

Read the following PowerPoint presentation. Make sure to take notes in your INB and to answer all questions contained in this PowerPoint. You will need to write and question along with answering the question.

**Compare and contrast different
types of trade barriers such as
tariffs, quotas, and embargos**

Sometimes countries set up Trade Barriers to restrict trade because they want to sell and produce their own goods.

Trade Barriers include:

- **Tariff**
 - **Quota**
 - **Embargo**
- 

Trade Barrier: Tariff

Tariffs are taxes placed on imported goods.

Tariffs cause the consumer to pay a higher price for an imported item, increasing the demand for a lower-priced item produced domestically.

Its all about
the tax, stupid.

Trade Barrier: Quotas

Quotas are limits on the amount of a good that can be imported into a country.

Quotas can cause shortages that cause prices to rise.

Trade Barrier: Embargos

**Embargoes forbid trade
with another country.**

**The United States had a trade
embargo with South Africa
during apartheid.**

A stylized silhouette of a mountain range is located in the bottom right corner of the slide. The mountains are rendered in a dark teal color, matching the background, and have a jagged, layered appearance.

Trade Barriers: Embargos

Embargoes usually happen for political reasons. Because the United States does not want to support countries that may support terrorism, it has used embargos against Iran, Iraq, and Syria.

Distributed Summarizing

1. In your INB write the following scenario and answer it.

The Canadian Pear Growers Association is concerned about increased competition from imported pears that are larger than those grown within Canada's borders.

The Association wants to lobby for a trade barrier. Some members think a tariff or quota would be most beneficial. Others disagree and suggest an embargo would be best.

Which Trade Barrier Would you Recommend? Why?

Summarizing Strategy

Answer the following questions in your INB

2. Identify something in your life in which you would be willing to pay a tariff. Explain why.
