

# Sand Castles

*solo (optional):*

Water warmed by the sun,  
sand between my toes.

*duet (optional):*

Summer breeze 'cross the waves,  
salty to my nose.

*part 1:*

Clouds all wispy and white,  
birds are taking to flight.

Oh. Build a castle made of sand.  
Make it small or make it grand!  
Sand castles. Sand castles.

Build a room, build a moat,  
build a castle wall.

Let the waves come ashore,  
it's okay to fall.

We can build it once more  
from the sand on this shore.

Oh. Build a castle made of sand.  
Make it small or make it grand!  
Sand castles. Sand castles.

Ooh.

*part 2 (optional):*

White, all wispy and  
white, are taking to flight.

Oh. Build a castle made of sand.  
Make it small or make it grand!  
Sand castles. Sand castles.

Let the waves come ashore,  
it's okay to fall.

More, can build it once  
more, the sand on this shore.

Oh. Build a castle made of sand.  
Make it small or make it grand!  
Sand castles. Sand castles.

Ooh.

*part 3 (optional):*

White, all wispy and  
white, are taking to flight.

Oh. Build a castle made of sand.  
Make it small or make it grand!  
Sand castles. Sand castles.

More, can build it once  
more, the sand on this shore.

Oh. Build a castle made of sand.  
Make it small or make it grand!  
Sand castles. Sand castles.

Ooh.

## IT'S OUR TIME

*verse:* One foot in front of another. We're ready to begin.  
Come on, my sisters and brothers. Let's let the future in.  
We've come so very far to reach that shining star.  
And now we're here to say, "This is our day!"

*chorus:* It's our time. Oh, it's our time.  
Oh, it's our time. Oh, it's our time.  
Our time.

*repeat verse*

*repeat chorus*

*part 1, repeat chorus*

*part 2 (optional):*

It's our time, it's our time. It's our time, it's our time.  
It's our time, it's our time. It's our time, it's our time.  
It's our time, it's our time. It's our time, it's our time.  
It's our time, it's our time.  
Our time.

It's our time.  
Our time.

It's our time, it's our time.  
Our time.
