From time to time students may be photographed and/or videotaped at school or a school-sponsored activity/event. If you, as a parent/guardian, object to your child being photographed or videotaped, please notify the school in writing. If you do not object, no action is required. Your child's name, photograph, artwork, poetry, creative writing, or other pieces of acclaim or interest connected with a school activity or function may be displayed on the school's website, social media, or in newspapers. No personal information will be given out on any child.
