

The ASVAB Exam given on Thursday October 20th

Not considering the Military, No Problem!

The ASVAB CEP is not all about the Military; it's about options. The ASVAB CEP offers an equally unique opportunity to those interested in pursuing post-secondary education, work-based learning and the Military because the ASVAB assesses academic ability and predicts success in a variety of careers in addition to military occupations.

Students gain access to career planning tools when they receive their ASVAB scores. Participating in the Post-Test Interpretation is the best way to make the most of the ASVAB CEP. No Cost. No Commitment.
