

UNLEASH YOUR GIFTS AND TALENTS

SOUTH SEMINOLE
ACADEMY
OF
LEADERSHIP, LAW & ADVANCED STUDIES

**Curriculum Guide | 2022
2023**

Principal's Welcome

I continue to be honored and excited to be a member of the Hurricane Family.

As your principal, I look forward each day to strengthening the relationships that I have begun building with all our wonderful students, families, teachers, and talented staff. I embrace the opportunity to collaborate with you on a journey to continue serving the students and families of the South Seminole community.

We will continue our commitment to helping ALL leaders develop their intellectual capacity, academic skills, and social competence so that they will be prepared to effectively negotiate the demands associated with living in an ever-changing 21st century. Beyond the rigors of their academic program, it is our aim to instill within each student the essential principles of pride, respect, and responsibility so that they will become productive and contributing members of our increasingly global society.

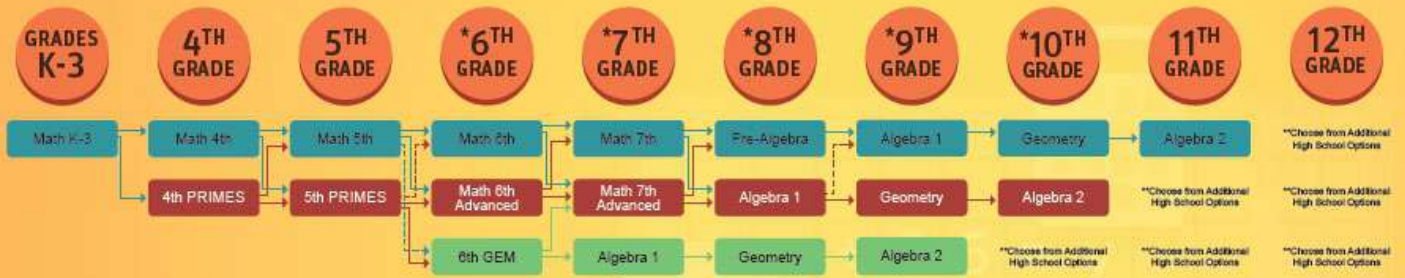

High expectations, which have been established by our qualified and dedicated staff, will be maintained while also providing a safe and nurturing student-centered community that fosters respect for individual differences. At SSA, we will strive to make the learning process a positive and rewarding experience while maintaining a desire to develop a generation of inquisitive young people who will become lifelong learners in their various pursuits of excellence. ***Our leaders' mantra is to STORM... Strive for Success, Take Responsibility, Opt to Lead, Respect Others and Make Good Choices***

Dr. Mia Coleman

Principal, South Seminole Academy of Leadership, Law & Advanced Studies

MATH PROGRESSION KINDERGARTEN THROUGH GRADE 12

----- Variations in course pathways available.

*Additional Math Support Courses

Additional math support courses are available for those students in grades 6-10 who need additional assistance.

**High School Options

Additional Courses	Advanced Placement	Dual Enrollment
Analysis of Functions	AP Calculus (AB)	College Algebra
Trigonometry	AP Calculus (BC)	Trigonometry
Probability and Statistics	AP Statistics	Differential Equations
Pre-Calculus		Calculus 3
Calculus Honors		
Math for College Readiness (MCR)		

NOTE: Math course options and prerequisites may vary based on location. Please check with your child's school for a complete list of additional math courses offered.

Academic Path Options

South Seminole Academy offers two Academic Paths: Traditional Academic Path, and SCPS Pre-IB Path.

Please see below for a layout of required classes for each Academic Path.

6th Grade	Traditional Academic Path	SCPS Pre-IB Path
1	Math 1 standard, Math 1 Adv, OR GEMS (YR)	Math 1 Adv, OR GEMS (YR)
2	Language Arts standard 1 OR Language Arts 1 Adv (YR)	SCPS Pre-IB Language Arts 1 (YR)
3	Comprehensive Science 1 standard (YR)	SCPS Pre-IB Comprehensive Sci 1 Adv (YR)
4	World History standard (YR)	SCPS Pre-IB World History Adv (YR)
5	Leaders for Life (s) & iJourney (s)	Leaders for Life (s) & iJourney (s)
6	PE (s) & <i>one (s) elective</i>	PE (s) & World Language 1 (s)
7	<i>one (YR) elective or two (s) electives</i>	<i>one (YR) elective or two (s) electives</i>

SCPS Pre-International Baccalaureate Preparatory Program Overview

The Seminole County Public School Pre-International Baccalaureate Program (SCPS Pre-IB Prep) provides a rigorous and extensive course of study in math, science, world language, social studies, and language arts with an emphasis on independent study, in-depth learning, and accelerated curriculum requirements.

The program is specifically designed for highly motivated students and provides the opportunity to develop knowledge, creativity, and academic skills through participation in advanced studies. The SCPS Pre-IB Prep classes offer more in-depth study and rigor. Students are expected to perform at higher levels, continuously challenging themselves. Student motivation, commitment to hard work, and interest are important factors in a student's success. Therefore, it is possible for a less-prepared student with a support system that encourages academics to do well in these courses.

At South Seminole Academy, we encourage any and all students who want to challenge themselves academically to seriously consider entering the SCPS Pre-IB Prep Program.

A. ACADEMIC PERFORMANCE

Students participating in the SCPS Pre-International Baccalaureate Preparatory Program are expected to maintain a 3.0 G.P.A. for each nine-week grading period. If a student earns less than a 3.0 average on a nine-week grade report, a conference will be convened with parents, counselor, and the student's teachers to find ways to implement strategies to assist the student with his/her studies. Every effort will be made to support students in the successful completion of the program.

B. ATTENDANCE

Due to the high correlation between attendance and school success, the accelerated demands of the SCPS Pre-IB Preparatory Program make regular attendance vital.

C. APPROPRIATE BEHAVIOR

SCPS Pre-IB Preparatory students are required to follow middle school policies and rules as stated in the Seminole County Public Schools Student Conduct and Discipline Code.

Academic Course Descriptions

6th Grade

Traditional Coursework

Language Arts 1 **Grade 6** **Year**

The sixth-grade language arts curriculum integrates the study of grammar usage, mechanics, spelling, vocabulary, public speaking, and literature. Reading skills will be reinforced through fiction, nonfiction, poetry, and drama. Students will enhance writing skills through expressive/narrative, informative and argumentative writing. Oral communication skills will be practiced through formal and informal speeches.

Advanced Language Arts 1 **Grade 6** **Year**

The advanced language arts curriculum in sixth grade is designed to be fast-paced for those students who are reading and writing at or above grade level, and who enjoy the many facets of language arts. An integral part of the curriculum is the utilization of a wide range of writing and sequential vocabulary development activities that emphasize reading of fiction and non-fiction.

Mathematics 1 **Grade 6** **Year**

Students will: Develop an understanding of and fluency with multiplication and division of fractions and decimals, ratios, rates, estimation, equivalent forms for decimals, fractions and percentages. Write, solve and graph one and two step equations and inequalities as well as use tables, graphs, and equations to describe linear equations. Explore the measurements of composite two-dimensional figures and volumes of rectangular prisms. Determine and use measures of central tendency and variability to analyze data sets.

Advanced Mathematics 1 **Grade 6** **Year**

All topics in Mathematics I are included in Mathematics I, Advanced. In addition, students will: Develop an understanding of and apply proportionality to solve problems involving percent's. Apply formulas to determine surface areas and volumes of three-dimensional shapes including pyramids, prisms, cylinders, and cones. Develop an understanding of operations involving integers and other rational numbers, as well as solving linear equations. Identify and plot ordered pairs in all four quadrants of the coordinate plane. After completion of this course, students may enroll in Grade 7 Mathematics Advanced. Enrollment in sixth grade advanced mathematics is open to any student. Some indicators of student success are FSA Mathematics and Reading scores and performance in previous mathematics courses. Student motivation, a commitment to hard work, and interest are important factors in a student's success.

GEM Math **Grade 6** **Year**

Prerequisite: 5th Grades PRIMES is recommended. This rigorous course combines content from 6th, 7th, and 8th grades in order to prepare students to be successful in Algebra I Honors in 7th grade. Due to the quantity and rigor of material that students must learn for success in Algebra I Honors, students will be expected to complete additional assignments and coursework outside of the classroom on the computer. This work will be completed using a "virtual bridge" that provides computer-based instruction and assessment that the teacher will integrate into work completed in the classroom.

Comprehensive Science 1 **Grade 6** **Year**

Beginning in the 2017-2018 school year, 6th graders will take a revised science course that has been designed to support understanding through big ideas in science. While still based on the Next Generation Sunshine State Standards for Science, this course will allow students to learn content across six interconnected units that will build throughout middle school. The major concepts covered during 6th grade Comprehensive will be: *Atoms and Molecules, Classification of Organisms, Ecosystems, Plate Tectonics, The Geosphere and Cryosphere, and Our Solar System*. The class will be supported by digital content as well as hands-on, cooperative, and literacy-based activities.

World History **Grade 6** **Year**

The sixth-grade social studies curriculum consists of the following content area strands: World History, Geography, Civics, and Economics. The primary content for this course pertains to the world's earliest civilizations through the ancient and classical civilizations of Africa, Asia, and Europe. Students will be exposed to the multiple dynamics of world history including economics, geography, politics, and religion/philosophy. Students will study methods of historical inquiry and primary and secondary historical documents.

Academic Course Descriptions

6th Grade

Seminole County Public Schools Pre-IB Prep Program

SCPS Pre-IB Prep Language Arts Grade 6 Year

The SCPS Pre-IB Prep language arts curriculum is advanced and accelerated. Sequential vocabulary development continues with emphasis on identifying those skills necessary for standardized tests. Poetry will be the focal genre. Students may be asked to create a portfolio that contains their own poems and their studies of poetry techniques and various poets' artistry, as well as a collection of their own writing. Writing coherent, more detailed paragraphs will continue as the essay is introduced. Students concentrate on grammar, usage and mechanics while writing and editing their own work. Reading for pleasure and information is essential to all areas of the language arts skills development; therefore, extra reading outside class is a requirement for this subject. Enrollment is open to any student. Some indicators of whether a student should take this course are FSA reading scores, previous Language Arts performance and/or teacher recommendation. Student motivation and interest are important factors in a student's success.

Advanced Mathematics 1 Grade 6 Year

All topics in Mathematics I are included in Mathematics I, Advanced. In addition, students will: Develop an understanding of and apply proportionality to solve problems involving percent's. Apply formulas to determine surface areas and volumes of three-dimensional shapes including pyramids, prisms, cylinders, and cones. Develop an understanding of operations involving integers and other rational numbers, as well as solving linear equations. Identify and plot ordered pairs in all four quadrants of the coordinate plane. After completion of this course, students may enroll in Grade 7 Mathematics Advanced. Enrollment in sixth grade advanced mathematics is open to any student. Some indicators of student success are FSA Mathematics and Reading scores and performance in previous mathematics courses. Student motivation, a commitment to hard work, and interest are important factors in a student's success.

GEM Math Grade 6 Year

Prerequisite: 5th Grade PRIMES is recommended
This rigorous course combines content from 6th, 7th, and 8th grades in order to prepare students to be successful in Algebra I Honors in 7th grade. There is emphasis on strengthening and developing skills and concepts necessary for success in Algebra 1 or Algebra I Honors. This course is fast-paced and rigorous. Students who are successful in this program have the opportunity to be eligible for Geometry in the eighth grade.

SCPS Pre-IB Comprehensive Science Grade 6 Year

Beginning in the 2017-2018 school year, 6th graders will take a revised science course that has been designed to support understanding through big ideas in science. While still based on the Next Generation Sunshine State Standards for Science, this course will allow students to learn content across six interconnected units that will build throughout middle school. The major concepts covered during 6th grade Comprehensive will be: *Atoms and Molecules, Classification of Organisms, Ecosystems, Plate Tectonics, The Geosphere and Cryosphere, and Our Solar System*. The class will be supported by digital content as well as hands-on, cooperative, and literacy-based activities. Students in Advanced and Gifted classes will be provided opportunities to dive deeper into the content and to make even more connections across science and with other disciplines.

SCPS Pre-IB Prep World History Grade 6 Year

The sixth-grade social studies curriculum consists of the following content area strands: World History, Geography, Civics, and Economics. The primary content for this course pertains to the world's earliest civilizations through the ancient and classical civilizations of Africa, Asia, and Europe. Students will be exposed to the multiple dynamics of world history including economics, geography, politics, and religion/philosophy. Students will study methods of historical inquiry and primary and secondary historical documents. Some indicators of whether a student should take this course are FCAT reading scores, previous Language Arts performance and/or teacher recommendation. Student motivation and interest are important factors in a student's success.

Academic Course Descriptions

7th Grade

Traditional Coursework

Language Arts 2

Grade 7

Year

The seventh-grade language arts curriculum consists of literature, composition, grammar, spelling, and vocabulary. Reading skills will be reinforced through fiction, nonfiction, poetry, and drama with an emphasis on poetry. Students continue to build writing skills through expository and argumentative writing, literary response journals, and practice their oral communication skills through formal and informal speeches.

Advanced Language Arts 2

Grade 7

Year

The advanced language arts curriculum in seventh grade is designed to be fast-paced for those students who are reading and writing at or above grade level. The curriculum consists of literature, composition, grammar, spelling, and vocabulary. Reading skills will be reinforced through fiction, nonfiction, poetry, and drama. A wide range of writing activities that emphasize critical thinking and analysis of a novel are included. Students practice their oral communication skills through formal and informal speeches.

Mathematics 2

Grade 7

Year

Students will develop an understanding of and apply proportionality, similarity, and formulas to determine surface areas and volumes of three-dimensional shapes including pyramids, prisms, cylinders, and cones. Develop an understanding of operations involving integers and other rational numbers, as well as solving linear equations. Identify and plot ordered pairs in all four quadrants of the coordinate plane and predict the results of transformations. Convert between customary and metric systems. Construct and analyze histograms, stem-and-leaf plots, and circle graphs. Determine, compare, and make predictions based on experimental and theoretical probability of independent and dependent events.

Advanced Mathematics 2 Pre-Algebra

Grade 7

Year

Prerequisite: 6th grade advanced math recommended

Students will develop an understanding of and apply proportionality, similarity, and formulas to determine surface areas and volumes of three-dimensional shapes including pyramids, prisms, cylinders, and cones. Identify and plot ordered pairs in all four quadrants of the coordinate plane and will predict the results of transformations. Determine, compare, and make predictions based on experimental and theoretical probability of independent and dependent events. Construct and analyze histograms, stem-and-leaf plots, and circle graphs. Analyze and represent linear functions and solve linear equations and systems of equations. Analyze two- and three-dimensional figures by using distance and angle relationships. Analyze and summarize data sets including box and whisker plots, scatter plots and lines of best fit.

Algebra 1 Honors 1 Weighted High School Credit

Grade 7

Year

Prerequisite: GEM

This course includes a rigorous, in-depth study of all the topics included in Algebra I, as well as absolute value equations and inequalities, operations with rational expressions, solving rational equations and characteristics of quadratic graphs.

Comprehensive Science 2

Grade 7

Year

Beginning in the 2017-2018 school year, 6th graders will take a revised science course that has been designed to support understanding through big ideas in science. While still based on the Next Generation Sunshine State Standards for Science, this course will allow students to learn content across six interconnected units that will build throughout middle school. The major concepts covered during 6th grade Comprehensive will be: *Atoms and Molecules, Classification of Organisms, Ecosystems, Plate Tectonics, The Geosphere and Cryosphere, and Our Solar System*. The class will be supported by digital content as well as hands-on, cooperative, and literacy-based activities.

Civics

Grade 7

Year

The seventh-grade social studies curriculum consists of the following content area strands: Civics, Geography, and Economics. The primary content for the course pertains to the principles, functions, and organization of government; the origins of the American political system; the roles, rights, responsibilities of United States citizens; and methods of active participation in our political system. The course is embedded with strong geographic and economic components to support civic education instruction.

Academic Course Descriptions

7th Grade

Seminole County Public Schools Pre-IB Prep Program

SCPS Pre-IB Prep Language Arts

Grade 7

Year

Seventh grade SCPS Pre-IB Prep Language Arts is a multi-faceted, academically rigorous course of instruction. The curriculum includes activities and instruction to improve reading comprehension, writing skills, communication skills, advanced grammar usage and vocabulary. Students' writing portfolios include samples of creative, expository, narrative, poetry, and drama formats. Genres studied are short story, drama, poetry, personal essay, biography, and the novel. Novels selected for class study require literary analysis and application of critical thinking skills. Independent and group projects are assigned for each class novel study. Requirements include multimedia presentations, easy formatted exams, extemporaneous speeches, technical research, and independent study. Reading for pleasure and information is essential to all areas of the language arts skills development; therefore, extra reading outside class is a requirement for this subject.

Advanced Mathematics 2

Grade 7

Year

Prerequisite: 6th grade advanced math

Students will: Develop an understanding of and apply proportionality, similarity, and formulas to determine surface areas and volumes of three-dimensional shapes including pyramids, prisms, cylinders, and cones. Identify and plot ordered pairs in all four quadrants of the coordinate plane and will predict the results of transformations. Determine, compare, and make predictions based on experimental and theoretical probability of independent and dependent events. Construct and analyze histograms, stem-and-leaf plots, and circle graphs. Analyze and represent linear functions and solve linear equations and systems of equations. Analyze two- and three-dimensional figures by using distance and angle relationships. Analyze and summarize data sets including box and whisker plots, scatter plots and lines of best fit.

Algebra 1 Honors

Grade 7

Year

1 Weighted High School Credit

Prerequisite: 6th grade advanced math

This course includes a rigorous, in-depth study of all the topics included in Algebra 1, as well as absolute value equations and inequalities, operations with rational expressions, solving rational equations and characteristics of quadratic graphs.

SCPS Pre-IB Prep Comprehensive Sci 2

Grade 7

Year

Beginning in the 2017-2018 school year, 7th graders will take a revised science course that has been designed to support understanding through big ideas in science. While still based on the Next Generation Sunshine State Standards for Science, this course will allow students to learn content across six interconnected units that will build from the content covered in 6th grade and will be developed further in 8th grade. The major concepts covered during 7th grade Comprehensive will be: *Cell Structure and Function, Homeostasis in Cells, Heredity, Weathering and Erosion, The Hydrosphere and Atmosphere, and Stars and Galaxies*. The class will be supported by digital content as well as hands-on, cooperative, and literacy-based activities. Students in Advanced and Gifted classes will be provided opportunities to dive deeper into the content and to make even more connections across science and with other disciplines.

SCPS Pre-IB Prep Civics

Grade 7

Year

The seventh-grade social studies curriculum consists of the following content area strands: Civics, Geography, and Economics. The primary content for the course pertains to the principles, functions, and organization of government; the origins of the American political system; the roles, rights, responsibilities of United States citizens; and methods of active participation in our political system. The course is embedded with strong geographic and economic components to support civic education instruction.

Academic Course Descriptions

8th Grade

Traditional Coursework

Language Arts 3

Grade 8

Year

The eighth-grade language arts curriculum consists of reading, composition, speech, media literacy, literature, and vocabulary development. Students will read a variety of genres (short stories, novels, drama, poetry, nonfiction) for content and meaning while practicing reading strategies. Students will enhance their writing skills through argumentative and informative/expository writing, producing a variety of finished products, including poems, summaries, reviews, and essays. Students will be expected to recognize occasion, audience, and purpose when speaking formally and informally.

Advanced Language Arts 3

Grade 8

Year

The advanced language arts curriculum in eighth grade is designed to move at a rigorous pace. Vocabulary is enhanced through analogies and writing usage. Students will read a variety of genres (short stories, novels, drama, poetry, nonfiction) for content and meaning while practicing reading strategies. Research will be conducted on the background of the poetry and literature to study, analyze, and interpret these works. Students will enhance their writing skills through argumentative and informative/expository writing, producing a variety of finished products, including poems, summaries, reviews, and essays. Essays will be critiqued based on criteria learned throughout the semester.

Mathematics 3- Pre-Algebra

Grade 8

Year

Students will analyze and represent linear functions and solve linear equations and systems of equations. Analyze two- and three-dimensional figures by using distance and angle relationships. Analyze and summarize data sets including box and whisker plots, scatter plots and lines of best fit. Compare, contrast, and convert between customary and metric systems. Solve one and two step inequalities with one variable. Perform operations on real numbers using multi-step and real-world problems.

Algebra 1 Honors 1 Weighted High School Credit

Grade 8

Year

Prerequisite: 7th grade advanced

This course includes a rigorous, in-depth study of all the topics included in Algebra I, as well as absolute value equations and inequalities, operations with rational expressions, solving rational equations and characteristics of quadratic graphs.

Geometry Honors 1 Weighted High School Credit

Grade 8

Year

Prerequisite: Algebra 1 Honors

This course includes a rigorous, in-depth study of all the practical applications of geometric skills and concepts in the real world, as well as, but not limited to, truth tables, vectors, Fibonacci sequence, coordinate geometry proofs, proofs involving circles and problems involving cross sections of solids.

Comprehensive Science 3

Grade 8

Year

A comprehensive science course that has been designed to support understanding through big ideas in science. Based on the Next Generation Sunshine State Standards for Science, this course will allow students to learn content across six interconnected units that will build from the content covered in 6th grade and 7th grades. The major concepts covered: *Rate of Change, Technology and Travel, All Spheres including Biosphere, Evolution, Organization of Organisms, Homeostasis in Humans*. The class will be supported by digital content as well as hands-on, cooperative, and literacy-based activities. Students in Advanced and Gifted classes will be provided opportunities to dive deeper into the content and to make even more connections across science and with other disciplines.

United States History

Grade 8

Year

Primary content emphasis for this course pertains to the study of American history from the Exploration and Colonization period to the Reconstruction Period following the Civil War. Students will be exposed to the historical, geographic, political, economic, and sociological events which influenced the development of the United States and the resulting impact on world history.

United States History Advanced

Grade 8

Year

Primary content emphasis for this course pertains to the study of American history from the Exploration and Colonization period to the Reconstruction Period following the Civil War. Students will be exposed to the historical, geographic, political, economic, and sociological events which influenced the development of the United States and the resulting impact on world history. Advanced courses offer scaffolded learning opportunities for students to develop the critical skills of analysis, synthesis, and evaluation in a more rigorous and reflective academic setting. Students are empowered to perform at higher levels as they engage in the following: analyzing historical documents and supplementary readings, working in the context of thematically categorized information, becoming proficient in notetaking, emphasizing free-response and document-based writing, contrasting opposing viewpoints, solving problems, etc. Students will develop and demonstrate their skills through participation in an extended research-based paper/project (e.g., History Fair Project, participatory citizenship project, mock congressional hearing, or other teacher-directed projects). Note: This course is designed to prepare students for Honors and/or Advanced Social Studies course work in High School.

Academic Course Descriptions

8th Grade

Seminole County Public Schools Pre-IB Prep Program

SCPS Pre-IB Prep Language Arts Advanced

Grade 8

Year

Eighth grade SCPS Pre-IB Prep Language Arts emphasizes critical thinking and theme-based activities which include work in reading, listening, speaking, and writing. Emphasis is placed on interpretation and critical analysis. In literature and viewing, students consider the writer's or speaker's background including possible biases as part of their own growing ability to understand and interpret the written and spoken word. In writing, students move beyond formulaic models as they advance their writing skills. Students participate in formative assessments, both individually and as group members. Students will also complete an extended essay on a topic of their choice.

Algebra 1 Honors 1 Weighted High School Credit

Grade 8

Year

Prerequisite 7th grade advanced math

This Pre-IB Prep course includes a rigorous, in-depth study of all the topics included in Algebra I, as well as absolute value equations and inequalities, operations with rational expressions, solving rational equations and characteristics of quadratic graphs

Geometry Honors 1 Weighted High School Credit

Grade 8

Year

Prerequisite: Algebra 1 Honors

This Pre-IB Prep course includes a rigorous, in-depth study of all the practical applications of geometric skills and concepts in the real world, as well as, but not limited to, truth tables, vectors, Fibonacci sequence, coordinate geometry proofs, proofs involving circles and problems involving cross sections of solids.

Environmental Science Honors 1 Weighted High School Credit

Grade 8

Year

This course is designed as an interdisciplinary course to provide students with scientific principles, concepts, and methodologies required to identify and analyze environmental problems and to evaluate risks and alternative solutions for resolving and/or preventing them. Laboratory investigations that include the use of scientific inquiry, research, measurement, problem solving, laboratory apparatus and technologies, experimental procedures, and safety procedures are an integral part of this course.

SCPS Pre-IB Prep American History Advanced

Grade 8

Year

This course is designed for the highly motivated student who wishes to pursue the International Baccalaureate Program or Advanced Placement courses in high school. Students will explore the events of U.S. history using documents, images, cartoons, and other primary sources along with secondary text. With a more rigorous focus on document-based inquiry, the students will examine and analyze the political, economic, technological, and social developments of the United States from the period of colonial settlement through Reconstruction. Florida's role in our nation's history will also be emphasized. Instruction will focus on students developing an understanding of themes in U.S. History including the impact of expansion, the development of conflicts, the influence of diverse groups on American culture and the impact of world events on American thinking. Instructional strategies that support the rigor, reading and writing of IB and Advanced Placement course work will be emphasized. These include: College Board reading strategies (APPARTS, OPTIC, SOAPStone, etc.); Structured notetaking, including Cornell notes; The DBQ Project, and analysis of significant historical documents, along with historical writing; Extended research-based project (e.g., History Fair project, Mock Trial, etc). This course is specifically aimed at preparing students for International Baccalaureate or Advanced Placement Social Studies courses in High School.

SCPS Pre-IB Prep Spanish 1 1 Weighted High School Credit

Grade 8

Year

The purpose of this course is to enable students to begin to acquire proficiency in Spanish through linguistic, communicative, and cultural approaches to language learning. Reading and writing will be introduced and basic grammar structures explained. Students will be introduced to the culture and customs of various Spanish-speaking countries. This course is the same course that is taught in the Pre-IB program at Seminole High School. Students will earn high school credit upon successful completion of the course. This is a yearlong course. Students are required to successfully complete semester examinations at the end of each semester.

Elective Course Descriptions

American Sign Language through SCVS 1 HS Credit	8th Grade	Year
This class will be scheduled during the school day through Seminole County Virtual School. American Sign Language 1 introduces students to the target language and its culture. The student will develop communicative skills in all 3 modes of communication and cross-cultural understanding. Emphasis is placed on proficient communication in the language with introductions to culture, connections, comparisons, and communities. Students will earn one high school credit upon completion.		
Art 2D	6th-8th Grade	Semester
The purpose of this course is to enable students to develop fundamental art appreciation skills through production of two-dimensional works of art. Production activities may include drawing, painting, and printmaking.		
Art 3D	6th-8th Grade	Semester
The purpose of this course is to enable students to develop fundamental art appreciation skills through the production of three-dimensional works of art. Production activities may include sketching, sculpting, and assemblage. Students will explore cultural arts across the globe through a variety of media. Artwork will be shared through a global exchange program.		
Art- Forensic Art	7th-8th Grade	Semester
Prerequisite Art 2D/3D Students will be introduced to police investigative tools and techniques during this “working” art class, as they discover how forensic drawing assists law enforcement in the apprehension of criminal suspects. Participants will learn the basic facial structure, as well as witness-victim interview techniques. The FBI facial identification catalogue will be utilized as students gain real life experience in completing a forensic drawing of a wanted subject. This course is designed to encourage a love of drawing and develop an interest in police forensic art investigation. Guest speakers include active and retired police officers and investigators.		
Beginning Band	6th- 8th Grade	Semester
No previous musical experience is required. Students will learn the basics of instrument fundamental, reading music and rhythmic notation, and independent musical performance. Students will have an opportunity to participate in various musical performances throughout the year. Instruments taught in Band are flute, oboe, bassoon, clarinet, saxophone, trumpet, French horn, trombone, baritone, tuba, and orchestral percussion. Performances are an integral part of the curriculum.		
Band 2 Symphonic	7th-8th Grade	Year
Teacher Approval required. This is a yearlong accelerated advanced-level instrumental class for students who have successfully completed at least one year of Beginning Band. Students will be given challenging opportunities to develop a higher level of musicianship and performance skills through the study of different levels of styles of band literature. Students will participate in concerts, Music Performance Assessment, and performance activities that enhance the school music program.		
Band- Jazz Ensemble	7th-8th Grade	Year
An audition is required for Jazz Band. The course explores the rhythmic and improvisational skills uses to perform jazz as well as the stylistic and historical understanding. The instrumentation for this jazz ensemble may consist of but not limited to trumpets, saxophones, trombones, bass guitar, guitar, drum set and keyboard. Performances are an integral part of the curriculum.		
Chorus 1 Girls	6th- 8th Grade	Year
Female vocalists will learn the basics of vocal techniques and musical notation through singing and performing a variety of age-appropriate choral music. No previous chorus or musical experience is required. Performances outside of the school day are an integral part of the curriculum.		
Chorus-Male Storm	6th-8th Grade	Year
This course welcomes the male vocalists to the choral experience. A variety of music will be performed by studying vocal techniques and sight-singing. No previous chorus or musical experience is required, but male singers may take this class for multiple years. Performances outside of the school day are an integral part of the curriculum.		
Chorus 2 Girls	7th-8th Grade	Year
Chorus II is an intermediate-level ensemble and is open to any students who have taken chorus for at least one year at the middle school level. Students will perform a variety of choral music while continuing to improve vocal and performance techniques and sight-singing. Performances outside of the school day are an integral part of the curriculum.		
Dance 1	6th- 8th Grade	Semester
This course introduces students to the discipline of dance. Skills and techniques in one or more styles (ballet, jazz, social) will be presented. Basic terminology, choreography, cultural and historical dance connections, aesthetic and critical analysis of artistic performances and dance applications of life will be explored. Female students are required to wear a short sleeve black leotard and black tights. Boys are required to wear black shorts and the SSMS Physical Education shirt. After-school rehearsals and performances are required for one fall or one spring dance show.		

Dance 2

7th- 8th Grade

Year

Prerequisite Dance 1/ teacher recommendation. This course provides students with opportunities to acquire knowledge and skill in two or more dance styles (ballet, hip-hop, jazz, lyrical, social). Content includes intermediate terminology, acquisition of technique and flexibility, movement sequences through combinations and routines, intermediate choreography, performance opportunities, cultural and historical dance connections, aesthetic, and critical analysis of artistic performances and dance applications of life will be explored. Female students are required to wear a short sleeve black leotard /black tights. Students will need to obtain appropriate footwear (black jazz shoes). Afterschool rehearsals/ performances are required for one fall and one spring dance show. Other performance opportunities are optional.

Dance 3

8th Grade

Year

Prerequisite: Dance 2 or dance teacher recommendation. This course provides students with opportunities to acquire further knowledge and skill in two or more dance styles (ballet, lyrical, hip-hop, jazz, modern). Content includes terminology, acquisition of technique and flexibility, movement sequences through combinations and routines, student choreography, performance opportunities, cultural and historical dance connections, aesthetic and critical analysis of artistic performances and dance applications to life. Female students are required to wear a short sleeve black leotard, black tights, black dance shorts, and black jazz shoes. After-school rehearsals/performances are required for one fall and one spring dance show. Other performance opportunities are optional.

Emerging Leaders

7th Grade Required

Semester

This course provides an introduction to service –learning and civic responsibility. Academic, personal, and career skills needed for effective service-learning project implementation will be taught and applied through structured service projects that meet real school and/or community needs. Students will actively participate in meaningful service-learning experiences of at least 20 hours duration.

Global Entrepreneurship

8th Grade

Semester

The purpose of this course is to assist students in making informed decisions regarding their future academic and occupational goals and to provide information regarding careers in the Business Management and Administration Career Cluster. The content includes but is not limited to accounting, administrative support, digital publishing, entrepreneurship, national and international business, and management and software applications.

iConnect .5 HS Credit

6th- 8th Grade

Semester

Students in the iConnect blended course learn technology applications and computer hardware and software. They learn how to effectively communicate to different audiences using a variety of tools, including Microsoft Office Word, Excel, and PowerPoint. Students attempt to earn one or more digital tool certificates. **This course provides an opportunity to earn two digital tools certificates. All Middle School students must complete either iConnect or iChallenge.**

iJourney: Pathway to Career Exploration

6th Grade Required

Semester

Students in the iJourney course explore their interests, strengths, and occupation possibilities. They learn about digital citizenship and effective communication through a blended curriculum. Students explore educational pathways offered in Seminole County Public Schools that lead to careers. They create a cumulative digital portfolio and attempt to earn one or more digital tool certificates. **This course provides an opportunity to earn one digital tool certificate.** Seventh and eighth grade students that did not take this course in 6th grade will be required to take it.

iChallenge

6th-8th Grade

Semester

Students in the iChallenge 1 Computer Science blended course learn coding basics and gaming essentials. They experience team building collaborative experiences and project-based learning as they create their own games. They will showcase their final cumulative project after peer review, feedback, and revision. The students attempt to earn one or more digital tool certificates. **This course provides an opportunity to earn one digital tool certificate. All Middle School students must complete either iConnect or iChallenge.**

iChallenge

6th-8th Grade

Year

Students in the iChallenge 2 Computer Science blended course go deeper into the course standards of coding fundamentals taught in semester 1. They experience project-based learning, game-based learning, and web development. They become entrepreneurs and create a website to market and manage their final cumulative project product from semester 1. Students attempt to earn one or more digital tool certificates. **This course provides an opportunity to earn one industry certification.**

Forensic Science

6th-8th Grade

Year

In Forensic Science students will have an overview of forensic research methods and principles (evidence collection analysis, DNA & fingerprint etc.) with opportunities to apply these skills to fictional crime scenes and other related scenarios.

JROTC

6th-8th Grade

Year

This year long class provides students an insight into what they will experience in a High School JROTC program. The course includes but is not limited to; military formations and accountability procedures, basic military skills including stationary and small unit drill and ceremony, uniform inspections, and physical training. Students will have the opportunity to compete against other middle school JROTC programs. This class is open to all grade levels.

Law & Order: Intro to Legal Studies

0.5 HS Credit

6th- 8th Grade

Semester

Students will dive deeper into the importance of laws and consider how their application affects us as individuals and communities. Through understanding the court system and how laws are actually enacted, students will learn to appreciate the large legal process and how it safeguards us all.

Law & Order: Criminal Justice	<i>0.5 HS Credit</i>	7th- 8th Grade	Semester
Criminal Justice is an introduction to the inner workings of the three significant criminal justice functions in the United States, Law Enforcement, Courts and Corrections. The course will give the students an overview of policing in America, the historical development of policing internationally and locally and the implementation of community-based policing and criminal investigations.			
Leaders for Life		6th Grade Required	Semester
Students will use the 7 Habits of Highly Effective Teens by Sean Covey as a step-by-step guide to help them improve their self-image, build friendships, resist peer pressure, achieve their goals, get along with others and more. Students will use study guide to develop life skills. Project based learning will be utilized.			
Leadership Seminar		8th Grade	Semester
The mission of Leadership Seminar is to develop responsible student leaders. Seminar will allow students to exhibit skills they have learned during their educational experience in Leaders for Life and Emerging Leaders. Students will explore a real-life issue or problem in the context of how it impacts our community.			
Lego Robotics		6th-8th Grade	Semester
LEGO® robotics uses LEGO®s as a fun tool to explore robotics, mechanical systems, electronics, and programming. This class is primarily a lab experience which provides students with resources to design, build, and program functional robots constructed from LEGO®s and a few other parts such as motors and sensors.			
Music Innovation Lab		6th-8th Grade	Semester
This course provides students with the opportunity to exercise their creativity, collaboration, critical thinking, and communication skills. Students will learn how to use various apps and tools to create music, as well as instruction sheets for independent use. Students will create example products that will be hosted on a website and advertised via the use of QR codes and weblinks so that other students and staff can experience each other's creations.			
Physical Education		6th- 8th Grade Required	Semester
The purpose of this course is to provide a foundation of knowledge, skills, and values necessary for the development of a physically active lifestyle. The course content provides exposure to a variety of movement opportunities and experiences			
SCVS Virtual Class-Business Keyboarding		6th- 8th Grade	Semester
Using a special online library of software, students will gain typing speed while learning the proper technique to become a keyboarding master. Students will also learn business skills to prepare them for their future career. Student who pass the necessary assessments can earn IC3 Digital Literacy certification . Note: This course will be held at SSMS during the school day.			
Sociology		6th- 8th Grade	Semester
Students will study social behavior as it pertains to the justice system. They will analyze social behavior and study its origins, development, organization, and institutions in order to develop a body of knowledge about social order, social disorder, and social change.			
Spanish 1	<i>1 HS Credit</i>	8th Grade	Year
The purpose of this course is to enable students to begin to acquire proficiency in Spanish through linguistic, communicative, and cultural approaches to language learning. Reading and writing will be introduced and basic grammar structures explained. Students will be introduced to the culture and customs of various Spanish-speaking countries. Students will earn high school credit upon successful completion.			
Street Law (Speech/Law Studies)	<i>1.0 HS Credit</i>	8th Grade	Year
Prerequisite: Law & Order Street Law teaches and fosters critical thinking and analytic skills, while reinforcing a common-sense approach to problem solving. Students will learn the foundations of our legal system and how those foundations continue to shape and guide our society today in a manner in which students can connect. Students will learn about some of the most famous and controversial legal cases in history and will have the opportunity to come to their own conclusions about the outcomes of those cases. Above all, students will develop and hone skills that will continue to serve them well beyond the classroom in an exciting and interactive environment. Students have the opportunity to receive a high school credit upon completion of the course.			
TV Broadcasting		6th-8th Grade	Semester
This course will assist students in making informed decisions regarding future academic and occupational goals and provide information regarding careers in the Arts, A/V Technology and Communication career cluster. Content includes, but is not limited to, topics pertaining to the Visual Arts, Performing Arts, Journalism, Broadcasting industries, technology literacy; the importance of Arts and A/V technology; the role of science, math, reading, writing, history, and technology in the Arts and A/V; and digital media. Instruction and learning activities are provided in a laboratory setting using hands-on experiences with the equipment, materials, and technology appropriate to the course content and in accordance with current practices.			
World Languages 1		6th Grade	Semester
<i>Required for Pre-IB students</i> Students will explore Arabic, Mandarin Chinese, Japanese and Hindi. Students will develop growing proficiency in the four skills of listening, speaking, reading, and writing and gain an understanding of the structure of the languages. Students will also gain familiarity with and appreciation of the culture of the linguistic community.			
World Languages 2		7th Grade	Semester
Students will explore Korean, Swedish, Russian, and Greek, while working to develop a growing proficiency in the four skills of listening, speaking, reading, and writing, and gain understanding of the structure of the language. Students will also gain a familiarity with and appreciation of the culture of the linguistic community.			

World Languages 3**8th Grade****Semester**

Students will explore French, German, Italian, and Latin. Students will develop growing proficiency in the four skills of listening, speaking, reading, and writing, and gain understanding of the structure of the language. Students will gain a familiarity with and appreciation of the culture of the linguistic community.

Application Only Electives – The following electives require a separate application and teacher selection.

Latinos in Action**6th-8th Grade****Year***Application Required, Teacher Selection*

This program prepares Hispanic youth for academic success, post-secondary education, and successful careers. Latinos in Action (LIA) accomplishes its mission by delivering classes that focus on leadership, cultural heritage, service learning, and academic excellence. LIA engages Latino male and female students to improve themselves through education, leadership, and service. Student in LIA celebrate and honor the diverse cultures that contribute to their Latino heritage. Students have several opportunities for key leadership experiences and are engaged in learning by working with elementary school students on a weekly basis with reading skills and comprehension and planning several community service projects throughout the school year.

Lighthouse**6th-8th Grade****Year***Application Required, Teacher Selection*

Students are selected for this leadership opportunity. Students will be involved with every aspect of SSMS being a 7 Habits Sean Covey School of "Lighthouse" status. Students will be action team leaders and will participate in the SSMS Lighthouse website creation, promoting and advertising school events and activities, and campus beautification and improvement projects. Lighthouse students will also work on digital creations, seek to infuse the school culture with 7 Habits, and make global connections with other 7 habits schools around the world.

PIT Crew**7th-8th Grade****Year***Teacher Selection*

Students in this course will help teachers by assisting students in the classroom with learning activities and/or leisure activities. Students may also be involved in engaging with students in appropriate social conversations and supporting as a peer buddy.

SSN News**7th- 8th Grade****Year***Application Required, Teacher Selection*

Prerequisite: TV Broadcasting. Students selected for this course will be the production team for the SSN morning news. They will air live daily news, record packages, run a news site, create school leadership projects and so much more.

Student Government**6th- 8th Grade****Year***Application Required, Teacher Selection*

Students are elected and selected for this leadership opportunity. Incoming 6th graders must submit an application at the time of registration; includes a teacher recommendation. 7th and 8th grade students will participate in a school wide election for officer positions.

We The People**7th-8th Grade****Year***Application Required, Teacher Selection*

We The People is an elective class for students that are looking for a challenging course that will teach civic principles and then have you recall those principles in a mock congressional competition. What makes the program so successful is the design of its instructional program, including its innovative culminating activity. The instructional program enhances students' understanding of the institutions of American constitutional democracy. At the same time, students discover the contemporary relevance of the Constitution and Bill of Rights. The culminating activity is a simulated congressional hearing in which students "testify" before a panel of judges. Students demonstrate their knowledge and understanding of constitutional principles and have opportunities to evaluate, take, and defend positions on relevant historical and contemporary issues. Please see Ms. Wysluzaly for an application.

Yearbook**7th-8th Grade****Year***Application Required, Teacher Selection*

This yearlong academic course is also a business in which students will actively conceptualize, design, edit, produce, and market a product for the school community. Technology is part of the curriculum. Students will gain experience using computers as well as digital cameras. Students will collaborate with others in every aspect of producing a yearbook; writing, photography, design, advertising, and sales. Students must be capable, reliable, and able to meet deadlines. Students must be willing to follow all SSMS policies, including dress code.

Leadership Academies

Please note that all academies are tentative based on availability and space. Please note that some leadership academies are "teacher selection only" which means that only students selected by the sponsor teacher will be placed in those leadership academies.

Aviation Leadership Academy: 99999MS0AV

Students in the Aviation Academy will explore concepts of aviation physics, various planes around the world, helicopter physics, and drone piloting.

Band Leadership Academy: 99999MS0BL

ONLY OPEN TO STUDENTS IN BAND. In this Leadership Academy, students enrolled in Symphonic Band and Beginning Band have the opportunity to collaborate and work together to enhance their skills on their instruments! Symphonic students will mentor the beginners and help them excel in their musical studies. This is a great way for beginners to get some extra help, while also serving as a way for experienced Symphonic students to hone their leadership and communication techniques. The best way to learn is to teach; and this Leadership Academy gives Symphonic Band students that opportunity!

Basketball Academy: 99999MS0BK

In this academy players will be organized into teams and learn skills to improve their skills in basketball.

National Beta Leadership Academy: 99999MS0BC

The motto of the National Beta Leadership Academy is "Let Us Lead by Serving Others". This motto states the philosophy upon which the National Beta Club is based. Service to others is one of the most important characteristics of the Beta Club membership. Opportunities to serve are found in every school and community situation, whether large or small, suburban or rural.

Book Club Academy: 99999MS0BA

In this academy students will get to share, discuss, and analyze books from different genres with each other.

Brain Games Academy: 99999MS0BG

In this academy students will take part in playing different games. The games include Chess, checkers, Mancala, Boggle, Scrabble, and Connect 4.

Campus Beautification Academy: 99999MS0CB

In this academy students will assist with cleaning up the campus and finding ways to improve the look of areas that need beautification.

Command & Staff Club (JROTC): 99999MS0JR

TEACHER SELECTION ONLY. The primary function of Command & Staff is to help the Senior Instructor (myself), Cadet Company Commander, and subordinates understand situational awareness in maintaining a functional JROTC Battalion.

Dance Performance Academy: 99999MS0DR

TEACHER SELECTION ONLY. This academy provides students with in-depth dance instruction and opportunities for performance to further enhance and develop dance techniques. Content will include different styles of movement sequences through combinations and routines. Students will have the opportunity to represent their school with pride while showcasing the dance department. Afterschool rehearsals and performances are required.

Digital News Academy: 9999MS0DN

In this academy students will write, produce, and anchor the Friday Afternoon show as well as produce school plays/TV shows.

FBLA Academy: 9999MS0FB

The Future Business Leaders of America (FBLA) Academy is designed to inspire and prepare students to become community-minded business leaders in a global society through relevant career preparation and leadership experiences.

ESOL Multicultural Academy: 9999MS0ES

TEACHER SELECTION ONLY. Students in this academy will learn about different cultures and countries. Students will also take part in organizing an end of the year program for their families.

Glee Academy: 9999MS0GL

Glee Academy is a musical group or choir group, which traditionally specializes in the singing of short songs, commercials, mini musicals created by students or adapted from other musicals, movies, or TV shows. Students will be responsible for adapting and creating lyrics to songs, scenes, skits, and mini musicals that relate to different topics concerning historical awareness, current events, school-wide activities, and themes while determining what leadership skills and roles that are used in each aspect.

Guitar Academy: 9999MS0GA

Guitar academy is a place for students to learn to play the guitar, improve their playing ability and connect with other students through music. Acoustic, Electric, and Bass guitarists of all skill levels are welcome. Students do not need to own a guitar or be able to read music in order to participate.

Imagineering Academy: 9999MS0IM

Walt Disney Imagineering (WDI) is the creative force that imagines, designs, and builds all Disney theme parks, resorts, attractions, and cruise ships worldwide, along with overseeing the creative aspects of Disney's games, merchandise, and publishing businesses. Imagineering's unique strength comes from its diverse global team of creative and technical professionals, who build on Disney's legacy of storytelling to pioneer new forms of entertainment. Students will be given the opportunity to explore the world of Disney through an Imagineering eye. They will reflect on their own strengths and research what it takes to be an imagineer. Students will be given a chance to showcase their talents and how they can become part of the Wonderful World of Disney.

Improv Leadership Academy: 9999MS0IM

TEACHER SELECTION ONLY. Students in this Academy will learn the fundamentals of Improvisation. Students should expect to play a lot of group games and be exposed to basic improvised scenes. The Improv Academy will demonstrate their learning in a semester-end Showcase. This Academy will take you outside of your comfort zone and help build self-awareness and self-confidence and overcome fears. And it'll be fun!

Italian Leadership Academy: 9999MS0IL

In the Italian Leadership Academy, students will learn, and practice language concepts and cultural topics presented in an Italian 1 class. Furthermore, students develop their leadership skills by practicing public speaking, cooperative learning, community service projects, and cultural awareness. Some of the future ready skills students acquire and practice in this academy are: the ability to communicate in a foreign language, critical and creative thinking, problem solving, cultural awareness and understanding, and the ability to collaborate and communicate effectively in a group.

Kickball Academy: 9999MS0KA

Students in this academy will have fun exercising and playing kickball while also enhancing their teamwork skills.

Life Management Academy: 9999MS0LM

Life Management Academy will prepare students for the minor, sometimes mundane activities, of daily adult life. Students will learn things like how to manage a budget, how to apply for a job, basic home and car maintenance, and other things we don't always think to teach our young adults. Preparing our students for what life throws at them will surely cushion the blow.

Magic: The Gathering Academy: 9999MS0MG

In this academy, students utilize strategy games to build leadership, good sportsmanship, critical thinking, and increase reading and math skills.

Math Counts Academy: 9999MS0MC

Math Counts is where students practice math skills and get a chance to prepare for various math competitions.

Meditation Academy: 9999MS0MA

In this academy students will learn various meditative techniques to help reduce stress, enhance cognitive performance, and relationships with others.

National Junior Honor Society: 9999MS0NJ

Teacher Selection Only. This is an Honor Society which focuses on 5 main pillars- Scholarship, Citizenship, Leadership, and Character, and Service. Students must have at least a 3.75 GPA and complete an application in order to be invited to be in NJHS.

Nutrition and Fitness Academy: 9999MS0NF

Improve your health and lifestyle! The Nutrition and Fitness Academy offers fun lessons where you will learn to prepare easy to make healthy snacks and fun fitness workouts, like: Zumba, Cardio, The Art of Strength, Healthy mind, and body. If you enjoy music and like the idea of learning how to make a delicious and nutritious end of day snack, this is the club for you!

Robotics Academy: 9999MS0RB

This leadership academy is focused on the Engineering and Design Process, or EDP. Students will design and build structures, complex machines (Rube Goldberg Machines), robots, bridges, towers, etc. Students may also be able to enter competitions.

Secret Agents of Kindness Academy: 9999MS0SA

Students will participate in leadership activities. Each week we will determine a need in the community/school (ex: care packages, create cards for retirement homes) and complete an outreach project to spread kindness.

Sharpen the Saw Academy: 9999MS0SS

Sharpen the Saw students have the opportunity to spend some time relaxing, playing board games, drawing, listen to music, or reading.

Soccer Academy: 9999MS0SO

The Soccer Academy is designed to deliver action packed afternoons of fun, skills, and games for all levels of ability. This program is a great way to introduce soccer, have fun, make new friends, and improve your skills in a structured and safe coaching environment.

Spread the Smiles Academy: 9999MS0SM

If you were to list everyone who you care about, would your name be on the list? In the "Spread the Smiles Society" students will learn about self-compassion, which is being warm and understanding to ourselves when we suffer, fail, or feel inadequate. In this Leadership Academy, students will leave feeling empowered and strong. Students also create a kindness project to share with the school and community in order to pay it forward what they were taught and to "spread the smiles"! :)

Star Wars Academy: 9999MS0SW

In Star Wars Leadership Academy, students will examine the many films, books, cartoons, and comic through an academic lens. We will be using resources like starwarsintheclassroom.com to connect issues that have taken place in the Star Wars universe to real world situations. For example, in an episode of Star Wars: Rebels, the main characters save a town of displaced citizens living in shambles. This situation is very reminiscent of the Hooverville's of the 1930s in America. In addition to examining the academic possibilities of Star Wars, members will be able experience a safe, stress free environment where they can be themselves. This may include discussions on the variety of Star Wars related topics, or whatever else members feel they need to share and express. The class culture will be one of acceptance and humor, allowing members a reprieve from the stress of their week and be something any student can look forward to.

Stretching and Yoga Academy: 9999MS0SY

We will promote student wellness by learning basic stretches, breathing techniques, and yoga moves. As we become proficient in flexibility and mindful breathing, we will host classes and demos to benefit students in South Seminole Academy.

Study Hall: 9999MS0S6 (6th grade), 9999MS0S7 (7th grade), 9999MS0S8 (8th grade)

This academy is dedicated to help students achieve “academic greatness” by giving them quiet, continuous study time to complete work from other classes. It is designed to provide students with a structured, scheduled study/working environment.

The Hurricane Journey: 9999MSHJ

The Hurricane Journey is a version of an Escape Room activity. For the first semester, students will participate in different versions of Escape Rooms. During the second semester, students will create a journey through the Seven Habits. The purpose of this Leadership Academy is for students to apply their understanding of the Seven Habits to create an awesome for other students to participate and learn more about why we incorporate them into our everyday lives. We will utilize the Breakout EDU program to experience the Escape Room and then create our using a variety of platforms.

The Lovely Project: 9999MSOLP

Lovely Groups are safe, fun opportunities for girls to meet and grow with girls their own age. These weekly groups are led by young women who are fully vetted, trained and committed to growing with ongoing personal mentorship by The Lovely Project senior mentors and staff. Once per week, girls gather to connect with other Lovely girls for fun, to build real friendships, and for the opportunity to challenge each other to grow and live to their greatest potential.

Walking Academy: 9999MSOWA

Students will be tracking their steps each week to try and reach their Walk Goal. This is to help support a healthy lifestyle.

Women in Service: 9999MSOWS

TEACHER SELECTION ONLY. Women in Service is a leadership building opportunity for girls of South Seminole Academy. It also serves as a bridge to the Girls in Government program. Students look at historical female figures and the issues they tackled while also overcoming obstacles to make a difference in their community and/or worldwide impact. The girls then turn to themselves to identifying issues, first locally at our own school, and problem solve to find solutions and then acting on those solutions. The girls will then branch out into the community and beyond. The Future Ready Skills they are honing in on are group problem solving, data collection, research, data collection, public speaking, and advocacy.

World Special Teas Academy: 9999MSOWT

Students will learn the ways in which various cultures around the world participate in the ancient art of the Tea Ceremony. This leadership academy will offer students a chance to learn about the interconnectedness of the global human experience, meet and discuss traditions with people from around the world, and learn positive ways to interact with each other and with adults.

Young Men of Distinction: 9999MSYM

TEACHER SELECTION ONLY. South Seminole Academy introduces the Village Mentoring Program for 6th-8th grade male students. The primary purpose of this program is to narrow the academic achievement gap of Black and Hispanic males, while enhancing the leadership capacity of our young men. The program has adopted the premise that it takes a "village" to raise a child. Mentees will: gain a positive self-identity and self-esteem; set personal visions and goals; acquire social and emotional skills; exhibit moral character and obtain academic success and work ethic.

Young Women of Distinction: 9999MS0YW

TEACHER SELECTION ONLY. The Young Women of Distinction academy is designed to enhance the introspective, social, and academic development of minority students. This club offers an opportunity for participants to develop strong, positive character-building skills while preparing for the advancement of their futures. During class, we will explore a variety of topics related to character building, social/personal skills, professional development, and community building. Students will be involved in school wide activities including volunteer opportunities, which will allow them to interact with diverse situations while making a difference in their own lives as well as their community.

VIRTUAL SCHOOL

Virtual schools provide a high-quality education along with flexible options to meet the demanding schedule of the 21st century student. Seminole County Virtual School (SCVS) is a franchise of Florida Virtual School, and also uses courses created or purchased by SCVS.

Students may attend SCVS full-time or part-time. Full-time options allow students to earn a standard Florida high school diploma. Full-time enrollment in SCVS occurs during two windows which are published on the SCVS website. Part-time enrollment NEVER closes and students may enroll in classes throughout the school year. Virtual classes can be taken in multiple ways including: outside of the school day, during the school day at home, or at the student's school in a virtual lab (pending space availability). Additionally, the district may offer virtual course enrollment over the summer (SCVS 365).

Why should students select a Seminole County Virtual School over other virtual providers?

- *schedule flexibility
- * full-time local teachers
- *no waiting list to start classes
- *optional face-to-face sessions
- *tax dollars stay in Seminole County

For more information, please visit www.scvs.us or call 407-871-7287.

What high school courses are available through Seminole County Virtual School?

Courses with a * are available at both Standard and Honors level; H = honors class

Math:	Algebra I*, Geometry*, Algebra II*, Pre-Calculus (H), Calculus (H), Math for College Readiness, AP Calculus AB, AP Calculus BC, AP Statistics, MJ Math Suite, Math for Data and Financial Literacy, Probability and Statistics with Applications Honors
