

Lambert High School
Academic Booster Club
Board Meeting, July 26, 2012
In attendance: Shawna Hegi, Laurel Petty, Chris Suss, Cathy Tarallo

Shawna opened the meeting discussing the need for volunteers for the four Round-Up Days. She has received many offers to help but the need is urgent for Thursday, when the freshmen arrive to pick up their schedules.

There are several committees who either have new chairpersons and committee members or are in need of same. The ABC store is one of those; there will be a brief meeting with the new personnel to go over procedures. It was further discussed the net revenue from the store has declined from the previous year for a variety of reasons and thus affected the monies available for grants.

There is a need for a Senior Activity committee and a chairperson. Discussion ensued over several other committees and their effectiveness.

When \$100 donation to the ABC is received it is important that all pertinent information is passed on to Carole (Hoemeke) who will order the appropriate bricks.

Also, forms turned in with volunteer names need to be given to Laurie Schlosser.

Cathy offered to take the financial records for school year 2011-2012 to Julia Amendola with Worth & Associates, CPA, so that the audit and tax returns may be prepared.
