UPDATED APRIL 2021

ASK.FM

ASK.FM is known for cyber bullying. The app encourages users to allow anonymous people to ask them questions.

DISCORD

DISCORD is an app that allows users to talk to friends or strangers in real-time via voice, text, or video chat while playing video games. Reviewers say they have been confronted with racial slurs, explicit content, cyberbullying, and more.

KIK

KIK allows anyone to contact and direct message your child. Kids can bypass traditional text messaging features. KIK gives users unlimited access to anyone, anywhere, anytime.

SNAPCHAT

SNAPCHAT is one of the most popular apps in recent years. While the app promises users can take a photo/video and it will disappear, new features including "stories" allows users to view content for up to 24 hours. Snapchat also allows users to see your location.

BADDOO

BADDOO is a dating and social networking app where users can chat, share photos and videos and connect based on location. While the app is intended for adults only, teens are known to create profiles.

GRINDER

GRINDER is a dating app geared towards LGBTQ+ people. The app gives users options to chat, share photos and meet up based on a smart phone's GPS location.

LIVE.ME

LIVE.ME is a live-streaming video app that uses geolocation to share videos so users can find out a broadcaster's exact location. Users can earn "coins" as a way to "pay" minors for photos.

TIKTOK

TIKTOK is a mobile device app popular with kids used for creating and sharing short videos. With very limited privacy controls, users are very vulnerable to cyber bullying and explicit content.

BUMBLE

BUMBLE is similar to the popular dating app "Tinder" however, it requires women to make the first contact. Kids have been known to use BUMBLE to create fake accounts and falsify their age.

HOLLA

HOLLA is a self-proclaimed "addicting" video chat app that allows users to meet people all over the world in just seconds. Reviewers say they have been confronted with racial slurs, explicit content, and more.

MEETME

MEETME is a dating social media app that allows users to connect with people based on geographic proximity. As the app's name suggests, users are encouraged to meet each other in person.

WHATSAPP

WHATSAPP is a popular messaging app that allows users to send texts, photos, voicemail, make calls, and video chats worldwide. WHATSAPP uses an internet connection on smartphones and computers.

CALCULATOR%

CALCULATOR% is only one of SEVERAL secret apps used to hide photos, videos, files, and browser history.

HOT OR NOT

HOT OR NOT encourages users to rate your profile, check out people in their area, and chat with strangers. The goal of this app is to hook up.

SKOUT

SKOUT is a location-based dating app and website. While users under 17 years old are unable to share private photos, kids can easily create an account using a different age.

WHISPER

WHISPER is an anonymous social network that promotes sharing secrets with strangers. It also reveals a user's location so people can meet up.
