RE: LEA Determination Under the Individuals With Disabilities Education Act (IDEA) - Revised

Dear Dr. Burrows:

Thank you for your ongoing dedication and commitment to educating students with disabilities.

Under the IDEA, the Delaware Department of Education (Department) has a responsibility to review the data of local education agencies (LEAs) relating to targets identified in the State's Performance Plan (SPP) and to make annual determinations on LEA performance. The State must monitor the implementation of Part B, enforce Part B in accordance with the provisions at 34 CFR 300.604(a)(1), and (a)(3), (b)(2)(i) and (b)(2)(v), and (c)(2), and annually report on performance under Part B. The primary focus of the State's monitoring activities must be on:

- Improving educational results and functional outcomes for all children with disabilities; and
- Ensuring that public agencies meet the program requirements under Part B of the Act, with a particular emphasis on those requirements that are most closely related to improving educational results for children with disabilities.

As you know, the DDOE issued Annual Determination letters for FFY 2020 to all LEAs on May 27, 2022, as required by OSEP, which were based on a combination of the following compliance and results indicators:

• **Results:**

- Indicator 1 Graduate Rate
- Indicator 2 Drop-Out Rate
- Indicator 3A Participation Rate for Children with IEPs in the State Assessment
- Indicator 3B Proficiency Rate for Children with IEPs against Grade Level Academic Achievement Standards
- Indicator 4A Significant Discrepancy in the Rate of Long-Term Suspension and Expulsions of Students with Disabilities
- Indicator 5 Education Environments (Children 6-21)
- Indicator 7 Early Childhood Outcomes: Positive Social-Emotional Skills, Acquisition and Use of Knowledge and Skills, and Use of Appropriate Behaviors

• **Compliance:**

On June 24, 2022, the DDOE received Delaware’s Annual Determination from the Office of Special Education Programs (OSEP) along with a document explaining how determinations were made. Upon review, DDOE learned that OSEP did not include Indicator 3A/Participation in the Statewide Assessment in the scoring of the Results Matrix due to the significant impact of the COVID-19 pandemic on the quality of the SY 2020-2021 assessment data across states. During a follow-up call with OSEP, our liaison shared that this decision was made by OSEP shortly before issuing state determination letters and after the required deadline for states to issue LEA Annual Determination letters (no later than 120 days from submission of the FFY 2020 SPP/APR on 2/1/22 Del. Admin. Code §927.2.2.2).

After consulting with OSEP, the DDOE has decided to align Delaware’s LEA annual determination process with OSEP’s state annual determination for Spring 2022/FFY 2020 due to the COVID-19 pandemic.

Moving forward, Indicator 3A will be included in LEA annual determinations. In addition, Indicator 3C, Proficiency for Children with IEPs Alternative Academic Achievement Standards and Indicator 6, Preschool Environments will be included in LEA annual determination beginning with FFY 2021 in spring, 2023.

For FFY 2020, LEAs are receiving their revised annual determination based on a combination of the following results and compliance indicators:

• **Results:**

- Indicator 1 Graduate Rate
- Indicator 2 Drop-Out Rate
- Indicator 3B Proficiency Rate for Children with IEPs against Grade Level Academic Achievement Standards
- Indicator 4A Significant Discrepancy in the Rate of Long-Term Suspension and Expulsions of Students with Disabilities
- Indicator 5 Education Environments (Children 6-21)
- Indicator 7 Early Childhood Outcomes: Positive Social-Emotional Skills, Acquisition and Use of Knowledge and Skills, and Use of Appropriate Behaviors

Based on your LEA's data, the Department has determined your LEA *Needs Assistance* in implementing the requirements of the IDEA. As a result, your LEA is required to analyze related data and engage in a continuous improvement planning process to address areas identified in your determinations in order to improve outcomes for students with disabilities in your LEA.

Attached, please find an overview of the "IDEA General Supervision & Reporting Requirements" along with an explanation of how your LEA's determination was calculated. The response table provides the Department's analysis of the reported data, and identifies, by indicator, your LEA's status in meeting its targets.

Your Exceptional Children Resources liaison, Lauren Irwin, will be in contact with Dr. Josette McCullough, Executive Director of Educational Resources, to discuss your LEA's revised annual determination and provide technical assistance relating to the continuous improvement planning process. In the interim, please do not hesitate to contact me by phone at (302) 735-4210, or by e-mail dale.matusевич@doe.k12.de.us. The Department appreciates your continued efforts to improve outcomes for students with disabilities.

Sincerely,

Dale Matusевич

Director, Exceptional Children Resources

IDEA General Supervision & Reporting Requirements

The Department's General Monitoring Duties Under the IDEA

By way of background, the IDEA requires the Department to monitor the implementation of Part B of the IDEA in the LEAs throughout the State, and to annually report to the public on the performance of the State and each LEA. The Department's monitoring activities must primarily focus on: (1) improving educational results and functional outcomes for all children with disabilities; and (2) ensuring that public agencies meet the program requirements of Part B, with a particular emphasis on the requirements most closely related to improving educational results for children with disabilities. The Department is responsible for monitoring LEAs using quantifiable indicators in certain priority areas, and for using qualitative indicators to allow an adequate measure of performance in each area. IDEA regulations outline the three priority areas as: (1) the provision of FAPE in the least restrictive environment; (2) the State's exercise of general supervision, including child find, effective monitoring, the use of resolution meetings, mediation, and a system of transition services; and (3) disproportionate representation of racial and ethnic groups in special education and related services, to the extent such representation is the result of inappropriate identification.

The State Performance Plan and Annual Performance Reports

The IDEA further requires the State to have a performance plan in place that evaluates the State's efforts to implement the requirements and purposes of Part B of the IDEA, and describes how the State will improve the implementation of Part B. As part of its State Performance Plan (SPP), the State must establish measurable and rigorous targets for various indicators under the three priority areas mentioned above. The SPP currently has seventeen indicators, and the State must report annually to the U.S. Department of Education on the performance of the State under the SPP.

In addition to its federal submission, the Department is responsible for reporting annually to the public on the performance of each LEA located in the State on the targets described in the SPP. On an annual basis, each LEA must use the targets established in the SPP, and the three priority areas mentioned above, to analyze and report on its local performance to the Department. In turn, the Department will review the LEA's performance and assign a determination level.

Based on the Department's analysis of data provided by each LEA, and information obtained through audits, monitoring visits, administrative complaints, due process proceedings, and any other publicly available information, the Department assigns one of the following determination levels: Meets the requirements and purposes of IDEA; Needs Assistance in implementing the requirements of IDEA; Needs Intervention in implementing the requirements of IDEA; or Needs Substantial Intervention in implementing the requirements of IDEA.

Federal and state regulations addressing the SPP, APR, and the LEA's reporting obligations can be found at 34 C.F.R. §§ 300.600-602, 646 and 14 DE Admin Code §§ 927.1.0 through 8.0, and §§ 40.0 through 46.0.

FFY 2020 IDEA LEA Annual Determination Business Rules - Revised

Indicator	Description	Business Rule	Note/s
1 (20 U.S.C. 1416 (a)(3)(A))	Percent of youth with IEPs graduating from high school with a regular diploma.	Number of youth with IEPs (ages 14-21) who exited special education due to graduating with a regular high school diploma Divided by the number of all youth with IEPs who left high school (ages 14-21) in the denominator.	NA = LEA had graduates but no special education graduates. N/A - LEA did not have any graduates.
2 (20 U.S.C. 1416 (a)(3)(A))	Percent of youth with IEPs dropping out of high school.	Number of youth with IEPs (ages 14-21) who exited special education due to dropping out Divided by the number of all youth with IEPs who left high school (ages 14-21) in the denominator.	NA = LEA did not have students ages 14-21.
3A (20 U.S.C. 1416 (a)(3)(A))	Participation and performance of children with IEPs on Statewide assessments: <ul style="list-style-type: none"> Participation rate for children with IEPs. 	Number of children with IEPs participating in an assessment Divided by the total number of children with IEPs enrolled during the testing window. Calculate separately for reading and math. Calculate separately for grades 4, 8, and high school. <i>Note: The participation rate is based on all children with IEPs, including both children with IEPs enrolled for a full academic year and those not enrolled for a full academic year. Only include children with disabilities who had an IEP at the time of testing.</i>	N/A = LEA does not have students in the specified grade level, the LEA does not have students in the specified grade level eligible to take the assessment, or the LEA had students in the specified grade level eligible to take the test but 0 students participated in the assessment For FFY 2020, "Met Target" is N/A for all LEAs. After consulting with OSEP, the DDOE has decided to align Delaware's LEA annual determination process with OSEP's state annual determination for Spring 2022/FFY 2020 due to the COVID-19 pandemic
