"Roots in St. Augustine, branches to the world"

Our mission is to cultivate self reliant, productive citizens with aspirations for lifelong success in a diverse, changing, and complex society.

Nigel D. Pillay, Principal

SJTHS Statement of Purpose

The purpose of St. Johns Technical High School is to provide an alternative setting, grades 6-12, that specializes in matching individualized instruction with career opportunities.

Our Mission

The APEX Program will provide a challenging and supportive educational environment for students who have not been successful in traditional classrooms.

Our Goal

To provide students with educational, social, and career experiences that help them become valuable, self-supporting members of our community and the world.

APEX Program Highlights

Academics

- Allows for grade acceleration
- Designed for grades 6, 7 and 8
- Customized learning paths
- Offers rigorous standards based academic classes
- Provides a hands-on interactive technological learning experience

Performance

- Mastery of Florida State Standards through various real-world experiences
- Increase reading, writing, and math skills
- Demonstrate and utilize the Pillars of Character

Excellence

- Possibility for grade acceleration
- May earn grade recovery in the APEX lab
