## ACCREDITATION

Harris County-Carver Middle School is accredited as a Middle School by the Southern Association of Colleges and Schools and by the Georgia State Department of Education.

## ATTENDANCE

School attendance is a strong indicator of school success! HCCMS places high importance on student attendance. It is very important that students attend every school day. Students are expected to make every effort to be present at school each day. In middle school, attendance is recorded for each period of the day. Absences, late arrivals and early check outs negatively impact instruction and learning.

- Upon returning to school after any absence, the student must bring a note to their homeroom teacher, signed by a parent or guardian or physician explaining the reason for the absence.
- A student who is absent from school will not be allowed to participate in any extracurricular activities for that day.
- Students must sign in by 11:30am to be considered present for the day. Attendance for each class period will also be monitored closely.
- Excuses more than 3 days old will not be excused.
- The state expectation is **no more than 6 days absent** for the school year. This includes excused and unexcused.
- Students who miss **16** or more days of school may be denied credit for the year. The faculty and administration of HCCMS does not condone absences except for those reasons defined by Board policy. Family vacations and/or trips etc. are not acceptable excused absences from school.

District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

Revised June 2022

- If a student has an extended illness, the parent should contact the school counselor to arrange make up of missed work.
- If a student is absent due to Out of School Suspension (OSS), work may be provided when suspension is complete. The work must be completed and turned in within 3 days of return to school.
- **NEW:** Perfect Attendance is recognized at the end of year Honors Day programs for students who have not missed any days of school and/or classes.
- Unannounced prizes or privileges may be available to students with positive or perfect attendance.
- See *Harris County BOE Student Behavior Code and Attendance Protocol* for full policies.

### **Hospital Homebound Services:**

The Harris County School System offers Hospital Homebound Services for students who are too ill or injured to attend school. A student may qualify for regular or intermittent Hospital Homebound Services. Regular Hospital Homebound is where a student will be absent from school for at least 10 days or more consecutively. Intermittent Homebound is where a student has a chronic illness that may require frequent hospitalizations or will be absent throughout the school year because of a chronic illness. A licensed physician or psychologist must provide medical certification verifying the illness or injury. A student does not accumulate any absences while he or she is on Hospital Homebound status. You may contact your school counselor for an application. If you have questions, you may call the School Social Worker at 706-628-4206, Ext. 1220.

### **Truancy**

Truancy is an unexcused absence. An excessive number of unexcused absences will be grounds for legal action in accordance with the attendance laws of Georgia. An excessive number of absences may result in the school requiring a doctor's excuse for every absence. Students with 16 or more days absent from school may be denied credit for the year. (See Board Policy regarding Compulsory Attendance & Absences and Excuses)

### **Unexcused Tardiness to School:**

- There will be a tardy record kept for each student.
- On the occasion of the third tardy per nine weeks, the grade level counselor will contact the parent.
- On the fourth and subsequent offense per nine weeks, the student may be assigned detention/ISS.
- *A note from a doctor, dentist, or court official will be the only acceptable excuse for tardiness.*

### **CHANGE OF ADDRESS/PHONE NUMBERS**

If there is a change of address or phone number during the school year, contact the main office in order for all necessary files to be kept up to date. Two proofs of residency are required for any address changes.

### **CHILD FIND**

In accordance with federal regulations, Harris County Schools assume responsibility for the location, identification, and evaluation of all children from age 3 through age 21 who require special education and related services or who are suspected to have a disability that adversely affects educational performance and requires specially designed instruction. All children who are suspected of having a disability and who are in need of special education are part of the child find process in our district. This includes students who are birth to age 3. For questions regarding special needs services, please contact 706-628-4206 EXT 1208 or your child's school.

### **EARLY ARRIVAL**

Students arriving early are to report to the assigned area for supervision until they are released to their homeroom. Students should not arrive on campus before **7:15 AM**.

### **ENROLLMENTS AND WITHDRAWALS**

When a student enters or withdraws from school, a parent is required to come to the school to initiate the procedure. After school starts, no student will be enrolled without withdrawal forms from their previous school. When a student District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

withdraws from HCCMS, no records will be sent until all books are returned and all debts are paid. Any student owing money from the previous year will not be issued books until debts are cleared.

A new Certificate of Immunization (Form 3231) will serve as a means of documenting the immunization status for children who will be admitted to any facility or school in Georgia for the first time on or after August 1, 2001. The new Certificate of Immunization (Form 3231) will replace the current certificate for school (Form 3032). It may be accepted any time after February 1, 2000. It is not necessary to replace the certificate (Form 3032) for children currently enrolled.

As each child enrolls in school, the certificate will be checked to see whether it is marked "Complete for School Attendance" or has an expiration date noted. If a form has an expiration date, the child must submit a new certificate within 30 days after the expiration date to be excluded from attendance until an updated certificate is submitted. The Certificate must be marked one or the other in order for it to be valid. A "Date of Expiration" must be entered on all certificates issued to children.

1. Under four years of age;
2. Four years of age and older who are in the process of receiving the recommended doses of the required vaccines;
3. Children who have medical exemption for a vaccine that is due to be reviewed.

Dates of immunization are required on all certificates issued to children who are four years of age and older.

### **Immunization Requirement Highlights:**

Georgia's immunization requirements for children attending 7th grade have been revised. Beginning in the 2014-2015 school year, 7th graders were required to have Tdap and Meningococcal vaccines prior to entering school.

Effective July 1, 2014 children born on or after January 1, 2002 who are attending 7th grade and for new entrants into a Georgia school grades through 12th must have received one dose of Tdap (tetanus, diphtheria, pertussis) vaccine and one dose of meningococcal conjugate vaccine. "New Entrant" means any child entering any school in Georgia for the first time or entering after having been absent from a Georgia school for more than twelve months or one school year. A child entering any childcare facility or school in Georgia for the first time (at any age up to 19 years) must be age appropriately immunized with all of the required vaccines. (DTP, DtaP, DT, or Td: Hepatitis B; Hib; OPV or IPV; Measles, Mumps and Rubella or MMR; and Varicella). Varicella (chickenpox) vaccine has just been added to the list required for school attendance. Hepatitis B vaccine is now required for a child at the time of entry to school.

Previously it was a requirement for children born on or after January 1, 1992. Two doses of measles-containing vaccine, one dose of mumps vaccine and one dose of rubella vaccine is now required **at the time of entry** to school. Students not in compliance with state vaccination requirements may be subject to withdrawal from school.

### **OUT OF COUNTY STUDENTS**

**Eligibility:** Only those students who reside in Harris County shall be entitled to attend Harris County schools. The Harris County Board of Education, however, will accept and allow students to reside in the State of Georgia outside of Harris County to enroll and attend Harris County schools upon the payment of tuition and compliance with its policy. Out-of-state students shall not be accepted to attend Harris County schools except for children of teachers and employees.

**Application:** An out-of-county application must be completed prior to initial enrollment and must be approved by the school principal before enrollment is permitted. Enrollment is permitted at the beginning of a semester only. No mid-semester enrollments shall be permitted. Approval of this application is based upon the enrollment in the grade at that particular school if space is available. School principals shall refuse admission to students if the class size will be overloaded so as to cause additional employees to be hired; and the admission also will be refused to students who have not paid the tuition due prior to the fifth school day.

School bus transportation from an existing bus stop within Harris County may be provided on a space available basis. Otherwise, the parents of out-of-county students shall be totally responsible for the transportation of the students from the place of residence to the school in which the student is enrolled.

Out-of-county applicants who return for an ensuing school year will be required to fill out a renewal application and pay the tuition as provided for herein. Returning out-of-county students do not have a right to continued enrollment, and are subject to enrollment upon space being available at their grade level.

**Tuition:** The tuition for an out-of-county student attending Harris County School shall be **\$4,700.00** per school year (\$2,350.00 per semester), and **is subject to change based on Board of Education policy**. The tuition shall be District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

reviewed annually and set so as to reflect the average locally financial per student cost for the preceding school year, excluding the local fair share funds required pursuant to O.C.G.A. §20-2-164. This fee is effective at the beginning of the school year and is payable by the semester (50% each) prior to the fifth day of each semester. Checks shall be made payable to the Harris County Board of Education. Principals shall forward all checks with the approved application to the Central Office in a timely fashion. Such checks will be deposited in the general fund of the school system. Refunds of 50% of the amount paid will be given for students who withdraw during the first six weeks of either semester. After six weeks, no tuition refunds will be given upon withdrawal.

**Failure To Pay Tuition:** Any parents of a student residing out-of-county enrolled in the Harris County School System who are eligible to pay tuition shall be responsible to see that tuition is paid. If an out-of-county student is discovered by school officials to be attending Harris County schools without paying tuition, the student will be immediately withdrawn from school. The student shall be eligible for re-enrollment as an out-of-county student only upon the payment of all unpaid tuition plus a premium of fifty percent (50%) of the unpaid tuition. If the unpaid tuition and premium thereon is not paid within five (5) school days after the withdrawal, the student shall not be eligible to attend Harris County schools in the future as a non-resident student. If an out-of-county student is found to have not paid tuition and re-enrolls upon payment of the unpaid tuition and the premium thereon and then is found to not have paid tuition a second time, the student shall be withdrawn and shall not be allowed to return regardless of the circumstances.

**Proof of Residency:** Where the residency of a student is in question the following information shall be considered in determining the residency of a student. Parents are required to furnish the school principal or superintendent all of this available information in a timely fashion upon request.

- 1) Proof of Harris County Homestead Exemption.
- 2) Proof of purchase of Harris County automobile tag(s).
- 3) Proof of voter registration in Harris County.
- 4) Utility bills for one (1) year on both residences where parents own two (2) or claim two (2) separate residences and one (1) being outside Harris County.

**Determination of Residency:** Using the foregoing information, the place of residence of the child will be:

- 1) The bona fide residence of both parents of the child; or if one parent is deceased, the residence of the surviving parent; or if the parents are divorced or living separately, the residence of the parent having actual custody of the child pursuant to an appropriate order of a Superior Court or similar court of another state having jurisdiction of the parties at the time such order is rendered; provided that the provisions of this paragraph shall not apply if the right of a parent or parents to custody and possession of a child has been terminated as authorized by law, by a court, or state agency having jurisdiction. The term parent or parents as used herein means natural parents and shall also include adoptive parents by virtue or legal adoption pursuant to law.
- 2) In the instance of a student who in good faith resides full time in Harris County with another family member other than his parent or parents who is in **loco parentis**, the residence of such family member may be the residence of such student if the Superintendent in each instance shall find and determine (a) that such student does in fact reside full time with such relative and (b) the parents of the child cannot be located or their whereabouts are unknown (c) that such residency is not attempt to circumvent the provisions of this policy. A transfer of guardianship to a Harris County family member shall not be the sole determining factor in deciding whether a student resides with the family member in compliance with this policy.

**Appeals:** Appeals of this issue shall follow the school system Student Complaint Policy. During the appeals process the student shall not remain enrolled at the school he is attending unless he pays the tuition. If as a result of the appeal, it is determined that the student is a resident of Harris County, the tuition will be refunded.

## **SOCIAL SECURITY NUMBERS**

According to Georgia Law, all students enrolling in Georgia Schools must present an official copy of their social security number. This means that a school official needs to see the social security card or an official document that verifies the number. HCCMS staff will make a copy to place in the student's folder. If a parent objects to a student's social security number from being incorporated into the student's record, the parent must sign a statement (waiver) to that effect.

District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

### **Progressive Discipline Procedures**

District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

Revised June 2022

When it is necessary to impose discipline, school administrators and teachers will follow a **progressive discipline** process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them choose appropriate behaviors which are consistent with the character traits from Georgia's Character Education Program.

The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling
- Loss of Privileges
- Administrative Isolation
- Administrative Detention
- ISS (In School Suspension)
- OSS (Out of School Suspension)
- Temporary Removal from Class or Activity
- Notification to Parents
- Parent Conference
- Detention
- **NEW:** Student behavior contract after the 5th disciplinary referral
- Temporary Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishment for an offense includes long-term suspension or expulsion, including permanent expulsion, but those punishments will be determined only by a disciplinary tribunal as outlined in the Harris County of Education policies. *Major offenses, including, but not limited to, drug and weapon offenses can lead to a school being named as an Unsafe School according to the provisions of State Board of Education Rule 160-4-8.16 Unsafe School Choice Option.*

Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such case, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved also by the disciplinary tribunal or hearing officer in accordance with local board policy.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents shall be notified. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported. There is no appeal process for disciplinary suspensions less than 10 days OSS.

School officials have the authority to search a student if there is suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus; student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Students are required to cooperate if asked to open book bags, locker or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities, which occur outside normal school hours, or off the school campus at the discretion of administrators.

District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

The following offenses may result in the assignment of In School Suspension (ISS) or Out of School Suspension (OSS) or a combination of the ISS and OSS or a Disciplinary Tribunal which may lead to assignment at the Educational Opportunity Center (EOC) for an alternate school setting: (or other offenses as deemed by admin per JCDA code)

- Theft
- Profanity
- Fighting
- Chronic Misbehaviors (6 or more referrals)
- Blatant Disrespect of Authority
- Smoking, Tobacco Products
- Vandalizing
- Drug/Alcohol Possession/Use (Tribunal offense)
- Sexual Harassment
- Threatening Behavior
- Disruption of Instruction
- Weapons (Tribunal Offense)

## **BULLYING POLICY**

HCCMS does not tolerate or condone bullying behaviors. Once a student is alleged to be exhibiting these behaviors (comments, and/or threats to include cyber bullying that are considered objectionable, unwelcome, and threatening by another student(s)) or adult in the Harris County School System), they should be reported to the counselor and grade level administrator. The situation is investigated and evaluated. Confirmed incidents of bullying will result in disciplinary action. **Please see the Harris County Board of Education Student Behavior Code and Attendance Protocol.**

## **BUS RULES /BEHAVIOR**

**Riding the bus is a privilege.** Students who ride the bus have responsibilities for the comfort and safety of other students as well as for themselves. It is very important that students conduct themselves in an orderly manner at the bus stop and on the bus. The bus driver has authority over any circumstance arising on the bus.

Suspension of bus privileges will not exceed one school year (180 days); however bus suspensions may include parts of two consecutive school years. For more information on the rules for the bus, please see the Harris County Board of Education Student Behavior Code and Attendance Protocol.

Students should not ride a bus they are not registered to for their official route to and from school. **Guest riders are allowed in emergency cases only and must be pre-approved.** Emergency situations should be cleared by parents with Harris County Transportation at least 5 days in advance. Administration must provide dated and signed permission for any student to ride a different bus.

Any change in transportation (change of bus stop on assigned route or riding home with another student/parent by car) must be submitted to grade level administration between 7:30-8:45am.

## **CODE OF CONDUCT**

It is the purpose of the Harris School District to operate each school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy, which requires students to conduct themselves appropriately at all times in order to facilitate a positive learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school within the district.

The Harris County School District's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in the Code of Conduct. The Code of Conduct is available online at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) . Also, students may be disciplined for conduct off campus, which is felonious, or which may pose a threat to the school's learning environment or the safety of students and employees. Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

## **Places and Times of Enforcement**

District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

The following rules are designed to protect all members of the educational community in the exercise of their rights and duties. These rules are effective during the following times and in the following places:

1. On the school grounds during and immediately before or immediately after school hours or off school grounds while in route to or from school.
2. On the school grounds at any other time outside of school hours.
3. Off the school grounds at a school activity, function, or event.
4. In route to and from school on a school bus or other school vehicle or while waiting off school grounds for a school bus to transport a student to or from school or a school activity.
5. Off school grounds when the prohibited conduct is directed, because of a school-related connection, against the person, family, property, privacy or tranquility of an employee of the Harris County Board of Education.
6. Apply to conduct by a student whether directed to or committed upon another student or a teacher, administrator, or other school personnel or toward persons attending school related functions.

### **DRESS CODE**

The dress code for HCCMS is designed for safety and decorum. Students at Harris County-Carver Middle School are expected to dress in a manner that reflects modesty, neatness and self-respect. Therefore, **EXTREMES IN DRESS OR GROOMING THAT MAY CAUSE A DISTRACTION IN THE CLASSROOM WILL NOT BE ALLOWED AT SCHOOL.** With this in mind, we will try to address all dress code violations during homeroom. As it is with a speeding motorist, not all dress code violations are caught every time. As a staff, we will be as consistent as possible in enforcing the dress code. We ask that parents check what their children are wearing before they leave for school. Students not dressed according to the code will be sent to their grade level office to call home for the parent to bring appropriate clothing. If the parent is unable to bring appropriate clothing or is unable to be reached, the student will spend the remainder of the day in ISS. Students will not remain in the regular classroom environment if they are found in violation of meeting the code.

The administration recognizes the inconvenience involved for parents to bring corrective clothing to school during the day; however this is required for the dress code to be applied and enforced consistently.

Students may enjoy current fashion, but the school reserves the right to inform individuals when their attire does not meet the spirit of the dress standards for HCCMS.

- It is the responsibility of each **student** to be knowledgeable of and comply with HCCMS dress code policy.
- It is the responsibility of the **parent** to ensure that the dress code is observed.
- It is the duty of each **teacher** to ensure that the dress code is enforced.
- **It is the final decision of the administration to deem what meets or does not meet dress code.**

## **IN-SCHOOL SUSPENSION**

Students assigned to ISS will report to the ISS room. Class work is sent directly to the ISS teacher from classroom and connection teachers for the duration of the time to be served. The ISS teacher will make sure each student in ISS gets the work assigned to them while they are in ISS, and the ISS teacher will see that all assignments and tests are returned to the classroom or connection teachers who sent the work to ISS. If students assigned to ISS, fail to complete their assigned work, or if behavior is not satisfactory, students may be assigned an additional day of ISS. Continued misbehavior in ISS may result in Out-of-School Suspension (OSS). If a student assigned to ISS checks out of school before 11:30 p.m., that student may be required to serve another day in ISS. **Students assigned to ISS may not participate in extracurricular activities (ex: concerts, field trips, athletic tryouts) the same day.**

## **LEAVING CLASS/SCHOOL GROUNDS/OUT OF AREA**

Once students board a bus and/or arrive on campus, they are not to leave the school grounds for any reason without permission from the Principal or Assistant Principal. Leaving school grounds without permission is considered skipping school and warrants an immediate referral. Students should report to assigned classes. Failure to report to class in a timely manner is considered truant/out of area and is subject to disciplinary action that may include suspension. Students should not be outside of their assigned class without a faculty/staff signed, dated and timed pass indicating purpose for being in the hallway.

## **PHYSICAL EDUCATION DRESS CODE**

Students are expected to dress out and participate daily. Failure to participate will result in a '0' for the student's daily grade. All students will be required to remove jewelry before participating in class. Teachers are not responsible for the security of students' belongings. Students are encouraged to bring a lock for a dressing room locker. Locks must be removed at the end of gym class each day. Any student remaining after school for any reason must report immediately to a supervising adult. Students that are not picked up from extracurricular activities on time will not be able to participate in the next event. Tardy pickups beyond 15 minutes of the end of an event may result in denial of entrance to the next after school event. Students should be picked up from dances and athletic events on time. Transportation home should be planned prior to the event; students should not call home when the event is over.

The school and its staff are not responsible for loss, theft, or damage to any electronic devices a student brings to school. Parents realize that any device brought to school is done at the sole responsibility of the student and at their own risk. Parents should be aware of these policies and understand that their child's device may be confiscated by school administration due to policy violation. If a student's device is confiscated, the parent must retrieve it from the school administrator.

During the school day, students may use available technology resources; school electronic equipment or personal electronic devices, **ONLY** under the direct supervision of their teacher. Students who use technology resources for non-academic purposes without the permission of their teacher will face consequences set by HCCMS policies.

The use of social networking websites, personal student email accounts, instant messaging, texting, web journals, peer-to-peer networks, blogs, and chat rooms must be specifically permitted by a faculty member for academic purposes only. Use of these electronic resources is never permitted on school grounds for non-academic use. This policy applies to all student electronic devices such as smart phones/watches, cell phones, laptops, tablet PC's, eBook readers, etc. that allow personal communication with others while in school.

Additionally, students are not allowed to use any electronic device to transmit or engage in any activities that are in violation of any local, state, or federal law or regulation, including piracy, tracking, extortion, blackmail, unauthorized access to computers on the Internet, or purchase, sale, or distribution of contraband materials. Deleting or tampering with someone else's files, as well as any unauthorized, deliberate action that damages or disrupts school equipment is prohibited.

In all of our relationships, we encourage honesty, civil communication, and respect for others. The use of video recordings from surveillance equipment shall be subject to the other policies of the District including policies concerning the confidentiality of student and personnel records. Video surveillance shall only be used to promote the order, safety, and security of students, staff and property.

To provide a safe environment closed-circuit video cameras may be used on campus. Video may be reviewed by administration for safety infractions randomly on a need or random basis. ## **Equity**

TITLE 20. EDUCATION  
CHAPTER 2. ELEMENTARY AND SECONDARY EDUCATION  
ARTICLE 6. QUALITY BASIC EDUCATION  
PART 14. OTHER EDUCATIONAL PROGRAMS  
O.C.G.A. § 20-2-315 (2009)

§ 20-2-315. Gender discrimination prohibited; authorized separate gender teams; equal athletic opportunity; physical education classes; employee designated to monitor compliance; grievance procedures; reporting requirements

(a) No student shall, on the basis of gender, be excluded from participation in, be denied the benefits of, be treated differently from another student, or otherwise be discriminated against in any interscholastic or intramural athletics offered by a local school system, and no local school system shall provide any such athletics separately on such basis.

(b) Notwithstanding the requirements of subsection (a) of this Code section, a local school system may operate or sponsor separate teams for members of each gender where selection for such teams is based upon competitive skill or the activity involved is a contact sport. However, where a local school system operates or sponsors a team in a particular sport for members of one gender but operates or sponsors no such team for members of the other gender, and athletic opportunities for members of that gender in that particular sport have previously been limited, members of the excluded gender must be allowed to try out for the team offered unless the sport involved is a contact sport. Nothing in this subsection shall be construed to limit the authority of a local school system to operate or sponsor a single team for a contact sport that includes members of both genders. As used in this subsection, the term "contact sport" includes boxing, wrestling, rugby, ice hockey, football, basketball, and any other sport the purpose or major activity of which involves bodily contact.

(c) A local school system which operates or sponsors interscholastic or intramural athletics shall undertake all reasonable efforts to provide equal athletic opportunity for members of both genders. In determining whether equal opportunities are available the following factors shall be considered:

(1) Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both genders;

(2) The provision of equipment and supplies;

District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

Revised June 2022

(3) Scheduling of games and practice time;  
(4) Travel allowance;  
(5) Opportunity to receive coaching and academic tutoring;  
(6) Assignment and compensation of coaches and tutors;  
(7) Provision of locker rooms and practice and competitive facilities;  
(8) Provision of medical and training facilities and services; and  
(9) Publicity. Unequal aggregate expenditures for members of each gender or unequal expenditures for male and female teams if a local school system operates or sponsors separate teams will not constitute noncompliance with this subsection, but the failure to provide essential funds for the basic operations of teams for one gender may be considered in assessing equality of opportunity for members of each gender. Nothing in Code Section 20-2-411 shall be construed to limit the authority of a local school system to expend school tax funds as authorized by Article VIII, Section VI, Paragraph I(b) of the Constitution in order to comply with the requirements of this Code section.

(d) A local school system may provide separate toilet, locker room, and shower facilities on the basis of gender, but such facilities shall be comparable to such facilities provided for students of the other gender.

(e) This Code section does not prohibit the grouping of students in physical education classes by gender.

(f)(1) Subject to the provisions of paragraph (3) of this subsection, if a local school system sponsors an athletic activity or sport at a particular school that is similar to a sport for which an institution in the University System of Georgia offers an athletic scholarship, it must sponsor the athletic activity or sport for which a scholarship is offered at that school. This paragraph does not affect academic requirements for participation nor prevent the local school system from sponsoring activities in addition to those for which scholarships are provided.

(2) Two athletic activities or sports that are similar may be offered simultaneously.

(3) If a local school system demonstrates by a bona fide survey of eligible students at the school, which is approved by the Department of Education for compliance with generally accepted opinion survey principles regarding neutral wording and other matters, that there is insufficient interest among students at the school to field a team described in paragraph (1) of this subsection, then the local school system shall not be required to sponsor such athletic activity or sport at that school. The exemption provided for by this paragraph shall be valid for 24 months following the date when the most recent bona fide student survey demonstrating a lack of student interest was completed, unless a new bona fide student survey is conducted within the 24 month period that demonstrates sufficient interest to field a team. If such a new bona fide student survey demonstrates such sufficient interest, then the local school system must comply with paragraph (1) of this subsection during the local school system's next fiscal year and until such time as a new bona fide student survey demonstrates insufficient interest to field a team described in paragraph (1) of this subsection. A local school system shall conduct the bona fide student survey described in this paragraph regarding interest in a team described in paragraph (1) of this subsection upon the request of nine students at the school, but no more frequently than once every 12 months.

(4) Nothing in this subsection shall be construed to preclude the application of generally applicable policies or rules regarding the cancellation of an athletic activity or sport due to lack of student participation in scheduled practices or contests.

(g) Each local school system shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under this Code section, including the investigation of any complaint communicated to such local school system alleging its noncompliance with this Code section. The employee designated under this subsection may be the same person required to be designated under 34 C.F.R. Section 106.8. The local school system annually shall notify all its students of the name, office address, and office telephone number of the employee or employees appointed pursuant to this subsection. Such notification may be included in a student **handbook** distributed pursuant to Code Section 20-2-736.

(h) Each local school system shall adopt and publish grievance procedures providing for prompt and equitable resolution of written student complaints, including complaints brought by a parent or guardian on behalf of his or her minor child who is a student, alleging any action which would be a violation of this Code section. Such procedures shall require that:

(1) The employee designated under subsection (g) of this Code section shall render his or her decision in writing. District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

no later than 30 days after receipt of the complaint, and such decision shall set forth the essential facts and rationale for the decision;

(2) A copy of such decision shall be provided to the complainant within five days of the date of the decision; and

(3) A complainant shall have a right to appeal such decision to the local board within 35 days of the date of the decision.

(i)(1) A complainant may appeal a decision of a local board that is rendered under subsection (h) of this Code section in accordance with the procedures specified in Code Section 20-2-1160. If the State Board of Education determines that a local school system has failed to comply with this Code section, then the state board shall provide the local school system with opportunities to prepare a corrective plan. If the state board determines that a corrective plan of the local school system adequately plans and provides for future compliance with this Code section, then the state board shall approve the plan and direct the local school system to implement such plan.

(2) If, upon a complaint filed pursuant to subsection (h) of this Code section after one year following the date of a state board order directing implementation of a corrective plan pursuant to paragraph (1) of this subsection but within four years of the date of such order, the state board determines that the local school system which was subject to such order has willfully failed to comply with this Code section, the state board may, after consideration of the local school system's efforts to implement the corrective plan approved in the earlier proceeding and of any other corrective plan that may be submitted by the local school system, transmit a certification of such determination to the Department of Community Affairs. If the state board's determination of noncompliance is later reversed or vacated upon appeal, the state board shall immediately notify the Department of Community Affairs of such action.

(3) If, upon a complaint filed pursuant to subsection (h) of this Code section after one year following the date of a state board certification to the Department of Community Affairs pursuant to paragraph (2) of this subsection but within four years of the date of such order, the state board determines that the local school system which was subject to such order has willfully failed to comply with this Code section, the state board may, after consideration of the local school system's efforts to implement a corrective plan approved in an earlier proceeding and of any other corrective plan that may be submitted by the local school system, order that a team or teams within the local school system or school within the local school system shall not participate in interscholastic postseason athletic contests and that participation in violation of such an order may result in withholding of state funds allotted pursuant to Code Section 20-2-186. An order of the state board barring participation in interscholastic postseason athletic contests shall be made and announced before the beginning of a school year.

(4) If, upon a complaint filed pursuant to subsection (h) of this Code section after one year following the date of a state board order prohibiting participation in interscholastic postseason athletic contests pursuant to paragraph (3) of this subsection but within four years of the date of such order, the state board determines that the local school system which was subject to such order has willfully failed to comply with this Code section, the state board may, after consideration of the local school system's efforts to implement a corrective plan approved in an earlier proceeding and of any other corrective plan that may be submitted by the local school system, withhold state funds that are allotted pursuant to Code Section 20-2-186 in an amount that the state board determines is sufficient to secure the local school system's compliance with this Code section. In the event that state funds are withheld pursuant to this paragraph, such funds shall later be allotted to the local school system at such time as the state board determines that the local school system is in compliance with this Code section.

(j) No later than October 1, 2003, and every year thereafter, the Department of Education shall submit a report to the General Assembly regarding the compliance of local school systems with the requirements of this Code section. Such report shall include information regarding expenditures and participation rates for each gender and such other information as the state board and department deem relevant. Each report shall cover the time period beginning on July 1 of the previous year and ending on June 30 of the year in which the report is due.

## **TITLE I**

We have been notified that our school **may** qualify to receive federal funds under the Elementary and Secondary Education Act (ESEA) – previously reauthorized as No Child Left Behind Act of 2001, during a particular school year. **If** we qualify, our school becomes eligible for the following: **Schoolwide Title I Program**. Under this program, schools may consolidate and use funds under Title I, together with other federal, state, and local funds, in order to upgrade the entire educational program in schools in which not less than 40% of the children enrolled are from low-income families.

## **SPECIAL EDUCATION – IDEA**

The Special Education Program is designed to meet the needs of individual students with special needs. Referrals to special agencies concerning physical, academic, emotional needs can be handled through the Student Support Team. The SEP is also designed to meet the needs of the academically advanced student (The Gifted Program). The purpose of Child Find is to identify, locate, and evaluate children and youth, birth to age 21, who are suspected of, or have a disability or developmental delay. Harris County Schools serves children ages 3 through 21 with identified special education needs. Please contact the Office of Federal Programs if you have any questions or if you know of a child with a disability at (706) 628-4206.

## **504 Procedural Rights and Safeguards**

Any student or parent or guardian (“grievant”) may request an impartial hearing due to the school system’s actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system’s Section 504 Coordinator; however, a grievant’s failure to request a hearing in writing does not alleviate the school system’s obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system’s Section 504 Coordinator. The school system’s Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.

## **GIFTED EDUCATION**

### **Gifted Program**

The Harris County Board of Education recognizes the need to provide gifted education services for students who have the potential for exceptional academic achievement in grades K-12.

A gifted student is one who demonstrates a high degree of intellectual, and/or creative ability(ies), exhibits an exceptionally high degree of motivation, and /or excels in specific academic fields, and who needs special instruction and/or special ancillary services to achieve at levels commensurate with his or her abilities.

The Harris County Board of Education provides a differentiated curriculum for gifted students which consist of courses of study in which the content, teaching strategies and expectations of student mastery have been adjusted to be appropriate for gifted students. Elementary gifted students are provided differentiated instruction in a resource classroom one day per week through integrated-curriculum units that are developed around topics of high interest. The Georgia Performance Standards (GSE) are addressed through student tasks and activities that are specifically designed to meet the needs and academic level of each gifted learner. The needs of the middle school gifted students are met through differentiated instruction and curriculum in content classes using either the Advanced

Content or the Cluster Model. The identified needs of gifted high school students are met through being served in one or more of the following: advanced content class, Advanced Placement (College Board AP), gifted internship placement, and/or dual enrollment in a post-secondary institution.

A student may be referred for consideration for gifted educational services by teachers, counselors, administrators, parents or guardians, peers, self and other individuals with knowledge of the student's abilities. Students who score at specified levels established by the Harris County Board of Education on a norm referenced test shall be automatically referred for determination of eligibility for gifted services (IDDD.1).

The Georgia Board of Education has set two (2) standards of eligibility (GA SBOE Rule 160-4-2-.38).

- A student may qualify by meeting mental ability (composite) and achievement criteria.
- A student may also qualify by meeting three (3) of the four (4) criteria: mental ability (component), achievement, creativity and motivation.

Parents and guardians will be notified and afforded an opportunity for a conference to discuss student eligibility requirements. Any test score approved by Harris County Schools used to establish eligibility shall be applicable for two (2) calendar years.

Any student who has met the state eligibility criteria for gifted education services in another Georgia public school system shall be considered eligible to receive gifted education services by Harris County Schools. A student transferring from a Georgia public school system to Harris County Schools shall meet the criteria for continuation of gifted services established by the Harris County Board of Education. Gifted eligibility established in another state shall not be recognized by Harris County Schools.

Students must meet specific criteria established by the board of education to continue to receive gifted services. By not meeting the continuation criteria, students may be placed on probation and removed from the program.

Written consent for testing shall be obtained from parents or guardians of students being considered for gifted education services. Parents or guardians also must provide written consent before students determined to be eligible for gifted education services can receive these services.

## **STUDENT COMPLAINTS**

The Harris County Board of Education realizes that there may be conditions in the school system that need improvement and that students should have some means to effectively express their concerns, which will be considered and handled with fairness. Students' complaints shall be resolved through orderly processes and at the lowest possible level. However, the board shall provide channels for eventual hearing should circumstance dictate.

### **METHOD OF COMPLAINTS**

Complaints shall be approached in the following manner:

- A. The opportunity shall be provided to any student or his/her parents to discuss with his/her teacher a decision or situation which he/she considers unjust or unfair;
- B. If the matter remains unresolved, the student or his/her parents, or the teacher, may bring the matter to the principal's attention for her consideration;
- C. If the matter remains unresolved, it may be brought to the Superintendent or a designee for his consideration;
- D. Complaints that remain unresolved following any action by the Superintendent may be referred in writing to the Board. The Board's decision, if it chooses to make one, shall be final.

### **COMPLAINT PROCEDURES**

#### **A. General**

This procedure is established in order to provide a formal method for the resolution of any complaint concerning the treatment of students by system personnel who are alleged to violate either system policy or student legal rights. These formal procedures should not be used unless informal conferences with the appropriate teacher(s) and principal do not resolve the matter to the satisfaction of the complainant.

District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

Any student or the parents of such student may bring a complaint, whose rights under any system policy or applicable law have allegedly been violated. However, when a complaint is brought by a minor student, the parent(s) or guardian(s) must be a party to the proceedings.

Complaints should be settled as close as possible to their point of origin. It is important that complaints be settled quickly. The number of days specified on each level should be considered a maximum, but may be extended by mutual agreement. Student suspension and expulsion shall be addressed under policy JC as outlined and not as a part of this process.

All hearings should be as informal as possible, but must be conducted in accordance with due process. A complainant may be represented by counsel and shall be allowed to introduce all relevant evidence and to cross-examine adverse witnesses. A complainant who chooses to be represented by counsel must give sufficient advance notice to enable the school system to likewise be represented. All decisions shall be in writing, shall be confined to matters brought forth in the hearing, and shall state the facts and reasoning upon which they are based.

If mutual agreement cannot be reached, the complainant shall be given reasonable notice of the time and place for the hearing. All such hearings shall be private unless the complainant declares the subject matter to be public and the Board chooses not to go into executive session. The system's Title IX Coordinator shall be consulted whenever sex discrimination is alleged in a formal complaint.

#### **B. Level One – Principal**

Complainants who cannot resolve a matter informally may submit a complaint in writing to the principal of the school in which the complaint arose. All complaints must be submitted within ten school days after the date on which the action complained of has occurred. It must clearly state the system policies or student legal rights, which are alleged to have been violated.

A hearing may not be necessary at this level because the principal may have become aware of all pertinent information through previous informal conferences. However, a hearing will be held at the request of either the principal or the complainant. Such hearing shall be held within five school days after the complaint is submitted unless a later date is mutually agreeable.

The principal shall render a decision within three school days after submission of the complaint or holding of a hearing as appropriate. If the complainant is not satisfied with the decision or if no decision is given within the allotted time, the complaint may be taken to level two provided that notice of appeal is made within five school days.

#### **C. Level Two – Superintendent**

Complaints may be initiated at this level by the filing of timely notice of appeal with the Superintendent within five school days. Such notice must be in writing and accompanied by copies of the original complaint and the decision if any, made at level one.

If the notice of appeal contains a request for a hearing, or the Superintendent believes one to be necessary, a hearing shall be held within ten school days of such notice unless a later date is agreeable to both parties. The Superintendent shall render a decision within five school days of the notice of appeal or hearing as appropriate. If the complainant is not satisfied with the decision or if no decision is given within the allotted time, the complaint may be taken to level three provided that notice of appeal is made within ten school days.

#### **D. Level Three – Board of Education**

The complainant may request a hearing before the Board by submitting timely notice of appeal with the Superintendent within ten school days. Such notice shall be accompanied by a copy of the original grievance and the decisions, if any, made at Levels One and Two. In addition, such notice shall contain a statement of reasons why such decisions are unacceptable. If the Board chooses not to hear the appeal, the complainant will be so notified.

If the Board chooses to hear the appeal the complainant will be given reasonable notice of the time and place of the hearing. The Board will render a written decision within reasonable time after such hearing.

#### **E. Miscellaneous**

This complaint procedure may be used for students under the gender discrimination provisions to Title IX, 20 USCA 1681 et seq., in accordance with the regulations, 34 CFR 106.8 (b).

This complaint procedure may be used for students and parents in compliance with Steward B. McKinney Homeless Assistance Act of 1987 (P. O. 100-77), and Harris County board policy JBCD.2.

District policies may be found at [www.harris.k12.ga.us](http://www.harris.k12.ga.us) under the School Board tab and are the final governing documents.

Any complaints regarding grades and changes thereof shall be handled and processed under Policy IHAAA, Grade Changing.

### **Students Reporting Acts of Sexual Abuse or Sexual Misconduct**

Students wishing to report instances of alleged inappropriate behavior by teachers, administrators or other school employees towards a student shall do so utilizing the process listed below established by the Georgia Professional Standards Commission and implemented by the Harris County Board of Education. This shall not prohibit students from reporting the incident to law enforcement authorities. **Students are prohibited by Georgia law and Harris County Board of Education policy from falsifying, misrepresenting, or erroneously reporting incidents of alleged inappropriate behavior by school personnel and may be disciplined for doing so.**

(a) Any student (*or parent or friend of a student*) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

(b) Any teacher, counselor or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee shall make an oral report of the incident immediately by telephone or otherwise to the school principal or principal's designee, and shall submit a written report of the incident to the school principal or principal's designee within 24 hours. *If the principal is the person accused of the sexual abuse or sexual misconduct, the oral and written reports should be made to the superintendent or the superintendent's designee.*

(c) Any school principal or principal's designee receiving a report of sexual abuse as defined in O.C.G.A. 19-7-5 shall make an oral report immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused. The report should be made by telephone and followed by a written report in writing, if requested, to a child welfare agency providing protective services, as designated by the Department of Human Resources, or, in the absence of such agency, to an appropriate police authority or district attorney.

Reports of acts of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A. 19-7-5 or 20-2-1184 shall be investigated immediately by school or system personnel. O.C.G.A. § 20-2-751.4 (2009)

§ 20-2-751.4. Policies prohibiting bullying; assignment to alternative school; notice

(a) As used in this Code section, the term "bullying" means:

(1) Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so; or

(2) Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm.
