A hand-drawn addition problem on a white background with a blue border. The number 2 is written in a large, bold, black font at the top. Below it, a plus sign (+) is written to the left of a vertical line representing the number 1. A horizontal line is drawn below the plus sign and the vertical line, indicating the result line.

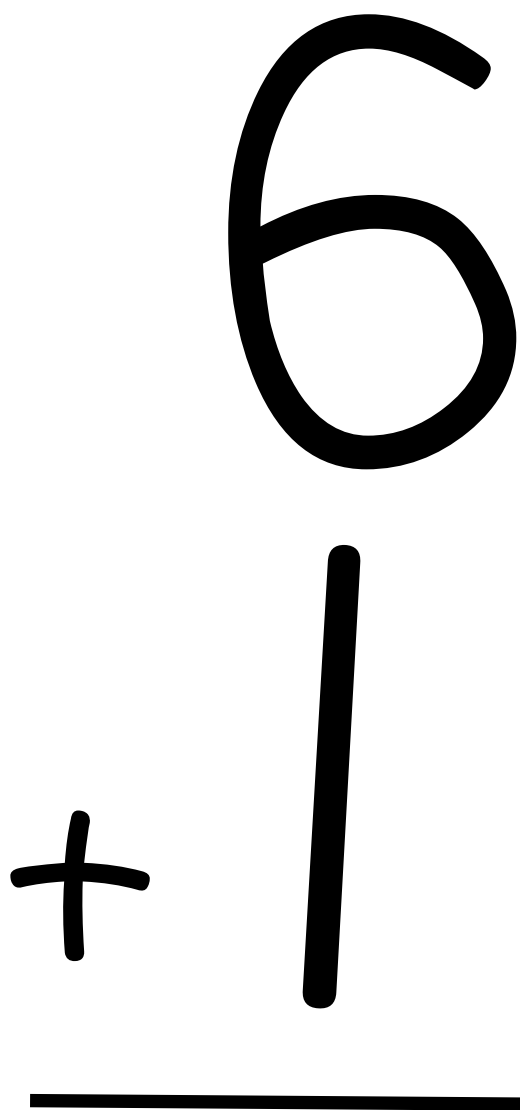

A hand-drawn addition problem on a white background with a blue border. The number 3 is written in a large, bold, black font at the top. Below it, a plus sign (+) is written to the left of a vertical line representing the number 1. A horizontal line is drawn below the plus sign and the vertical line, indicating the result line.

A hand-drawn addition problem on a white background with a blue border. The number 4 is written in large black font at the top. Below it, a plus sign (+) and the number 1 are written in black. A horizontal line is drawn below the plus sign.

$$\begin{array}{r} 4 \\ + 1 \\ \hline \end{array}$$

A hand-drawn addition problem on a white background with a blue border. The number 5 is written in large black font at the top. Below it, a plus sign (+) and the number 1 are written in black. A horizontal line is drawn below the plus sign.

$$\begin{array}{r} 5 \\ + 1 \\ \hline \end{array}$$

A hand-drawn addition problem on a white background with a blue border. The number 6 is written in a large, bold, black font at the top. Below it, a plus sign (+) and the number 1 are written in a smaller, bold, black font. A horizontal line is drawn below the plus sign and the number 1.

$$6 + 1$$

A hand-drawn addition problem on a white background with a blue border. The number 7 is written in a large, bold, black font at the top. Below it, a plus sign (+) and the number 1 are written in a smaller, bold, black font. A horizontal line is drawn below the plus sign and the number 1.

$$7 + 1$$

A hand-drawn addition problem on a blue background with a black scribbled border. The number 8 is at the top, followed by a plus sign and the number 1. A horizontal line is drawn below the plus sign and the number 1, indicating the result line.

$$8 + 1 =$$

A hand-drawn addition problem on a blue background with a black scribbled border. The number 9 is at the top, followed by a plus sign and the number 1. A horizontal line is drawn below the plus sign and the number 1, indicating the result line.

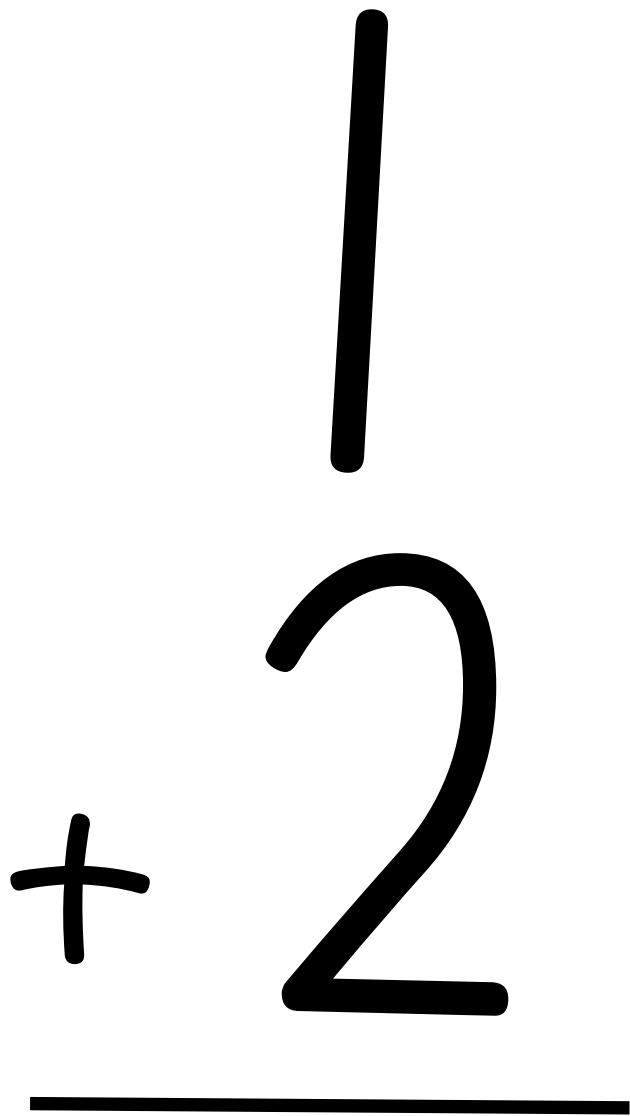

$$9 + 1 =$$

10

+ 1

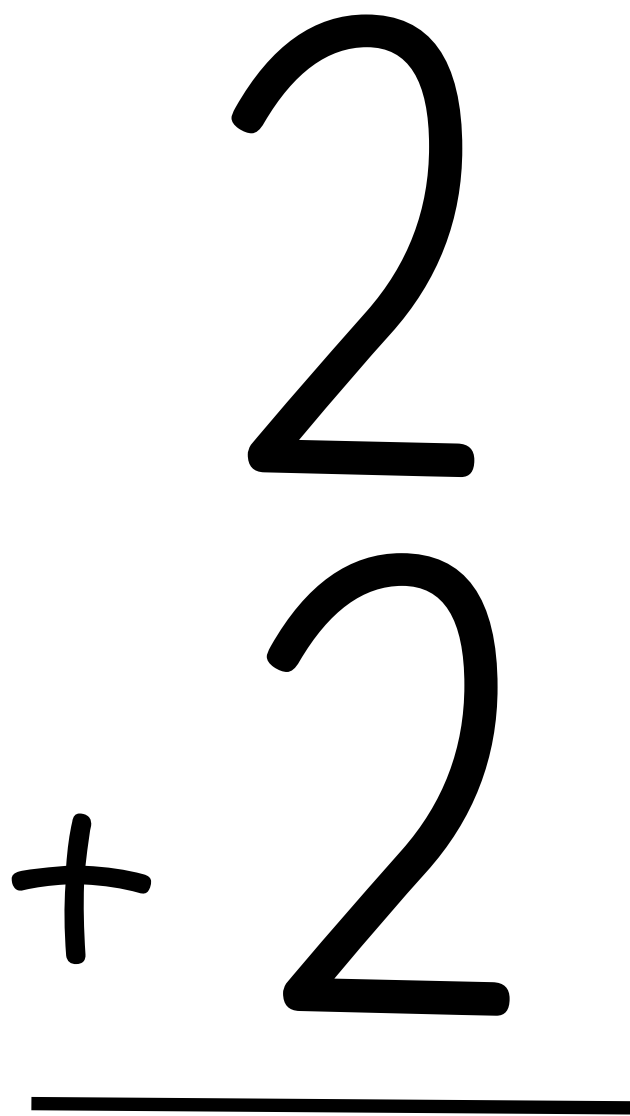

0

+ 2

A hand-drawn addition problem on a white background with a black, irregular border. The numbers are written in a simple, bold, black font. The equation is 1 + 2 = 3. The number 1 is at the top, followed by a plus sign, then the number 2. A horizontal line is drawn below the plus sign and the number 2. The number 3 is written below the line.

$$\begin{array}{r} 1 \\ + 2 \\ \hline 3 \end{array}$$

A hand-drawn addition problem on a white background with a black, irregular border. The numbers are written in a simple, bold, black font. The equation is 2 + 2 = 4. The number 2 is at the top, followed by a plus sign, then the number 2. A horizontal line is drawn below the plus sign and the number 2. The number 4 is written below the line.

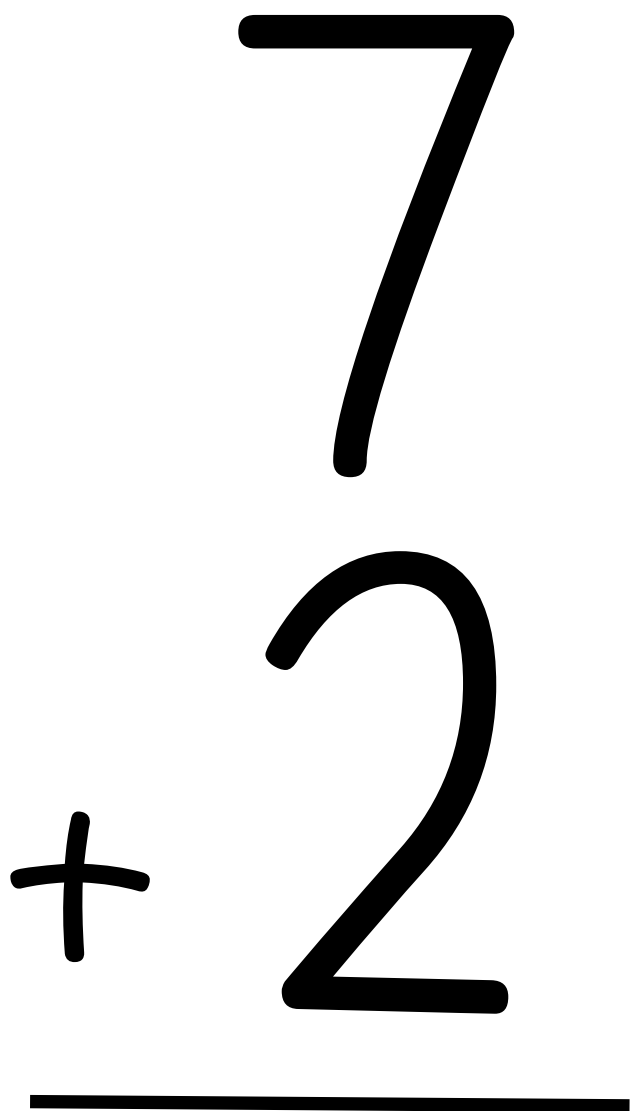

$$\begin{array}{r} 2 \\ + 2 \\ \hline 4 \end{array}$$

$$\begin{array}{r} + \\ 2 \\ \hline 3 \end{array}$$

$$\begin{array}{r} + \\ 2 \\ \hline 4 \end{array}$$

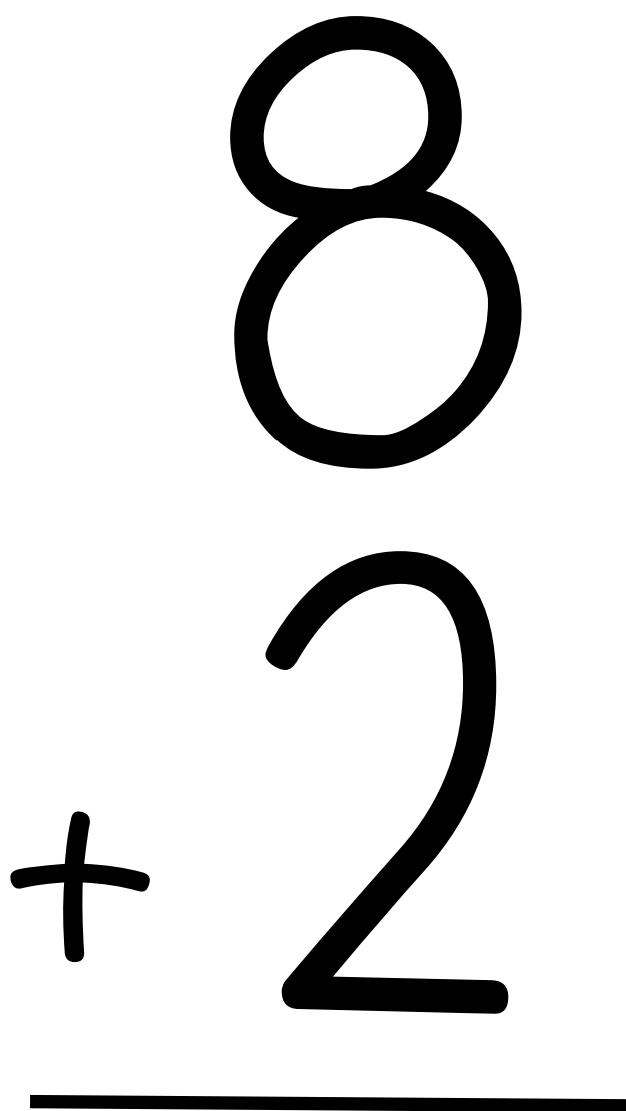

$$\begin{array}{r} + \\ 2 \\ \hline 5 \end{array}$$

$$\begin{array}{r} + \\ 2 \\ \hline 6 \end{array}$$

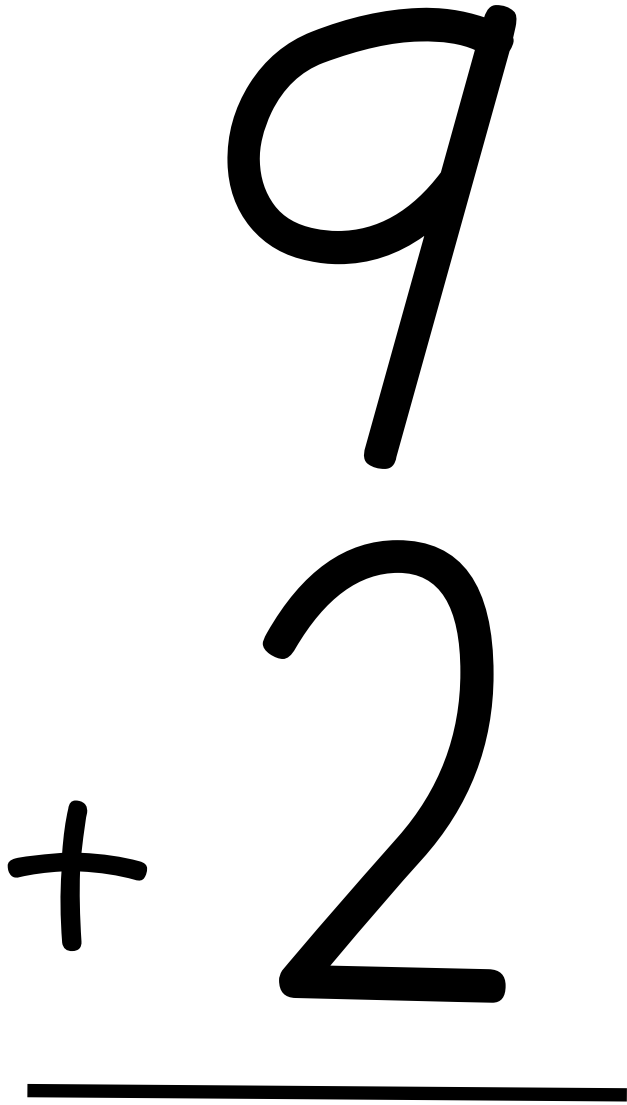

A hand-drawn addition problem on a white background with a black, irregular border. The numbers are written in a simple, bold, sans-serif font. The number 7 is at the top, followed by a plus sign (+) to its left. Below the plus sign is the number 2. A horizontal line is drawn below the number 2. The entire problem is centered within the frame.

$$\begin{array}{r} 7 \\ + 2 \\ \hline \end{array}$$

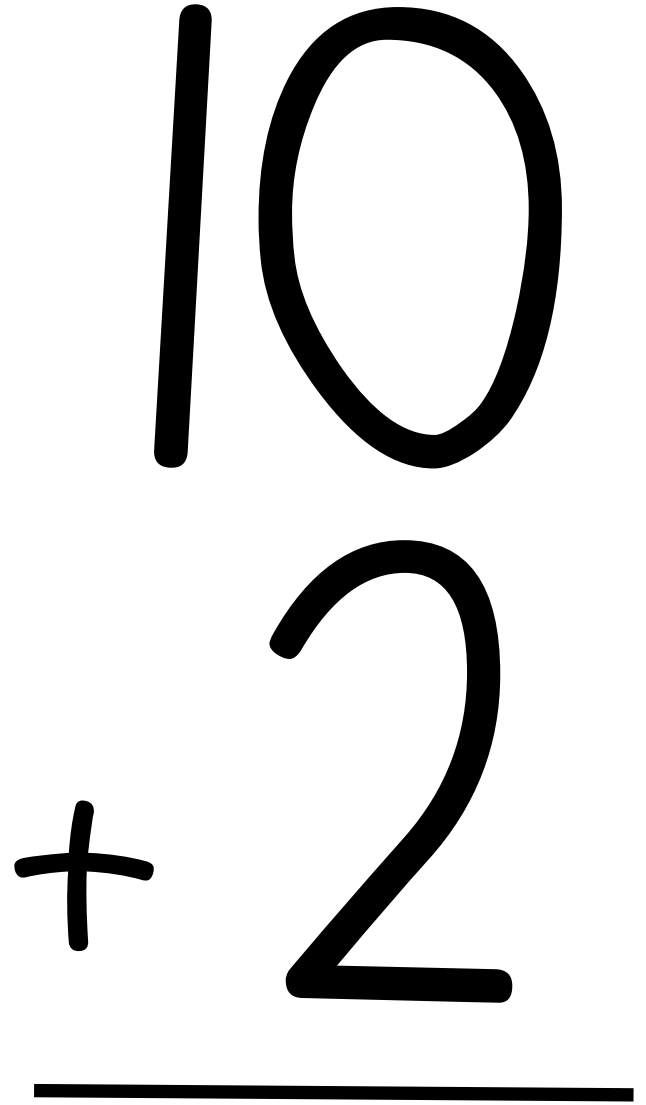

A hand-drawn addition problem on a white background with a black, irregular border. The numbers are written in a simple, bold, sans-serif font. The number 8 is at the top, followed by a plus sign (+) to its left. Below the plus sign is the number 2. A horizontal line is drawn below the number 2. The entire problem is centered within the frame.

$$\begin{array}{r} 8 \\ + 2 \\ \hline \end{array}$$

A hand-drawn addition problem on a white background with a black, irregular border. The numbers are written in a simple, bold, sans-serif font. The number 9 is at the top, followed by a plus sign (+) to its left. Below the plus sign is the number 2. A horizontal line is drawn under the number 2. The result, 11, is not explicitly written, but the problem is clearly intended to be solved as 9 + 2 = 11.

$$\begin{array}{r} 9 \\ + 2 \\ \hline \end{array}$$

A hand-drawn addition problem on a white background with a black, irregular border. The numbers are written in a simple, bold, sans-serif font. The number 10 is at the top, followed by a plus sign (+) to its left. Below the plus sign is the number 2. A horizontal line is drawn under the number 2. The result, 12, is not explicitly written, but the problem is clearly intended to be solved as 10 + 2 = 12.

$$\begin{array}{r} 10 \\ + 2 \\ \hline \end{array}$$

+ 3

0

+ 3

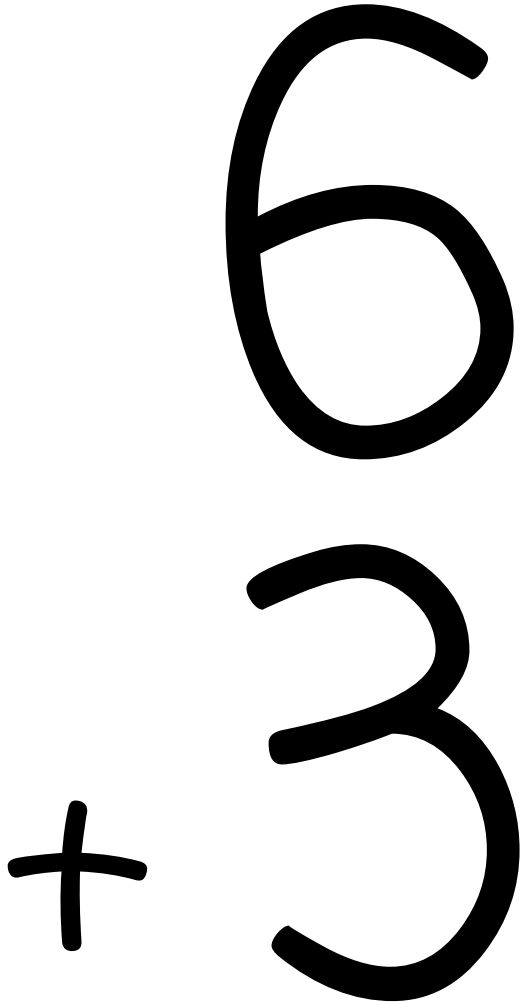

!

+ 32

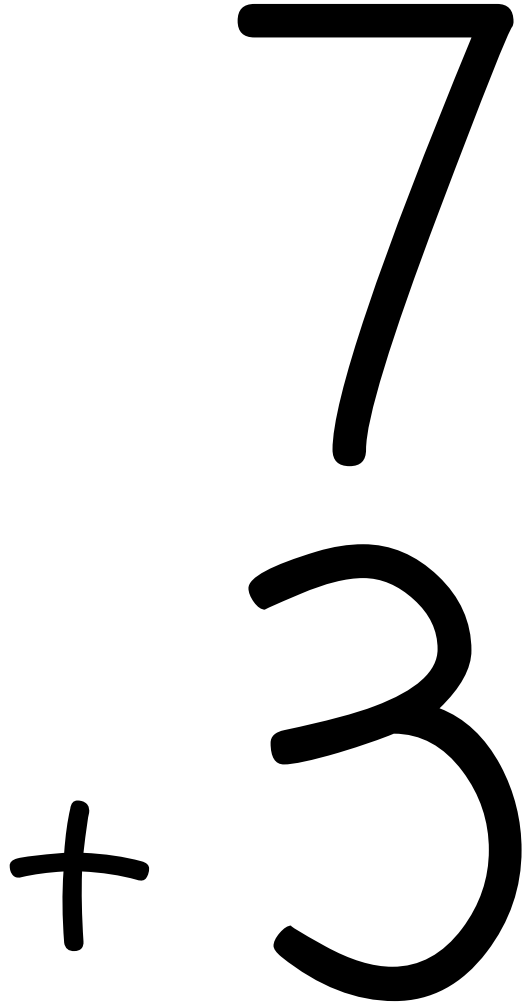

+ 33

$$\begin{array}{r} + 3 \\ \hline 4 \end{array}$$

$$\begin{array}{r} + 3 \\ \hline 5 \end{array}$$

A hand-drawn addition problem on a white background with a green border. The equation is $3 + 3 = 6$. The numbers and the plus sign are written in a simple, rounded font. A horizontal line is drawn under the first 3.

A hand-drawn addition problem on a white background with a green border. The equation is $3 + 4 = 7$. The numbers and the plus sign are written in a simple, rounded font. A horizontal line is drawn under the first 3.

+ 38

+ 39

A hand-drawn addition problem on a green background. The numbers 10 and 3 are written in a simple, rounded font. A plus sign is positioned to the left of the 3. A horizontal line is drawn below the 3, indicating the sum line.

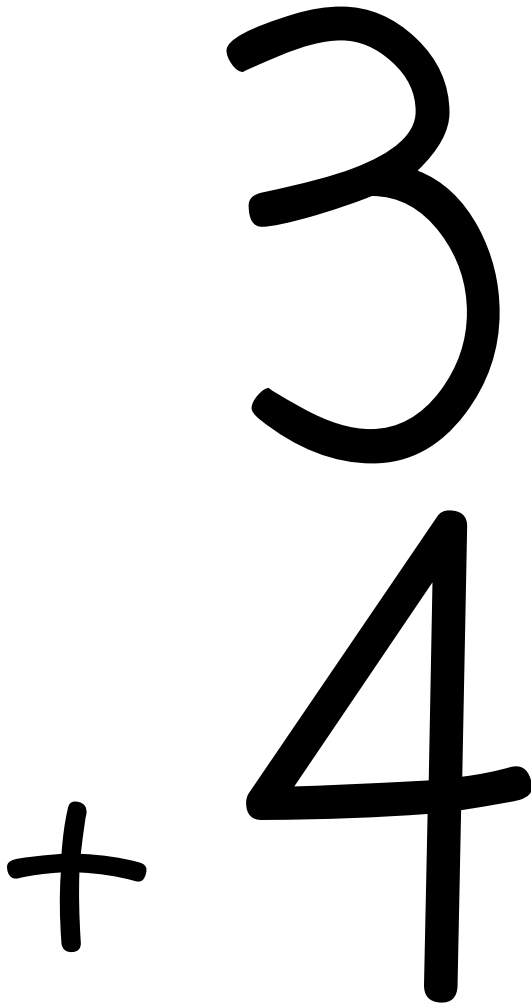

$$\begin{array}{r} 10 \\ + 3 \\ \hline \end{array}$$

A hand-drawn addition problem on a yellow background. The numbers 0 and 4 are written in a simple, rounded font. A plus sign is positioned to the left of the 4. A horizontal line is drawn below the 4, indicating the sum line.

$$\begin{array}{r} 0 \\ + 4 \\ \hline \end{array}$$

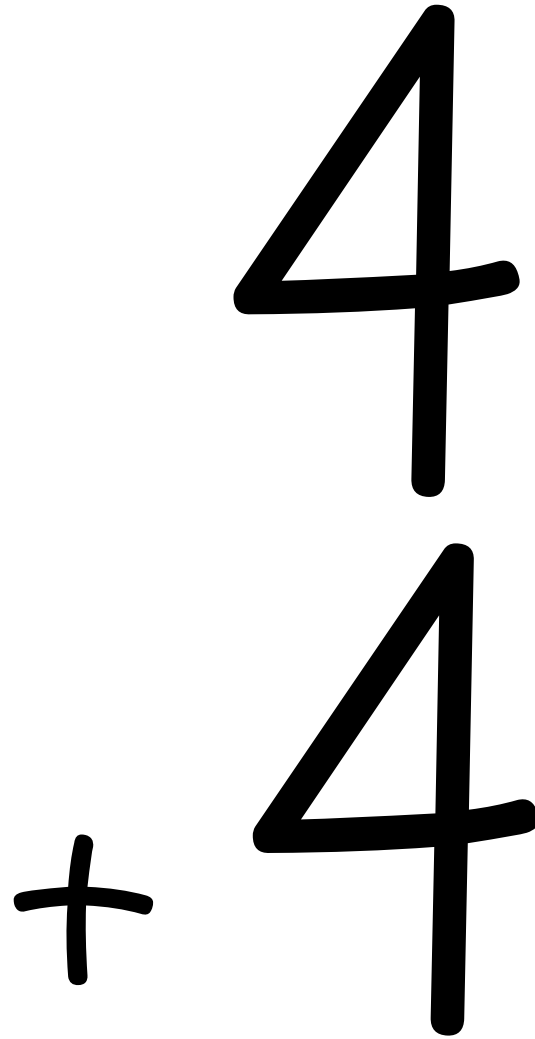

$$\begin{array}{r} 1 \\ + 4 \\ \hline \end{array}$$

$$\begin{array}{r} 2 \\ + 4 \\ \hline \end{array}$$

A hand-drawn addition problem on a yellow background. The numbers 3 and 4 are written in a simple, bold font. A plus sign is to the left of the 4. A horizontal line is drawn below the 4. The number 7 is written above the 4, indicating the sum.

$$\begin{array}{r} 3 \\ + 4 \\ \hline 7 \end{array}$$

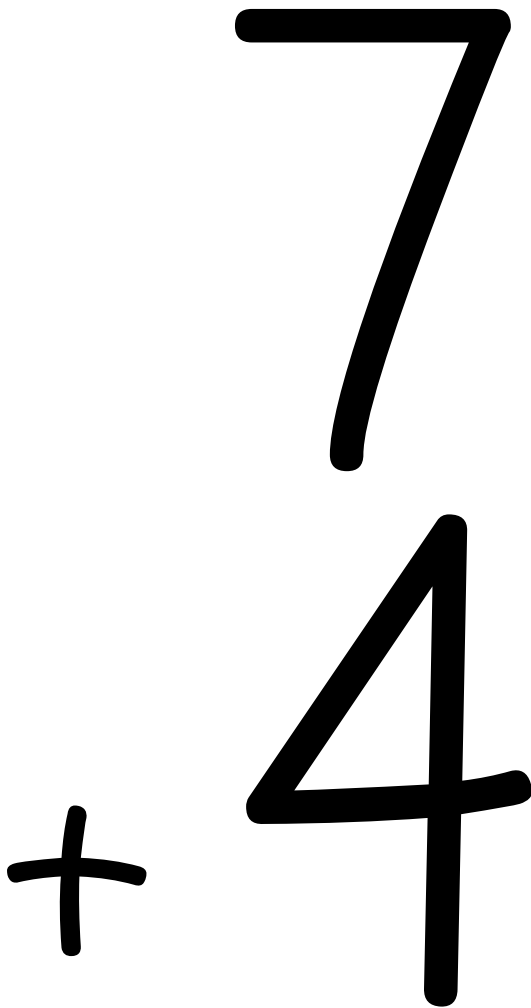

A hand-drawn addition problem on a yellow background. The numbers 4 and 4 are written in a simple, bold font. A plus sign is to the left of the second 4. A horizontal line is drawn below the second 4. The number 8 is written above the second 4, indicating the sum.

$$\begin{array}{r} 4 \\ + 4 \\ \hline 8 \end{array}$$

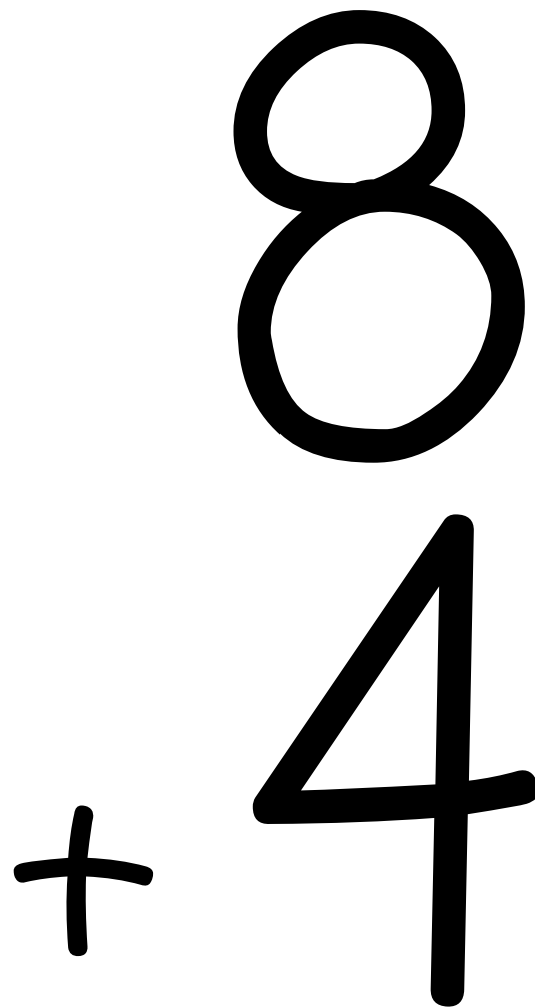

$$\begin{array}{r} 5 \\ + 4 \\ \hline \end{array}$$

$$\begin{array}{r} 6 \\ + 4 \\ \hline \end{array}$$

A hand-drawn addition problem on a yellow background. The number 7 is written in a large, bold, black font at the top. Below it, a plus sign (+) is written to the left of the number 4, which is also in a large, bold, black font. A horizontal line is drawn below the plus sign and the number 4.

$$\begin{array}{r} 7 \\ + 4 \\ \hline \end{array}$$

A hand-drawn addition problem on a yellow background. The number 8 is written in a large, bold, black font at the top. Below it, a plus sign (+) is written to the left of the number 4, which is also in a large, bold, black font. A horizontal line is drawn below the plus sign and the number 4.

$$\begin{array}{r} 8 \\ + 4 \\ \hline \end{array}$$

$$\begin{array}{r} 9 \\ + 4 \\ \hline \end{array}$$

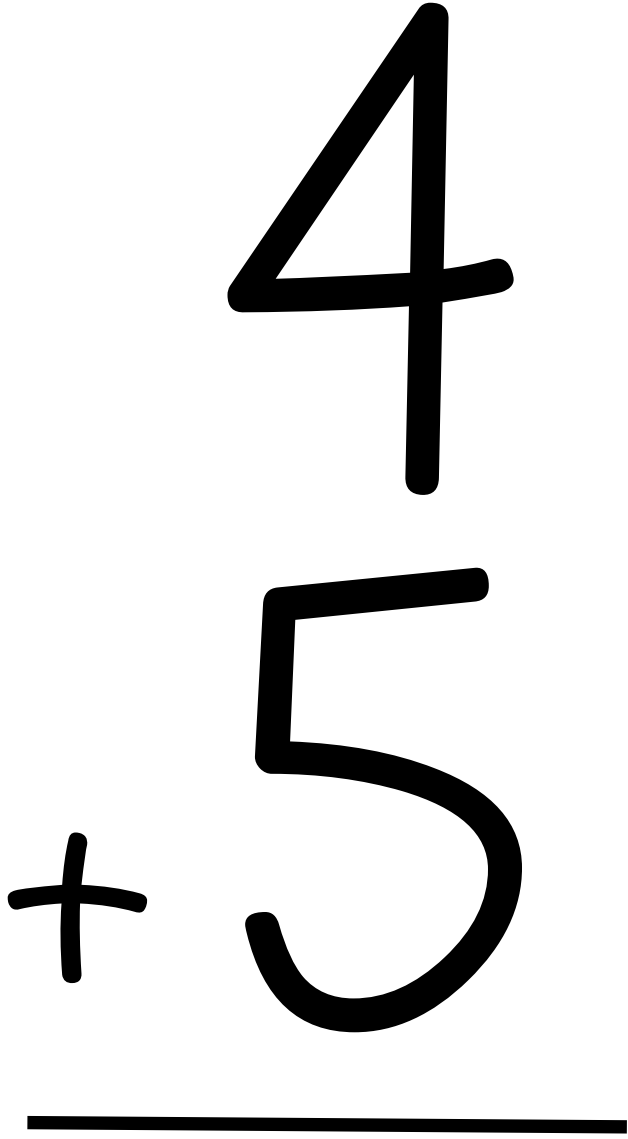

$$\begin{array}{r} 10 \\ + 4 \\ \hline \end{array}$$

$$\begin{array}{r} + \\ 50 \\ \hline \end{array}$$

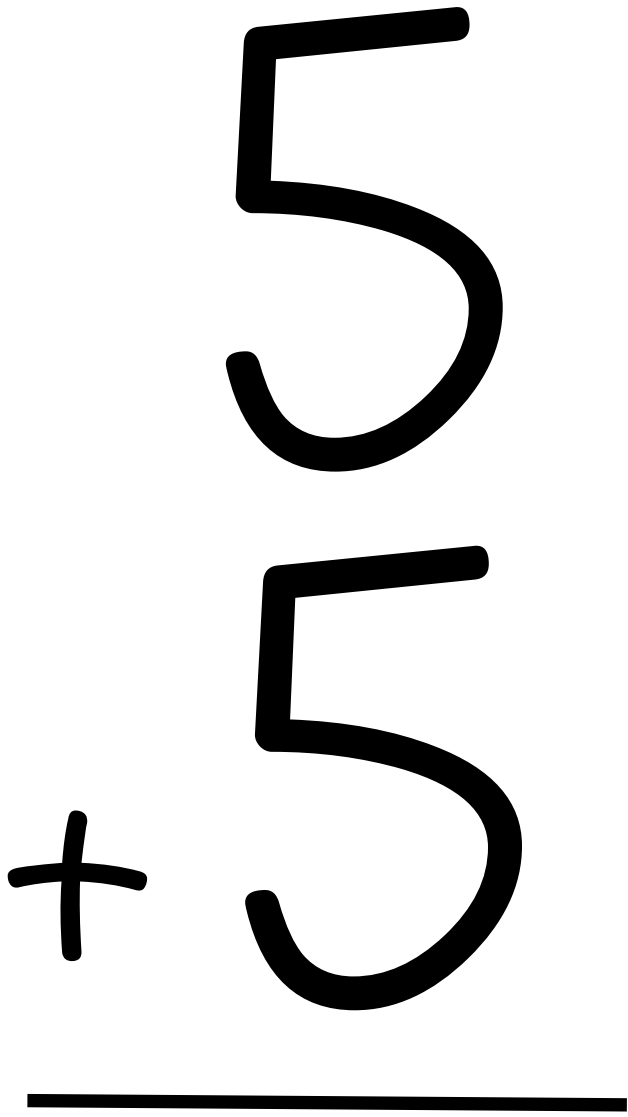

$$\begin{array}{r} + \\ 5 \\ \hline \end{array}$$

+ 52

+ 53

A hand-drawn addition problem on a white background with a black, irregular border. The equation is $5 + 4 = 9$. The numbers are written in a simple, bold, sans-serif font. A horizontal line is drawn under the number 5, and another horizontal line is drawn under the number 4, indicating the sum.

A hand-drawn addition problem on a white background with a black, irregular border. The equation is $5 + 5 = 10$. The numbers are written in a simple, bold, sans-serif font. A horizontal line is drawn under the number 5, and another horizontal line is drawn under the second number 5, indicating the sum.

A hand-drawn addition problem on a white background with a black, irregular border. The equation is $56 + 1$. The numbers are written in a simple, bold, black font. A horizontal line is drawn under the number 1.

A hand-drawn addition problem on a white background with a black, irregular border. The equation is $57 + 1$. The numbers are written in a simple, bold, black font. A horizontal line is drawn under the number 1.

$$\begin{array}{r} + \\ 58 \\ \hline \end{array}$$

$$\begin{array}{r} + \\ 59 \\ \hline \end{array}$$

A hand-drawn addition problem on a grey background. The numbers 10 and 5 are stacked vertically, with a plus sign to the left of the 5. A horizontal line is drawn below the 5, and the number 15 is written below the line. The entire problem is enclosed in a hand-drawn black border.

$$\begin{array}{r} 10 \\ + 5 \\ \hline 15 \end{array}$$

A hand-drawn addition problem on a blue background. The numbers 0 and 6 are stacked vertically, with a plus sign to the left of the 6. A horizontal line is drawn below the 6, and the number 6 is written below the line. The entire problem is enclosed in a hand-drawn black border.

$$\begin{array}{r} 0 \\ + 6 \\ \hline 6 \end{array}$$

$$\begin{array}{r} 1 \\ + 6 \\ \hline \end{array}$$

$$\begin{array}{r} 2 \\ + 6 \\ \hline \end{array}$$

$$\begin{array}{r} + 63 \\ \hline \end{array}$$

$$\begin{array}{r} + 64 \\ \hline \end{array}$$

$$\begin{array}{r} + 6 \\ 5 \\ \hline \end{array}$$

$$\begin{array}{r} + 6 \\ 6 \\ \hline \end{array}$$

A hand-drawn addition problem on a white background with a blue border. The number 7 is at the top, followed by a plus sign and the number 6. A horizontal line is drawn below the plus sign and the number 6.

$$\begin{array}{r} 7 \\ + 6 \\ \hline \end{array}$$

A hand-drawn addition problem on a white background with a blue border. The number 8 is at the top, followed by a plus sign and the number 6. A horizontal line is drawn below the plus sign and the number 6.

$$\begin{array}{r} 8 \\ + 6 \\ \hline \end{array}$$

$$\begin{array}{r} 9 \\ + 6 \\ \hline \end{array}$$

$$\begin{array}{r} 10 \\ + 6 \\ \hline \end{array}$$

A hand-drawn addition problem on an orange background with a black scribbled border. The equation is $0 + 7 =$. The number 0 is at the top, followed by a plus sign and the number 7. A horizontal line is drawn below the plus sign and the number 7, indicating where the answer should be written.

A hand-drawn addition problem on an orange background with a black scribbled border. The equation is $1 + 7 =$. The number 1 is at the top, followed by a plus sign and the number 7. A horizontal line is drawn below the plus sign and the number 7, indicating where the answer should be written.

A hand-drawn addition problem on a white background with a black, irregular border. The numbers are written in a simple, bold, black font. A plus sign is positioned to the left of the number 7. A horizontal line is drawn below the number 7, indicating the result line.

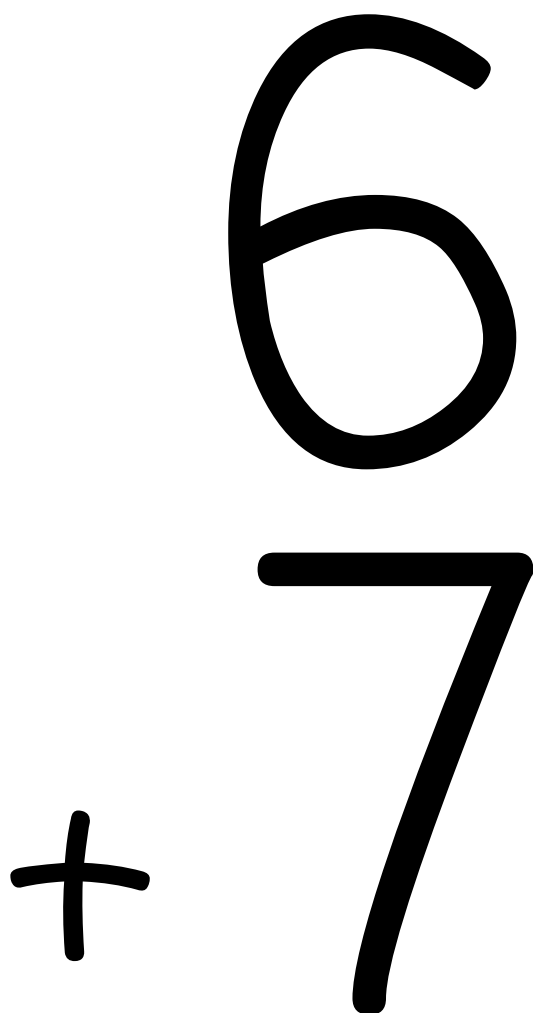

$$\begin{array}{r} 2 \\ + 7 \\ \hline \end{array}$$

A hand-drawn addition problem on a white background with a black, irregular border. The numbers are written in a simple, bold, black font. A plus sign is positioned to the left of the number 7. A horizontal line is drawn below the number 7, indicating the result line.

$$\begin{array}{r} 3 \\ + 7 \\ \hline \end{array}$$

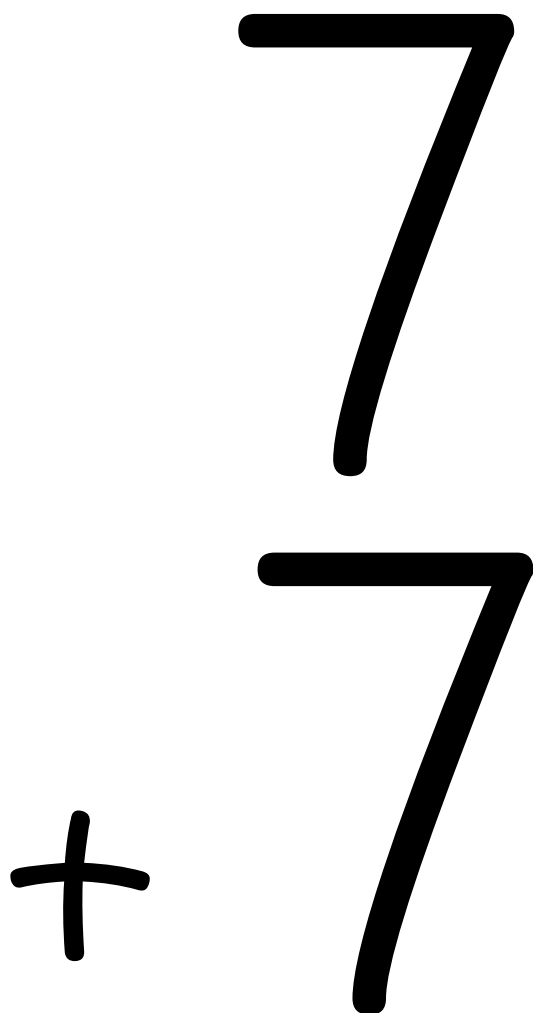

$$\begin{array}{r} 4 \\ + 7 \\ \hline \end{array}$$

$$\begin{array}{r} 5 \\ + 7 \\ \hline \end{array}$$

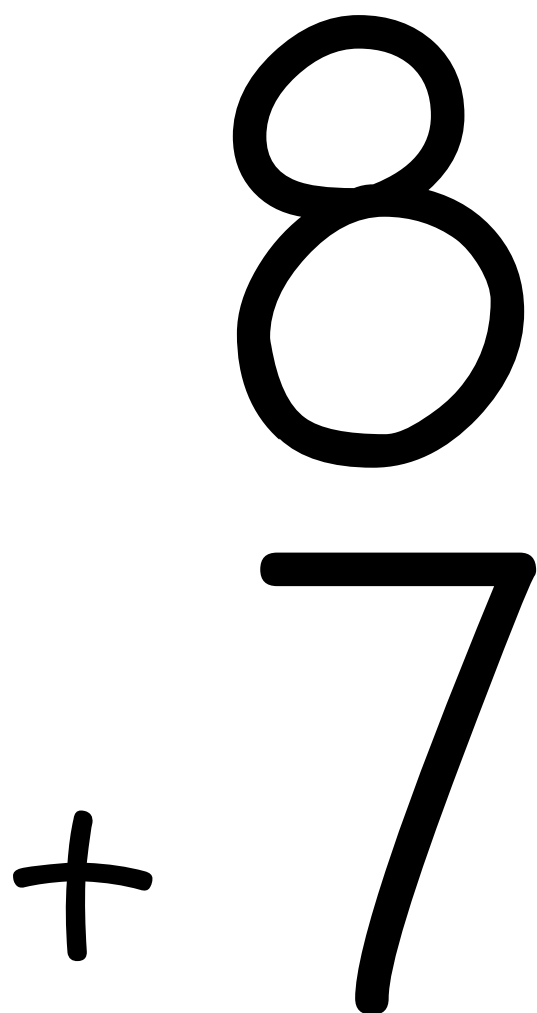

A hand-drawn addition problem on a white background with a black, irregular border. The number 6 is written in a large, bold, black font at the top. Below it, the number 7 is written in a similar large, bold, black font. To the left of the 7 is a plus sign (+). Below the plus sign and the 7 is a horizontal line.

$$\begin{array}{r} 6 \\ + 7 \\ \hline \end{array}$$

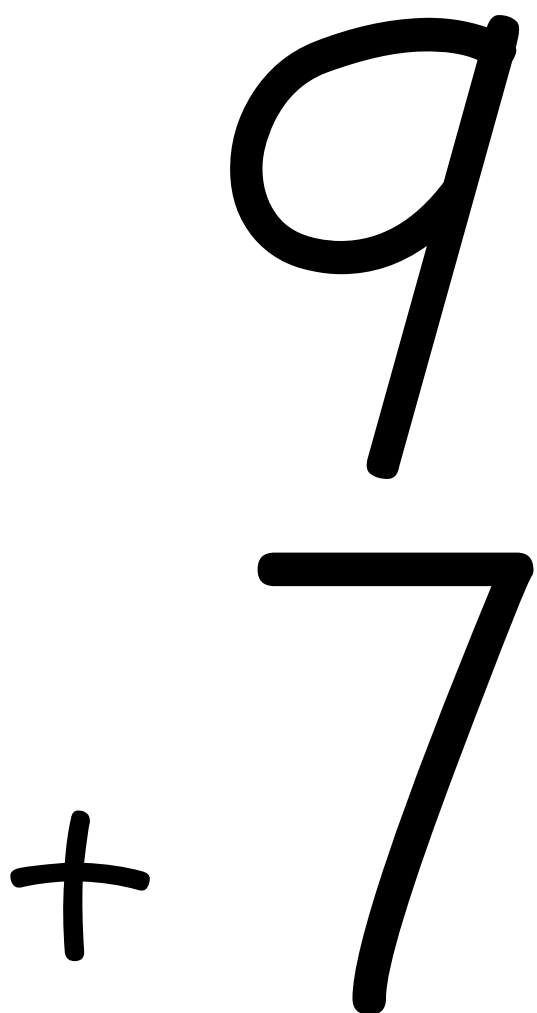

A hand-drawn addition problem on a white background with a black, irregular border. The number 7 is written in a large, bold, black font at the top. Below it, the number 7 is written in a similar large, bold, black font. To the left of the 7 is a plus sign (+). Below the plus sign and the 7 is a horizontal line.

$$\begin{array}{r} 7 \\ + 7 \\ \hline \end{array}$$

A hand-drawn addition problem on a white background with a black, irregular border. The number 8 is positioned above the number 7. To the left of the 7 is a plus sign (+). Below the 7 is a horizontal line.

$$\begin{array}{r} 8 \\ + 7 \\ \hline \end{array}$$

A hand-drawn addition problem on a white background with a black, irregular border. The number 9 is positioned above the number 7. To the left of the 7 is a plus sign (+). Below the 7 is a horizontal line.

$$\begin{array}{r} 9 \\ + 7 \\ \hline \end{array}$$

A hand-drawn addition problem on an orange background. The numbers 10 and 7 are written in large, black, simple font. A plus sign is to the left of the 7. A horizontal line is drawn below the 7. The entire problem is enclosed in a hand-drawn black rectangular border.

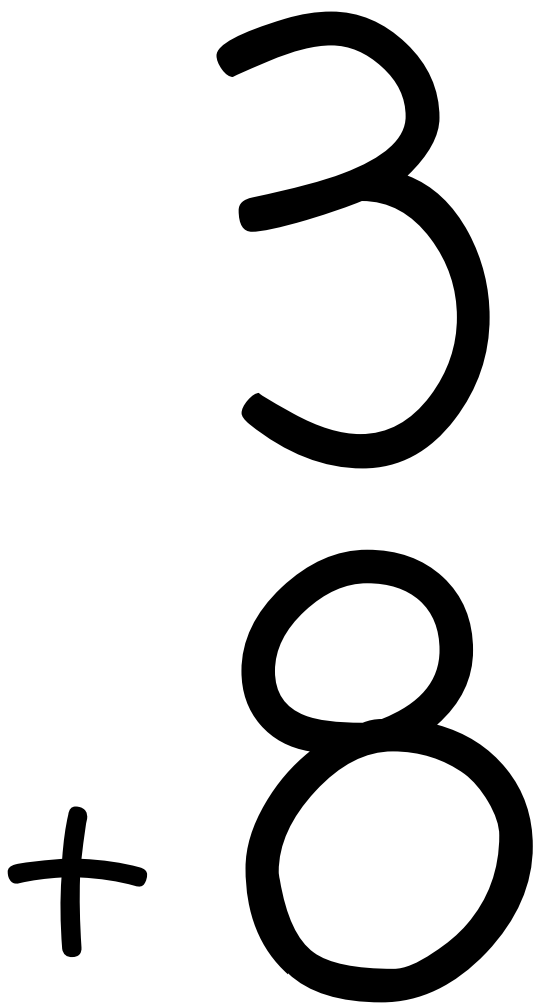

$$\begin{array}{r} 10 \\ + 7 \\ \hline \end{array}$$

A hand-drawn addition problem on a green background. The numbers 0 and 8 are written in large, black, simple font. A plus sign is to the left of the 8. A horizontal line is drawn below the 8. The entire problem is enclosed in a hand-drawn black rectangular border.

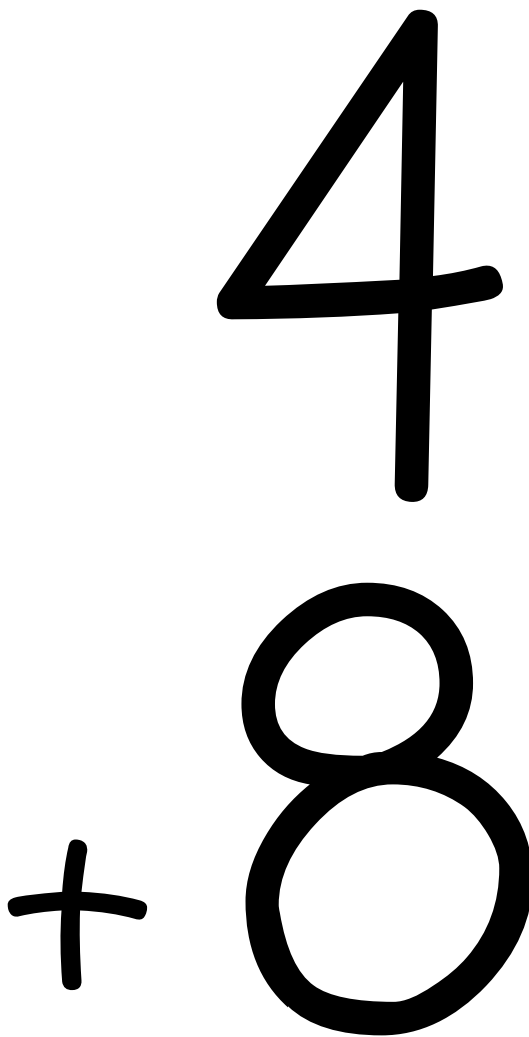

$$\begin{array}{r} 0 \\ + 8 \\ \hline \end{array}$$

A hand-drawn addition problem on a white background with a green border. The equation is $1 + 8 =$. The numbers and the plus sign are drawn in a simple, child-like style. A horizontal line is drawn below the plus sign and the number 8, indicating where the answer should be written.

A hand-drawn addition problem on a white background with a green border. The equation is $2 + 8 =$. The numbers and the plus sign are drawn in a simple, child-like style. A horizontal line is drawn below the plus sign and the number 8, indicating where the answer should be written.

A hand-drawn addition problem on a white background with a green border. The equation is $8 + 3 = 11$. The number 8 is on the left, followed by a plus sign, then the number 3. Below the 8 and the plus sign is a horizontal line. The number 11 is written to the right of the line.

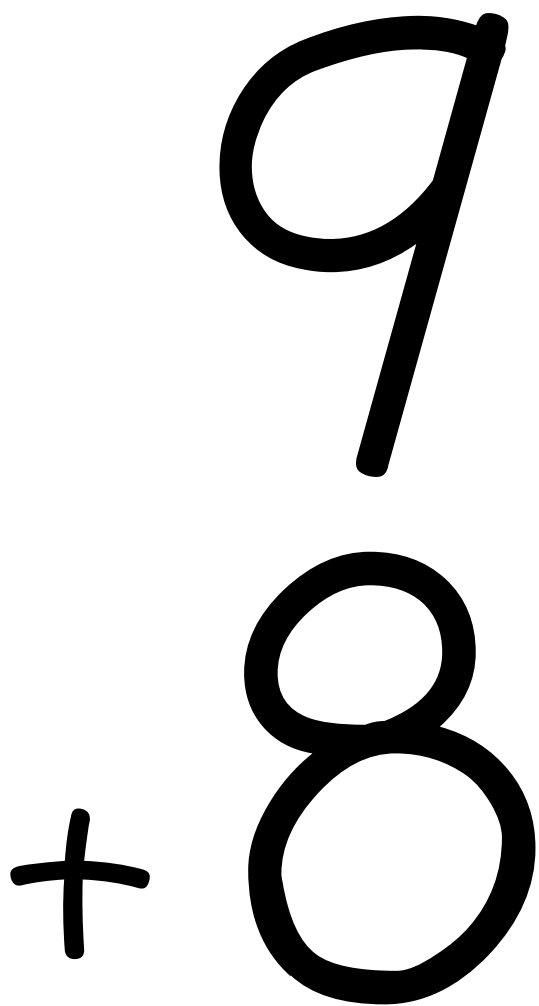

A hand-drawn addition problem on a white background with a green border. The equation is $8 + 4 = 12$. The number 8 is on the left, followed by a plus sign, then the number 4. Below the 8 and the plus sign is a horizontal line. The number 12 is written to the right of the line.

$$\begin{array}{r} + 8 \\ \hline 5 \end{array}$$

$$\begin{array}{r} + 8 \\ \hline 6 \end{array}$$

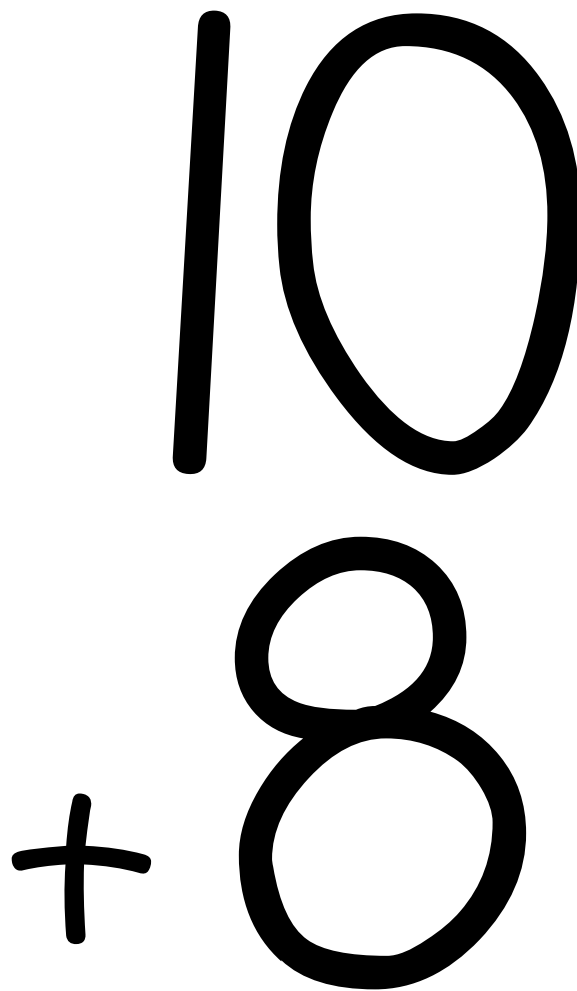

7
+ 8

8
+ 8

A hand-drawn addition problem on a white background with a green border. The number 9 is written in a large, black, cursive font at the top. Below it, a plus sign (+) is written to the left of the number 8, which is also in a large, black, cursive font. A horizontal line is drawn below the plus sign and the number 8.

$$\begin{array}{r} 9 \\ + 8 \\ \hline \end{array}$$

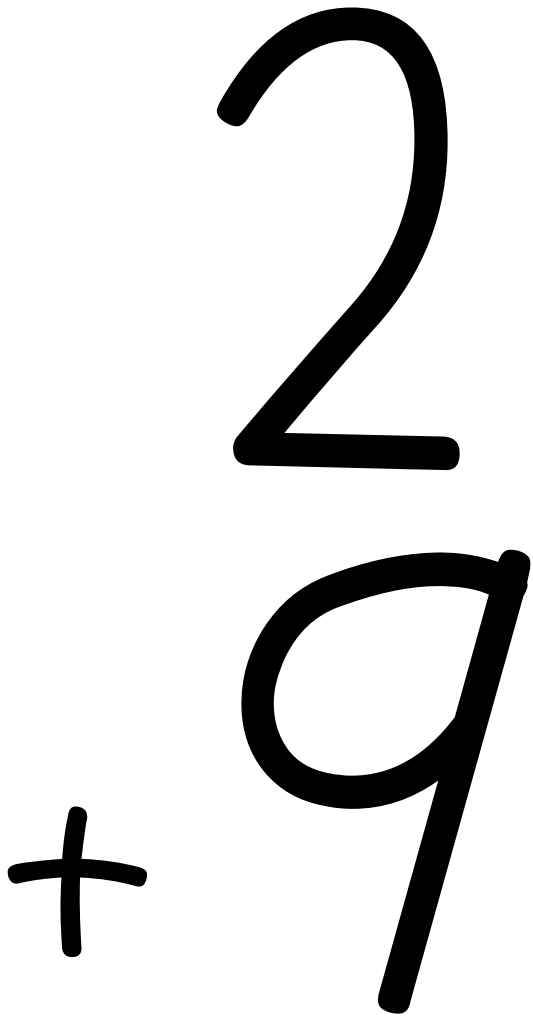

A hand-drawn addition problem on a white background with a green border. The number 10 is written in a large, black, cursive font at the top. Below it, a plus sign (+) is written to the left of the number 8, which is also in a large, black, cursive font. A horizontal line is drawn below the plus sign and the number 8.

$$\begin{array}{r} 10 \\ + 8 \\ \hline \end{array}$$

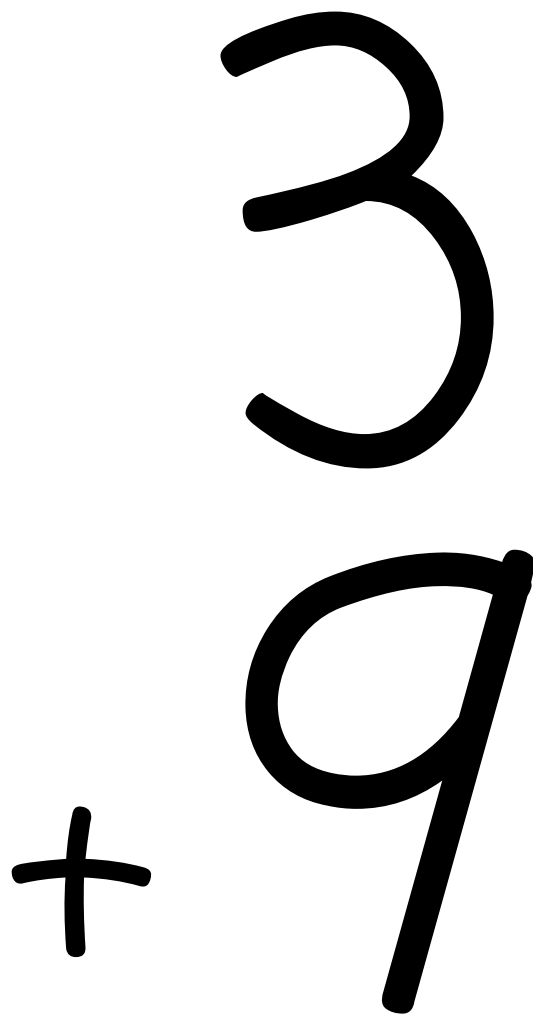

A hand-drawn addition problem on a yellow background with a black scribbled border. The equation is $0 + 9 =$. The number 0 is at the top, followed by a plus sign and the number 9. A horizontal line is drawn below the plus sign and the number 9, indicating where the answer should be written.

A hand-drawn addition problem on a yellow background with a black scribbled border. The equation is $1 + 9 =$. The number 1 is at the top, followed by a plus sign and the number 9. A horizontal line is drawn below the plus sign and the number 9, indicating where the answer should be written.

A hand-drawn addition problem on a yellow background. The numbers 2 and 9 are written in a large, bold, black font. A plus sign (+) is positioned to the left of the 9. A horizontal line is drawn below the 9. The number 11 is written below the line.

$$\begin{array}{r} 2 \\ + 9 \\ \hline 11 \end{array}$$

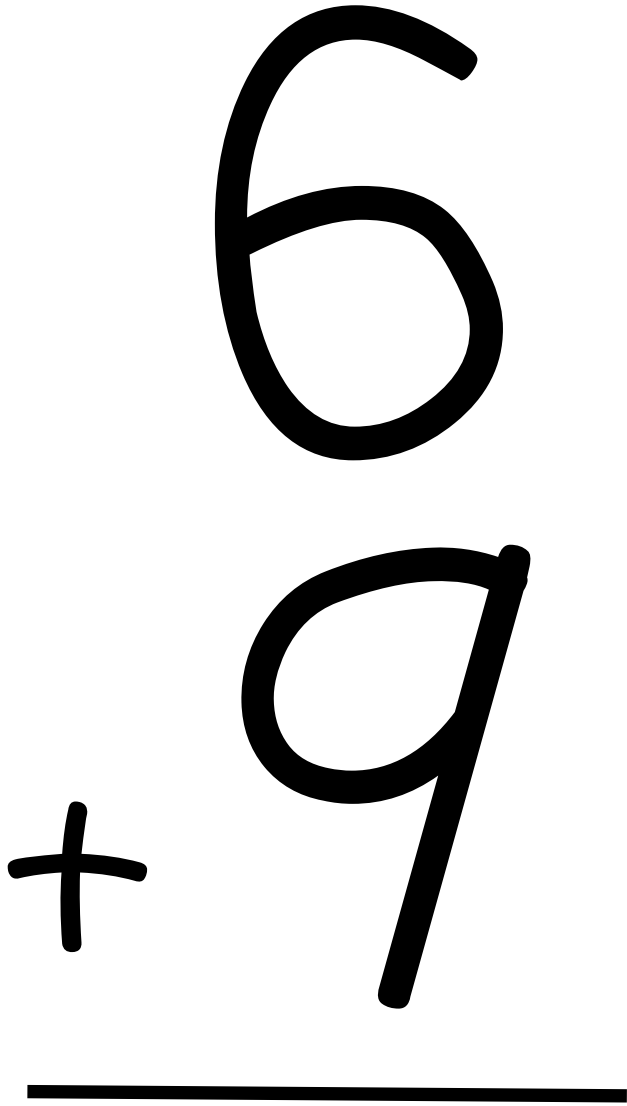

A hand-drawn addition problem on a yellow background. The numbers 3 and 9 are written in a large, bold, black font. A plus sign (+) is positioned to the left of the 9. A horizontal line is drawn below the 9. The number 12 is written below the line.

$$\begin{array}{r} 3 \\ + 9 \\ \hline 12 \end{array}$$

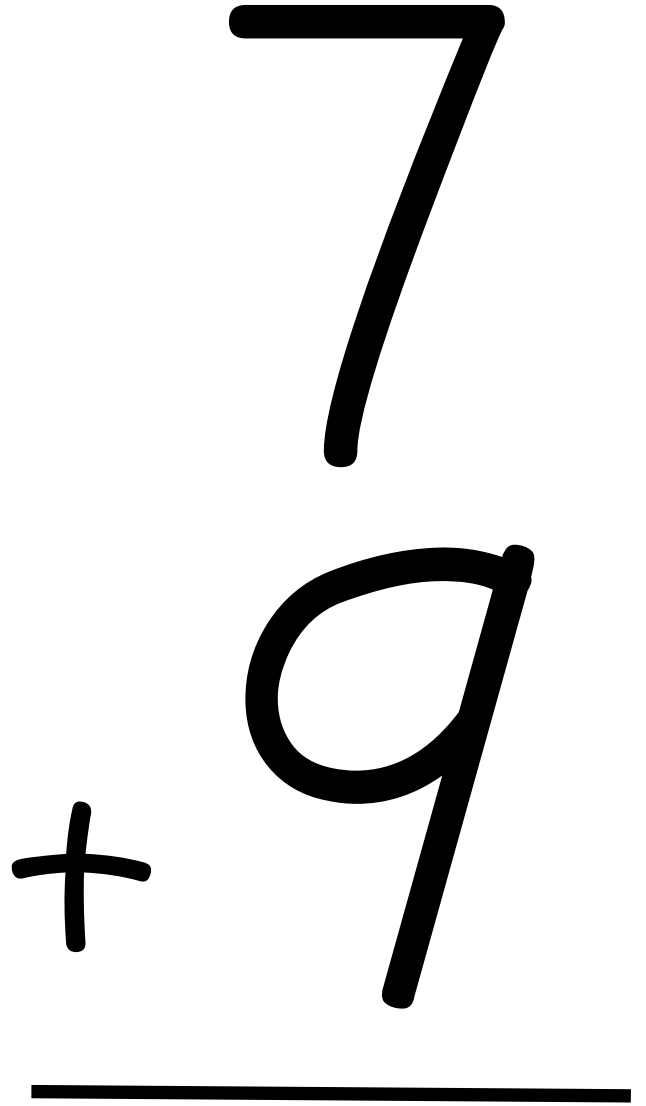

$$\begin{array}{r} 4 \\ + 9 \\ \hline \end{array}$$

$$\begin{array}{r} 5 \\ + 9 \\ \hline \end{array}$$

A hand-drawn addition problem on a yellow background. The numbers 6 and 9 are stacked vertically, with a plus sign to the left of the 9. A horizontal line is drawn below the 9, and the number 15 is written below the line.

$$\begin{array}{r} 6 \\ + 9 \\ \hline 15 \end{array}$$

A hand-drawn addition problem on a yellow background. The numbers 7 and 9 are stacked vertically, with a plus sign to the left of the 9. A horizontal line is drawn below the 9, and the number 16 is written below the line.

$$\begin{array}{r} 7 \\ + 9 \\ \hline 16 \end{array}$$

8
+ 9

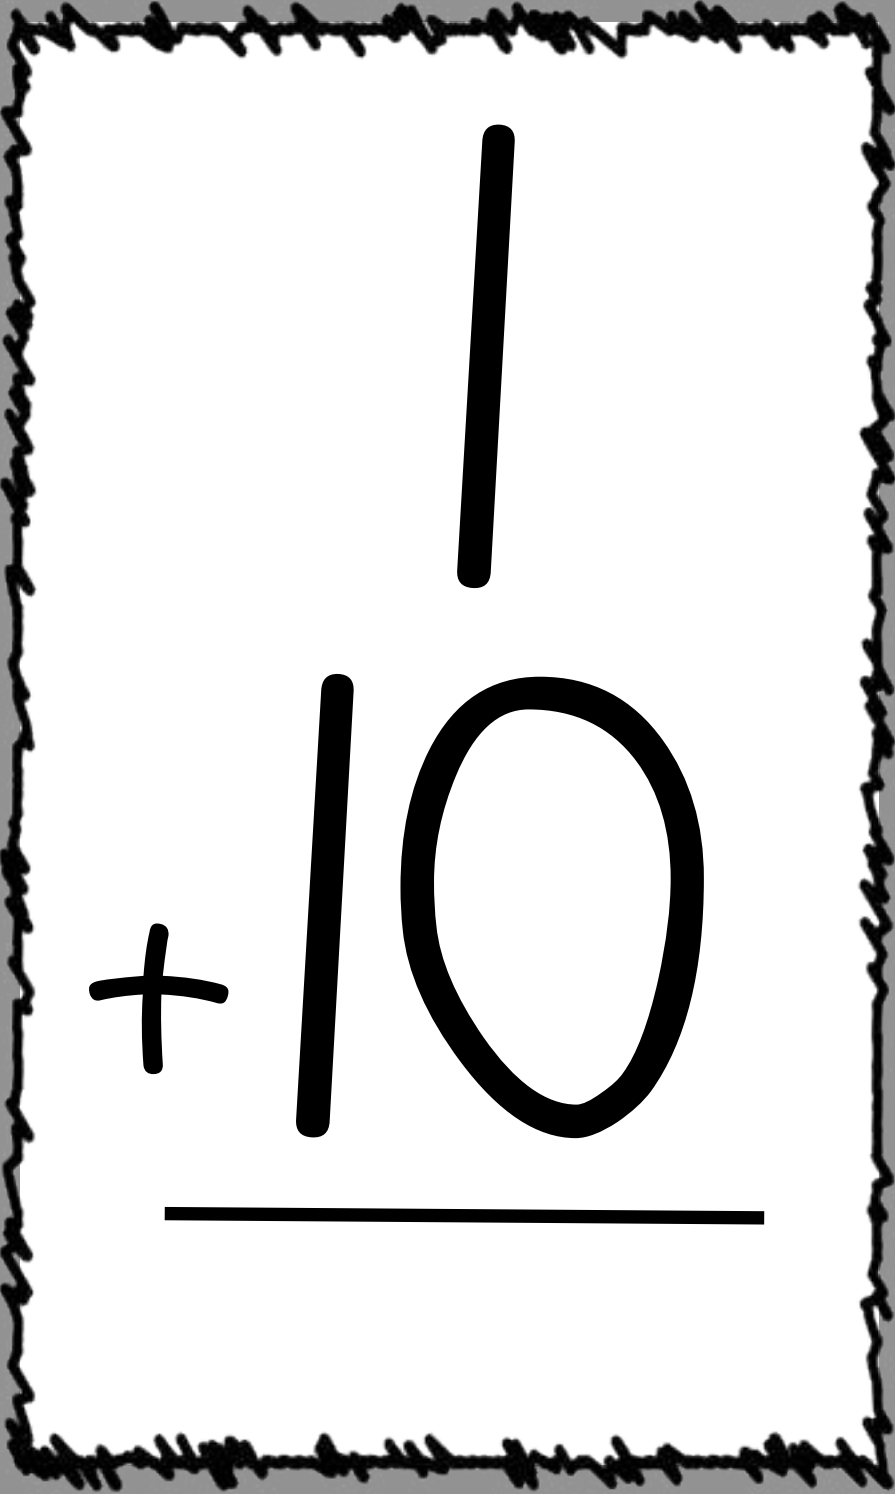

9
+ 9

A hand-drawn addition problem on a yellow background. The numbers 10 and 9 are written in a simple, bold, black font. A plus sign is positioned to the left of the 9. A horizontal line is drawn below the 9, indicating the start of the sum.

$$\begin{array}{r} 10 \\ + 9 \\ \hline \end{array}$$

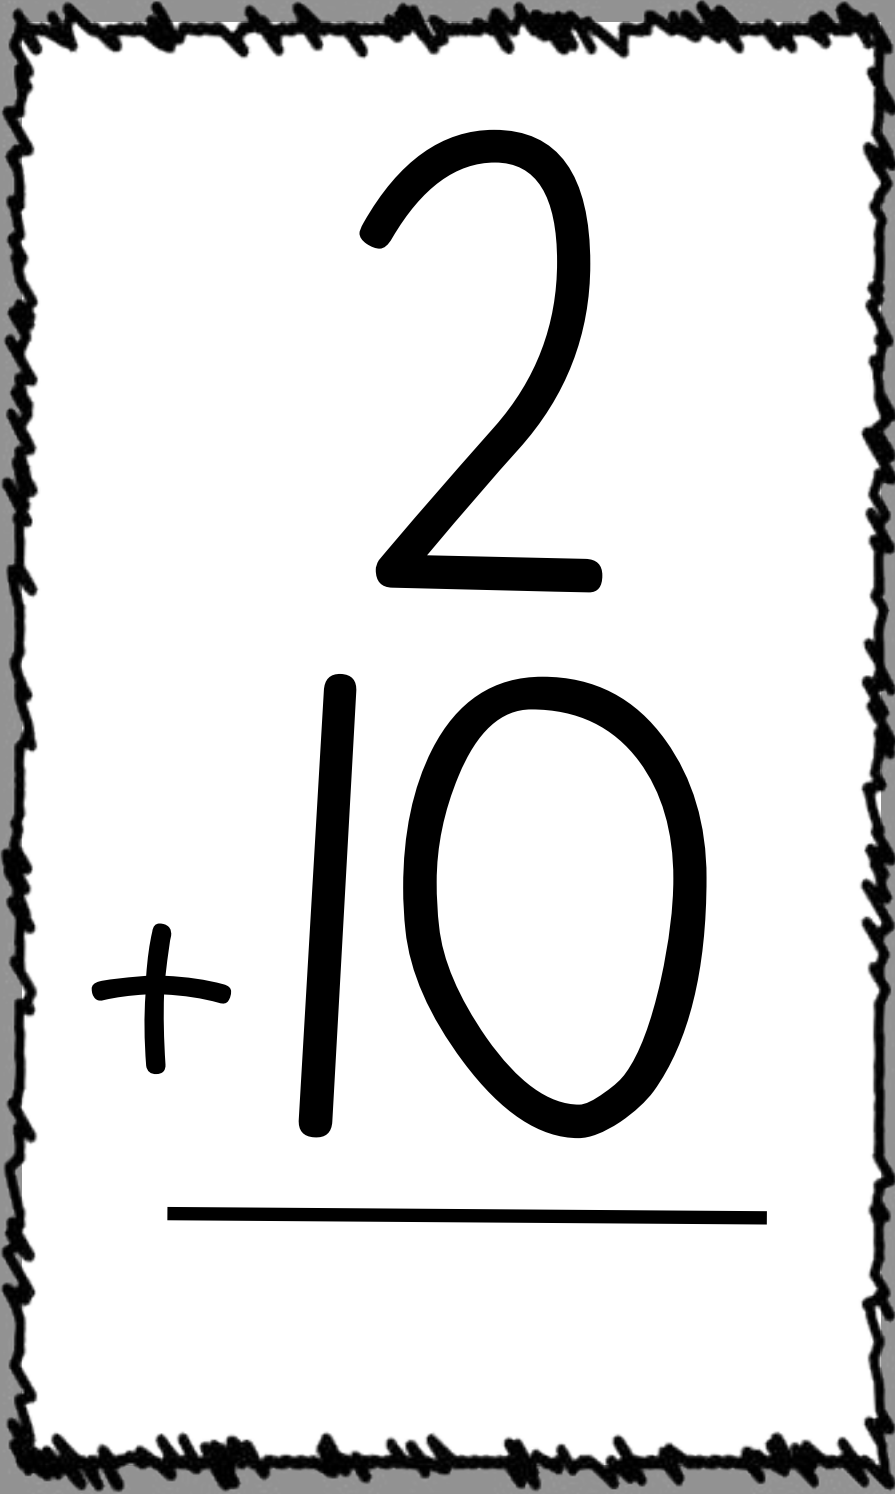

A hand-drawn addition problem on a gray background. The numbers 0 and 10 are written in a simple, bold, black font. A plus sign is positioned to the left of the 10. A horizontal line is drawn below the 10, indicating the start of the sum.

$$\begin{array}{r} 0 \\ + 10 \\ \hline \end{array}$$

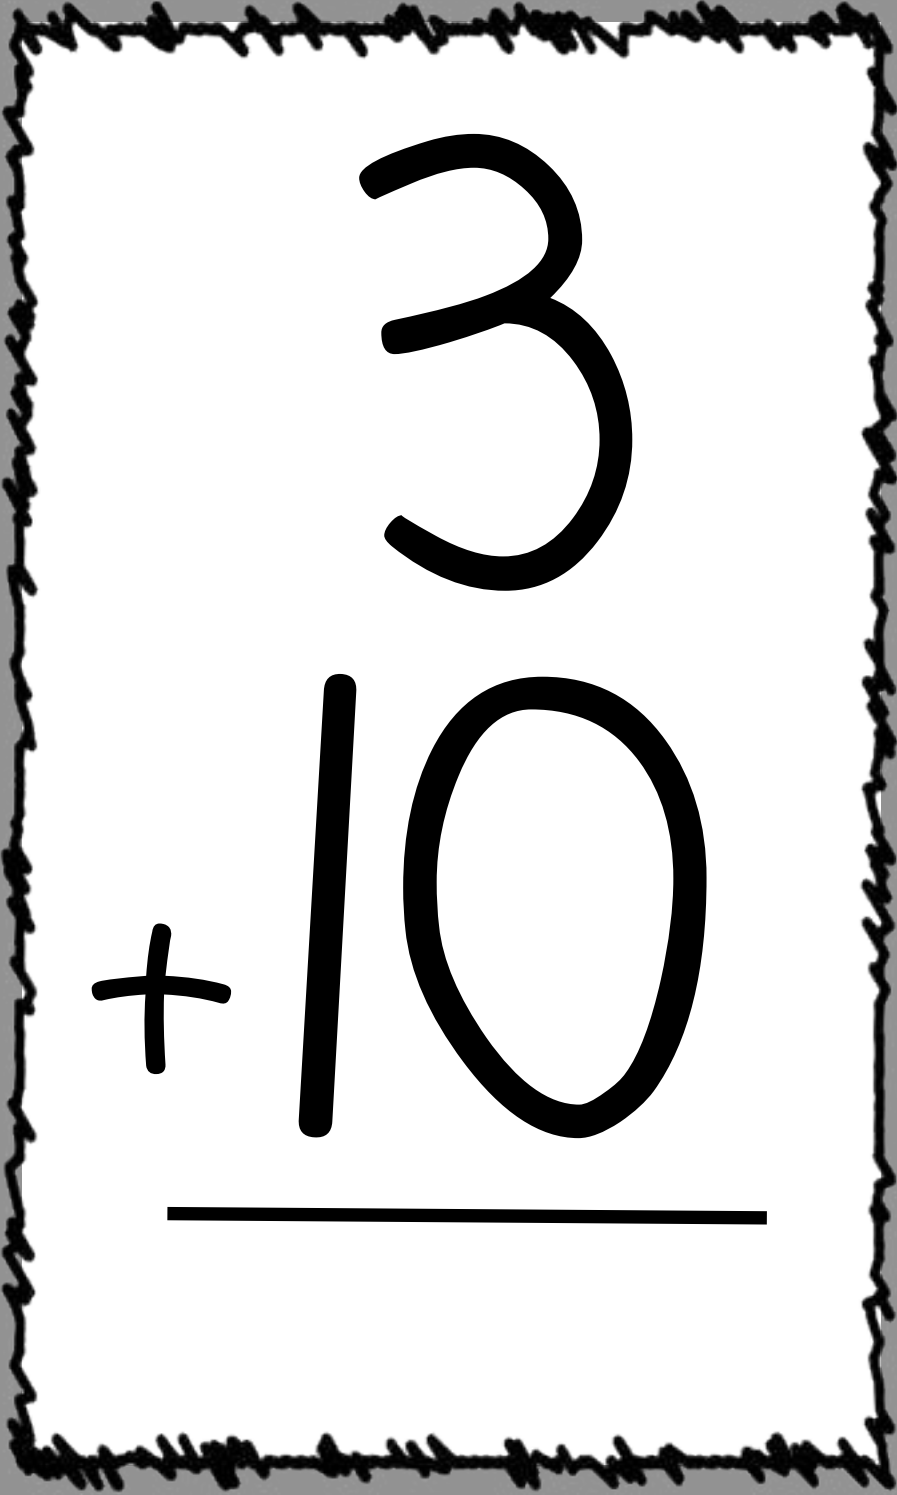

A hand-drawn addition problem on a white background with a black, irregular border. The number 1 is written at the top. Below it, the number 10 is written. To the left of the 10 is a plus sign. A horizontal line is drawn below the 10.

$$\begin{array}{r} 1 \\ + 10 \\ \hline \end{array}$$

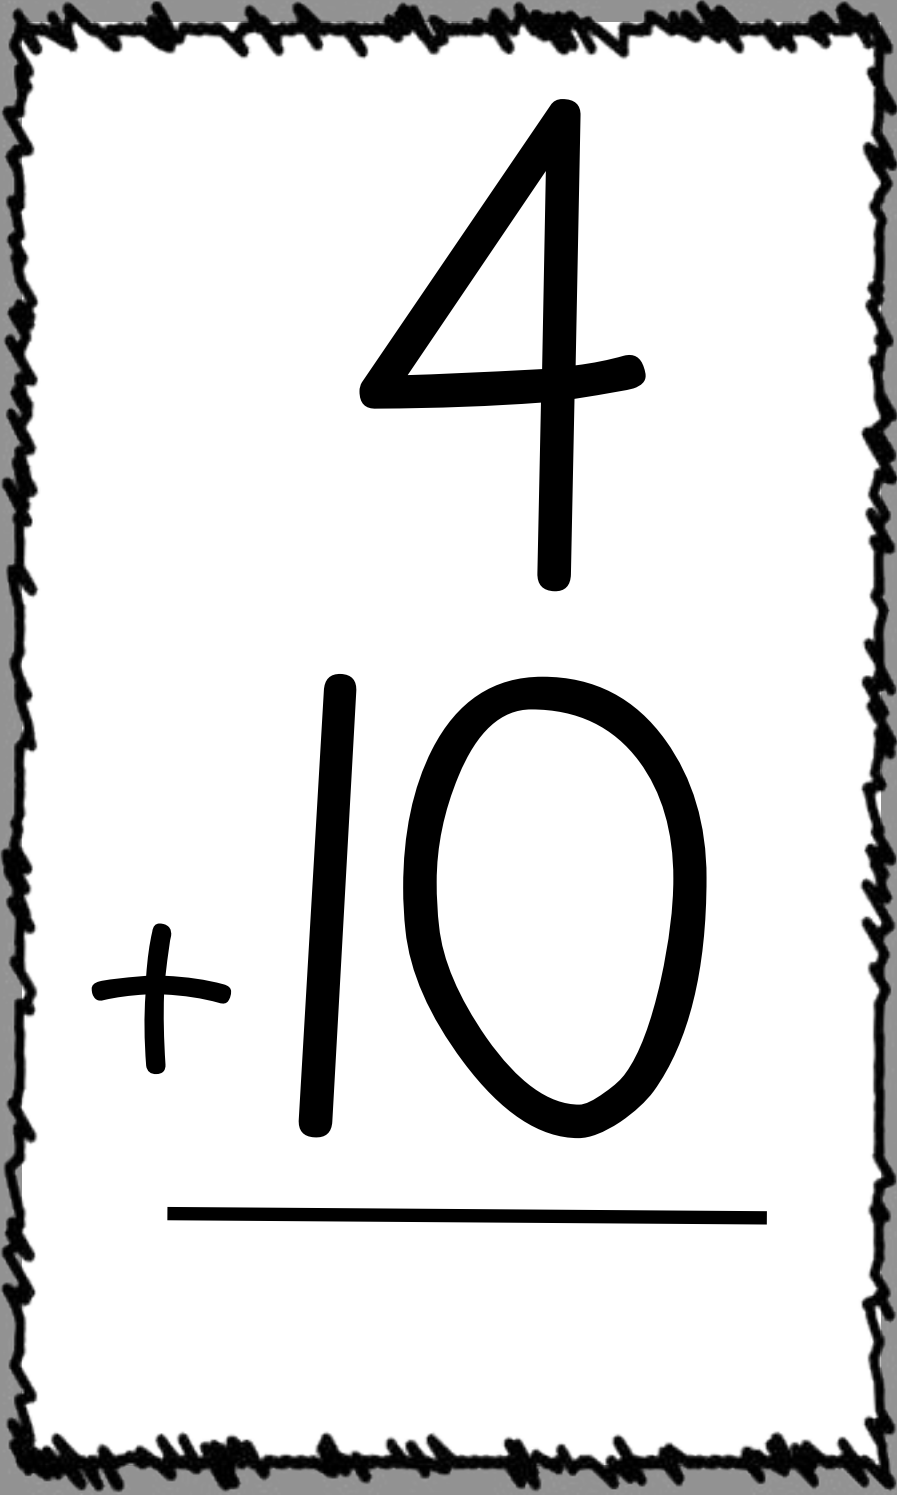

A hand-drawn addition problem on a white background with a black, irregular border. The number 2 is written at the top. Below it, the number 10 is written. To the left of the 10 is a plus sign. A horizontal line is drawn below the 10.

$$\begin{array}{r} 2 \\ + 10 \\ \hline \end{array}$$

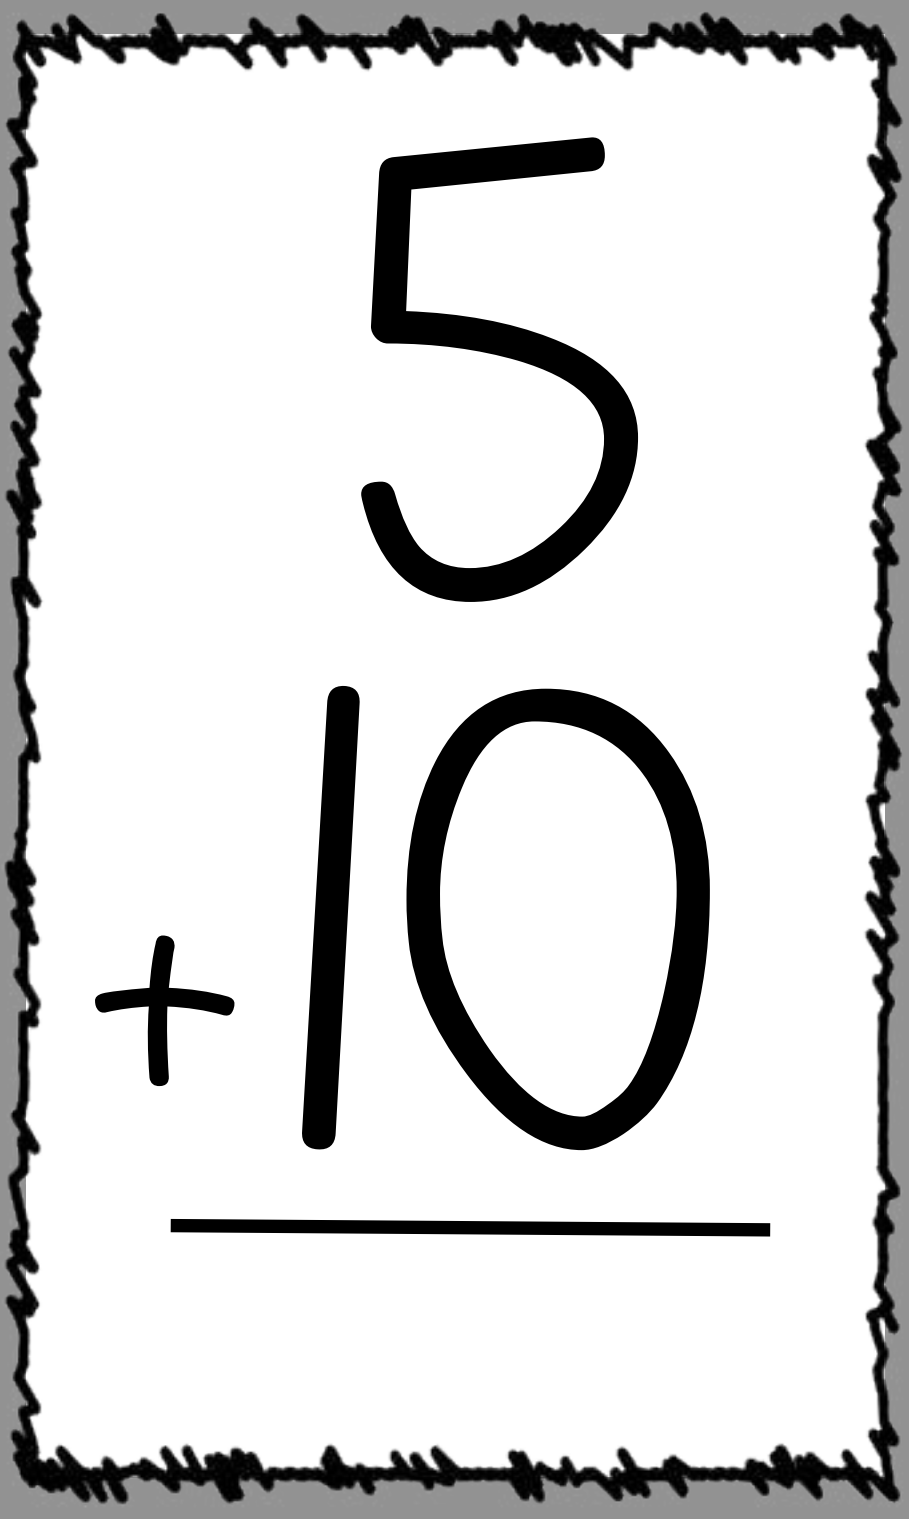

A hand-drawn addition problem on a white background with a black, irregular border. The number 3 is written at the top, and the number 10 is written below it. A plus sign is to the left of the 10. A horizontal line is drawn below the 10.

$$\begin{array}{r} 3 \\ + 10 \\ \hline \end{array}$$

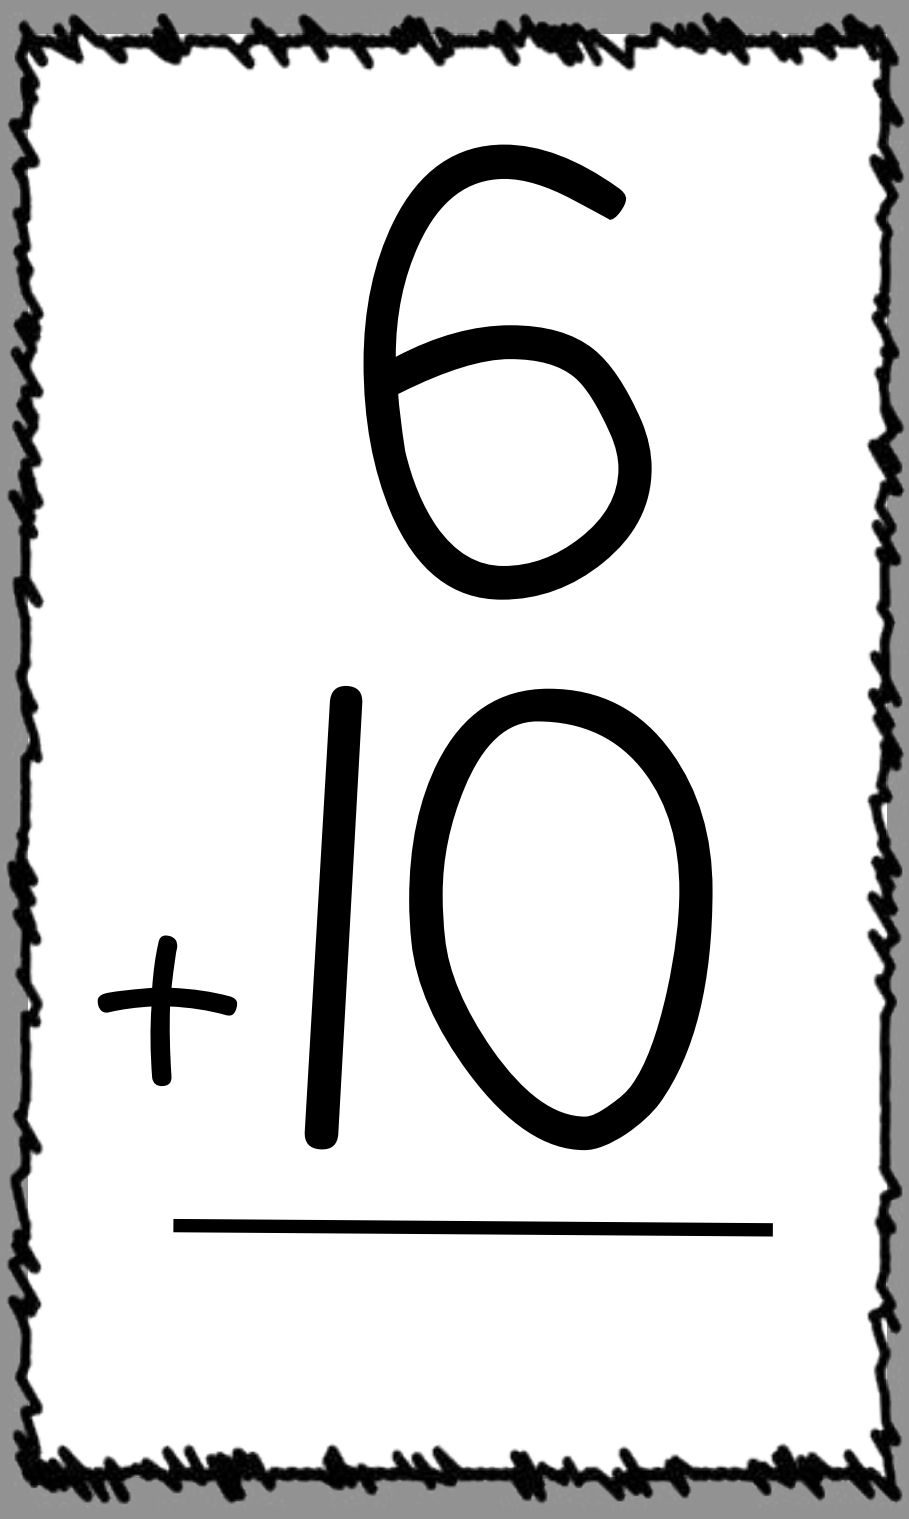

A hand-drawn addition problem on a white background with a black, irregular border. The number 4 is written at the top, and the number 10 is written below it. A plus sign is to the left of the 10. A horizontal line is drawn below the 10.

$$\begin{array}{r} 4 \\ + 10 \\ \hline \end{array}$$

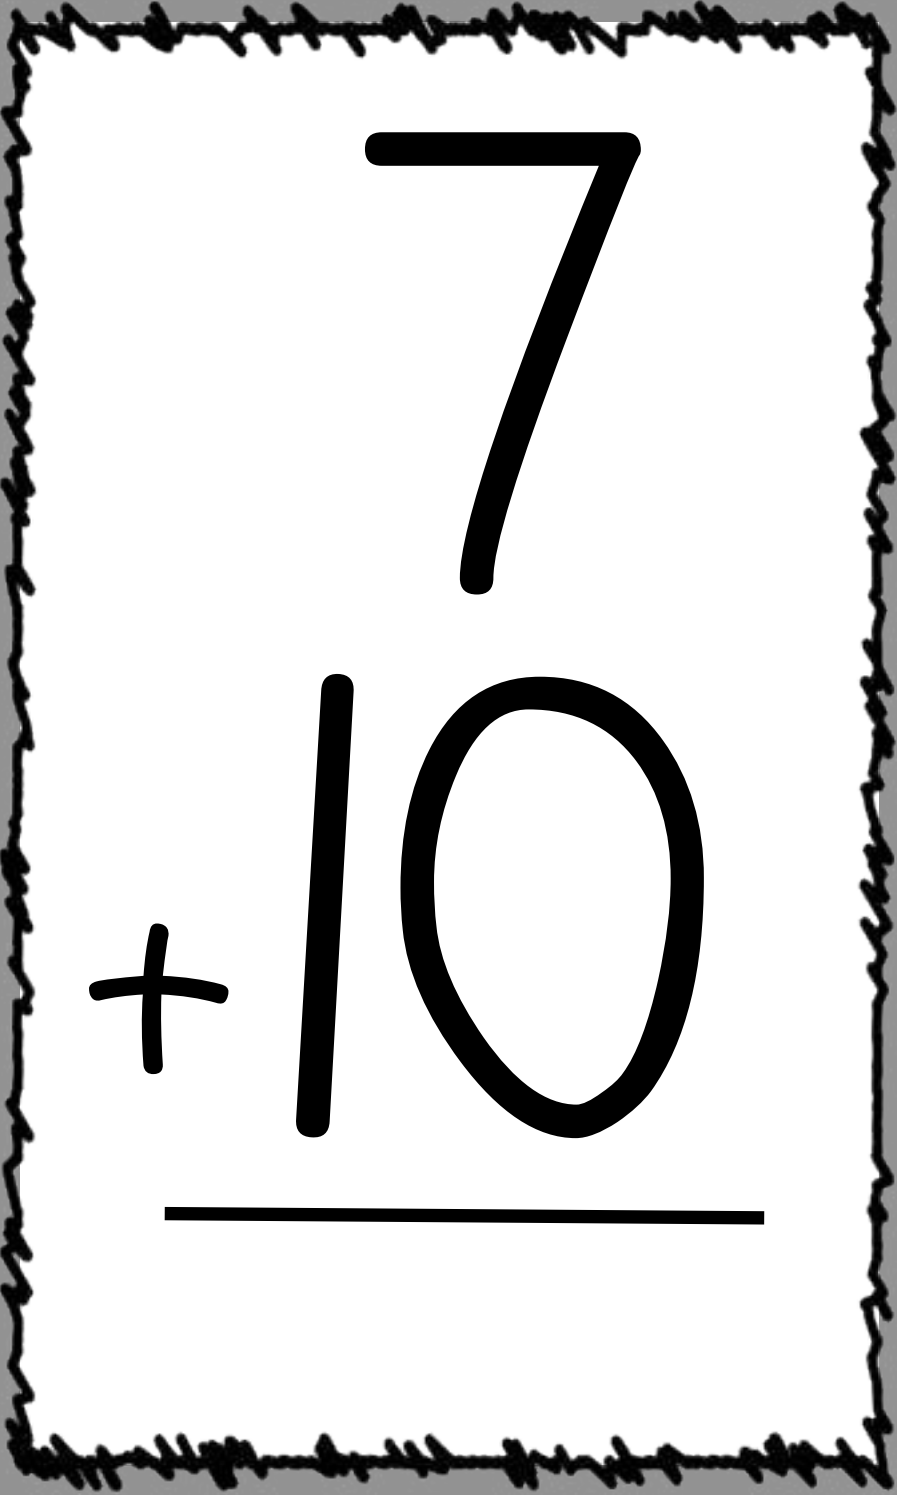

A hand-drawn addition problem on a white background with a black, irregular border. The number 5 is written in a large, bold, black font at the top. Below it, the number 10 is written in the same style. A plus sign (+) is positioned to the left of the 10. A horizontal line is drawn below the 10, indicating the sum line.

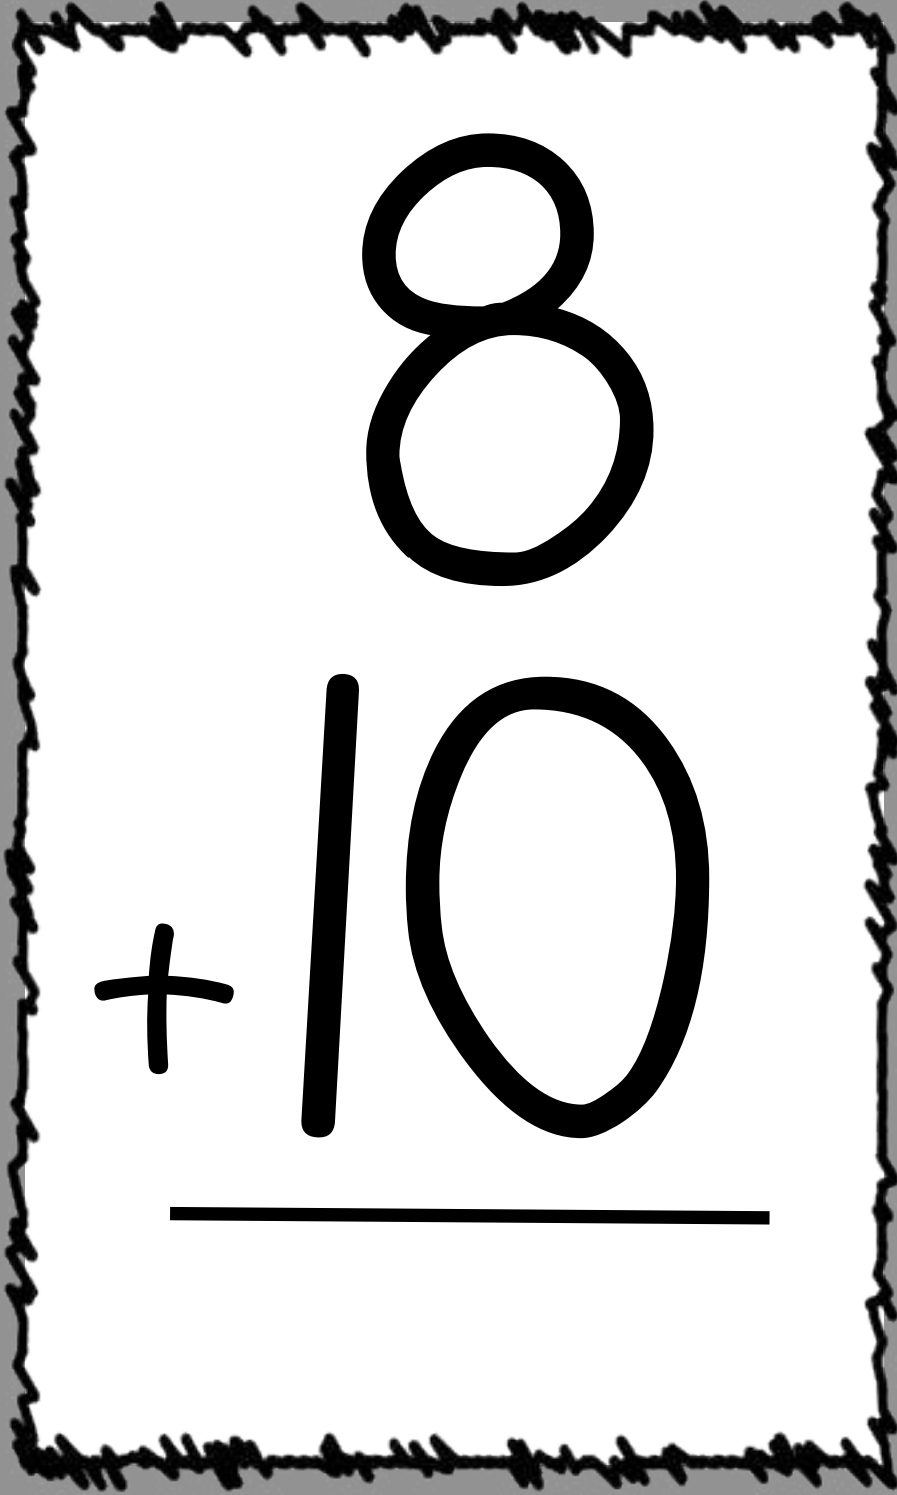

$$\begin{array}{r} 5 \\ + 10 \\ \hline \end{array}$$

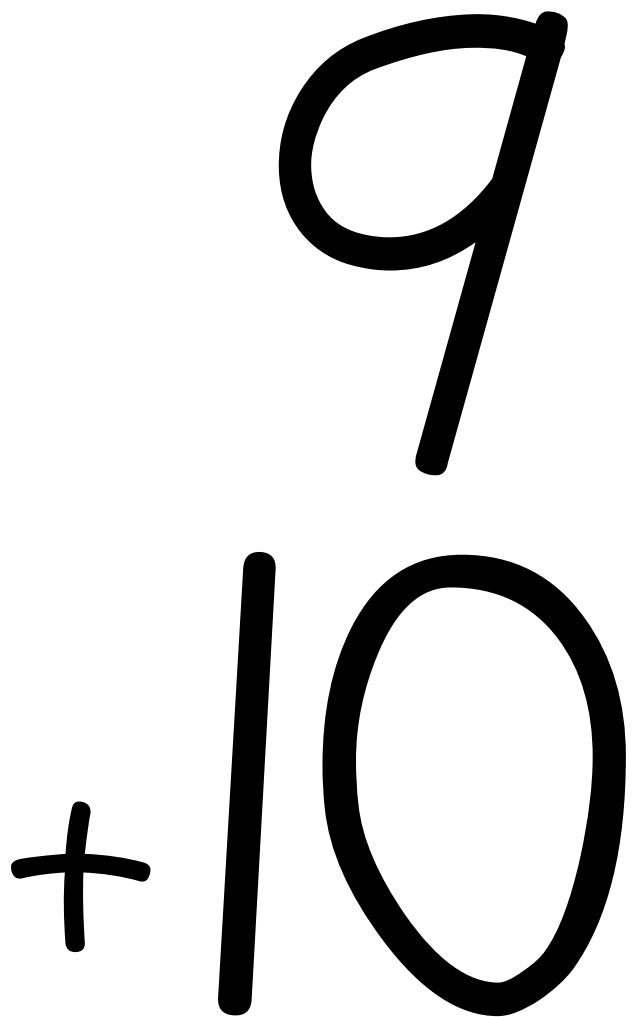

A hand-drawn addition problem on a white background with a black, irregular border. The number 6 is written in a large, bold, black font at the top. Below it, the number 10 is written in the same style. A plus sign (+) is positioned to the left of the 10. A horizontal line is drawn below the 10, indicating the sum line.

$$\begin{array}{r} 6 \\ + 10 \\ \hline \end{array}$$

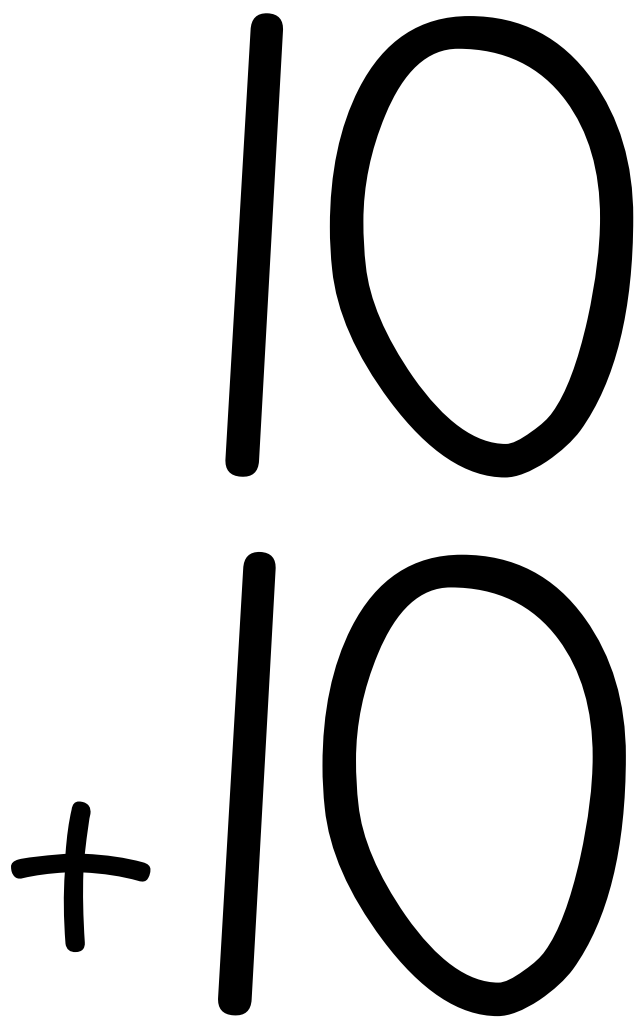

$$\begin{array}{r} 7 \\ + 10 \\ \hline \end{array}$$

$$\begin{array}{r} 8 \\ + 10 \\ \hline \end{array}$$

A hand-drawn addition problem. The number 9 is written in a large, bold, black font at the top. Below it, the number 10 is written in a similar large, bold, black font. To the left of the 10 is a plus sign (+). A horizontal line is drawn below the 10, indicating the start of the sum.

$$\begin{array}{r} 9 \\ + 10 \\ \hline \end{array}$$

A hand-drawn addition problem. The number 10 is written in a large, bold, black font at the top. Below it, the number 10 is written in a similar large, bold, black font. To the left of the 10 is a plus sign (+). A horizontal line is drawn below the 10, indicating the start of the sum.

$$\begin{array}{r} 10 \\ + 10 \\ \hline \end{array}$$

10

- 10

10

- 9

A hand-drawn subtraction problem on a white background with a blue border. The problem is written in black ink. It shows the number 10 in the top row, a minus sign in the middle row, and the number 8 in the bottom row. A horizontal line is drawn under the 8, indicating the result of the subtraction.

$$\begin{array}{r} 10 \\ - 2 \\ \hline 8 \end{array}$$

A hand-drawn subtraction problem on a white background with a blue border. The problem is written in black ink. It shows the number 10 in the top row, a minus sign in the middle row, and the number 7 in the bottom row. A horizontal line is drawn under the 7, indicating the result of the subtraction.

$$\begin{array}{r} 10 \\ - 3 \\ \hline 7 \end{array}$$
