GP....What?

∞ What is a GPA?

∞ Let's calculate!

Add up all of the numbers in the products column: $4 + 4 + 3 + 3 + 3 = 17$

Divide that sum by the total by the number of credits taken: $17 / 5 = 3.4$

Getting Out and Getting In...

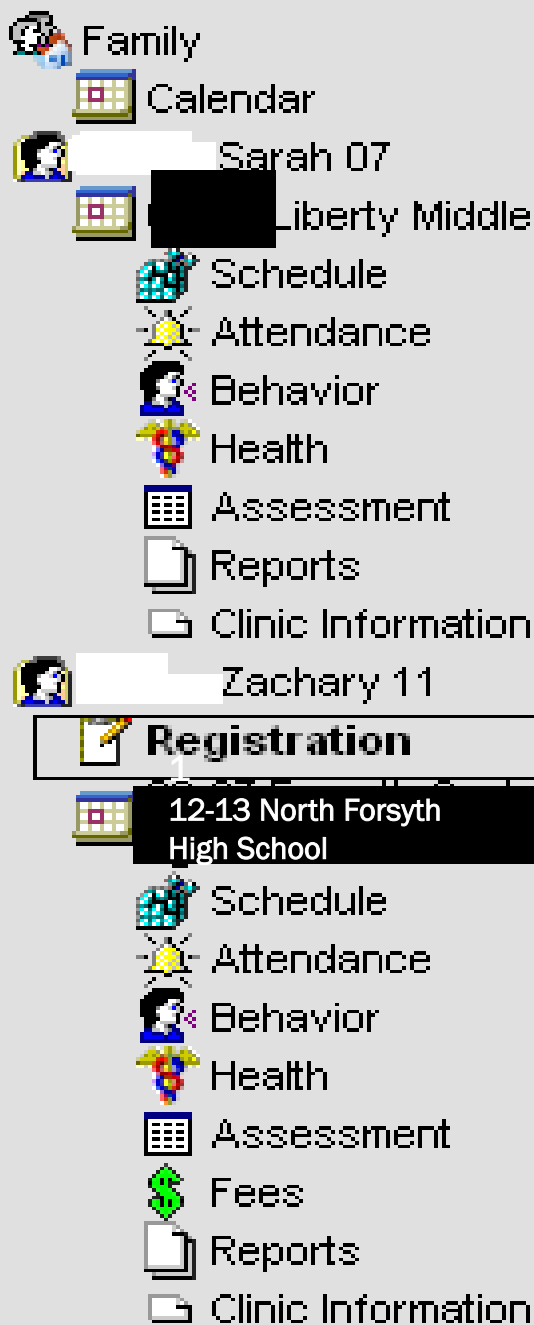

What's the Diff?

Getting out

- ✎ You need a minimum of 23 credits to graduate
- ✎ This is foreign to me...
FL is NOT required to Graduate!

Getting in

- ✎ Colleges look for RIGOR of study! Check with your college of interest for their individual requirements!
- ✎ MOST colleges and universities have FL requirements for admission!
- ✎ Research career of interest and educational requirements on Career Cruising for suggested HS Coursework
