

**BYLD STUDENT/PARENT AGREEMENT**

As new technologies continue to change the world in which we live, they also provide many new and positive education benefits for classroom instruction. To enhance learning, students in Cherokee schools may now bring their own technology to CCSD campuses that are participating in the Bring Your Learning Device (BYLD) initiative.

Upon login to the BLYD network, students will be expected to acknowledge and agree to the following terms of use:

*Cherokee County School District (CCSD) offers a wireless Internet access as a service to our students, employees and visitors via the BYLD Network. Wireless users must acknowledge the following:*

- *The Internet is a public network and personal or school business information may not be secured. CCSD is not responsible for any such information that may be compromised.*
- *A user may provide his/her own wireless computing device and CCSD is not responsible for the set-up and support of such devices.*
- *The user agrees to use Internet resources in a responsible manner. This includes (but, is not limited to) the prohibition of sending junk/spam e-mail, intentionally distributing viruses/spyware, performing computer hacking/illegal activities and accessing pornography or other objectionable material.*
- *Users are prohibited from accessing (or attempting to access), probing, or scanning the information and computer equipment on the CCSD academic and administrative network.*
- *Users are prohibited from setting up any proxy service or other such arrangement that enables more than one computer to access the wireless network.*
- *Users must abide by intellectual property and copyright laws for any information available on the Internet. Users will be solely responsible for any violation of local, state or federal law, regardless of any charges brought by law enforcement authorities. Any violation of the above policies for acceptable use may result in loss of privileges to access the CCSD wireless network. At its sole discretion, CCSD retains the right to disallow access to or use of CCSD wireless network.*

Students acknowledge and agree that:

- The school's network filters will be applied to the CCSD BYLD network access to the Internet and must not be circumvented.
- CCSD reserves the right and authority to retrieve and inspect student devices if there is reasonable suspicion of violation of the District's Internet Acceptable Use Policy (IFBG) and/or Technology Use Policy (IFBGA).
- Personal technology must be charged prior to bringing it to school and the device must run off its own battery while at school. There is no guarantee that electrical outlets will be available or convenient for recharging devices.
- The students remain subject to all other school behavior rules.
- Responsibility to keep privately owned devices secure rests with the individual owner. Neither CCSD, nor its staff or employees is liable for any device stolen or damaged on campus.

I understand and will abide by the above guidelines. I further understand that any violation is unethical and may result in the loss of my network and/or use of personal and district device privileges as well as other disciplinary action.
