Character

Every person or animal who takes part in the action of a story, poem or play is called a character. The most important characters are called major characters. Everyone else is a minor character.

Character Traits

A quality that a character exhibits is called a character trait. This trait can be indicated by the character's statements, actions, or thoughts.

5th Grade Story Elements

When rhyming verses are arranged into stanzas, we can identify the rhyme scheme by assigning letters each rhyme, beginning with **a** and proceeding through the alphabet. Example: **aa bb**

Refrain

A line or group of lines that is repeated throughout a poem, usually after every stanza

5th Grade Organizational Structures

Chronological Order

Chronological order presents ideas according to the time in which they occurred. This type of organization is especially effective if you are describing a process, relaying a series of actions, or telling a story. For instance, to convey the plot of a novel or the procedures of an experiment, you would tell readers what happened first, second, etc.

Logical Order

Logical order is the most common method of organizing your written thoughts in an essays. When you use this method you group related ideas together and discuss each group, one after the other. Therefore remember to group your ideas into common groups and this will help your writing coherence

Cause and Effect

Cause is something that makes something else happen. Out of two events, it is the event that happens first. To determine the cause, ask the question "Why Did it Happen?" An effect is what happens as a result of the cause. Of two related events, it's the one that happens second or last. To determine the effect, ask the question "What Happened?"

After the rain stops
When you finally take the test

COMPOUND SENTENCE

A compound sentence contains two independent clauses joined by a coordinator. The coordinators are as follows: *for, and, nor, but, or, yet, so*. (Helpful hint: The first letter of each of the coordinators spells **FANBOYS**.) Examples:

I tried to speak Spanish, and my friend tried to speak English.
Alejandro played football, so Maria went shopping.
Alejandro played football, for Maria went shopping.

COMPLEX SENTENCE

A complex sentence has an independent clause joined by one or more dependent clauses. A complex sentence always has a subordinator such as *because, since, after, although, or when* or a relative pronoun such as *that, who, or which*. Examples:

When he handed in his homework, he forgot to give the teacher the last page.
The students are studying because they have a test tomorrow.
After they finished studying, they went tot the movies.

Compound Complex
