Graymont
Student Handbook

INTRODUCTORY INFORMATION

Dear Students and Parents:

The faculty, staff, administration, and board of education welcome you to a new school year and hope you will find it to be successful and rewarding.

Our goal is to provide opportunities for all students to develop physically, emotionally, and educationally. Only when staff, students, and parents accept their responsibility will we accomplish this goal. As a staff, it is our responsibility to provide and maintain an educational environment that is conducive to learning. As students, you have the responsibility to be in attendance daily and to perform educationally and socially to the best of your ability. As parents, it is your responsibility to see that your son/daughter arrives on time and is in attendance every day. We encourage every parent to become an active partner in your child's education.

School is similar to a community. All members, educators, students, and parents must work together to provide a positive environment that will allow students to achieve their maximum potential. To assist us in accomplishing this goal, we have prepared this handbook that contains the guidelines under which we will operate.

Please review and observe the following guidelines so our goals of providing a positive learning environment may be achieved.

Sincerely,

Mr. Todd Bean, Superintendent

Accidents at School

Only emergency aid will be provided. School employees will not make medical decisions. Parents are asked to authorize treatment on the Emergency Procedure Card. Parents/guardians will be notified if a student becomes ill or has an accident at school, and, if needed, will be asked to come for the student. If it is not possible to contact the parent/guardian, the person designated on the registration form will be called. This information must be accurate. The parent/guardian should notify the school at any time during the year if there are any changes in address, phone numbers, or names of emergency person or physician, or if there is a change in the daytime phone number.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Allergies

State law requires our Rooks Creek CCSD 425 to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations, and state rules. If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (815) 743-5346. Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities. Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Rooks Creek CCSD 425 also may be able to meet a student's needs through other means.

Animals on School Property

To assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. The building administrator may temporarily waive this rule in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Annual Asbestos Management Plan Notice

Graymont Grade School has a current Asbestos Management Plan. As required, our building was initially inspected for asbestos and is re-inspected every three years. The AHERA law requires that visual surveillance of asbestos-containing areas are completed every six months. The inspection/management plan is available for public review in the school office from 8:15 a.m. - 3:15 p.m.

Annual Pesticide Policy

Per the agreement, our building is inspected monthly for the prevention of pests. Beginning August 1, 2000, Graymont Grade School will comply with the new Integrated Pest Management (IPM) Policy. IPM is a proven, cost-effective alternative to routine pesticide applications. As defined in the Illinois Structural Pest Control Act, IPM emphasizes prevention and relies to the greatest extent possible on biological, cultural, and mechanical pest management methods. If chemical pesticides are necessary, the products that are least harmful to human health and the environment is administered. Should a parent/guardian of a student or employee wish to receive written notification before application of pesticides to school property, a pesticide notification form needs to be completed and on file in the superintendent's office. Those on the notification list will be notified of the spraying at least two (2) business days before the application. This requirement does not include an antimicrobial agent such as disinfectant, sanitizer or deodorizer, or insecticide baits or rodenticide. Orkin, Inc. will provide the service for this school year. A log of the chemicals, dates of application, and the Material Safety Data Sheets for all pesticides used in the building will be available in the main office of the school. We will also have a list of sightings of pest control problems that are brought to the attention of the administrative staff. Questions should be addressed to the principal.

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school administrator. Parents/guardians are responsible for and must:

1. Please inform the school promptly of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
2. Please inform the school promptly of any changes to their emergency contact numbers or contact numbers of health care providers.
3. Sign the Diabetes Care Plan.
4. Grant consent for and authorize designated Rooks Creek CCSD 425 representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

Emergency School Closings

School closings, for any reason, will be announced by 6:30 a.m. Emergency announcements are sent via email, text, and voice call to all parents. Also, please check out our website at www.rookscreek.k12.il.us.

Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities. Any student or parent/guardian with a sex equity or equal opportunity concern should contact the superintendent.

Kindergarten

A child who is five years old on or before September 1 is eligible to attend kindergarten. Preschool screenings are offered to children ages 0-5 each year at area schools. Parents are encouraged to have their students screened at least once before attending kindergarten. These screenings inform parents of the programs offered for students ages 3 and up.

Lost and Found

Lost and found articles are kept in the box by the front door. Found materials should be turned in to the office with any information to assist in finding the owner. Any items not collected by the end of the school year may be donated to an appropriate organization or discarded.

Invitations & Gifts

Party invitations or gifts for classmates should not be brought or distributed at school. Items such as these are personal and should be mailed home using the list in the school directory. The office is unable to release addresses and phone numbers of students not listed in the school directory.

Office Telephone Use

The office telephone may be used by students in an emergency or with permission of the school administration.

Treats & Snacks

Due to health concerns and scheduling, arrange treats and snacks for any occasion in advance with the classroom teacher. All treats and snacks must be store-bought and prepackaged in individual servings. No homemade treats or snacks are allowed at school. Treats and snacks must have a printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value. See the section labeled Volunteers for information about room parents.

Video & Audio Monitoring Systems

A video and audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. A discipline problem captured on audiotape or videotape may be the basis for imposing student discipline. A copy of recorded criminal actions may be provided to law enforcement personnel.

Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school. Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a visibly unobstructed area. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school. Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct themselves in an appropriate manner will be asked to leave and may be subject to criminal penalties for trespass and disruptive behavior.

Volunteers

All school volunteers must complete the “Volunteer Information Form” and be approved by the school principal before assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building administrator.

Room Parents should confer with the Homeroom Teacher about any snacks. Volunteers are required to check-in and out at the main office and receive a visitor badge before going to their destination.

ATTENDANCE

There are two types of absences: excused and unexcused. Excused absences include: illness (including mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assignments.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at 815-743-5346 before 8:10 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Residency Requirements

It shall be the policy of the Board of Education of Rooks Creek School District 425 to limit attendance in the District's schools to those students who reside within District boundaries. For the purpose of determining the residency of a pupil, the residence of the person who has legal custody of such pupil shall be presumed to be the residence of the pupil. For the purpose of this policy, "legal custody" means one of the following:

1. Custody exercised by a natural or adoptive parent with whom the pupil resides;
2. Custody granted by order of a court of competent jurisdiction to a person with whom the pupil resides for reasons other than to have access to the educational

- programs of the District; Custody exercised under a statutory short-term guardianship, provided that within sixty (60) days of the pupil's enrollment a court order is entered that establishes a permanent guardianship and grants custody to a person with whom the pupil resides for reasons other than to have access to the educational programs of the District;
3. Custody exercised by an adult caretaker relative who is receiving aid under the Illinois Public Aid Code for the pupil who resides with that adult caretaker relative for purposes other than to have access to the educational programs of the District; or
 4. Custody exercised by an adult who demonstrates that, in fact, he/she has assumed and exercises responsibility for the pupil and provides the pupil with a regular fixed nighttime abode for purposes other than to have access to the educational programs of the District.

In the event a question concerning the residency of a child arises, The District shall:

1. Require the child's parent or guardian to complete a questionnaire in order that the District may determine residency. Such questionnaire shall be routine at the time of original enrollment, and may be required at such other times as the administration deems necessary;
2. Conduct an informal investigation to acquire information that may aid the District in determining residency. The administration may require the parent or guardian to submit evidence of residency within the School District, which may include such items as:
 - a. Proof of payment of rent or mortgage, such as receipts or cancelled checks;
 - b. Utility bills including electricity, water, telephone, and propane/natural gas;
 - c. Valid voter's registration card; and
 - d. Current Illinois Driver's License or other valid information
3. Provide the child and/or the parents or guardians of the child an opportunity to present pertinent information to the District which would aid in determining residency;
4. Permit the child and/or the parents or guardians of the child to appeal unfavorable residency determinations to the School Board, provided that the School Board's residency determination after hearing shall be final and binding; and
5. Allow the child to attend Rooks Creek School District 425 until the District makes final determination of the child's residency, provided, however, that the child's parents or guardians shall be responsible for payment of the costs (tuition equivalent)

incurred by the School District for this interim period of time the child was permitted to attend Rooks Creek School District 425

Tardy

Student attendance is critical to the learning process. Truancy is, therefore, a serious issue and will be dealt with earnestly by the school and district.

Students who miss more than 1% but less than 5% of the previous 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the previous 180 regular school days without a legitimate reason are considered chronic truants. Students who are chronic truants receive support services and resources aimed at correcting the truancy issue. If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney

Appropriate school discipline A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school. A parent or guardian who knowingly and willfully permits a child to be truant violates State law.

Early Dismissal Procedure

Students who need to leave the building for a doctor, dental, or another valid appointment must present a written request or a phone call from their parent/guardian to the school office before school or during a passing period. The building's administrator approves all requests for early dismissal. When leaving the building, the parent/guardian must sign-out in the main office. When returning to the building, the parent/guardian or student must sign back in at the main office, with a written statement verifying the appointment presented to the office staff.

Home and Hospital Instruction

A student who is absent or whose physician anticipates his or her absence from school for an extended period, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital. A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction as well as for up to 3 months after the child's birth or a miscarriage. For information on home or hospital instruction, contact the school administrator.

Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up any missed work, including homework and tests. Students will have two days for each day absent (excused) to make up assignments missed. The teacher may, under certain circumstances allow more time for make-up work to be completed. Work that is not turned in when due may not be accepted by the teacher and the student will receive a zero. Tests must be made-up at the earliest possible reasonable time after returning to school, depending on when the test was assigned, nature of the absence, and other factors. Final determination of "reasonable" shall be determined by the school administrator. The student is responsible for obtaining assignments from his/her teachers. Students who are unexcused from school may be allowed to make up missed work per teacher discretion.

Parent may request homework for their child. The homework should be picked up after school (3:15 P.M.). The homework assignments and all necessary textbooks and handouts will be housed in the main office for pickup. All make-up work is the responsibility of the student.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building administrator at least 5 calendar days before the student's anticipated absence(s). Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district. A parent or guardian who knowingly and willfully permits a child to be truant may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to \$1500.00

A student will be considered truant from school when the student misses any or all of the school day without a valid cause. Determination of a valid excuse is the responsibility of the administration and will follow the guidelines of the Illinois School Code.

- 1st Violation - 1 detention, administrative conference, parent notification, and counselor conference.
- 2nd Violation - 3 detentions, administrative conference, parent notification, counselor conference, and Livingston County Attendance notification.

Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

Illness and Return to School

Students are required to be fever and symptom-free for twenty-four hours prior to returning to school.

GRADING, PROMOTION, GRADUATION

Grading Period/Report Cards

The school year is divided into four grading periods. At the half way point in each grading period, midterm grades are sent home with the students in grades K-8 to inform their parents of their progress in class. Report cards are issued for all students at the end of each grading period. The purpose of this report card is to describe students' learning progress to students, their parents and others, based on our school's learning expectations for each grade level. It is intended to inform parents and guardians about learning successes and to guide improvements when needed. For questions regarding grades, please contact the classroom teacher. Parent/teacher conferences are scheduled after the first and third grading periods, but may be held anytime at the request of either the teacher or a parent.

Promotion/Retention Policy:

As per school code 105ILCS5/10-20.9a: "School districts shall not promote students to the next higher grade level based upon age or any other social reasons not related to their academic performance. Decisions to promote or retain students in any classes shall be based on successful completion of the curriculum, attendance, Illinois performance tests, standardized testing and local school criteria."

A student must pass four of the five core (Reading, English, Math, Science and Social Studies) subjects to be promoted to the next grade level. Parents may choose to enroll their child in approved summer courses to remediate the courses not passed during the school year. If this takes place, the students transcript will be reviewed and a final decision made by administration. Parents will be notified in writing in mid-January, if their student is at risk of retention. A conference with the teacher is encouraged at this time; there will be a second notice at the end of the 3rd grading period with final notice at the mid-term progress report of the 4th grading period. Still, there may be instances where notification would not come until the final report card day.

Grading Scale

Graymont Grade School uses two grading scale for evaluating students. Coursework may use a traditional grading scale showing the percent of the work done correctly. Coursework using a Standards Based Grading Scale is based on a series of assessments to determine if a student has met an academic or behavioral grade level standard. Both grading scales are listed:

A	90% or above
B	80-89%
C	70-79%
D	60-69%
F	Below 60%

M - Meets Learning Standards * Student performance demonstrates an understanding of the knowledge and skills expected at this grade level * Student demonstrates consistent application of skills * Student independently applies grade level standards

P - Making Progress toward Meeting Learning Standards * Student performance demonstrates a partial understanding of the knowledge and skills expected at this grade level
* Student is progressing in understanding, however, the skills are not yet mastered * Student needs assistance to use grade level standards

X - Not Meeting Learning Standards * Student performance does not demonstrate an understanding of the knowledge or skills expected at this grade level * Student is working below grade level expectations * Student needs continued support; struggles even with assistance; needs intervention

Honor Roll and High Honor Roll

To qualify for High Honor Roll students must have a 3.50 Grade Point Average (GPA) or above without any grade being lower than a B. To qualify for Honor Roll students must have a 3.00 to 3.49 GPA. Students receiving a grade lower than a C, will not be considered for High Honor Roll or Honor Roll.

Midterm Grades

Mid-term progress notices may be sent to parents during each nine-week grading period for any below average grades. Mid-term progress notices may also be used to alert parents of sudden changes or concerns either positive or negative in the academic work of the students.

Report Cards

Parents are sent report cards the Wednesday after the end of each nine-week grading period. Parents are encouraged to discuss the grade or behavior further with the teachers.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level. Parents can help their child(ren) by arranging a quiet comfortable place to work and by assuring assignments are completed.

Study Skills

Specific skills and techniques can make learning easier and more enjoyable. The following are student guidelines for achieving good study habits:

1. Come to class prepared with pencil, paper, and other necessary materials.
2. Be an active participant in class.
3. Listen well and take part in class.
4. Ask questions to clarify problems.

5. Plan your day and schedule time for homework.
6. Use what is learned and apply it to new situations.
7. Strive to do the very best work possible. Just "getting by" is not a worthwhile goal.

Physical Education Exemption

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student's ongoing participation in an interscholastic or extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis. Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure 10.301.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases; and
2. The student's class schedule.

FEES, FINES AND CHARGES; WAIVERS

The school establishes fees and charges to fund certain school activities, which is set annually by the Board of Education. Fees for the 2022-23 have been set at **\$15** for all kindergarten students and **\$25** for all students in grades 1-8. An additional fee charge can be issued for classes requiring labs and/or workbooks. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of

their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment, optional travel taken by school clubs or charges related to activities outside of school hours.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

The Waiver of Fees Forms are available in the school office. The waiver forms must be returned completed with any written documentation as to need or hardship.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

CAFETERIA GUIDELINES

General Behavior

- The lunch period is composed of approximately 30 minutes of lunchroom time.
- The cafeteria period has a supervisor assigned and they are expected to develop policies and procedures to maintain the appropriate decorum in the cafeteria for their specific group of students.
- Supervisors will encourage proper behavior and manners for all students.
- Depending on the amount of time needed to serve students a meal, students will be assured of an appropriate amount of time to eat.
- Supervisors will make every attempt to prevent any student from having to attend school while hungry. Students who forget their lunches or money will be accommodated until the school can work out the details with the parents.
- Parents are obligated to keep their accounts current and to make ongoing effort to make payments. The school will contact parents, take away extras and eventually deny the hot lunch program for those families who refuse to make an appropriate effort to keep their account current.
- Students are not allowed to use the cafeteria equipment for personal use.
- All students will be given guidelines on procedures in the cafeteria to explain how to line up for meals, where to sit, sharing food, and other typical expected behavioral procedures.
- Only Graymont Grade School employees or approved subs are expected to be in the kitchen during working hours.

Lunch Procedures/Expectations

TRANSPORTATION GUIDELINES

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.

6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

HEALTH & SAFETY

Immunization, Health, Eye and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second and sixth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18

months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess an epinephrine injector (EpiPen®) and/or an asthma inhaler prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector and/or asthma inhaler, or the storage of any medication by school personnel. Students who are diabetic may also self-carry and self-administer diabetic testing supplies and insulin.

Students who are diabetic must also have a Diabetes Care Plan on file with the school.

Designated Caregiver Administration of Medical Cannabis The Compassionate Use of Medical Cannabis Pilot Program Act allows a parent/guardian of a student who is a minor to register with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer

medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:

1. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
2. Copies of the registry identification cards are provided to the District; and
3. That student's parent/guardian completed, signed, and submitted a School Medication Authorization Form

Medical Cannabis. Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

After administering the product to the student, the designated caregiver shall immediately remove it from school premises or the school bus. The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Any bullying or intimidation outside of school hours should be report to the Local Law Enforcement Agency.

Prevention of and Response to Bullying, Intimidation, and Harassment

Prevention of and Response to Bullying, Intimidation, and Harassment¹

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. 3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance;
or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.

Unless

- otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals..

22. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
23. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school

voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Student Use of Electronic Devices

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, smart phone, audio or video recording device, personal digital assistant (PDA), ipod®, ipad®, laptop computer, tablet computer or other similar electronic device. Pocket pagers and other paging devices

are not allowed on school property at any time, except with the express permission of the building principal.

During instructional time, which includes class periods and passing periods, electronic devices must be kept powered-off and out-of-sight unless: (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in a student's individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Students are allowed to use electronic devices during non-instructional time, which is defined as before and after school and during the student's lunch period.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting).

The school and school district are not responsible for the loss, theft or damage to any electronic device brought to school.

Students in violation of this procedure are subject to the following consequences:

- First offense – The device will be confiscated by school personnel. A verbal warning will be assigned. The student will receive the device back at the end of the day in the school office.
- Second offense – The device will be confiscated. A detention will be assigned. The student's parent/guardian will be notified and required to pick up the device in the school office.
- Third offense – The device will be confiscated. A detention will be assigned. The student's parent/guardian will be notified and required to pick up the device in the school office. Additionally, the student will be prohibited from bringing the device to school for the next 10 school days. If the student is found in possession of the device during this 10-day period, the student will be prohibited from bringing the device to school for the remainder of the school year. The student will also face consequences for insubordination.
- Fourth and subsequent offense – The device will be confiscated. The student will be assigned a detention and will be prohibited from bringing the device to school for the remainder of the school year. The student's parent/guardian will be notified and required to pick up the device in the school office. The student will also face consequences for insubordination.

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district’s policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Detention

The future and the success of our educational system depend on how well our school maintains its reasonable standards of student discipline. The classroom teacher will handle minor discipline problems. If these “common” infractions cannot be handled in the classroom setting, before or after school, the student will be given a detention. The detention system is used after all other approaches have been exhausted. The student will be given a 30-minute detention after school (3:15-3:45 p.m.). A detention may be served the day following the incident so that transportation may be arranged. If a student misses an assigned detention, (s) he will receive an in-school suspension.

General School Rules

1. When the class begins, students will be in their desks with paper, pencils, and books, ready to learn.
2. Students will complete all assignments on time.
3. Students will raise their hands and wait for permission to speak.
4. Students will respect themselves, their classmates, teachers, staff, and administration.
5. Students will respect other people’s property as well as the school facility.
6. Students will show good manners and not support or participate in inappropriate behavior and activities.

Individual teachers may have additional rules students must adhere to.

General Offenses

1. Engaging in "horseplay" or rowdy behavior including but not limited to pushing, shoving, throwing object or excessive noise.
2. Attending classes without required materials.
3. Failure to participate in class activities.
4. Failure to comply with classroom rules and regulations
5. Improper dress that may disrupt the educational process.

Flagrant or continued violation of conduct standards shall constitute a good and sufficient reason for suspension from classes.

Serious Offenses

1. Striking or fighting with another student.
2. Use of abusive language including profanity
3. Defiant or disrespectful behavior toward authority.
4. Bullying or harassing another student.
5. Leaving assigned class without permission.
6. Violation of safety rules or regulations.

7. Continuous disruptive classroom behavior.
8. Truancy.
9. Failure to abide by corrective measures.
10. Conduct unbecoming a student.
11. Unmodified and persistent behavior as listed above.

A student in violation of one of these offenses may be suspended from school for a period not to exceed ten (10) days.

Severe Clause

1. When misconduct, misbehavior, and/or language warrants more serious and/or immediate disciplinary consequences, the administration will take appropriate action, which can include suspension.
2. When a student's misbehavior causes an accumulation of excessive disciplinary consequences more serious and severe disciplinary action may be taken.
3. Any student receiving a severe clause will be disciplined in accordance with the rules covering the disciplinary sections of the student handbook.

Gross Disobedience or Misconduct

1. Threatening or striking a school employee.

4. Theft.
5. Possession of a weapon.
6. False fire alarm or bomb threat.
7. Setting a fire or using an explosive.
8. Any other misbehavior or misconduct serious enough to warrant severe disciplinary actions.

Any one of the above violations may be cause for suspension and/or expulsion from school.

Disciplinary Procedures

1. Verbal warning
2. Send home detention notice and 30 minute detention.
3. Send home detention notice, 30 minute detention, and office referral.
4. Referral to office along with detention notice and 30 minute detention. A conference with the teacher, student, parents and the principal will take place before the student is allowed back in class.
5. If circumstances warrant, a detention will be issued immediately.
6. Serious infractions or gross misconduct will be dealt with by the teacher and referred to the office/principal immediately for disciplinary action.

Every student will periodically be taught by a substitute teacher. The most common reason for using substitute teachers occur when the regular teacher is ill. However, substitutes are also used when regular teachers are on leave for personal business, professional training, or

family emergency. Students are expected to be extra courteous to substitute teachers.

Students are expected to exhibit acceptable standards of behavior at all times and will be disciplined by staff members outside of the regularly scheduled classes as well. This includes, but is not limited to, before and after school, in between classes, recess, cafeteria, bus trips, and any other school situation. Students attending school sponsored events are subject to the same rules and regulations as apply during school hours. Disciplinary measures will vary with the infraction and the situation.

At the end of each grading period the students will start with a clean record with each teacher and the process starts over. A student will **NOT** receive a separate verbal warning for each infraction.

A teacher giving a detention will make arrangements to keep the student after school from 3:15-3:45 P.M. If agreed to by the teacher, parents, and administration, other arrangements may be made in fulfilling detention time. Any student not serving the detention when assigned will be assigned an in school suspension the following day.

Disciplinary action will be determined by the offense. Continuous disciplinary referrals for the same offense will result in in-school suspensions or out-of-school suspensions. The teachers and administrator will continue to confer with the parents and guardians to try and improve the behavior. Any student who does not show up for scheduled consequence with the teacher will have their consequence doubled and be referred to the office with a completed office referral form... Example: One detention will become two detentions. As in the past, any students with an individual behavioral plan as part of an Individual Education Plan (IEP) will follow their specific plan.

Temporary Removal from Class

At times, teachers find it necessary to send students out of class for disruptive behavior. If a student is removed from the classroom area, the teacher must find a way to supervise them or they should report immediately to the office. The teachers may notify the office through the intercom system. If sent to the office by the teacher, the student must report directly to office personnel. Depending upon the nature of the disruptive behavior, the student may be suspended from class, assigned a detention, or suspended from school. His/her parents will be informed. An office referral form must be completed by the teacher when a student is removed from class and sent to the office.

In School Suspension

In-School suspension is an internal suspension that removes the student from the classroom and all school activities for a period of time not to exceed ten school days. Students will be given credit for work completed during this time.

Out of School Suspension

Out of school suspension is an external suspension that removes the student from school and all school activities for a period of time not to exceed ten school days. Students are still required to complete missing assignments with 2 days of returning to school. Students will

be given 50% for daily work completed during the suspension. All work must be completed when the student returns to school, unless prior arrangements have been made with the teacher and the administration. A student is not to be on school grounds, attend or participate in any school activity during an out of school suspension.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Expulsion

Only a Board of Education can expel a student after providing an impartial hearing. The student will be granted procedural due process hearing. Expulsion shall take place only after the parents have been notified by certified mail to appear at a meeting of the Board of Education to discuss their child's behavior. The Board, at such a meeting, shall state the reasons for dismissal and the date on which the expulsion is to become effective. A pupil may be readmitted to school after expulsion only by official action of the Board of Education. Reinstatement shall occur only after a parental conference involving appropriate school personnel. An expulsion shall prohibit the student from attending school for the designated period assigned. Expulsion hearings may be called for by the administration for but not limited to the following types of Infractions:

- a. Gross misconduct or misconduct for which suspension has not been an adequate remedy.
- b. Any act that endangers the health and welfare of the staff or student population.
- c. Repeated occurrences of inappropriate behavior.
- d. Bomb threat

Due Process – Student Rights

To ensure that the student receives fair treatment consistent with the fundamental requirements of due process, student suspensions or recommendations for expulsion are made in accordance with the following procedures for out-of-school suspensions:

A student must be given the opportunity to present information on his/her own behalf prior to suspension. The suspension shall be reported immediately by phone to the parent or guardian of each suspended student and to the Board of Education through the Superintendent of Schools. The report to the parents shall be made by letter through the U.S.

mail. A copy of this letter will be sufficient notification to all others. The suspension will begin immediately unless a formal appeal has been made to the appropriate administrator.

The suspension letter shall give full statement of the reasons for the suspension and notice to the parents or guardian of their right to review.

The procedure for review, if requested, shall be as follows:

- All requests for review shall be made by the parent or guardian within ten days after receipt of "Notice of Suspension" and shall be made to the person ordering the suspension.
- The parent or guardian requesting the review shall appear and discuss the suspension with the Board of Education or a Board-appointed Hearing Officer. Hearings shall be heard within ten days after receipt of the request for review.
- Thereafter, if a hearing officer is used, they shall report to the Board, by written summary, the evidence heard at the meeting.
- Upon request of the report, the Board may take such action as it finds appropriate. Hearings thereon shall be held in executive session for the protection of the student involved.

A student shall be reinstated after suspension by the Principal or his/her representative only. Further continuance of school is contingent upon the conduct of the student being consistent with that which is expected of good school citizens. Reinstatement may occur only after a parental conference involving appropriate school personnel.

TECHNOLOGY

Internet Acceptable Use

All use of electronic network use must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

1. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;

Leadership: We foster every student's unique capacity to lead and improve society through active discourse, student-driven initiatives, and service to others.

Technology Use in Graymont Grade School

The integration of 1-to-1 technology in a school requires a high degree of parent-faculty collaboration in setting clear, developmentally appropriate boundaries for students, with a commitment to cultivating open and honest lines of communication about difficult subjects. In our 1-to-1 environment, both at home and at school, there must be an understanding that students are developing self-regulation and decision-making skills.

The right balance of technology emphasizes both the affective and cognitive development of students. The value of an educational experience for students develops when technology enhances collaboration and exploration of subject matter and when it encourages a multifaceted approach to instruction and understanding. The purpose of all technology use in school is to support healthy, developmentally appropriate academic, social, and emotional growth of students in grades 5-8.

Graymont Grade School makes every effort to equip parents with the necessary tools and information to ensure safe use of laptops away from campus.

Parents/guardians assume primary responsibilities for:

ATHLETICS & EXTRA CURRICULAR ACTIVITIES

Athletic Rules & Code of Conduct

This Extracurricular and Athletic Activities Code of Conduct¹ applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade.

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association's "Pre-Participation Physical Examination Form."
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Proof the student is covered by medical insurance.
4. A signed agreement by the student not to ingest or otherwise use any drugs on the IHSA's most current banned substance list (without a written prescription and medical documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student's parent/guardian agreeing to IHSA's Performance-Enhancing Substance Testing Program.
5. A signed agreement by the student and the student's parent/guardian authorizing compliance with the School District's Extracurricular Drug and Alcohol Testing Policy; and
6. Signed documentation agreeing to comply with the School District's policies and procedures on student athletic concussions and head injuries.

Illinois Elementary School Association

Eligibility for most athletics is also governed by the rules of the Illinois Elementary School Association and, if applicable, these rules will apply in addition to this Extracurricular and Athletic Activities Code of Conduct. In the case of a conflict between IHSA and this Code, the most stringent rule will be enforced.

Academic Eligibility

Selection of members or participants in extracurricular and athletic activities is at the discretion of the designated teachers, sponsors, and coaches. In order to be eligible to participate in extracurricular and athletic activities, a student must maintain an overall 2.0 grade point average. Any student failing to meet academic requirements will be suspended from the sport or activity for 7 calendar days or until all academic requirements are met, whichever is longer.

Absence from School on Day of Extracurricular or Athletic Activity

A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach for justifiable reasons, including: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event. A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension. A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor or coach.

Travel

All students must travel to extracurricular and athletic activities and return home from such activities with his or her team by use of school approved transportation. A written waiver of this rule may be issued by the teacher, sponsor or coach in charge of the extracurricular or athletic activity upon advance written request of a student's parent/guardian and provided the parent/guardian appears and accepts custody of the student. Oral requests will not be honored and oral permissions are not valid

Drug and Alcohol Testing Program

The School District maintains an extracurricular and athletic drug and alcohol testing program in order to foster the health, safety, and welfare of its students. Participation in extracurricular and athletic activities is a privilege and participants need to be exemplars. The program promotes healthy and drug-free participation.

Each student and his or her parent/guardian must consent to random drug and alcohol testing in order to participate in any extracurricular or athletic activity. Failure to sign the School District's "Consent to Participate in Extracurricular Drug and Alcohol Testing Program" form will result in non-participation.

If a test is positive, the student may not participate in extracurricular or athletic activities until after a follow-up test is requested by the building principal or designee and the results are reported. The building principal or designee will request a follow-up test after such an interval of time that the substance previously found would normally be eliminated from the body. If this follow-up test is negative, the student will be allowed to resume participation in extracurricular and athletic activities. If a positive result is obtained from the follow-up test, or any later test, the same previous procedure shall be followed.

No student shall be expelled or suspended from school as a result of any verified positive test conducted under this program other than when independent reasonable suspicion of drug and/or alcohol usage exists. This program does not affect the School District policies, practices, or rights to search or test any student who at the time exhibits cause for reasonable suspicion of drug and/or alcohol use.

Athletic Code of Conduct

This Code of Conduct applies to all school-sponsored activities that are neither part of an academic class nor otherwise carry credit or a grade. This Code of Conduct will be enforced 365 days a year, 24 hours a day.

This Code does not contain a complete list of inappropriate behaviors for students in extracurricular athletic activities. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations and a student may be excluded from sports or activities while the school is conducting an investigation regarding that student's conduct.

Students and their parents/guardians are encouraged to seek assistance from the student assistance program regarding alcohol or other drug problems. Family-referrals or self-referrals will be taken into consideration in determining consequences for Code of Conduct violations.

The student shall not:

1. Use a beverage containing alcohol (except for religious purposes);
2. Use tobacco in any form;
3. Use, possess, buy, sell, barter, or distribute any illegal substance (including mood-altering and performance enhancing drugs or chemicals) or paraphernalia;
4. Use, possess, buy, sell, barter, or distribute any object that is or could be considered a weapon or any item that is a look alike weapon. This prohibition does not prohibit legal use of weapons in cooking and in sports, such as archery, martial arts practice, target shooting, hunting, and skeet;
5. Attend a party or other gathering and/or ride in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors;
6. Act in an unsportsmanlike manner;
7. Vandalize or steal;
8. Haze or bully other students;
9. Violate the written rules for the activity or sport;
10. Behave in a manner that is detrimental to the good of the group or school;
11. Be insubordinate or disrespectful toward the activity's sponsors or team's coaching staff;
12. Falsify any information contained on any permit or permission form required by the activity or sport.
13. Violate the school rules and district policies on student discipline;

Hazing is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. Bullying is any physical or verbal act or conduct that has or can be reasonably predicted to place a student in reasonable fear of harm; cause a detrimental effect on a student's physical or mental health; interfere with a student's academic performance; or interfere with a student's ability to participate in or benefit from school activities.

Due Process Procedures

Students who are accused of violating the Code of Conduct are entitled to the following due process:

1. The student should be advised of the disciplinary infraction with which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.
5. The administrator, with the help of other staff members if needed, may interview material witnesses or others with evidence concerning the case.
6. If the administrator finds, after reviewing the evidence, that the violation occurred, he or she will impose sanctions on the student, as follows:
 - a. Sanctions for violations other than drug and alcohol will be based on the nature of the offense and the number of offenses, and may include suspension from all sports or activities for one of the time periods described below:
 - A specified period of time or percentage of events, competitions, or practices;
 - The remainder of the season or for the next season; or
 - The remainder of the student's school career.
 - b. Sanctions for alcohol and other drug violations will be based on the following:
 - c. First violation
 - Use, possession, buying, selling, bartering, or distributing: A suspension of one third of the total number of performances, activities, or competitions or the remainder of the season, whichever is shorter. This penalty will be reduced if the student successfully completes a school-approved chemical awareness program.
 - Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed: A suspension of one sixth of the total number of performances, activities or competitions, or the remainder of the season, whichever is shorter.
 - The student will be required to practice with the group, regardless of the violation (unless suspended or expelled from school).
 - d. Second violation
 - Use, possession, buying, selling, bartering, or distributing: A suspension of 12 weeks or 1 season, including suspension from all performances, activities, or competitions during this period. To participate again in any activities, the student must successfully participate in and complete a

school-approved alcohol and other drug abuse assessment and follow all recommendations from that assessment.

- Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed: A suspension of one third of the season and all extracurricular group performances, activities, or competitions during this period.
- The student may be required to practice with the group (unless suspended or expelled from school).

e. Third violation

- Use, possession, buying, selling, bartering, or distributing: A suspension from extracurricular activities for the remainder of the student's school career.
- Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed: A suspension of one calendar year from the date of the suspension, including all extracurricular activities during this period.

7. The administrator will make a written report of his or her decision and rationale. The student may appeal the decision to the building principal. All students remain subject to the district's student discipline policy and/or the school's student handbook and the disciplinary measures listed in them.

Attendance at School Dances

Attendance at school-sponsored dances is a privilege.

Only students who attend the school may attend school-sponsored dances, unless the principal or designee approves a student's guest in advance of the event. A guest must be "age appropriate," defined as enrolled in fifth through eighth grade. All school rules, including the school's discipline code and dress code are in effect during school-sponsored dances. Students who violate the school's discipline code will be required to leave the dance immediately and the student's parent/guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code.

Student Athlete Concussions and Head Injuries

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition. STUDENTS WITH DISABILITIES

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

Behavioral Intervention Policy for Students with Disabilities

It is the purpose of this document to outline the policy of Graymont Grade School relative to the use of behavioral interventions with students with disabilities. The fundamental principle of this policy is that non-aversive or positive interventions designed to develop and strengthen desirable behaviors shall be used to the maximum extent possible and are preferable to the use of aversive and restrictive interventions.

The use of positive interventions is consistent with the educational goals of enhancing students' academic, social and personal growth. While positive approaches alone may not always succeed in controlling extremely inappropriate behavior, the use of more restrictive procedures should always be considered to be temporary and approached with caution and restraint. The use of restrictive interventions should maintain respect for the individual student's dignity and personal privacy and adhere to professionally accepted treatment practices. All of the procedural protection available to students with disabilities and their parents under the Individuals with Disabilities Education Act (IDEA), including notice and consent, opportunity for participation in meetings, and right to appeal, shall be observed when implementing and/or developing behavioral interventions.

It is the intent of Graymont Grade School that interventions used with a student with disabilities will incorporate procedures and methods consistent with generally accepted practice in the field of behavioral interventions. Interventions that are considered non-restrictive are preferred because of the low risk of negative side effects and the high priority placed on behavior change rather than behavior control. These interventions may be used without the development of a written Behavioral Management Plan or inclusion in the student's Individual Education Program (IEP).

Interventions that are considered restrictive may be appropriate during emergency situations or when less restrictive interventions have been attempted and failed. Restrictive interventions shall be used for the minimal amount of time necessary to control the individual's behavior and shall be used in conjunction with positive interventions designed to strengthen appropriate behaviors. Corporal punishment and expulsion with loss of services are illegal interventions and shall not be used. When confronted with an emergency situation in which immediate intervention is needed to protect students, other individuals, or the physical site from harm, school personnel may use an intervention that has not been delineated in the student's Behavior Management Plan. The emergency intervention selected shall be the least intrusive to reasonably respond to the situation. When an emergency intervention has been used with a student, the parents or guardians of the student will be notified as soon as possible. In addition, details related to the use of the emergency intervention will be documented.

Graymont Grade School shall maintain a Repose to Intervention Committee to implement the district policy on the use of Academic and Behavioral Interventions. In addition, this committee shall monitor the use of restrictive interventions with students with disabilities.

This policy has been developed based on a review of the document entitled “Behavioral Interventions in Schools” Guidelines for Development of District Policies for Students with Disabilities”. This document was prepared by the Illinois State Board of Education and is dated June 30, 1994. A copy of these guidelines may be requested from the Illinois State Board of Education, 100 N. First St., Springfield, IL 62777-0001.

Copies are also available from Livingston County Special Services Unit, 920 Custer Avenue, Suite A, Pontiac, IL 61764

Special Education Exemption From Physical Education Requirement

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored,

except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.
The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

Internet Acceptable Use Policy

Dear Parents/Guardians:

Our Rooks Creek CCSD 425 has the ability to enhance your child's education through the use of electronic networks, including the Internet. Our goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication. Students and their parents/guardians need only sign this *Authorization for Electronic Network Access* once while the student is enrolled in the Rooks Creek Community Consolidated School District 425.

The district *filters* access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate in the school setting. If a filter has been disabled or malfunctions, it is impossible to control all materials, and a user may discover inappropriate content. Ultimately, parents/guardians are responsible for setting and conveying the standards that their child or ward should follow, and the Rooks Creek CCSD 425 respects each family's right to decide whether or not to authorize Internet access.

With this educational opportunity also comes responsibility. The use of inappropriate material or language, or violation of copyright laws, may result in the loss of the privilege to use this resource. Remember that you are legally responsible for your child's actions. If you agree to allow your child to have an Internet account, sign the *Authorization* form below and return it to your school.

I have read this *Authorization* form. I understand that access is designed for educational purpose and that the district has taken precautions to eliminate controversial material. However, I also recognize that the district can't restrict access to all controversial and inappropriate materials. I will hold harmless the district, its employees, agents, or board members for any harm caused by materials or software obtained via the network. I accept full responsibility for supervision if and when my child's use is not in a school setting. I have discussed the *Acceptable Use of Electronic Networks* with my child. I hereby request that my child be allowed access to the district's electronic network, including the Internet.
