

## ELA

*We are diving into our short story unit reading "Seventh Grade" by Gary Soto. We will also be exploring the Elements of Plot. Standards covered: ELA6SERL1, RL2, RL3, RL4, L4b, L5, W1, W2, W4, W5.*

## Math (Regular)

*This week in Math we will be learning how to multiply and divide integers addressing the following Standards MGSE7.NS.1d, NS.3. We will have a quiz on Friday over all operations. Looking forward to a great week!*

*Math (Enhanced) -*

*This week in Math we will begin our Geometry unit learning about angle relationships addressing the following standards MGSE7.G.5.*

## Science

*Science for this week: We will be diving into Cells and their organelles, looking at standard S7L2a! We will discuss the differences and similarities between Plant and Animal Cells and learn about each of their organelles and their functions. We have many fun activities planned for this unit and hope your children are as excited as we are*

## Social Studies

*The students are learning the locations of countries and physical features of Africa. For the upcoming week, Tues. August 23, I will give a Geography and Map Skills Quiz. We will focus on standard SS7G3, how physical features impact population distribution in Africa. Encourage your student to review vocabulary and notes daily*
