Our teachers and staff want your child to succeed. We are committed to providing the most positive and successful daily learning experiences for your child. To accomplish this goal, your child will be screened by a team of educators to discover his/her strengths and needs. This will aid us in planning appropriate educational programs for your child. There will be four days of screening from which you have been assigned one day and time above. Screening is followed by four shortened days to orient students to the kindergarten program. These abbreviated days should aid in our new kindergartners' adjustment to school and provide opportunities to set your child up for a successful Kindergarten year.

Your child has been assigned a date and time for screening as indicated above. If you are not able to keep your screening appointment once assigned, please call the school office to reschedule. Phone: 808-377-2419.

The screening locations will be determined upon check in for your child's screening time. It should take approximately 30 minutes or more depending on the amount of time your child will require to complete the process. Parents may wait outside the screening location with proper face coverings and social distancing.

CLASSROOM ASSIGNMENTS:

Posted on the mauka office bulletin board after 3:00 on the last day of screening. You may also leave an email address with our office and we will be happy to send your child's room assignment to you via email.
