

ART SYLLABUS

6th-8th Grade

Teacher: Ms. Marsha Lea Moorman

Welcome to my class! I am so excited to have you here with me! We will be making tons of beautiful work over the school year! Below you will find the objectives and expectations of the art room.

Course Content:

In art class, our course of study will focus on using the elements and principles of design in order to create expressive, but well-organized works of art. We will also focus heavily on basic drawing skills and go through a critique process.

Objectives:

1. Students will create artworks using a variety of media and techniques.
2. Students will begin to analyze their own artwork, other student's work and the work of well-known artists through critiques and in-class writing.
3. Students will develop their own style.
4. Students will create a portfolio of work throughout the course.
5. Students will learn the visual vocabulary and apply those terms during class discussions, critique and projects.
6. Ask questions! Think! Learn! Create! Have fun!

I expect for you to come to class on time and ready to use that time accordingly. If you do not have time to complete an assignment, just let me know and we can find a way to make it work.

The art room is a positive space so anything said in the classroom or done in the classroom must all be coming from a positive place. By putting positivity out into the atmosphere, it will come back around to us. We will leave the negativity at the door and come in with good vibes ready to work. This is a Pass/Fail class. No cell phone usage in class.
