

FINANCE & BUSINESS SERVICES

Byron Schuneman Chief Financial Officer

Veronica Jackson Purchasing & Contracts Coordinator

DATE: APRIL 16, 2021

TO: ALL PROSPECTIVE VENDORS

FROM: VERONICA JACKSON, PURCHASING AND CONTRACTS COORDINATOR

SUBJECT: ADDENDA# 1

RFP# 21-0427, DISPARITY STUDY

All respondents are hereby advised of the following amendments to the Request for Proposals ("RFP") document which are hereby made an integral part of the proposal documents for the subject contract, prepared by the Clarke County School District ("CCSD or District").

Proposals submitted shall be deemed to include contract document information as shown in **ADDENDUM NO.**1. Respondents shall be required to acknowledge receipt of this addendum in their proposal response. Failure to acknowledge receipt of this addendum by the respondent may result in the rejection of their proposal response.

This addendum must be completed, signed and submitted with your proposal response to be considered for award. If you have already submitted a proposal, please complete the addendum and submit same in a sealed envelope, clearly marked with the "RFP# 21-0427, DISPARITY STUDY", response date, and return address. This will be accepted as part of your proposal response, PROVIDING IT IS RECEIVED BY THE PURCHASING DEPARTMENT BY THE TIME AND DATE SPECIFIED IN THIS DOCUMENT.

The Addendum becomes a part of the Original document and Modifies, as noted below:

A. MODIFICATIONS & REVISIONS (clarifications in red)

- 1. Timeline for completion of services shall be no more than two (2) years as listed in the contract terms. It has been determined that services can be twelve (12) to fifteen (15) months until completion.
- 2. Price Form, pp. 19 shall be listed on a separate document.

 This form should entail detailed pricing that includes tasks and/or phases of the services that includes a total overall cost.

B. QUESTIONS & ANSWERS (answers in red)

- 1. How far back should the awarded firm research for this Disparity Study? We are looking to go back five (5) years.
- 2. Is a vendor required to be registered to do business in Georgia prior to submission of a proposal? If not, at what date and time does a successful awardee have to be registered to do business in Georgia?

 We prefer that vendors are registered in Georgia. If not, at least an application verification of registration.
- 3. What other kinds of registration requirements are there for bidders or awardees and what is the required timing in relation to the submission date?

 All required certifications are listed in the (4.0) Mandatory Documents. pp. 8-9.
- 4. May an awardee have an employee who not a US citizen and is working from outside the USA?

 The District will not govern the employment of any company's personnel, although we would suggest that any Immigration/Security requirements are adhered to in accordance with the law.

- 5. Is there any advantage in the review process for a vendor to have a physical presence in Georgia? There is no advantage for vendors with a physical presence in Georgia; but there is a local preference for firms in the Athens-Clarke County area.
- 6. Same question, but for a presence in Clarke County.

 Yes, there is a local preference for firms in the Athens-Clarke County area.
- 7. Is there any aspect of the bid evaluation process that gives an advantage to a proposal that has a prime or a subcontractor in Georgia or Clarke County?

 As stated in questions (4) and (5), there is a local preference for firms having a principal office in Athens-Clarke County, Georgia. This is for prime vendor, not subcontractors.
- 8. What is the anticipated or acceptable or currently planned range for the total bid price? Please do provide any known bounds.
 We do have some funds designated for this, but we do not have a budget established. This is why we are doing this RFP process to obtain a budget for our Board of Education based on the responses we receive.
- 9. What sort of non-monetary support (in terms of staff time or providing data or documents) will the sponsor offer to the successful vendor?
 We will provide all the necessary support needed for gathering and providing data to support this process.
- 10. In particular, will the sponsor provide databases with relevant content and provide data dictionaries for such databases?
 We will provide all necessary information, whether hard copies or electronically. We do have a database with vendor and price information, although we do not have a contract database to export any needed information.
- 11. Is there any need or requirement for the vendor team (or a member of the team) to visit or conduct any activities within Georgia or Clarke County?

 Since this is our first time going through this process, we are not sure of the expectations of whether inperson or virtual discussions. Although, if we can do this entire process virtually, we are happy to follow that process.
- 12. What is the highest level of statistical training and statistical capacity that will be present among the members of your review team—the people who will review the submitted bids?

 The individuals that will evaluate the proposals are a diverse, cross functional team. It will consist of our Chief Financial Officer, SPLOST Team representative (oversee construction and renovations) and Student Support representative (oversee equity within the District).
- 13. If some complex statistical analyses are <u>needed</u> and are proposed by a bidder in order to successfully do the work, will your review team be able to understand and evaluate the complex statistical methodology? Yes our CCSD personnel can review any complex statistical data.
- 14. When and where will you make available a list of firms with their name and contact information for:
 - a) firms which are looking to team up for a bid; and
 - b) firms which have contacted the sponsor to indicate interest in this RFP?.

We will provide the Zoom check-in listing of vendors. Those firms submitting proposals will not be released until our Board of Education has reviewed as this is considered a pending process until approved.

- 15. Can you please supply a Word version of the RFP that can be edited and copied? (Useful for proposal preparation.)
 - We do not have the WORD document version available.
- 16. Please list databases that will be made available to a successful vendor and describe their content. The only database that will be available is our MUNIS system that will house all vendor and payment information.

- 17. Please supply lists or links to lists of firms that are certified in Georgia as DBE, WBE, MBE or any other certifications related to disadvantaged groups.
 We do not have a listing of this sort available. This is the reasoning for the RFP to do a study to get adequate DBE, WBE and MBE information.
- 18. For contracts that were awarded and vendor bids that were offered during the designated calendar study period, what specific demographic information will be available from your databases for the race and gender of the ownership of each bidding firm? E.g., is it just minority vs. non-minority or are the races specified, such as Black, Hispanic, Asian, etc.? And, is the gender as male or female? Is DBE broken down into categories, and, if so, what are the categories? Is ownership defined as the demographic group with at least 51% ownership? Is the race and gender available for all bidders or just for the winning bidder for an RFP? Regarding our competitive solicitations, demographic information is gathered when notifications are published on the Georgia Procurement website. A copy of the final page showing this information is attached. No other demographic information has been collected.
- 19. Will you provide us with the list of local firms? List of local firms attached.
- 20. Does the District maintain prime data for all types of procurements (i.e., construction, professional services, goods and other services)? If so, is this information available in electronic format?
 Prime data is available for the services outlines. Some items are in hard-copy formats, while others documents may be electronically.
- 21. Does the District maintain subcontract data for M/WBEs and non-M/WBEs? If so, is this information available in electronic format?
 We do not have that information. This information in mainly within our construction office as the awarded vendor will need to work with our SPLOST office to obtain this information form the prime vendors.
- 22. RFP Section 4.9. "Additional Requested Documents" lists the Vendor Packet as a required document, however, RFP Section 4.8. "Samples" also lists items from the Vendor Packet (i.e., Vendor Questionnaire Form) as a required attachment. Please confirm exactly which pages of the Vendor Packet should be included under Proposer's responses to items 4.8 and 4.9.
 4.8- a sample of the Vendor Questionnaire that an awarded firm has presented in the past to the Offeror. This will need to consist of all information and required documents that the firm will need from the District.
 4.9 Vendor Packet is the packet attached to the original RFP documents.
- 23. RFP Section 4.8. "Samples" lists a Sample Disparity Study. Please confirm that the District accepts URL webs links to reports published online.

 Yes, we can accept URL web links.
- 24. RFP Section 4.8. "Samples" also lists Sub consultants Documents as required attachments. Please confirm what items should be included as Sub consultants Documents in order for Proposers to fully respond to this requirement. We would like to review any sub consultant training or contract.

 If this information is to be confidential; please mark all material as such.
- 25. Under which section of Proposer's responses should the Proposal Form be included? As state in the RFP, we asked that the pricing be submitted on a separate form. The cost shall be provided in detail by phase/tasks with an overall cost.

- 26. RFP Section 2.5 describes the minimum insurance requirements and instructs Proposers to submit with their proposal certificates of insurance as evidence of coverage.
 - a) Which address should be listed in the certificate holder portion of the certificates?
 Clarke County School District
 500 Whitehead Road
 Athens, Georgia 30606
 - b) Item 2.5.1.2 states, "Automobile Liability: Insurance Services Office Form Number CA 0001 covering Symbol 1 (any auto), with limits no less than \$1,000,000 per accident for bodily injury and property damage." Will the District accept instead coverage for "hired autos" and "non-owned autos?" Insurance documents shall be provided as listed in the insurance requirements.
- 27. Please confirm that there is no MBE/WBE participation goal for this project.

 There is no goal set forth with this project.
- 28. Section 4.8, page 9-Samples, it requests sample materials for the evaluation committee to review. Since proposals will be submitted via email, is it acceptable to provide a link in the proposal to the sample disparity study?

 Yes
- 29. Section 2.6-Surety Bonds: Will a bond be required for this project?

 No surety bond required; this would have been listed in the Mandatory Document section.
- 30. Section 4.9, Additional Requested Documents, the list includes copy of business license. Does this refer to registration with the Georgia Secretary of State, or to a business license from the city or county where a firm is located? It also lists Certificate of Insurance. Should we provide an evidence copy of our current insurance? Is this required for subcontractors as well?
 - a) There should be registration within the Georgia Secretary of State or application in process at the time of submittal.
 - b) Yes, please provide evidence of information based on the insurance requirements listed in this RFP.
- 31. Are there points given to local subcontracting?
- 32. Is the same insurance requirements for subcontracting as well as for prime? Yes
- 33. Professional Liability, will this insurance be required for this project? Yes
- 34. Any restrictions on foreign meet the requirements?
 NA
- 35. What should an Inclusion Plan and also a proposed plan response include?

 Inclusion plan / proposed plan response shall include a detail methodology of services that will be provided.
- 36. Is there a centralized data system for award, vendor/payment, bidder data?

 Award data will be available in hard-copy and/or electronic, no centralized location.

 Vendor & payment information is centralized in our MUNIS system

 Bidder data will be available in hard-copies and/or electronically. This information be available within two locations; Office of Purchasing & Contracts and SPLOST Office.
- 37. What departments/ how many departments will be included in this process?

 The departments will consist of the Office of Superintendent, Community Engagement & Public Relations,
 Human Resources, Office of Purchasing & Contracts, Finance & Business Services, Instructional Services &
 School Performance, Operations (Plant Services, Safety & Energy, School Nutrition, Security, Transportation,
 SPLOST, Technology) and Student Services (Migrant Services, Nursing, School Psychology, Social Work)

- 38. Are you capturing the NIGP codes currently?
- 39. You mentioned a new contract system, what is the name of that system?

 We currently use an accounting system through Tyler Technologies MUNIS.

 The new contract module is the Contract Management System through in the MUNIS hub.
- 40. How many contracts per year?

Approximately (50) annually.

- a) How many smaller agreements? Approximately (40) annually.
- 41. What is the current purchasing threshold?

AMOUNT	METHOD
\$0 to \$3,500	Micro-purchase (2 quotes or more)
\$3,501 to \$10,000	Small Purchase Procedures
\$10,001 to \$79,999	Request for Quotes (RFQ) or Invitation for Bid (IFB), (May require a request for proposal)
\$80,000+	Invitation for Bid (IFB) or Request for Proposal (RFP) Requires Board approval

- 42. You asked to determine whether firms are small business, can we do this by providing a survey? Yes
- 43. Have there been demonstrations in Athens regarding Black Live Matter? Yes; we have had some race related events.
