Creating Writing Workshop	Creative Writing Workshop is a place where literary-minded students can gather to hone their craft! This year, we were going to focus on allowing students to lead the club (what they were interested in learning, what they wanted to work on, etc.), but now it might look a little more structured. Aimee and I have decided to make the club entirely virtual for the first semester; we will post videos, share writing opportunities, hold virtual meetings, etc. And I still want to find opportunities for students to submit their work for publication/competition! It'll be easy-breezy to switch things over to the digital world, for the time-being 😊	Cam Swartz and Aimee Wintemute	Virtually
