A proposed 9-12 public charter high school, tentatively named Freire Charter School Newark, is planning to open in Fall 2023. **Currently, we are collecting signatures to demonstrate local support for a new school in this area.**

Like its sister school Freire Charter School Wilmington, Freire Newark will provide a free, high-quality education that successfully prepares students for college. Freire Newark will focus on individual freedom, critical thinking, and problem solving in an environment that emphasizes the values of community, teamwork, equity and commitment to peace.

98% of Freire Wilmington's first graduating class – the Class of 2019 – were accepted to college, with an average of more than 4 college acceptances per student. The Class of 2021, faced with a unique set of challenges due to COVID-19, still saw an impressive 79% of graduates accepted to at least one college and more than \$4.6 million earned collectively in scholarships and aid.

Freire Charter School Newark will serve 500 students from throughout Delaware, empowering every student to harness the power to build the future. **You can complete this form to voice your support or to request more information about Freire Newark opening in Fall 2023.**
