## Asia Geography Sandwiches

Sandwiches are made with two pieces of bread and with a filling in the middle. In these geography sandwiches you are given the bread but not the filling; using your maps that you completed yesterday, study the maps of Asia to make the proper filling.

- |                        |       |               |
|------------------------|-------|---------------|
| 1. China               | _____ | South Korea   |
| 2. Pakistan            | _____ | Bangladesh    |
