

ELA

This week we will learn how to compose and write essays addressing the following standards: ELA⁷RL1, ELA⁷W2, ELA⁷W4, ELA⁷W5, and ELA⁷W10. Looking forward to a successful week.

Math (Regular)

This week in Math we will be learning how to add and subtract integers addressing the following Standards MGSE⁷.NS.1, 1a, 1b, 1c, 1d. Looking forward to a great week of learning!

Math (Enhanced)

This week in Math we will be reviewing one, two, and multi-step equations addressing the following Standards MGSE⁷.EE1, EE2, EE3, EE4, EE4a, b, c. Looking forward to a great week of learning!

Science

This week in Science: We will begin our adventure into Living Things by looking at Life Science Standard S⁷L2a! We will discuss their characteristics as well as their needs. We will also introduce Plant and Animal Cells, analyzing their similarities and differences. Lastly, we will compare and contrast Prokaryotic vs. Eukaryotic Cells! We are looking forward to a great week!

Social Studies

Welcome to 7th grade social studies. We are excited to begin our exploration of the continent of Africa. The students will work to improve their map skills by learning the location of the countries and selected physical features of the continent. Encourage your student to review their labeled maps of Africa daily. We will address the following standards : SS⁷G1, G3
