Hello Parents,

When you see something, tell someone, now!

We recognize that creating a safe learning environment is a critical part of helping each child achieve academic success. This year we will introduce the See, Tell, Now! School Safety Tipline, a new system that students can use to report school safety threats. See, Tell, Now! will give your child another medium for communicating with our school administration when school safety incidents occur.

How does the See, Tell, Now! Tipline work?

Students can access the See, Tell, Now! Tipline through a link on our school website or they may go directly to the seetellnow.org website. Tips can be submitted through the web form on the See, Tell, Now! website, live call and mobile app.

Why is there a need for a tip line system?

The number one reason why children do not report is the fear of retaliation from their peers. The See, Tell, Now! tipline can be accessed from the privacy of a phone, home computer or other Internet equipped device, eliminating the possibility of being identified by another student and thus, increasing the likelihood that a school safety threat would go unreported.

I encourage you to learn more about the TipLine by visiting the See, Tell, Now! website at www.seetellnow.org.
Sincerely,

Jacob Gion
