

ELA

We will continue learning about Characterization while reading "The Treasure of Lemon Brown" by Walter Dean Myers.

Standards covered: R11, R12, R13, R14, W1, W2, W3, W4

Math (Regular)

This week in Math we will begin properties and order of operations addressing the following Standards MGSE7.NS.1d, 2c, and 3. . Please check Infinite Campus for grades and missing assignments

Math (Enhanced)

This week in Enhanced Math we will complete similar figures and begin transformations addressing the following standards MGSE8.G.1, MGSE8.G.2. and MGSE8.G.3. Please check Infinite Campus for grades and missing assignments

Science

This week in Science - S712a and S712c - We will be discussing Photosynthesis and Cellular Respiration! We will look at the chemical equations for each and revisit Cell Organelles, specifically the Mitochondria and Chloroplasts. We will have a quick quiz to check for understanding.

Social Studies

We are continuing our study of governments in Africa (SS7CG1) and will analyze how the instability of governments impacts standard of living (SS7CG2). This week the students will complete a writing prompt and will have a weekly quiz (Governments of Africa). Encourage your student to review vocabulary and notes daily. Check to be sure your student's grades are up to date
