The following table provides a list of Elementary applications that are available to Pasco County School students via our Single Sign On portal, myPascoConnect.

Elementary Resources		
All Areas		**myLearning** (Canvas) is Pasco County's Learning Management System.
All Areas		**Office 365** provides online versions of the popular Microsoft Office productivity suite, such as Word, Excel, PowerPoint, OneNote, as well as Sway an interactive lesson builder, and easy file sharing and storage with OneDrive.
English Language Arts (ELA)		**Lexia® Core5® Reading** is an adaptive blended learning program that accelerates the development of literacy skills for students of all abilities, helping them make that critical shift from learning to read to reading to learn.
English Language Arts (ELA)		**HMH Into Reading™** is differentiated by design to offer a balanced approach to literacy instruction, support teachers in developing a culture of learning and growth, and help all learners believe in the power of "I can."
Math		**Eureka Math in Sync** is built to be flexible in today's fluid learning environment, allowing you to access all the Eureka Math resources you need, anytime, anywhere. Featuring digestible video lessons and downloadable and fillable PDFs, Eureka Math in Sync makes toggling between home and the classroom seamless.
Math		**Zearn** unites hands-on instruction and immersive digital learning which is aligned to Eureka Math and intended to supplement learning.
Music		**Quaver** provides our students with Music resources online.

Science		**Discovery Education's** Techbook Digital Textbook contains standards-based content to help students learn their science standards and gives them access to contents that are relevant, dynamic, and carefully vetted.
		Discovery Streaming offers engaging curriculum and standards-related videos, images, sounds, music, articles, speeches, and lessons that can be used alone or as resources for larger multimedia projects.
Social Emotional Learning		**EverFI** provides unrivaled cloud-based digital social studies courses to our students.
Social Studies		The DBQ Project builds on students' curiosity and increases motivation and confidence to answer a compelling, authentic question.
