or other person(s) who has control or charge of the student notifying them that excessive absences have occurred and of the penalties and consequences for violation of compulsory attendance. A separate notification will be made for every unexcused absence after a student has accumulated five unexcused absences.

If two (2) reasonable attempts to notify the parent(s), guardian(s) or other person(s) who has control or charge of the student have been unsuccessful, the school will send written notice via certified mail with return receipt requested. Such notification will include a reminder of previous notifications made to the parent(s), guardian(s) or other person(s) having control or charge of each student enrolled in public school containing a written summary of possible consequences and penalties for failing to comply with compulsory attendance.

The school system is authorized to withdraw a student subject to compulsory attendance only if the local superintendent or designee has determined the student is no longer a resident of the local school system or is enrolled in a private school or home study program.

Monitoring

The principal will review attendance records at the end of each school year for the purpose of identifying students for attendance monitoring at the start of the next school year. Students referred to SST for violation of compulsory attendance during a school year will be considered as an active referral for continued monitoring at the beginning of the next school year.

Guidance

Central Elementary-High Code of Student Conduct and Discipline Plan

The realizations of each student's potential and providing a safe environment for which this can occur are the primary goals of Central Elementary-High. Discipline is an integral element for attaining these goals. It is our belief that through a structured climate with set limits, a positive learning environment will be created and maintained.

The following rules, regulations, and due process procedures are designed to protect all members of the educational community in the exercise of their rights and duties. These rules are effective during the following times and in the following places:

- © On the school grounds during school hours, immediately before and immediately after school hours.
- © On the school grounds at any other times when the school is being used by a school group.
- © Off the school grounds at a school activity, function, or event.
- © En-route to and from school on a school bus or other school vehicle.

Code of Student Conduct

It is the desire of the Talbot County School System that all students should have every possible opportunity to take advantage of the instructional programs. Whatever distracts from a favorable learning environment lessens that opportunity.

Parent involvement through conference is the most desirable avenue for correcting behavioral problems and will be used when possible. Conferences may stand-alone or may be used in conjunction with other forms of discipline. Other disciplinary actions subject to the discretion of the principal may include any or all of the following: conferences (may include student, teacher, parents, or outside agencies), referral to the counselor, after-school detention, suspension of privileges, suspension at home (1-10 days), or referral to the police.

Notwithstanding the recommended maximum dispositions contained in these rules, a principal acting through and with the concurrence of the superintendent may refer a student to the Tribunal Council or the Board of Education for disciplinary action arising out of the violation of some of these rules. Upon such referral, the Tribunal Council or the Board of Education may take such action, after proper notice and hearing, as it shall deem appropriate in the premises, including suspension, referral to the alternative school and/or expulsion. If a student is referred to a Tribunal Council or the Board of Education, possible loss of academic credit will be determined by a Tribunal Council or the Board of Education.

The rules set forth in this document are directed toward the entire student body. However, certain identified special education students may be subject to separate disciplinary actions based on their IEP plans.

In any and all cases, the principal reserves the discretionary right to impose more appropriate dispositions if the offense or the aforementioned factors warrant such action.

The following rules and dispositions are integrated into a progressive discipline model consisting of four levels. Each level represents progressively more serious misbehavior and consequences. Notification for each offense will be sent home. Repeated or subsequent offenses will warrant phone contact, in school suspension, out-of-school suspension, and detention and/or parent conference.

Students enrolled at Central Elementary-High will be expected to act accordingly:

- © Participate fully in the learning process. Students need to report to class on time, attend all scheduled classes, have all materials necessary for participation in class activities, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.
- © Avoid behavior that impairs their own or other students' educational achievement. Student should know and avoid the behaviors prohibited by this code, take care of their books and other instructional materials, and cooperate with others.
- © Show respect for the knowledge and authority of teachers, administrators, and other school employees. Students must obey reasonable directions without question (i.e. change seats, go to the office, stop talking, etc.), use acceptable and courteous language, and avoid being rude, and follow school rules and procedures.
- © Recognize and respect the rights of other students and adults. All students should show concern for and encouragement of the educational achievements and participation of others. Students should conduct themselves in a manner that would be a credit to their school and family.

Promote personal and school pride. All students should demonstrate a high degree of respect for themselves, their school, and their peers.

Central Elementary Grades Kindergarten – Fifth

This progressive discipline model is divided into four levels. Each level represents progressively more serious misbehavior and consequences. The level of discipline imposed shall be based on the severity of the misbehavior.

The General Assembly of Georgia requires that this code of conduct include language encouraging parents and guardians to inform their children on the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

**** Note: All disciplinary action is subject to review and disposition under the discretionary authority of the school principal.**

K-12 BUS POLICY & PROCEDURE

Bus Conduct (K – 12th)

The Talbot County School System provides bus transportation to all in-county students. Central Elementary-High recognizes this as a privilege that may be limited or revoked by school officials. All students shall conform to bus rules and guidelines.

Standards and Regulations for Pupils Transported on School Buses

A school bus driver represents the school authority and is responsible for the safety of passengers on the bus. The driver has supervision and authority over the passengers and must require passengers to follow certain rules of behavior. Misbehavior on the bus may result in detention, suspension from school, and/or loss of privilege of riding the bus.

Students riding the bus are not allowed to go into the student parking area when arriving at school each day and may not leave campus without permission from a staff member.

In an effort to inform students and parents or guardians of acts that can threaten the safety and welfare, bus rules and regulations have been adopted by the Talbot County Board of Education and are as follows:

- © Pupils, while being transported, are under the authority of the bus driver.
- © Bus drivers must report any pupil who breaks the rules to the school officials. School officials will take appropriate action.
- © Bus drivers should maintain a time schedule. Bus drivers will blow the bus's horn at a suitable distance from the bus stop.
- © While waiting for a bus, pupils must remain at the bus stop and stay off the road.
- © Pupils must be sure that the road is clear before crossing to or from the bus.
- © Pupils must not attempt to board or unload from a school bus unless it has come to a complete stop.
- © Pupils must not extend their hands, arms, heads, or any other parts of their bodies through the bus windows, nor stand in the door area of the bus.
- © If necessary, the bus driver has the authority to assign seats on the bus.
- © Pupils are not to get off the bus on the way to or from school without permission of the bus driver. Drivers will give permission only in case of personal emergency or on written request of the principal or parent.
- © Buses will pick up and discharge pupils only at regular stops.
- © Students are to ride the same bus throughout the school year unless reassigned by the principal or the transportation director.
- © Pupils may converse in a normal tone of voice. Loud, profane, or abusive language, yelling, and screaming will not be tolerated. Avoid unnecessary talking to the bus driver, especially when the bus is in motion.
- © The throwing of any object into or out of the bus will not be tolerated. This will forfeit a pupil's privilege to ride on the bus.
- © Water guns or gun replicas are not permitted on school buses.
- © Pupils must not open or close bus windows, nor shall pupils operate any part of the bus without the express permission of the bus driver.
- © Pupils must cooperate in keeping their bus clean and must not damage the bus in any way. To this end, they shall clean their shoes before entering the bus. Pupils must

not throw paper or other rubbish on the bus floor, nor leave any such debris in the seats.

- © Pupils must not eat, drink or smoke on the bus.
- © Pupils must be courteous to the bus driver, fellow pupils, and passers at all times.
- © Pupils are not allowed to bring dangerous objects onto the bus.
- © Students who ride the bus in the morning must ride the bus home in the afternoon, unless they have written permission to the contrary.
- © To help assure the safety of the students while loading and unloading, students will look to the bus driver for a simple head-nod before attempting to move in the direction of the bus before loading. Likewise, after unloading, the bus driver will look for a similar sign from the student(s) before attempting to leave with the bus.
- © Individual(s) must pay for any intentional damage(s) done to a bus or equipment.
- © Knives, sharp objects, razors, or any object that might endanger another student cannot be brought onto the bus at any time (nothing that can be used as a weapon).
- © It is unlawful for parents, guardians, or adults to use profane or vulgar language (cursing) to the bus driver in the presence of the students. It is also unlawful for parents, guardians, or adults to get on the bus without the driver's permission. Violators will be prosecuted by imprisonment or fined up to \$500.00.
- © Identified student(s) who causes a bus to return to the campus after leaving will automatically be suspended from the bus.

Parents are required to send a note requesting his/her child to ride a bus different from the assigned bus.

The Talbot County Board of Education requires that all students who ride buses receive instruction annually in safe riding practices and emergency evacuation as required by State Board Rule 160-5-3-.13.

BRING YOUR OWN TECHNOLOGY (BYOT)

Protocol for the Use of Personal Technology

As new technologies continue to change the world in which we live, they also provide many new and positive educational benefits for classroom instruction. To encourage this growth, the school system has implemented “Bring Your Own Technology” (BYOT).

Definition of “Technology”

For purposes of BYOT, “Technology” refers to any privately owned wireless and/or portable electronic device that includes, but is not limited to, existing and emerging mobile communication systems and smart technologies, portable Internet devices, Personal Digital Assistants (PDAs), hand held entertainment systems or portable information technology systems that can be used for word processing, wireless Internet access, image capture/recording, sound recording and information transmitting/receiving/storing, etc.

Internet

Only the Internet gateway provided by the school district within the school may be accessed while on campus. Personal Internet connective devices, such as, but not limited to cell phones/cell network adapters with 3G or 4G data plans, are not permitted to be used to access outside Internet sources at any time using those plans.

Security and Damages

Responsibility to keep the device secure rests with the individual owner. Talbot County School System, its staff, and/or employees, are not liable for any device lost, stolen, or damaged on campus. If a device is lost, stolen, or damaged, it will be handled through the administrative office similar to other personal artifacts that are impacted in similar situations. It is recommended that skins (decals) and other custom touches be used to physically identify your device from others. Additionally, protective cases for technology are encouraged.

BYOT Student Agreement

The use of technology to access educational material is not a RIGHT but a PRIVILEGE. A student does not have a RIGHT to use his or her laptop, cell phone, or other electronic device while at school. When abused, PRIVILEGES will be taken away. Students and parents/guardians participating in BYOT must adhere to the Student Code of Conduct, Internet Acceptable Use Policy, and all other Board policies. **Additionally:**

- The technology is allowed for educational purposes only and to enhance the classroom experience. Teachers will decide when it may be used and for what purpose(s). The technology may only be used to access files on the computer or Internet sites that are relevant to the classroom curriculum.
- Students take full responsibility for their personal electronic/digital devices. The school/ district are not responsible for the security of the electronic devices. Additionally, students are responsible for management and trouble-shooting of their personal devices.
- The school/district is not responsible for technical support of or repairs to personal devices.
- The technology may not be used to cheat on assignments or tests or for non-instructional purposes (such as making personal phone calls and personal text/instant messaging).
- The technology may not be used to record, transmit, or post photographic images or video of a person or persons on campus during school hours and/or during school activities.

Students acknowledge that:

- Each teacher will decide if, when, and how BYOT will be used in his/her classroom in accordance with school policies and procedures.
- The school's network filters will be applied to each student's connection to the Internet, and there will be no attempts to by-pass those filters.
- Bringing on premises, attempting to infect, or infecting the network with a virus, Trojan, malware, or program(s) designed to damage, alter, destroy, or provide access to unauthorized data or information is in violation of the student acceptable use policy.
- Processing or accessing information on school property related to "hacking", altering, or bypassing network security policies is in violation of the student acceptable use policy.
- The school district has the right to collect and examine any device that is suspected of causing problems or suspected in an attack or virus infection.
- Access to student drives through the district network while using BYOT is not possible. Files may have to be saved on the C drive of the laptop, a jump drive, an external drive, to the student's Google Apps account, or to another media device.
- Printing and scanning from personal devices will not be possible at school.
- Personal devices must be in silent mode while on school campuses and while riding school buses.
- Personal technology must be charged prior to bringing it to school and must run off its own battery while at school.

A BYOT agreement will be sent home each year for student and parent signatures.

Advanced Placement or AP classes provide high school students with a rigorous set of standards that can help prepare them for college. Students who complete AP courses and pass the placement test will earn college credit for that course.

Advanced Placement classes are more rigorous and demanding than a normal high school course, so students taking advanced placement classes will receive ten points added to their final average. This will allow students taking these courses to continue to qualify for Honors, Valedictorian and Salutatorian.

Course Syllabi

At the beginning of each semester (grades 6 -12), teachers will provide a course syllabus to each student enrolled in class. Since the syllabus contains an outline of the course content, grading procedures, expectations for behavior, and other pertinent information, it is important that students and parents read and discuss all syllabi.

Grading and Reporting System

Grades will be recorded alpha-numerically on students' report cards and records.

CENTRAL OF TALBOTTON HIGH SCHOOL NATIONAL HONOR SOCIETY

The minimum grade point average required for membership in the school's chapter of the National Honor Society is 3.50 (weighted or unweighted). This is the first step in the process for membership in the National Honor Society. Students do not apply for membership in the National Honor Society. They provide information to be used by a selection committee to support their candidacy for membership. The NHS Committee will select students for membership based on a student's demonstrated outstanding performance in all four of the following criteria: scholarship, leadership, service and character. While the academic criteria are important and are used to identify those students eligible for consideration, membership is NOT considered on the basis of grades alone. Selection to the National Honor Society is a privilege, not a right.

The leadership component is extremely important for membership selection. Leadership roles in both school and community activities are considered. This information must be verified through a signature.

The student who exercises leadership:

- Demonstrates initiative in promoting school activities
- Exercises a positive attitude on peers in upholding school ideals
- Exemplifies a positive attitude
- Successfully holds school offices or positions of responsibility
- Is a leader in the classroom, in school activities or a job
- Is consistently reliable and trustworthy

Service is generally considered to be those actions undertaken by the student that are done with or on behalf of others without any direct financial or material compensation. A minimum of twenty (20) service hours is required for membership consideration.

The committee looks for students who:

- Volunteer and provide dependable and well-organized assistance and are willing to sacrifice to offer this assistance
- Work well with others and are willing to take on difficult or monotonous tasks
- Volunteer without complaint
- Mentor in the community or at school

In accordance with the National Council of the National Honor Society, "a candidate will be able to demonstrate an outstanding record of conduct and behavior with regard to school and community rules, or is able to demonstrate sufficient growth and improvement to compensate for previous inadequacies."

A person of character demonstrates these six qualities: respect, responsibility, trustworthiness, fairness, caring and citizenship. In addition, the selection committee looks for students who:

- Demonstrate the highest standards of honesty and reliability
- Cooperate by complying with school regulations; no discipline issues
- Uphold principles of morality and ethics
- Accept constructive criticism and recommendations graciously
- Regularly show courtesy, concern, and respect for others

Central Elementary/High School Graduation/Diploma Waivers

A person who is no longer enrolled in Talbot County School and who previously failed to receive a high school diploma from the Talbot County Board of Education, the State of Georgia and was denied graduation solely based on failing to achieve a passing score on one or more portions of the graduation tests, may petition the Talbot County Board of Education to receive their diploma. If you withdrew from high school prior to graduating and received a diploma from another school, you are not eligible because you already have a high school diploma. The law includes all subjects, forms and versions of the Georgia High School Graduation tests (English Language Arts, Mathematics, Science, and Social Studies), Georgia High School Writing Test, and Basic Skill Tests (Reading, Mathematics, and Writing). Once the petition is received, a determination will be made based on the law whether he or she is eligible to receive their high school diploma, pursuant to O.C.G.A. 20-2-28-281.1, based on the graduation requirements in effect when you first entered ninth grade. If you withdrew from high school prior to graduating and received a diploma from another school, you are not eligible because you already have a high school diploma.

The law covers ALL graduation tests, beginning with the Basic Skills Test, which was administered to students who enrolled for the first time in grade 9 on or after July 1981. This law applies to regular and special education students. There is no deadline by which a petition may be submitted.

A special education student who was previously awarded a special education diploma or a certificate of completion only because he or she has not passed one or more sections of the graduation tests can petition the Talbot County Board of Education for their high school diploma.

If you earned a GED because you were denied graduation based solely on failing to achieve a passing score on one or more portions of the graduation tests, you are also eligible to petition the Talbot County Board of Education for your diploma.

The petition form will soon be available on the Central High School website. If you are mailing the petition include a photocopy of your government ID (driver's license). Be sure to complete all the required information and mail to Talbot County Board of Education, P.O. Box 515, Talbotton, Georgia 31827. Once eligibility to receive your high school diploma is determined, you will be notified. If you have questions about the diploma waiver, please contact Cynthia Epps or Beverly Bishop, Counselor at 706-665-8528.
