

Pay For Your Childcare With HiMama

With HiMama, you can pay invoices online using your bank account. You can save your banking information, and then Viking Village (VCE) will automatically collect payment from you when it's due. It's easy and convenient.

How it Works

Viking Village will generate invoices for your child or children, and these invoices will be viewable in your HiMama mobile app or web browser. The invoices will be due on the 15th of each month, and Viking Village (VCE) will automatically withdraw those funds from the bank account you've provided.

Why Paying Online Helps

Keeping track of bills can be a headache. Simplify things by saving your payment details in HiMama, so that now you can set it and go. Sound good? Sign in and follow these steps:

Select invoices from the top navigation

If this is your first time, select the "Setup Auto Pay" button

OR

Select the settings button on the right and click "Edit Payment Method"

Then enter your bank details. You can find your bank account details on a blank check. Once you've added your details, you will then be charged for **future** invoices.

Q: Can I add more than one bank account?

A: No, you can only add one bank account. Only one payment method can be stored in your account at a given point in time, however, you can change your payment details as needed.

Q: Can I make a partial payment and pay the rest later?

A: No, unfortunately that is not possible. All outstanding balances must be paid in full.

Q: Where can I a record of my invoices and payments?

A: Login to your HiMama account and select the Invoices tab (). You can see all Due, and Paid invoices, in one single feed.
