Information regarding Advancement in Math and Sciences for ALL students:

High achieving students interested in taking accelerated courses with the opportunity to complete high school level math and science courses while in middle school may select to participate in courses offered at CSRMS. Students may participate in one of the following tracks:

Single Advanced - Students have the potential to earn a minimum of 2 high school credits by the completion of 8th grade.

	Math	Science
6th grade	M/J Grade 6 Mathematics, Accelerated	M/J Comprehensive Science I, Accelerated Honors
7th grade	M/J Grade 7 Mathematics, Accelerated	M/J Comprehensive Science II, Accelerated Honors
8th grade	Algebra 1 Honors (*HS 1.0 credit)	Physical Science Honors (*HS 1.0 Credit)

<u>Double Advanced</u> - Students have the potential to earn a minimum of 3 high school credits by the completion of 8th grade. Completion of M/J Grade 6 Mathematics I, Advanced through Pasco eSchool is required before placement into M/J Grade 7 Mathematics II, Advanced on CSRMS campus. Students must begin this course as soon as possible to ensure completion before July 31st. Notify Ms. Blazys regarding course completion at kblazys@pasco.k12.fl.us as soon as possible to ensure your seat in the next course – due to limited availability.

The CSRMS SOAR Academy

The CSRMS SOAR Team (Secondary Online Academic Readiness) provides a program that expands your education through student-driven instruction, face-to-face instruction, and cutting-edge technology. This blended learning combines Pasco teacher-facilitated eSchool curriculum with face-to-face instruction. Students are allowed to work at their own pace or accelerate their own learning. Students will follow a pacing guide and meet individually with teachers weekly to discuss progress. The ideal candidate is motivated, independent, and ready to learn!

Students will attend their Language Arts, Math, Science, and Social Studies classes in a blended environment by utilizing live instruction along with online lessons. The highly qualified teachers implement one-on-one conferences, small group mini-lessons, interactive projects, and labs in each content area. Students enrolled will have access to a school computer during the day while on campus. Access to online content at home is preferred, but not required. Due to the different paces and organization of classroom vs. online curriculum as well as the significant cost of the online licenses per student that the school incurs, a year-long commitment to the program is required.

Please complete the online application at: https://csrms.pasco.k12.fl.us/csrms-digital-academy/

PE Waiver

We would like to have one on file in case the schedule does not include Physical Education (PE). Students are required to take one semester of PE each year. A completed waiver must be on file or a schedule change from your previously requested electives may occur to include PE.

<u>PE Waiver Statement</u>: Senate Bill 610 requires the equivalent of one class period per day of physical education for one semester of each year for students in grades 6 – 8. The physical education requirement shall be waived for a student who meets one of the following criteria: a) The student is enrolled or required to enroll in a remedial course, b) the parent requests that the student enroll in another course from among those offered as options by the school district, or c) the student is participating in physical activities outside the school day, which are equal to or in excess of the mandated requirement.

After reading the PE Waiver statement, I believe my child meets one of the listed criteria for an exemption and request a course other than PE.
